Rotary Club Speaker Gives Insight Into Problems of Post-War Europe And Reconstruction in Netherlands

Brownsburg — At the regular Rotary Club meeting last Thursday, an insight into problems of European rehabilitation, particularly as affecting the Netherlands and Germany, was given by Mr. L. G. A. Schlichting, director of the Netherlands Information Bureau for Canada, situated in Montreal.

Harris Sherwood, retiring president, was presented by fellow-Rotarians with a token of appreciation for his enthusiastic leadership during the year. Mr. Sherwood thanked his committee-men and officers for the loyal collaboration, and extended good wishes to his successor, Wesley Freeland, who then occupied the chair.

The speaker was ably introduced by Sidney Stilwell, and in conclusion Rotarian H. Dando thanked him for his timely and instructive address.

L. G. A. Schlichting, a native of Holland and graduate in law from Amsterdam University, started his career as a solicitor and later entered the profession of journalism, ultimately to become editor-in-chief of a Rotterdam daily. Barred from his calling during the German occupation, he then worked for various underground newspapers. Finally, in 1946, he entered the service of the Netherlands Government. . .

Mr. Schlichting remarked that this was the first time he had had the opportunity of addressing a Canadian audience. He felt this to be a privilege, remembering a day over two years ago when the liberating Canadian Army made its glorious entrance in his home city of Amsterdam, "a date forever written into the grateful memory" of all his countrymen.

Following are a few extracts from Mr. Schlichting's address:

"Life and freedom were restored to Holland — but, two years after its liberation from a cruel oppressor, Holland now sees itself confronted with all the problems of post-war Europe.

"Holland is a small country. Its surface is about 15,500 square miles, that is 1/35th part of the Province of Quebec.

"Holland is covered by a web of rivers and canals. A large part of her surface has actually been reclaimed from the water.

"The Netherlands have now a population of 9½ million on their 15,500 square miles. That is about 600 to the square mile, comparable with 3.3 per square mile for Canada and 6.4 per square mile for the Province of Queec.

"This small country is in the first rank of the nations in arts and sciences. It has a fame for orderliness, cleanliness and comfort, and has the lowest mortality figure in Europe.

"Social and labor conditions too were up to the highest standards, and the loss of 250,000 lives in wartime has already been made up by the natural growth of population.

"It is only through a highly organized economic system that such a dense population can maintain a high standard of living. Agriculture is of the most intensive type, with high quality dairy farming, vegetable gardening, fruit and flower growing. Industries — textile, mechanical and electronic — work for a high quality production with intensive labor.

". . . All this means that Holland was and is very sensitive to the standard of prosperity obtaining among its neighbors. Their products can find buyers only among prosperous populations.

"Services which the Dutch rendered to the world at large entered the field of trade, banking, shipping, air traffic and so forth. And in this respect again, Holland is dependant upon the level of prosperity and the intensity of traffic in Europe, and not in the least place, in Germany.

"Holland has an immense merchant and inland fleet. Two thirds to three quarters of the shipping at Rotterdam consisted in fact of transit freight, prominently ores from overseas for the Ruhr industries, and coal from Germany going overseas.

"Therefore, the downfall of Germany, much as we have welcomed it, affects us in various ways", continued the speaker. "Some of these are necessary and unevitable, others, we feel, are not. The ruin of Germany and its impoverishment, are consequences of its cruel folly which will weigh upon it and on the European economy for many years. Even so, we feel that these conditions should be, by common efforts, alleviated, not only from consideration of self-interest, because the crude weight of a sixty million population in the centre of Europe fatally conditions the prosperity of the whole European community, but also because only the principles of justice and a Christian conception of human rights that have been victorious in the war, can ever bring real peace on these fields of destruction.

"The Netherlands Government therefore has saluted the plans which the governments of England and the U.S. have been mapping to these intents.

"However, there are details on which Dutch opinion has been critical of this policy.

"Before the war, our imports from Germany consisted largely of machines and tools; a great part of our industries are German equipped. What we urgently need are spare parts for this machinery, which only Germany can provide. Now, not only was German industry not enccuraged to provide Holland with these much needed equipments, but Holland was not given the possibility to pay for them with goods and services.

"We are inclined to feel that if a short term view of such problems prevails, the means may defeat the end, which should not be an isolated Germany, but a common European economic reconstruction.

"The tendeney to reduce outpayments has induced the occupying authorities to direct German sea transport to German ports in preference to Rotterdam, reviving in this way an 'autarchical' policy which for many years was a weapon in the economic arsenal of Germany.

"The now prevailing trend to view Europe's rehabilitation as an indivisible problem, cannot but take into account the economic pattern in which Holland and Germany are closely interlaced.

"The Netherlands with their closest neighbors, Belgium and Luxembourg, have started European co-operation as far as their own forces reach. These three countries, in fact, have made the only effective approach towards an economic unity which Europe has to show — having concluded the agreement for a customs union which is to go into effect this coming September. . . Even if these are no great powers, this union comprises twenty million of Europe's most industrious people; as a unit, it takes the third place, after the U.K. and the U.S., in the trading countries of the world.

"We feel that this is an example of how smaller peoples may sometimes show the way in finding courageous solutions for the world's problems. Similar principles, we feel, must apply to the German problem in its political aspects.

"It is the tragedy — or the irony — of our position, that while our economic life is so closely interlaced with that of the German regions, no other country must be so wary of Germany's power. During the occupation, the Germans made it very clear that they considered the Netherlands as a Germanic land, 'worthy' and predestinated to be embodied into the Reich.

"Knowing German political psychology and history, we believe that the best chance of an economic rehabilitation of Germany without a revival of its aggressive power would consist in a far-reaching political decentralization, with a very strict Allied supervision of industries, which constitute a danger of concentration of economic power.

"Centralization in Germany has, under Prussian leadership, been the same thing as militarism and imperialism. Democracy in Germany now has the best chances in a decentralized political set-up. . . . As a personal opinion, however, I should like to add that such a decentralization — in order to be a positive element of political education and not just a barrier behind which unitaristic tendencies would be always rising — needs the background of a wider European community in which the Germans too, after due time, would have taken their proper place."

Lifelong Resident And Farmer Dies in 84th Year

The Late Andrew Boa

A respected and well known citizen, Andrew Boa, passed away at his late residence, Upper Lachute, on Sunday, June 29, after an illness of only five days.

Born in 1864 at Upper Lachute, the eldest son of the late Archibald Boa and Janet Buchanan, in 1895 he married Agnes Doig, who predeceased him nine years ago.

At an early age the family moved to East Settlement and after his father's death, some 53 years past, he settled on the old homestead. Up until the time he retired six years ago, he was a keen livestock breeder. He took great interest in all the County Fairs, and was also noted as one of the best plowmen in the district.

He was a faithful member of the Lachute United Church, a kind neighbor and a friend to all. He will be greatly missed in the church and community, as well as in his home and family circle.

He leaves to mourn his loss one son and two daughters, Norman and Alma, at home, and Mrs. Stanley Doig (Ellen), Town of Mount Royal; also two sisters, Mrs. John Millar (Alice) and Mrs. Andrew Falconer (Jessie), both of Lachute. Four brothers and three sisters predeceased him.

The funeral service was held from Lachute United Church on Tuesday; the service was conducted by the minister, the Rev. W. B. Rosborough, assisted by the Rev. C. Maclean, of the Margaret Rodger Memorial Presbyterian Church. The floral tributes bore silent testimony to the love and esteem in which the deceased was held. Burial took place in Lachute Cemetery.

The pall-bearers were William F. Boa, Leonard Boa, Allan Boa, James Doig, Roy Morrison and Sharman Doig.

Motorcycle and Auto in Collision

A Brownsburg man, Wilfrid Garry, sustained injuries in a mishap last evening at Pointe au Chene. Riding his motorcycle eastward on No. 8 Highway shortly before 5 o'clock, his machine collided with an automobile passing him in the same direction. Driver of the car was Dr. M. J. Sproul, of Cornwall. Garry escaped major injuries, but was severely cut on both hands and legs. He was taken to the Notre Dame Hospital at Hawkesbury, where he was released after receiving treatment. The motorcycle was badly damaged.

Patrolman Albert Legault, of Brownsburg, investigated the accident, which occurred opposite the junction of Avoca highway.

Nominations to School Board

Monday next, July 7, is nomination day for two commissioners on the Lachute Protestant School Board — the three-year terms of Dr. F. W. FitzGerald (chairman) and W. M. Cottingham expiring this month. In the event of an election contest, this will be held the following Monday, July 14 — with Dr. Geo. A. Clunie, former school board secretary, presiding.

8-Year-Old Child Critically Injured, Hit by Automobile

Dennis McArthur, eight-year-old son of Lawrence McArthur, who lives adjacent to the Gordon Cruise farm on the western outskirts of town, was struck by an automobile opposite his home, and is now in the Neurological Institute, Montreal — suffering with a fractured skull, a fractured right leg, severe lacerations of the left arm and multiple injuries. The child underwent an operation for the injury to his head, and is reported still in a critical condition.

The accident occurred last Thursday afternoon when the youngster and his two brothers and sister, slightly older in years, were crossing the highway from their home to feed some pigs. While the four were apparently watching a car travelling southward, the youngest child ran into the path of an automobile proceeding in the opposite direction, towards Lachute. The driver was Francois Legault, of Beech Ridge, who was accompanied by his wife and brother.

Rushed to the Providence Hospital in a semi-conscious condition, the boy was X-rayed and given first aid treatment by Dr. F. W. FitzGerald; he was later conveyed by ambulance to the Montreal hospital.

Police Chief D. Villeneuve and traffic officers from St. Jerome investigated the accident.

Council to Request Road Rebuilding, Town Approaches

The Town Council session for July was held last evening in the council chamber, under chairmanship of Mayor Alex Bothwell, with Aldermen Arnold Scott, Wilfrid Morrissette, Jos. Belanger, David Laurin, Stanley Holt, D. G. MacRae and Omer Laurin in attendance; absent, Aldermen Lucien St. Jacques and Lucien Lacoste.

Accounts to the amount of $3,323 were approved for payment.

A contract by the Health Committee with Jos. Bellefeuille, for collection of garbage, was duly approved.

Delegates were appointed to interview the Quebec Minister of Roads, particularly to urge construction of the Montreal highway within the town limits (Bethany Street) and the St. Jerome highway (Main Street East), and similar approaches to the town.

Second reading was passed of By-law No. 174 sponsored by Alderman S. Holt, to appoint "one or more officers to supervise collection of amusement tax in places of amusement within Lachute Town".

New "Rio" Is Near Completion

A modernistic sign erected last week over the entrance of the "Rio", the new theatre and entertainment hall of Main Street West, draws attention to the fact that this building is now nearing completion — another venture in construction which has triumphed over post-war delays, lack of materials and labor difficulties. The Watchman is informed by the management (Fassio Brothers, operators of the Rex and two motion picture theatres in Brownsburg) that work is now going ahead on the interior finishing and furnishing, and this thoroughly modern and fireproof hall will be ready for opening shortly.

The sign, incidentally, is of stainless steel with illumination at the rear to form a "shadow box", a variation in the usual display technique.

Organize District Boy Scout Council Laurentian Area

C. E. Richardson, Lachute, Is Named President

Organized by Frank Hicks, fieldman of the Boy Scouts in this province, and Charles L. Duncan, Lachute, a meeting was held here to form a "Laurentian Boy Scout Council". Interested citizens were called together recently at the home of C. E. Richardson, East Ward — comprising representatives from Lachute, Brownsburg and St. Andrews East, devoted to the promotion of the Boy Scout and Wolf Cub movement.

Mr. Hicks told how similar district councils were functioning successfully in such areas as Abitibi, Rouyn, Noranda, Asbestos, Maurice Valley and the Gaspé Coast.

Mr. Richardson was elected president of the body, and occupied the chair for the meeting. Other officers appointed were:

R. A. Giles, vice-president; Wesley Freeland, secretary; Leslie Hooker, treasurer; Chas. Duncan, district commissioner (the latter appointment subject to approval of the Acting Provincial Commissioner, Mr. Jackson Dodds).

Town representatives—Lachute, H. M. Gall (group committee chairman); Dr. W. M. Hooper.

Brownsburg — N. Earle Smillie (group committee chairman), G. H. Quinn.

St. Andrews East — E. C. Calder.

Kilmar — H. Sherman.

Other districts suggested for participation were Morin Heights, Shawbridge Boys' Farm, Ste. Agathe, Grenville and Calumet.

Mrs. Richardson served refreshments to the gathering on conclusion of these discussions.

School Board Meeting

A meeting of the Lachute Protestant School Board was held last Thursday evening, with Dr. F. W. FitzGerald presiding. Prime business of the meeting was a further discussion on plans for the school enlargement. Mr. Elmer S. Giles, of the Quebec Department of Education, and Mr. Gratton Thompson, architect, were in attendance. Certain changes in the plans, and matters of finance, were discussed at some length.

Active Program Planned for Camp

Montreal — Plans for an active program have been drawn up by the Life Boys' Camp committee, arranging for instructional classes to be conducted each morning covering a wide range of activities. The camp is fortunate this year in having a staff who are expert in various fields. Rowing instruction and tests will be taken, also swimming instruction and tests in accordance with the Red Cross course. Boxing will also be instructed, together with photography, nature study and campcraft. On wet days there will be a wide range of handicraft, including cork work, leather work and plastics.

Afternoon programs at camp will vary each day including hikes, a paper-chase, treasure-hunt, boat-trip, an educational tour, as well as other features. The campers look forward to inter-camp activities with Tyndale House, particularly during the second week as there will be a number of Boys' Brigade lads up during that period.

Lieut. Sam Hallam has been in charge of the camp preparation crews and has done an excellent job in getting things ready. There will be nine tents this year, seven occupied by boys, one by the staff, and one a hospital tent.

Late G. D. Mode, Ayrshire Expert, Community Man

G. Drummond Mode, a community figure and well known stock-breeder of Vankleek Hill, died on Saturday in Montreal at the age of 68. He was born and educated in the Prescott County town where during his lifetime he achieved much for the public welfare and progress.

Forty years ago he established the herd of "Bonnie Brae" Ayrshires, which, since that time, have become famous throughout the world. Here in Lachute the name of "G. D. Mode & Son" has been synonymous with the Argenteuil Exhibition for many years. He served as a director of the Canadian Ayrshire Breeders Association and was president and director, for many years, of the Prescott Agricultural Society. He was also a keen horticulturist, president for nearly 20 years of the Vankleek Hill Horticultural Society. As a result of his untiring efforts the nearby Greenwood Cemetery has been adjudged one of the most beautiful burial grounds in Ontario.

During the war years, Mr. Mode was an ardent worker for the Red Cross and a director of the Vankleek Hill branch.

He is survived by his widow and two sons, Dr. G. Stuart Mode, of Montreal, and Sydney, of Vankleek Hill.

"Deserted Village"

Brownsburg is once again "the deserted village" with the C-I-L employees on a two weeks' vacation.

School Welfare, Public Health and Other Community Interests Absorb June Sessions of W. Inst. Branches

At Frontier W.I. meeting for June, there were 17 members present. As this was Vice-President's Day, the International Relations feature was an address by Mrs. A. Westnidge, guest speaker, who had spent 2½ years in a Japanese internment camp in Shanghai. A gift was sent to an English war bride.

Jerusalem - Bethany branch had 16 members present. The subject was Health and Welfare, with a paper, "Take a Vacation Every Day". A contest was held on "Do you know your materials?" A bed-throw was sent through the Personal Parcel Scheme to a couple who are celebrating their golden wedding anniversary shortly.

Lachute branch had 25 members present, to discuss Fair work and hear a report of the county convention. At the Study Group, Mrs. Eileen Consiglio gave a delightful account of her trip to Mexico, describing the country, the people and their way of life.

Mille Isles members heard a report of the county convention; also a letter was read from Mrs. Smallman. A 13 lb. parcel was packed to be sent to England under the Personal Parcel Scheme. It was arranged to give book prizes as usual, and to hold a card party in July.

Pioneer meeting was attended by 16 members and one visitor. The roll-call was "A health law I would like passed". One advocating that ice cream cones be protected more carefully, and another pertaining to vaccination and inoculation of cattle, was cited. Another box was sent to a lady in Britain. A letter from Mrs. Smallman was read and a report of the county convention given. Mrs. Thompson read an article.

Upper Lachute - East End meeting numbered 16 members and three guests. The convener of National and International Relations gave a reading entitled "I didn't want my children to grow up in Soviet Russia". A quilt was raffled and the sum of $33.50 realized.

Arundel branch had 11 members in attendance, the vice-president, Mrs. Wm. Moorison, presiding. It was resolved to write the Central School Board requesting that Arundel school be raised to High School status as soon as possible, also that facilities be included for serving hot lunches to pupils. A Birthday Box was opened and the sum of $10.80 realized — to be applied towards expenses of the School Fair. Plans were well advanced, and entries for this project were encouraging. The secretary read a report of the county convetnion. . Next meeting is arranged for July 16, under direction of the publicity convener.

Delegates and members attending the Q.W.I. provincial convention from Argenteuil County were — Mrs. Robt. McFaul, county president; Mrs. Geo. McGibbon, Junior W. I. Supervisor for Quebec; Mrs. C. W. P. Baugh, county Publicity convener; Mrs. A. G. Leggett, Mrs. Lamontagne, Mrs. W. Y. King, Mrs. R. Townsend, Mrs. F. Barker, Mrs. G. Todd, Mrs. D. J. Rodger, Mrs. A. Pollock, Mrs. W. Green, Mrs. R. Moss, Mrs. G. Cooke, Mrs. Bazinet and Mrs. A. Maxwell.

Recover Bodies of Three Drowned in Canoe Tragedy

Bodies of three of the five victims in the recent canoe tragedy at Grenville have now been recovered.

Robert Reeves, 20, of Grenville, was found last Sunday at Rigaud, on the opposite shore of the Ottawa River several miles downstream from the scene of the drowning. The body of Jeannine Roy, 17-year-old Hawkesbury girl, was found the same day just above Chute à Blondeau also near the south shore of the river. Late Tuesday afternoon the third victim was found, the 18-year-old Hawkesbury boy Donald Chapman, whose body was recovered at Grece's Point, on the north shore just below Lock No. 3.

Verdicts of accidental drowning were returned at the inquests in these cases — Dr. Jules Lafleur of Lachute investigating the case of Chapman, as coroner for this district.

Funeral of the late Bob Reeves, a popular young resident of the locality, was reported one of the largest held at Grenville in recent years. The service was conducted at Grenville Parish Church Tuesday morning, followed by interment at the Calumet Catholic Cemetery.

The two remaining victims were Aline Cousineau, 18, and Jean Groulx, 18, both residents of Hawkesbury.

'Receiving' Charge Sequel to Robbery

Sequel to the theft of express consignments to two local dealers last February, in which two boxes of cigarettes were taken from the C.P.R. premises here — a restaurant keeper of Lachute west-end now faces a charge of receiving stolen goods. Arrested here Tuesday by a provincial officer from St. Jerome, he was taken before a justice of the peace and released the same evening on $100 personal bail.

Napoleon Gravel, officer of the C.P.R., made the investigation on behalf of the railway company. The complaint concerns the disposal of 15 cartons of cigarettes last February. Involved in the theft were three local men — Arthur Laplante, express driver, and Jean Joanisse, who were given sentences of three months and one month, respectively; also Ronald Pressealt, who was fined $25 and costs.

Modern Miss

Practically everything in this picture in plastic — except the lovely girl, Shirley Molohon of Chicago, named Miss Vinylite Plastics of 1947. She is dressed in plastic materials from head to toe. Her shoes, purse, glove cuffs and black lace hat are all made from vinylite plastics. Her hose and undies are woven from a new plastic monofilament, vinyon.

Christened Vessel At Vancouver

A former Lachute girl Gisèle Legault, daughter of L. L. Legault, K.C., and Mrs. Legault — whose husband Pierre-Edouard Cangardel of Montreal, is head of the French Maritime Transports in Canada — had the honor recently of christening a merchant vessel newly constructed and launched at the Burrard Drydock Shipyard on the Pacific Coast.

Cmdr. L. Poirier, chief of naval engineering for the French Merchant Marine, stated during the proceedings that a similar ceremony was being held simultaneously at Tampas, Fla., at the launching of another fast cargo ship for the French mercantile service.

Mme Cangardel broke the traditional bottle of champagne over the bow of the new vessel, in the presence of various diplomats and shipping officials, and the ceremony was followed by a dinner at the Vancouver Club and other social functions.

EARNING THEIR WAY

Aiming to raise £200 to send a dozen boys on a camping tour this August, Scouts of Surbiton, Eng., last week were scrubbing floors, shopping, gardening and minding babies. As a result of a circular sent to all Surbiton householders, they had received invitations to carry out 300 items of work during the first week, and had raised £53.

Seasonal

Why Milk Tests Vary

(Reprinted from Northwest Farms News and The Holstein-Freisian Journal)

(Continued)

Assuming that the sampling and testing of the milk has been done properly and accurately, the following factors are among the causes usually assigned for variations in test (continued):

Manner of Milking

The fore milk tests lowest and the strippings highest. Failure to milk a cow dry at one milking will reduce the test of that milking and may increase the test of the next complete milking.

Careless, rough milking or treatment may cause both a decreased yield and a decreased test for that milking. Change of milkers or slow milking may cause a slight decrease in test because it may mean incomplete milking.

The shorter the intervals between milkings the higher the test. This is due, in part, to the fact that as the udder fills up during the long milking the pressure increases and the cells of the udder discharge the fat with greater difficulty.

When milking periods are even, the evening's milk will test higher. When milked three or four times a day, the milkings during the middle of the day tend to be slightly higher in test.

Irregularity

Irregular milking and feeding tend to cause cows to vary in test as do changes of health, weather, caretaker, excitement, a sudden change of feed, etc. All cows do not react the same, possibly due to their temperament, general health, etc.

Ill treatment or fright will lower both quantity and test of milk.

Moderate exercise seems to be favorable for higher test.

Health

Poor health and udder trouble such as garget will result in lower test. Cows with "systic ovaries" tend to test higher than normal, but cows in this condition are difficult to get with calf.

In the majority of cases a cow in heat will produce less milk but the test will be higher. Individual cows may vary in opposite directions or show no variation.

Lack of proper ventilation during the night may cause the morning's milk to test materially lower.

Unknown Causes

Some individual cows may vary considerably from day to day. This is also true of some herds. These variations may be caused by one or by a combination of the factors mentioned previously.

The average yearly test of milk is inherited by the cow, just as is the color of her hair, and it is practically impossible to change it permanently by any system of care or feed. The test of a heifer will usually be close to her test as a mature cow.

Thyroprotein

Professor Turner recently reported in Hoard's Dairyman that a hormone (thyroxine) secreted by the thyroid gland has a definite effect on the test of milk. When the cows fail to produce sufficient of this hormone the fat content of her milk is depressed. This may account for the decrease due to age, hot weather and other causes. Trials with the new synthetic thyroprotein indicate that its use will increase the fat content of milk, but it will not raise it above the test normally produced by young cows at their peak of producing during cool weather and when they have a normally active thyroid gland.

Farm to Factory Variations

The test of the herd milk at the factory may be lower than that of the milk as shown by the tests of the individual cows. Using milk from low testing cows in the house or for feeding calves will raise the herd test, or the opposite will reduce the herd test. Possibly the housewife may have either skimmed milk from the can or has taken milk from the top of a can that has stood for a certain length of time. The milk may have turned partly sour before it reaches the factory, may be partly churned, or it may have frozen, with the result that a proper sample for testing cannot be secured by the factory. Indeed, these are said to be the major causes of difference in test at the farm and at the factory.

A few drops of water in the sample jar will reduce the test materially. Shaking the sample particularly when the milk is cold, makes it foamy and difficult to get the proper amount. Fat or moisture left on the cover of the sample jar will also produce an improper test.

Conclusion

Changes in test of individual cows from milking to milking or from day to day are quite like the question that might be asked as to why a famous baseball player, like Babe Ruth, was able to make several home runs in one game and on the following day was struck out every time he came to bat. These changes have been known to come when the same pitchers were in the box, when weather conditions were, apparently, the same, and when Babe himself seemed to be in his usual physical condition. The fact remains that this does happen and more often than not a reasonable and positive answer cannot be given.

Don't fit into a bitter world, fight for a better one.

I want to know

has it been a tough day?

You can take it in your stride when you are on the "young side" — but every man looks forward to the time when there are no tough days.

Call and see our representative and let him show you how to build a "retirement income" for the days when you will want to take it easy.

OBITUARY

FORMER RIVINGTON RESIDENT DIES AT ANSONVILLE, ONT.

The Late John Thomas

The death of John Thomas, of Ansonville, Ont., who was known as a youth in St. Remi d'Amherst, occurred on June 17 last. The late Mr. Thomas was married in 1899 and ten years later moved to Rivington, where he resided for 20 years. He then went to Ansonville, where he made his home for 12 years. He died of heart-trouble, at the age of 68.

His funeral was held June 20, and quite a few from the Grenville and Harrington districts attended. The remains were laid to rest at Iroquois Falls cemetery. There were many flowers in tribute to his memory.

Left to mourn are his wife, the former Angelina Proulx, and 14 children — Mrs. Norman Young (Pauline), of Grenville; Mrs. Morris McAndrew (Blanche), of Harrington; Mrs. Leonard Deslauriers (Cecile), of Ansonville; Mrs. Edward Trineer (Hanna) of Calumet; Mrs. Frank Lachance (Lucy), of Ansonville, Ont.; Mrs. Raymond Meault (Laurette), of Mount-Rock, Ont.; Mr. Raoul Thomas, of Harrington; and Messrs. Lionel, Zotique, Albert, Lambert, William and Maurice Thomas, all of Ansonville. He is survived also by 55 grandchildren and six great grandchildren.

Those who attended the funeral from a distance were—Mr. Zotique Proulx, Mrs. Morris McAndrew and Mr. Raoul Thomas, all of Harrington; Mrs. Edward Trineer, of Calumet; Mrs. Norman Young, of Grenville; Mr. and Mrs. Omer Thomas, of Kilmar; Mr. and Mrs. Pierre Lefort and son, of Driftwood, Ont.; and Miss Simonne Thomas, of Timmins, Ont.

Lawn Weed Control The Easy Way

(Experimental Farm News)

The discovery of 2,4-D is one of the greatest made by agricultural scientists in recent years. The application of 2,4-D is of interest primarily to lawn keepers who, up until now, have been forced to spend many tiresome hours pulling weeds by hand. This is no longer necessary, says T. H. Anstey, Dominion Experimental Farm, B.C.

By the simple method of applying one or two sprays to the lawn, most broad leafed weeds can readily be kept under control at little cost. When applied in the right concentrations these new herbicides kill lawn weeds such as sprig dandelion, cat's ear and the common plantains in about three weeks. Not only are the tops killed, but the whole root is killed, yet no appreciable damage is done to the grass.

In experiments conducted at Agassiz, B.C., it has been shown that one or two simple rules must be followed to kill the most weeds. First, it is important that the spray as bought, either in powder or liquid form, be diluted according to the instructions. The next point of importance is the temperature at which the spray is applied. The best results are obtained when applied during the active growing season, when the temperoture is above 65 degrees F. The spray is best applied with a regular garden spray outfit although on small areas a watering can with a fine spray does a good job if complete coverage is given. Care must be taken not to spray cultivated plants other than grass, for they too will possibly be killed. Once the spraying is completed, all equipment should be thoroughly washed with at least three rinses of water. This is to prevent damage being done to cultivated plants when the spray outfit is being used for fungicides or insecticides.

The leaves of the weeds sprayed will start to curl within a few days, but the plant itself will not die for three or possibly four weeks. By this time the 2,4-D will have been translocated to the roots and will kill them. The best results are obtained when the weeds are young, before they flower. With heavy infestations of dandelion in particular, it may be necessary to spray twice — in both the spring and fall

To ensure that new weeds do not start to grow, a top dressing of good, weed free soil with a reseeding of grass on the bare patches where the old weeds were killed, will be necessary. This con be done about four or five weeks after the spray has been applied.

Insurance Representative Attends Conference

RUSSELL W. ELLIOTT, local representative of the Aetna Life Insurance Company, who is attending a meeting of the Aetna Life's Corps of Regionnaires, held at the Chateau Frontenac, Quebec, from July 2 to July 5.

The Corps of Regionnaires is an organization with membership limited to leading representatives of the Aetna Life who comply with rigid requirements in sales and policy-owner service.

The meeting is one of three regional conferences being held by the Aetna Life. The purpose of the conferences is to give field representatives a full, "up-to-the-minute" knowledge of recent developments, that they may continue to be thoroughly equipped to serve the needs of their clients in the increasingly technical profession of life insurance underwriting.

Business Life Starts With Pocket-Money

Career-making Habits Should Begin With Savings Account

To your youngster a dollar may mean ten comic books or a dozen odd candy bars. It can also mean a step on the road to success . . for it takes only a dollar to open a savings account in the Bank of Montreal.

When you encourage your child in the habit of regular savings, you do much more than build a bank account. You help him to achieve stability, purposefulness, patience . . help him to help himself.

By the time he's ready to begin his full-time career, he will realize the value of a financial reserve that may enable him to ward off misfortune or take advantage of opportunity.

Why not send him round to the B of M to open an account tomorrow? Eric Hibbard, local branch manager, and his staff will be happy to assist your youngster to make his first deposit in a "success fund". (advt.)

LUMBER — A prime need in BUILDING your new house or REMODELLING your present home.

We are now in a position to fill your orders, and at the same time to assist you with your construction problems. . . . We are ALWAYS at your service!

Montreal Festivals Announce Programs Of Summer Opera

One of the most spectacular seasons of summer opera ever staged in Canada is planned by the Montreal Festivals, and will open with a production of Aida at the Molson Stadium on Wednesday evening, July 23, to be followed by Madame Butterfly, August 6, and Carmen, August 13, with a gala concert planned for July 30.

Stars of the New York Metropolitan Opera Company and the New York City Center Opera Company have been engaged for the occasion. They include Florence Kirk, the Metropolitan's newest Aida sensation, Marjorie Lawrence, the great Australian soprano, who is to sing the role of Ameris in Aida; Ramon Vinay whom critics have saluted as the greatest living latin-American tenor and who is the Metropolitan's new Otello; Winifred Heidt, outstanding Carmen of the day; Eugene Conley, the brilliant young American tenor; as well as, Camilla Williams, sensational star of the New York City Opera production of Madame Butterfly last winter, and most of the original cast of that history-making presentation in New York.

A full chorus of 80 singers has been recruited and trained for the season. Montreal's best symphony players will take part in every performance. Some of the greatest living stage directors will be in charge.

The company will probably be the biggest of its kind ever to visit Eastern Canada. The chorus, symphony orchestra, corps de ballet and minor roles will be drawn from Canadian talent and will be trained by the most experienced men in their field on this continent. Stage ond scenery will also be constructed locally.

Reservations for the series or for an individual performance can be had by writing to the Montreal Festivals office in the Windsor Hotel, Room 14.

"R.B." Passes On

THE PASSING of Viscount Bennett, former prime minister of Canada, leaves the memory of a notable and brilliant figure. He was one of those few outstanding men found in every sphere and community, whose personality is decisive and whose convictions find practical expression in "getting things done". Plaudits and condemnations fall abundantly on men of such indomitable spirit. "R.B." shared both criticism and acclaim, but neither could swerve him from his purpose. He was a leader among men, and his admirers far outnumbered his critics; even among political opponents, his personality commanded a sincere respect.

Coincident with the news of his death from a heart attack, comes an item of news from England where he settled in his years of comparative retirement. Following is the brief dispatch, which touches upon the generosity of this memorable Canadian:

London — The Bishop of Guildford announced recently that a commemorative chapel in the new Guildford Cathedral was to be associated with the gratitude of the people of Surrey for the help of the Canadian Forces during two wars, and to perpetuate the links with the people of Canada which were forged during those years. It is now disclosed that the generous gift of £40,000 made four years ago for the completion of the purchase of the site of Guildford Cathedral, then known to have been made by "a Canadian", was made by Lord Bennett, former Prime Minister of Canada.

R. B. Bennett was a great man. A fitting tribute was paid to him by a former political opponent, Rt. Hon. W. L. Mackenzie King, who declared that the most outstanding feature of Viscount Bennett was his wholehearted devotion to public service. Canada and the Empire suffers a great loss through his death.

Dominion's 80th Birthday

JULY THE FIRST, 1947, Canada's national holiday, marked 80 years of democratic nationhood. This is an event of great importance at a time when the world is being drawn into an ideological battle between Christian Democracy and Totalitarian Dictatorship. Dominion Day celebrates one of the most significant events in modern history. The point to note, is that this nation was born out of statesmanship and teamwork, not out of revolution and bloodshed. In July 1867 the Fathers of Confederation completed their long and difficult task of forming the Dominion of Canada. They had sacrificed self-interest and sectional interest for the good of the whole country, and in so doing they set a new standard for nation building. Today their effort is rewarded, their vision has become a reality.

Now it is up to us, the ordinary men and women of Canada, to preserve this precious heritage and to build the Canada of tomorrow. It is our privilege to sacrifice self-interest and sectional interest for the good of the whole country. Day by day wherever we live, be it village or city; wherever we work, be it factory, farm, office or home, we build good relationships or we break them down. We build them in racial, religious and political matters by resisting the temptation to air our personal prejudices. We build them in business when we watch out that our ambition and desire for profit do not overshadow the demands of honesty or fair play. By training ourselves and our children to value and to practise high standards of character, we help to make our nation great. For the way each one of us faces and solves our problems determines the character of our country. We like the Fathers of Confederation, can build for the future, visualizing a country where God shall have dominion from sea to sea.

A Grim Reminder

VACATION haunts beckon, and the season of suntan and frolic is here. So is the season for unheralded, swift tragedy, with death toting a hamper of horror across our land.

If appalling proof were needed that this summer may well mark up the cruellest accident fatality toll in the Dominion's history — look how it has started off, with a striking list of highway deaths and drownings in its first two sunny week-ends.

Think of those figures if the homily that "all life is hazardous" comes to mind. Homilies won't save the lives of, perhaps, scores — including tiny tots whose gleeful squeals will change to despairing screams — if common sense and strict observance of safety rules are wickedly ignored.

First off, it must strike most of us as an anachronism that thousands of school children cannot swim. The anachronism becomes more apparent when it is remembered that all school-life hinges around discipline of sorts — compulsion of sorts. It's grimly called to mind when it is remembered that safety-first lectures and first aid and resuscitation methods are not necessarily a mandatory part of classroom curricula.

Most municipalities insist that law officers and firemen know how to apply safety ordinances, save lives as well as protect them. But how many municipalities insist that schools must inculcate such subjects — from the teacher to pupil?

It doesn't take much more time or effort to teach a child to swim than it does to ride a bicycle. A child — and a youth or adult, for that matter — can be shown the simple rules of behavior in or on the water. Drownings can be avoided. Tragedy need not lurk on the edge of a picnic ground, a river-bank, or the bow of a canoe.

Can't we plan now to head off what seems an inevitable loss of life, and make 1947's holiday season the safest — not the most tragic?

The Sugar Ration

CANADIANS have been told that they can expect an additional few pounds of sugar per capita this year, although it is likely that rationing will remain in effect until some time in 1948. The news will be good to the chap who likes to sweeten his coffee, but it won't mean a great deal to the housewife who does a lot of canning preserves. It seems ironical that a person can buy many kinds of confectioneries and chocolate bars, containing a high percentage of sugar, but the woman who wants to do down a few jars of strawberry jam or peach preserves has to be very careful with her sugar allotment. We think it would make for fairer distribution if the individual ration could be raised still more.

ON HIS WAY home after his Canadian visit, President Truman kept repeating how he had had a wonderful time. If every American tourist visiting Canada this year can return home with the same feeling, it will greatly increase the bonds of friendship between the two countries.

REAL COWBOYS DON'T SING, SAYS RODEO VETERAN

Former Rodeo Star Scoffs At Western Music, Fancy Costumes and Guitars

Swift Current, Sask. (CP)—Take it from an old Canadian cowhand—real cowboys don't sing to the cattle or to their roundup pardners.

This revolutionary opinion comes from 40-year-old Don Perrin, who works at the Swift Current horse processing plant. He is a former cowboy and rodeo star. Perrin rode in most western shows from 1922 to 1936, spent the 1934 season in the United States circuit and rode in the big show at Wembley, England, in 1924.

"I never knew a cowboy who went around singing that he wanted to be buried somewhere out with the coyotes," Perrin told a reporter. "When a guy's work was done he went to bed."

He had not heard anyone singing when he worked on a 10,000-head roundup in Alberta's Milk River country in 1928. There was a "night-hawk," watching the 130 saddle horses, who played a mouth-organ — but quietly.

And Perrin, who was born in the Cypress Hills ranching district of Southwestern Saskatchewan, has only a small "howdy" for so-called western music.

"Whenever you see a fellow wearing a fancy costume and carrying a guitar you know right away he wouldn't know a cow if he saw one."

Perrin said that sights of his job at the horsemeat canning plant here are sometimes enough to bring tears to his eyes. He directs 10 men in unloading, feeding, and weighing the horses before they go up the ramp leading to the room where they are shot.

"There are a great many horses that have got to go, but, by golly, once in a while you see an animal that you know has been either a good work horse or is an old saddle horse and it is enough to make you cry," he said.

Although he stopped riding in shows in 1936, he has been a rodeo director since 1932 at Saskatchewan centres including Assiniboia, Melville, Swift Current and Weyburn and expects to attend the shows this summer as well as a new one at Regina.

Perrin has a riding family. His wife, the former Glennis Johnson, was once a trick rope rider; their son Pat rode in a parade at two years of age and a daughter, Donna Mae, when she was five.

"It's a great business, but we don't sing about it," Perrin said.

To feel right, live right.

Thrills in Boxing

The sport that can supply more thrills per capita probably is boxing. Thrills are a dime a dozen in the ring and the oddities come about as often.

We wouldn't be at all surprised if more fans are drawn to the sport because of the thrills they are sure to get, rather than to see two gladiators slug it out to determine which is the better. Once the bell rings, anything can happen. And it usually does.

Take the time Danny Robinson, a Chicago welter, was fighting Al Irwin at Minneapolis, Irwin's home town. The going was furious for a couple of stanzas and Irwin's manager figured his boy could use a sniff of smelling salts. Out came the salts and the manager put it to the boy's face.

That was sufficient to allow a knockout. The salts somehow didn't get to Irwin's nose but to his eyes. Instead of reviving him, the lad was blinded and couldn't answer the bell for the third round. Probably the most unusual T.K.O. in ring history.

Up at the Broadway Arena in Brooklyn one night, the club fans really got a treat when Kid Williams, the world's bantam champ, came over to see a fight. One of the headliners didn't show up and when Williams realized that the main event was fouled up, he volunteered to put on the gloves. Unheralded, he stepped into the ring. Everyone was thrilled — everyone, that is, except a lad named Eddie Wallace. Wallace was the other fighter and he lost.

Most sport fans to this day don't know the Joe Gans, the popular scrapper from New York, really had to be forced into the ring every time he fought. It wasn't that he was scared, he just used to get stage fright and he was glad that his manager and trainer handled him roughly before the bouts. Occasionally he had to be dragged from his dressing room, but once he was in the ring, Gans was all fighter.

• • •

Managers have figured in a number of odd events that have cluttered the ring history books.

They tell one about Abe Yager, the noted press agent, who had a scrapper called Leo (One Punch) Williams. Leo wasn't doing so well and Abe decided he was going to do something about it. He ran across Pappy Dallas, who with Damon Runyon was managing Napoleon Dorval. Yager offered Dallas his scrapper, but the result was a high-held nose.

Then Yager said: "Give me four bits for him and he's yours." Dallas accepted. Williams was booked to meet George Courtney, a stand-out middleweight contender, and he KO'd him — on April Fool Day. After that Williams was matched with the best and netted Dallas $50,000 — all for 50 cents.

Tony Palmer, the former lightweight, thought his fight days were finished when he became a manager. But one man he was managing got into a heated argument in the dressing room with him one night before a bout. The discussion developed into a drawl and Tony knocked his slugger cold and hors de combat for the night. When time came for the fight to start, Tony climbed into the ring himself—and won.

Prevention of INFANTILE PARALYSIS

Contre la PARALYSIE INFANTILE

The Lachute Lions Club

in co-operation with the

COUNTY HEALTH UNIT

in an effort to prevent infantile paralysis in this community offers the following suggestions to parents and others :

1. DON'T DELAY to call your physician for any sickness, however slight, in your family during the period from June to September.

2. OBSERVE THESE SIMPLE PRECAUTIONS :

(a) Keep flies away from food.
(b) Use only pure water and pasteurized milk.
(c) Wash children's hands and faces before allowing them to eat.
(d) Do not swim in polluted water.
(e) Keep children and adults away from any sick persons.
(f) Avoid getting overtired and extreme fatigue from exercise.
(g) Avoid tonsils and adenoid operations during an epidemic.

Advertisement in the interests of Public Health sponsored by

COMMUNITY WELFARE COMMITTEE
OF LACHUTE LIONS CLUB.

Le Lions Club de Lachute

en coopération avec

l'Unité Sanitaire du comté

dans un effort pour prévenir la paralysie infantile, offre non seulement aux parents mais à tous, les suggestions suivantes.

1. N'HESITEZ PAS durant la période de juin à septembre d'appeler votre médecin même pour un symptôme si petit soit-il.

2. OBSERVEZ BIEN les précautions suivantes :

(a) Ne laissez pas la nourriture à la portée des insectes.
(b) N'utilisez que de l'eau pure et de lait pasteurisé.
(c) Vérifiez la propreté des mains et de la figure des enfants avant chaque repas.
(d) Evitez de vous baigner dans l'eau polluée.
(e) Eloignez des malades les enfants et même les adultes.
(f) Evitez tout surmenage et aussi la fatigue extrême d'exercices violents.
(g) Evitez l'opération des amygdales et des adénoides durant une épidemie.

OBITUARY

MILLE ISLES NATIVE DIES IN MONTREAL

Late Mrs. John Turner

The death of Mrs. John Turner occurred at the home of her son, 2927 Des Ormeaux Blvd., Tetreaultville, on Monday, June 23.

Born in Mille Isles 78 years ago, she was formerly Ann McCullough, second daughter of the late Robert McCullough and his wife, Isabella Thompson.

Those left to mourn her passing include — her only son, Leslie; three grandchildren, of Tetreaultville; three sisters: Mrs. M. Dawson, of Mille Isles; Mrs. H. Giroux, of Ahuntsic; and Mrs. John Cunningham, of Lachute. Her husband predeceased her in March of this year.

The funeral was held from the Armstrong Chapel on Thursday, June 26. Burial was made in Hawthorn-Dale Cemetery.

Grenville North

Mrs. J. R. Cooke, of Netherhill, Sask., is at the home of her parents, Mr. and Mrs. Thos. Hoare.

Joseph McCart, who has been attending Ottawa University for the past term, has returned to his home for the summer months.

Mr. Eric Cahill, of Calumet Island, spent a few days here; on his return Mrs. Cahill and infant son accompanied him, after spending several weeks here with her parents, Mr. and Mrs. Bernard McCart.

Sympathy is extended from this vicinity to the bereaved families of the late Mr. James Hughes and the late Mrs. E. D. Chantal.

Harrington

Mr. and Mrs. Sherman, of St. Eustache, were week-end guests of Mr. and Mrs. J. D. Shaw.

Mrs. George Bennett, Mrs. F. Trineer and daughter, Bonnie, motored to Ottawa last week, where Bonnie is a patient in the Civic Hospital.

The Women's Missionary Society held their monthly meeting in Campbell's Hall on Saturday.

Mr. Bert McGregor and son, Charles, of Ottawa, are spending this week at the home of Mr. and Mrs. Geo. Bennett.

Births, Marriages and Deaths

ENGAGEMENT

WILLOUGHBY-SMILLIE — Mr. and Mrs. N. E. Smillie, of Terrace Hill, Brownsburg, Quebec, Canada, announce the engagement of their only daughter, Wynetha Evelyn, to Mr. Peter Bowes Willoughby, only son of Mr. and Mrs. Harry Willoughby, of Westow, Northallerton, Yorkshire, England. The marriage has been arranged to take place in England in the early part of July.

BIRTHS

CLARK — At the Providence Hospital, Lachute, on July 2, 1947, to Mr. and Mrs. Percy Clark of Brownsburg, a son (Truman).

HAY — At the Providence Hospital, Lachute, on June 27, 1947, to Mr. and Mrs. Gordon Hay (née Janet Morrison), a son.

DEATH

BOA — At his residence, Upper Lachute, Que., on June 29, 1947, Andrew Boa, beloved husband of the late Agnes Doig, in his 84th year.

IN MEMORIAM

COMBIE — In loving memory of our dear father, George Robert Combie, who passed away July 6, 1944. — Always in our thoughts, Daughter and Sons.

"One of the best dads the world could hold,
Your cheery smile, your heart of gold,
Always thoughtful, loving and kind —
What a beautiful memory you left behind."

YOUNG — In memory of a loving husband and father, Wm. J. Young, accidentally killed July 5, 1935. — Remembered by his wife and family.

"Memory Lane is a little patch
Where hearts are ever true,
A path we travel again and again
Because it leads to you."

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Calumet

Mrs. S. Arnold and son, Gordon, of Halifax, are guests of Mr. anad Mrs. R. C. Whinfield.

Miss Regina Bevan spent the week-end with her sister, Mrs. D. Corrigo and Mr. Corrigo, in Montreal. Master Garry Bevan, who accompanied her, remained for a week's visit.

Miss Helen Martin, of Lachute, visited Miss Joyce Mahon.

Mr. and Mrs. Ronald Brigden and children, Ronalda and Malcolm, of Longueuil, were week-end guests of the former's father, Mr. W. E. Brigden.

Mr. and Mrs. C. G. Foreman and family are spending a few days at their cottage, "Four Winds", on Slavery Lake.

Mr. and Mrs. Harry Druce and children, Jeremy and Patricia, spent the week-end at "Dunwandrin".

Mr. and Mrs. R. G. White and son, Michael, of MacLeod Lake, were guests of Mr. and Mrs. G. B. Murphy for the week-end.

Mr. and Mrs. M. R. Robinson and sons, Robin and Ranny, spent the week holidaying at their cottage, "Ben Brae"; they entertained at a family supper party Sunday evening.

Miss Marjorie Whinfield, nurse-in-training at the Ottawa Civic Hospital, is spending three weeks' vacation with her parents, Mr. Mrs. L. G. Whinfield. Her many friends congratulate her on the successful completion of her first year.

Mr. and Mrs. George Martin, of Montreal, were week-end visitors of Mr. and Mrs. L. G. Martin. Mrs. Martin remained over for a few days' visit.

St. Andrews East

The Rev. and Mrs. J. Rushton Heyworth, of Chicago, are here for the season occupying "Journey's End," at the mouth of the North River.

Mr. and Mrs. V. S. Kendall, of Montreal, are occupying their summer cottage at Carillon Hill.

Mrs. Hannam Barclay from Kentucky, U.S.A., who is staying at "The Hill", Carillon, is accompanied by Mrs. R. McLean, of New York.

Mrs. W. H. Simpson, of Westmount, who opened her summer home recently, was accompanied by her son, Mr. Rowan Simpson, for the long week-end and holiday.

Mrs. E. A. Larmonth, of Ottawa, is occupying her summer home for the season.

Mr. and Mrs. Arthur Fuller, of Ottawa, were guests of their parents, Mr. and Mrs. W. A. Fuller, for several days. Mrs. Wilfred Clarke, of Montreal, is their guest this week.

Mrs. M. M. Yale, of Outremont, spent several days with Mr. and Mrs. R. W. Burry.

Miss Dalgleish and Miss Edith Dalgleish, of Montreal, were at the Walter Carrs' for the holiday week-end.

Mrs. Paul LaBrêche with her her little son, Roger, has returned from a three weeks' visit to friends at Deschaillons, Que.

Mr. G. St. George Simpson is staying at his summer home for two weeks. He was accompanied for several days by his sister, Miss Beatrice Simpson. He will return to New York for a month's summer session in Interior Decorating.

Miss Enid Robertson, of Montreal, visited her parents, Mr. and Mrs. Buchanan Robertson, over the long week-end. Mr. and Mrs. Hugh Robertson, of St. Laurent, who were guests of their parents on Monday, left Tuesday to accompany friends on a motor trip to Gaspé.

Mrs. V. F. Lilly visited her son and daughter-in-law, Mr. and Mrs. V. Lloyd Lilly, at Como, Que., for several days.

Mrs. J. A. Lalonde, of Montreal, is visiting her sister, Mrs. K. R. de la Ronde and Mr. de la Ronde. Mr. Ronnie de la Ronde and Miss K. Sinclair, of Montreal, were also guests of the former's parents for several days.

Mrs. Huguette Desjardins, daughter of Mr. and Mrs. Stanislas Desjardins, of Beech Ridge, has passed with honours in the 9th grade examinations at the St. Andrews French school.

Lakefield

Mr. and Mrs. Arthur Dawson are leaving for an extended visit to friends in Vermont and other parts.

Miss Mary-lynn Murdock, of Detroit, is spending a two weeks' vacation with Miss Ruth McDonald.

Winnifred Dunn, Connie Dunn and Allan Mount have passed the entrance exams to Lachute High School for Grade IX; also Kenneth Trickey has successfully taken the entrance to Grade VIII.

Mr. and Mrs. C. Foster, of Brownsburg, are visiting with Mr. and Mrs. Arthur Dawson prior to taking up residence in Toronto.

Mr. and Mrs. Ernest Evans and family, of Lachute, are spending a holiday with Mr. Evans' mother, Mrs. E. Evans.

Miss Muriel Trickey, of Montreal, spent the week-end with her parents, Mr. and Mrs. Arthur Trickey.

Misses Adele Whittaker and Gladys Richard, and Messrs. Dick and Melvin Richard spent the holiay with Mr. and Mrs. Henry McDonald.

Bell Falls

Miss Joan McMahon and Miss G. Clark are guests of the former's grandparents, Mr. and Mrs. Wm. McMahon.

Recent guests at the home of Mr. and Mrs. Thomas McNeil were, Mr. David McNeil, Sr., of Welland, and Miss Ruby McNeil, of Montreal.

Mr. Windsor McRae is visiting friends and relatives in Welland, Ont.

Visitors and vacationists, from Montreal and various points, are numerous in this vicinity. The tourist business shows a marked increase this season.

Mr. S. Sugar and Mr. S. MacCallum were visitors at the home of Mr. and Mrs. N. MacCallum for a few days this week.

Avoca

Mr. W. H. Kelly of St. Sauveur spent the week-end with his family, who are here for a couple of weeks.

Week-end visitors of Mr. John MacLean and Mr. and Mrs. Percy Farrara were — Mr. and Mrs. Trowse and daughter, Mr. and Mrs. Fournier, of Wakefield, Que., also Mr. and Mrs. Kenneth MacLean and two little daughters, of Humberstone, Ont.

Mr. and Mrs. Alex Bates and family, of Humberstone, are visiting the former's parents, Mr. and Mrs. Alexander Bates of Harrington, also many other friends.

Mrs. Neil McCallum has opened her home for the summer; her daughter, Miss Evelyn, and son, Dr. Lester McCallum, were here for the week-end.

Mr. and Mrs. Wm. Arthurs and Mr. Gordon Young are visiting in Humberstone. Mr. Grant Arthurs expects to return with his parents.

Visitors here over the week-end included — the Misses Arthurs and friend, of Ottawa; Mrs. McTague and the Misses McTague, of Ottawa and Beauharnois; Mr. and Mrs. Donna Curry and Miss Maureen Ball, of Verdun; Mr. Tomachevsky, Mr. and Mrs. Andrews and family, of Montreal.

New "air" of Smartness

FOLKS EVERYWHERE are singing the praises of the smart new Oldsmobile car. *Style alone* would make it the *smart* buy of the year! Long, flowing lines, tasteful trim, beautifully tailored interiors . . . all combine to give this car a smooth-as-a-melody, "new-as-tomorrow" look. And when you consider that the new Oldsmobile is the lowest-priced car to offer GM Hydra-Matic Drive*, the *General Motors* drive—*that* makes Oldsmobile a smart choice *automatically*. For Hydra-Matic Drive* is the only *fully proved, fully automatic* drive. The only drive that shifts gears through four forward speeds *without any effort whatsoever* on your part. The only drive that eliminates the clutch pedal entirely! . . . 'Just forget the clutch and gear . . . all you do is sit and steer.' No wonder so many *smart* people say "It's SMART to own an Olds."
*Hydra-Matic Drive optional at extra cost.
KEEP YOUR CAR "IN TUNE"

To you who are waiting for your new Oldsmobiles—our thanks for your patience ... our tribute to your wisdom. The demand for Oldsmobile with the new GM Hydra-Matic Drive* is so widespread that it still greatly exceeds the supply. Make sure your present car carries you conveniently and safely through the waiting period by having it serviced regularly by your Oldsmobile dealer. O-447A

AMONG THE CHURCHES

Farewell Sermon

(Our District Correspondent)

Arundel — A large congregation was present Sunday evening to hear the Rev. A. E. Wilfong preach his farewell sermon. Mr. and Mrs. Wilfong left on Monday, June 30, to take up their new duties at Kingsbury, Que. Friends in the community wish them success in their new undertaking.

Church Vacation School, Harrington Community

(Our District Correspondent)

Bell Falls — A Daily Vacation Bible School will commence Monday, July 7, at Harrington No. 5 School, under leadership of Mr. A. Barker, Baptist student minister, Misses Lois and Mary Bennett, and Mr. John L. S. Shearman, United Church student. The sessions, from 9 a.m. to 3 p.m., will include Bible study, recreation and singing. An invitation is extended to all boys and girls of the community to attend, and to bring their lunches.

Church Group Activities, Harrington District

The W.M.S. meeting was held Saturday in the Campbell Hall. Mrs. Edward Shearman, of St. Eustache, was guest speaker.

Harrington United Church Sunday School picnic will be held Saturday, July 5, on the John Bates farm. Everybody cordially invited to attend.

Sunday School will meet July 6 at 10.45 a.m. in the church. . At 8 p.m. the church service will be held at Harrington United, when the Rev. W. B. Rosborough, pastor of the charge, will adminster communion. The Kilmar United Church congregation will join in this observance.

RADIO FIRE PROTECTION

Vancouver (CP) — A network of 270 radio stations will protect the province's far flung forest resources from fire this year. Stations range from large operating headquarters in each forest area down to small portables carried by rangers to fire scenes.

Ministerial Association Members Entertained

Several members of the Argenteuil Ministerial Association, together with their wives and children, were guests of the Rev. and Mrs. W. B. Rosborough at their summer cottage at Dalesville on Monday afternoon. The guests spent a most enjoyable time, fully appreciating the beautiful scenery and comforts of the camp, and the ample hospitality of their host and hostess.

The Association hopes to resume its regular monthly meetings on September 29.

Churchwomen's Groups At St. Andrews East

(Our District Correspondent)

St. Andrews East — The W.A. of Christ Church met at the home of Mrs. Ewan Albright last Thursday afternoon. It was decided to hold the annual summer sale and tea on August 2. Mrs. Kernan and Miss Beatrice Robertson were tea hostesses.

The Misses Wales were hostesses to the Women's Guild of the United Church on Wednesday afternoon, June 25. Mrs. George Perks assisted in serving refreshments.

SOCIAL AND PERSONAL

Mrs. George Hunter, of Westmount, was a recent guest of her mother, Mrs. A. G. MacArthur.

• • •

Mr. and Mrs. Allistair MacEwan, from Oban, Scotland, spent a few days as guests of the Misses McOuat, East Ward.

• • •

Miss Shirley Bradley has left to visit relatives in Calgary, Alta., and will also proceed to Banff and Jasper.

• • •

Mrs. John Cunningham, Mr. and Mrs. H. Cunningham, Mrs. P. Lamarche and son John, Mrs. A. B. Gordon and Miss Jean Gordon were in Montreal last week attending the funeral of the late Mrs. John Turner.

• • •

Mrs. George Preston, of Montreal, was the week-end guest of her sister, Mrs. Fred Roberts and Mr. Roberts. Their daughter, Miss Bernice, was also home for the week-end.

Mr. and Mrs. J. M. Walker and family, of London, Ont., were visiting with Mrs. Andrew Walker and relatives here last week.

• • •

Mrs. Bob Hadley and two children, of Val d'Or, are visiting their relatives in Lachute and Harrington; Mr. Hadley, who accompanied them, returned to Val d'Or on Monday.

• • •

Mrs. Donald Hay and children, Bobby and Barbara, arrived Saturday to visit her mother, Mrs. E. H. McCoy, and spend a holiday at Clear Lake; Mr. Hay accompanied them here for the week-end.

• • •

Jack Steeves left Sunday for Quebec to attend a six weeks' course in French at Laval University.

• • •

AB. George Kirby is on 28 days' leave from Naval service at Halifax, visiting in Lachute and at his home in Kilmar.

Mr. Les Morris, of Ottawa, spent the week-end at the home of his parents.

• • •

Mrs. Ruth Jones, of California, accompanied by Mr. and Mrs. Harold Lockwood, of Montreal, spent a few days recently with their brother and sister-in-law, Mr. and Mrs. Earle Duffy. Mr. Jones has since returned home, making the round trip by plane.

• • •

Miss Margaret Gordon and Miss Rhoda Gordon left by autobus on Monday to visit relatives in Lombard, State of Illinois, and also friends in Chicago.

• • •

PRETTY WEDDING AT BROWNSBURG UNITED CHURCH

Brosseau-Smillie

The marriage of Margaret Catherine Smillie, only daughter of Mr. and Mrs. Thomas Smillie, of Brownsburg, Que., to Mr. J. Paul Brosseau, son of Mr. David Brosseau and the late Mrs. Brosseau, of Montreal, took place in the Brownsburg United Church at three o'clock on Saturday afternoon, June 28. The Rev. S. J. Pike officiated, and Mrs. Cedric wheeler played the wedding music.

The church was decorated with white peonies, roses and other summer flowers.

Given away by her father, the bride wore a floor-length, long-sleeved gown of white slipper satin, fashioned with a fitted bodice, the skirt flowing into a long train. Her train-length veil of embroidered tulle illusion was arranged in mantilla fashion. She carried a bouquet of white roses.

The maid of honor, Miss Pauline Brosseau, wore a floor-length gown of pink embroidered organza with matching headdress, and carried a cascade bouquet of roses and sweet peas.

Mr. Edward Thompson was best man, while Mr. Winston Smillie and Mr. John McPherson acted as ushers.

Mrs. Smillie, mother of the bride, was gowned in blue crepe with white accessories, her corsage being of pink carnations.

A reception was held in the hall of the church, where the tables were decorated with pink and white roses. Mr. and Mrs. Brosseau left later for Brome Lake, Que. The bride wore for travelling a blue wool bouclé suit with black accessories. The couple will reside in Montreal.

THAT INCOME TAX SAVING
It's MONEY IN THE BANK... if you're Smart

NEXT pay-day your pay cheque will be bigger... because the reduction in your income tax will be effective.

Think of that increase as a raise in pay—as money in your pocket. Whether your income is $2,000 or $20,000, it's something extra to use in your own design for living.

For some people it's going to mean more money to spend—an easier time in personal financing. That's good for most of us.

But is that all? Not for the wise ones. Wise folk won't let all that money slip through their fingers . . . Some will save 10%—some 50%... and some will save it all.

Plan your finances now for 1947 ... figure out your tax saving and see that a good lump of this *money in your pocket* is labelled "money in the bank".

For many people that's going to mean "money in *My Bank*"... where more than a million Canadians—sound citizens who know what saving means—do their personal financing.

You will be very welcome in this good company.

Something to show for it...
Don't just leave your *income tax saving* with the rest of what you have remaining after pay-day. You're apt to lose track of it too easily.
If you're wise you'll open a special savings account for it and do a real dollar-building job. Call it your "Income *Saving* Account" and make it live up to its name.
Later, you'll be glad you did... you'll be able and ready to buy those things you want most.
It's an opportunity to start saving really systematically, and a B of M savings account will help you. Open one at your nearest branch today.

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Arundel

Mr. and Mrs. Linn, of Belmar, N.J., are occupying Mr. Leslie Cooke's residence for an extended visit.

Dr. R. Ward and family, Miss Mary Sellars, and Mr. Alex Ferguson, were guests of Mrs. J. May for the week-end.

Ladies' Union

The Ladies' Union of the United Church met in the church hall on Thursday, the tea hostesses being Mrs. Johnston and Mrs. Ernest Swail. During the supper a birthday cake was brought in — this occasion coinciding with the birthdays of two of the members, Mrs. Val Swail and Mrs. Homer Cooke.

Mr. and Mrs. Homer Cooke have moved into their new residence.

Mr. Roy Moore and Miss D. Arbuckle were the week-end guests of Mr. and Mrs. Lorne Moore.

Miss Dorothy Kerr entertained the members of the Girls' Guild at tea on Saturday. During the afternoon, a presentation of a table lamp was made to Mrs. Roy Cooke in appreciation of her long services as president of the Guild. The address was read by Mrs. Homer Cooke, and Miss Mary McArthur presented the lamp. Mrs. A. E. Wilfong and Mrs. T. Sevigny poured tea.

Mr. Gavin Graham and Mrs. Graham have left on an extended motor trip to Vancouver.

Mr. Wm. Smart and Miss Grace Zwicker, of Montreal, are guests of Mr. and Mrs. Ernest A. Bulley for the month of July.

Miss Mary McArthur has left to take the summer course for teachers at Macdonald College.

Next meeting of the Arundel branch of the Legion will be held at Mr. R. Craig's, at Weir. Every member is urged to attend.

Mr. and Mrs. James Olive were guests of Mr. and Mrs. R. Moss last week-end.

Mrs. Sydney Bennett and family are established in their summer residence for the season. Mr. Bennett is expected later.

The Rev. and Mrs. D. Kerr, of Philadelphia, visited Mrs. J. Alexander last week-end.

Mrs. M. Cooper, of Toronto, is visiting Mrs. J. Alexander.

Mrs. William Cooke has left for an extended visit to her sister, Mrs. W. Leishman, in Guelph, Ont.

The Arundel Women's Institute Branch are holding a "military whist" on Saturday evening, July 5; proceeds are to be applied to expenses of the School Fair.

Mr. and Mrs. C. Tomalty were visiting Mr. and Mrs. Sydney Swail for the week-end.

Mrs. Young, also her son Mr. George Young, and friend Mr. Russell Reid, are spending the holiday with her daughter and son-in-law, Mr. and Mrs. J. Bates.

Miss Isabelle Clark is spending the holiday with Mr. and Mrs. Alvin Graham.

Mr. Stanley Cooke, accompanied by his friend Mr. J. Young, is spending the holiday with his parents, Mr. and Mrs. Hugh Cooke.

Dr. Chas. Fosbury, B.A., LL.D., and Mrs. Fosbury, of Bournemouth, England, are paying a prolonged visit to Mrs. Fosbury's family. Mrs. Fosbury was the former Miss Gertrude Cooke, a daughter of the late Mr. and Mrs. J. Cooke.

Mr. and Mrs. P. Walker were guests of Mr. and Mrs. Gordon Cooke over the holiday.

Dr. and Mrs. Cyril Flanagan and family are occupying their cottage for the rest of the season, and have as their guests Mrs. Atkin and son, from New Jersey.

Mr. and Mrs. J. E. Ardle and Miss E. Cooke are guests of Mrs. Smillie.

Congratulations to Miss Jan Henry on successfully passing her first year Arts at McGill University.

Miss Frances Davis is arriving this week from Truro, N.S., to spend the summer with her parents, Mr. and Mrs. Frank Davis.

Holiday guests at Mr. and Mrs. Alfred Morrison's were — Mrs. W. Earle and daughter, of Knowlton; Mrs. D. F. Allan, Montreal; Miss Elizabeth Meldrum, Shawinigan Falls; Misses Betty, Eunice and Gertrude Morrison, and Mr. J. Dobby.

Mr. and Mrs. Roy Cooke have opened their cottage for the summer season; Mrs. T. Sevigny, with her young son, is the guest of her parents.

Miss Lila Dobbie is visiting Mrs. J. Alexander.

Mr. Jack Ireland was a visitor at Mr. and Mrs. Bulley's over the week-end.

(Barkmere)

Most of the cottages are opened for the season and a steady influx of visitors is expected as the season progresses.

Mrs. Goldthorpe is visiting with her sister, Mrs. Howard Cooke.

Mr. and Mrs. Morley Pope, of Baie Comeau, Que., are spending a holiday at their cottage.

Weir

The many friends of Miss Marielle Proulx are pleased to see her home once again after spending almost a year in hospital. Marielle was a victim of polio during the epidemic of last year; she is still confined to a wheel chair and will have to return to the hospital shortly for further treatment. Her many friends join in wishing her a complete recovery soon.

Mrs. Jos. Gelinas, of Verdun, visited her parents, Mr. and Mrs. Robt. Williams, recently.

Mrs. P. Dubeau returned on Saturday after spending the past fortnight in Montreal. She was accompanied by her son Willard, who spent the week-end here.

Mrs. Stanley Craig spent a few days in Montreal, the guest of her sister, Mrs. John MacLean and Mr. MacLean.

Mrs. V. Gagné, of Montreal, spent the past week as the guest of Mr. and Mrs. Geo. Clifton.

Mr. George Cripps, of Miami, Miss Eva Cripps, of Montreal, and Roy of Shawbridge, spent the week-end with their mother, Mrs. Geo. Cripps.

Mrs. Sherman Beaven with her sons, Wilfred and Bruce, of Bathurst, N.B., arrived here Saturday to spend the summer.

Mr. Arthur Philips, of Montreal, spent the past fortnight at the home of his sister, Mrs. W. H. Williams and Mr. Williams.

Mr. and Mrs. K. Cowan, accompanied by their daughter Mildred, and Miss Cathie Langster, of Montreal, spent the holiday at the home of Mrs. Cowan's parents, Mr. and Mrs. A. Larose.

On Thursday afternoon Master Huntley Schippel entertained a number of his little friends at a party in celebration of his seventh birthday.

Mr. and Mrs. Victor Williams with their two small sons, Kenneth and Ronald, of Montreal, spent the week-end visiting their parents, Mr. and Mrs. Alex Williams.

Reception Held

An enjoyable reception was held in the church hall Saturday evening, June 28, in honor of Mr. Arthur Beaven on the occasion of his marriage to Mrs. Lillian McConnell, of Montreal. Around 200 guests were present and the happy couple were the recipients of many beautiful gifts and good wishes. The ladies of the W.A. acted as caterers for the evening. Mr. and Mrs. Beaven will reside in Weir.

Mrs. Russell Bowie, of Montreal, was the recent guest of her son, Mr. R. G. Bowie and Mrs. Bowie.

Mr. and Mrs. E. Beaven and family, of Gatineau Point, spent the holiday with the former's parents Mr. and Mrs. P. Larose.

Please keep the date open for the lawn social to be held in Weir Saturday evening, July 19. Further particulars later.

Cushing

Miss Margaret Canning, of Chateauguay Basin, arrived home on Wednesday to spend the summer with her parents.

Mrs. H. Bedell, of Outremont, Mrs. J. Ryan and Mr. A. Gould, of the Town of Mount Royal, motored to Cushing on Thursday and spent the day as guests of Mr. and Mrs. A. Graham.

Mrs. R. T. Holmes, of Montreal, who has been visiting Miss A. Davidson, has now returned home.

The St. Mungo's W.M.S. will hold their monthy meeting at the home of Mrs. Archie Graham on Tuesday afternoon, July 8.

Mrs. Roy Dobbie has been spending some time at the home of Mrs. John Heatlie, Ogdensburg.

Mrs. J. L. Maw, of Montreal, and daughter Margaret, were week-end guests of Mr. and Mrs. S. H. Beecher at "Lilac Lodge".

Miss Annie McDowell and Mr. J. McDowell, of Montreal, occupied "Glenifer Cottage" over the week-end, having as their guests Miss Beryl and Mr. David Munro, also a party of their young friends.

Mr. and Mrs. M. Burton, also Mr. B. McDiarmid, of Montreal, spent the week-end with the Misses Cleland.

Mr. and Mrs. W. Murray and Mr. and Mrs. J. A. Scott, of Lachute, paid a short visit at the home of Mr. and Mrs. A. Graham on Saturday night.

Miss Helen Hoar, Mr. W. Godwin and Mr. W. Smith, of Montreal, are spending this week at "Glenelen".

Mr. and Mrs. W. Baker, of Montreal, who have been guests of their daughter Mrs. S. Longmore, returned to Montreal on Wednesday.

Mr. L. R. McGain spent the week-end and holiday at "Uncle Tom's Cabin".

It is all right to reason with your children, but it's wise to spank them so the reasoning will sink in.

Arriving in Style

On a tour of the bright lights or a trip to the backwoods, Monarch 8 is *always* in style, always well behaved. This comfortable, roomy automobile has been winning friends ever since the first Monarch 8 was introduced last year.

The 1947 Monarch (Town Sedan illustrated) offers you a remarkably quiet, restful ride—with road noises hushed by rubber insulation at more than 200 points. It has an easy, mile-consuming pace that makes the holiday seem longer, the trip shorter.

Monarch 8 is a *standout* in the medium-priced field. Among its extra-value features you'll list the spirited performance of its V-type power plant; its superb riding qualities; the two-tone luxury of its spacious interior.

He's having trouble meeting the demand, but your Ford and Monarch dealer will be glad to give you detailed information on this handsome 1947 Monarch 8.

Reprocessed Rayon Designer's Dream

New York (CP) — Fabrics that can be melted down and used over again are the dream of 23-year-old Elois Jenssen, dress designer for Hunt Stromberg productions in Hollywood, as she makes up and makes over what the stars and near-stars wear.

Elois, just three years out of designing school, doesn't hesitate to predict such fabrics in the reasonably near future. She is entitled to do a little forecasting after completing the wardrobes for Lucille Ball in "Personal Column" and for Hedy Lamarr in "Dishonored Lady."

"Reprocessed wool is used over again," Elois says. "Why shouldn't there be a time when last season's rayon wardrobe can be taken to a reprocessing centre, tossed into a vat, for a small service charge? We're so extravagant in this country."

MANY WOMEN VOTERS

Johannesburg (CP) — Women would-be-voters on the Rand have swamped electoral officers with their applications for registration in a last minute rush to get on the roll for South Africa's general election which is expected to take place about the middle of next year.

Women's Interests

Peas and Raspberries — Canning and Freezing

In some communities, both freezing and canning are topics of interest in conversation, while in others, where freezing facilities are not available, canning still rules the day.

With most fruits and vegetables, nothing so far can beat the frozen product which retains so much of the flavor, color and texture of the fresh fruit or vegetables. However, since canning is still being done on a large scale, the home economists of the Consumer Section, Dominion Department of Agriculture, give the following directions for freezing and canning raspberries and peas.

To Freeze Rospberries

Choose firm, fully ripe berries. Pick them over and wash them, only if necessary. Pack whole in a cold moderately thin (1-1½) syrup to cover or in dry sugar using 5 lbs. fruit (about 16 cups) to 1 lb. sugar (2 cups.) As certain varieties freeze more satisfactorily than others you should ask your Provincial Department of Agriculture for the varieties they reccommend.

A moderately thin syrup is made in the proportion of 1 cup of sugar to 1½ cups of water. A headspace of at least ½ inch should be left at top of all containers to allow for expansion during freezing. Freeze immediately after packing. If the food is to be frozen and stored in a locker plant, place each container, as it is packed, in refrigerator or very cold place until all are prepared, then take to locker plant without delay.

Canning Raspberries

Wash, pack containers, cover with boiling moderately thin syrup, leaving a headspace. A moderately thin syrup is made in the proportion of 1 cup of sugar to 1½ cups of water, this quantity will yield approximately 2 cups of syrup. A quart sealer of raspberries will require 1 to 1½ cups of syrup. All fruits require ½" of headspace in glass sealers and a ¼" in tin cans. Raspberries may be processed in the boiling water bath, pints 15 minutes and quarts 20 minutes or in a thermostatically controlled oven, glass sealers only, at a temperature of 275°F, pints 25 minutes, quarts 30 minutes.

Special Method for Canning Raspberries

Wash and pack fruits in glass sealers or tin cans, cover with boiling syrup, leaving the required headspace. Seal completely. Place containers on several thicknesses of newspaper on bottom of a tub and pour in enough boiling water so that the containers are covered by at least 3 inches of water. When adding the boiling water, take great care not to pour directly on glass sealers, they might break. Cover tub with a thick rug or blanket tucking it in well round the sides to keep the heat in. Let stand 10 to 12 hours. Remove and store.

Freezing Peas

Harvest peas early in the morning. Handle quickly. Select only young and tender peas, avoiding over-ripe ones. Shell the peas directly into cold water, discarding over-large, hard peas. Wash, drain and blanch 2 minutes To blanch peas or other vegetables use two kettles of vigorously boiling water with at least two gallons of water in each. Place the peas in a wire basket, colander or cheesecloth bag and immerse in first kettle of boiling water for 30 seconds. Transfer immediately to second kettle. Start counting time of blanching when water in second kettle returns to boil after vegetable is added. The blanching should be timed accurately. A minute or two less or more may make quite a difference in the frozen product. Blanch only a pound of peas at a time. Cool quickly and drain. Pack dry — that is simply fill containers with peas, leaving a headspace of ½ inch. Peas may also be packed in a 2% cold brine. To make the brine, dissolve 1 tablespoon of salt in 1 quart (5 cups) of cold water. A quart of brine is sufficient to fill 5 to 6 pint containers. For freezing peas proceed as for arspberries.

Canning Peas

Shell and wash young, tender peas. Cover with boiling water. Bring to boil and boil, covered, 1 minute. Pack hot, loosely. Add 1 teaspoon of salt to each quart sealer. Cover with hot cooking liquid from peas, leaving 1 inch headspace in glass sealers and ½ inch in tin cans since peas, like corn, expand more than other vegetables during processing. Process in the Pressure Cooker at 10 lbs. (240°F.) pint sealers and 20 oz. cans 40 minutes; quarts and 28 oz. cans 45 minutes OR process in the boiling water bath, (212°F.) pints, quarts, 20 and 28 oz. cans, 3 hours.

WOE TO GROCER SEEN IN GLINT

London (CP) — During the rush hour, a woman swept through the door of a post-office, elbowed her way through a queue, seized the counter scales normally used for gauging postage requirements and in a cold fury weighed her diminutive cheese ration.

Triumphantly she rewrapped the cheese and hurtled out the door again. Her eye glinted foreboding for some luckless greeer.

FAN TANS are festive!

RECIPE

Add 1 envelope Royal Fast Rising Dry Yeast and 1 tsp. sugar to 1 c. lukewarm water. Stir and let stand 10 minutes. Scald 1 c. milk, add 5 tbs. sugar; add 2 tsp. salt and cool to lukewarm. Add to yeast mixture. Add 3 c. sifted flour and beat until perfectly smooth. Add 4 tbs. melted shortening and 3 c. more sifted flour, or enough to make easily handled dough. Knead well. Place in greased bowl. Cover and let rise in warm place until doubled in bulk, about 1½ hours. Punch dough down in bowl and let rise again in warm place until nearly doubled in bulk, about 40 min. When light, roll out into rectangular sheet ¼" thick. Brush with melted butter or shortening; cut into strips 1½" wide. Pile 7 strips together; cut into piece 1" wide. Place inchside up in greased muffin pans. Cover; let rise in warm place, free from draft, until light, about 1 hour. Bake in 400°F. oven for 20 minutes.

Weddings Held in Late June

Airforce Officer Takes Bride, Montreal Ceremony

Langille - Morrow

In Montreal West Presbyterian Church, at four o'clock on Saturday afternoon, the marriage was solemnized of Miss Joan Isobel Morrow, R.N., daughter of Mr. and Mrs. James Morrow, of Montreal West, and Mr. Stanley Steves Langille, of Toronto, son of Mr. and Mrs. R. H. Langille, of Lachute. The Rev. A. Lorne McKay performed the ceremony and Miss Vera Groves was at the organ. Standards of peonies and other summer flowers adorned the church.

Miss Ruth MacKenzie was maid of honor and Miss Kathryn Langille, sister of the bridegroom, bridesmaid. Mr. R. S. Weir was best man, with Messrs. Brian and Alan Morrow, brothers of the bride, as ushers.

Given in marriage by her father, the bride was gowned in blush pink slipper satin made with fitted bodice buttoning down the front and collar and tiny oversleeves of imported French lace, the skirt with front flange ending in the back in a large bustle bow from which fell a slight train. Her veil of tulle illusion was held in place by a lace coronet trimmed with seed pearls and she carried a semi-shower bouquet of butterfly roses and white sweet peas.

The two attendants, dressed alike in short sleeved azure blue faille frocks, wore toning mittens and large picture hats of straw and mohair, the maid of honor's being of glow pink and the bridesmaid's azure blue. They carried semi-shower bouquets of variegated sweet peas.

The reception was held at the home of the bride's parents, where the decorations were carried out with pink and white sweet peas. For the wedding trip by motor to Nova Scotia and the New England States, the bride wore a Saxe blue butcher linen suit with large white Milan straw hat and white accessories, her shoulder spray being of pink carnations. Mr. and Mrs. Langille will reside in Toronto. Many out-of-town guests attended the wedding.

The bride is a graduate of the Montreal General Hospital school of nursing. The bridegroom is an officer serving in the permanent R.C.A.F.

Lachute Couple Wed Saturday, United Church

Gain - Carlin

The marriage of Miss Lila Mary Carlin, daughter of Mr. and Mrs. Edmund Carlin, of Lachute, to Mr. William Alfred Gain, son of Mr. and Mrs. John Gain, of Montreal North, took place on Saturday June 28, at 7.30 p.m. in Lachute United Church, the Rev. W. B. Rosborough officiating. The wedding music was played by Mr. J. Gorman and during the signing of the register Miss Eileen Church, cousin of the bride, sang "Oh Perfect Love".

The bride, given in marriage by her father, wore a gown of white sheer. Her veil of tulle was held by a circlet of lilies of the valley and she carried an arm bouquet of pink carnations.

The bride's only attendant was her sister, Mrs. Ralph Copeland, who wore a floor-length gown of pale blue sheer with a matching hat. She carried a bouquet of sweetheart roses.

Mr. Ralph Copeland acted as best man, and the ushers were Mr. Mervin Gain and Mr. Walter Evans.

Following the marriage a reception was held in the L.O.B.A. Hall at Lachute. Later the bridal couple motored to Hull, Ottawa and other points. . . They will reside in Lachute.

Tenders

TENDERS are called for the construction of cement sidewalks in the Village of Brownsburg as follows:

Main St., approx. 2,680 ft. (5 ft. wide).

Main St., 1,962 ft. (4 ft. wide).

Maple Ave., north and south, approx. 2,279 ft. (4 ft wide).

Main - St. Joseph, approx. 6,328 ft. (4 ft. wide).

Also for construction of small cement-block building 1-storey, 10 ft. x 30 ft., 3 sides only, (to adjoin structure already standing).

Lowest or any tender not necessarily accepted. Plans and specifications at secretary's office. Tenders to be received before July 7, 1947.

— Emile Hebert, secretary, Village Corporation of Brownsburg, Que.

"IN THE ROUGH"

By Lachute Golf Club's Special Contributor

Yes, we know it was called "Along the Fairways" last time — but you see our golf hasn't been so good lately. There's more shade in here too.

— Which reminds us, do you remember that old game called "birds in the bush"? Well, there were some birds in the bush lately. They say Ken Simpson donated six to the bushwackers last Sunthese; Clair Baker also added five to these; but hardest luck of all dogged Ian Gordon, when he also chased five into the wilderness and went down under the crushing burden of ten penalty strokes in his Jones Cup round with Bob Hamilton.

* * *

Curtain Calls for —

Bobbie Ogilvie, who did herself — and us — proud in the City and District Women's Tournament at Marlborough. Fourth in that starry field was a good show, Bobbie!

Joe Berniquer, whose three bogies, three pars and three birdies added up to regulation figures and the doremi in the Thursday evening sweepstakes. All for two bits and one stroke off his handicap. Nice going Joe!

* * *

How can two dark horses run a dead heat and yet one of them come in the winner? Ask Laurier, he knows.

* * *

Tournaments

Ladies, Wednesday afternoon — won by Jupiter Pluvius. (Better luck next time, ladies.)

Jones Cup — First round ended Sunday evening. Going into the second round, to be completed July 6, are — A. Lapp, H. Morrison, J. Finlayson, A. St. Onge, H. M. Kerr, Bob Hamilton, R. Rubenstein, R. Perrier.

Thursday night, Men's Sweepstakes. — Low gross, Joe Berniquer 72. Low net, Bert Rigg, 70.

Sunday, Ball Sweepstakes — First low net, J. McIndoe and A. St. Onge (draw), 74. First low gross, L. Carriere, 80. Second low gross, H. Kerr, 81.

Dominion Day Special Sweepstakes — First low gross, Jack Ogilvie 77. First low net, Guy Gosselin and Bob Hamilton (draw) 76.

Ringer competition is now open, dates June 21 to Sept 20. Scores count only if from back tees on Numbers 2, 7 and 9 holes. Members are reminded that no cards are accepted for this competition unless they are plainly signed and dated.

PUBLIC NOTICE

HOUSEHOLDERS are hereby notified that Lachute Town water may be turned off from Monday July 7 to Saturday, July 12, during the hours 11.30 p.m. to 5.30 a.m. -1c

SPORT AMATEURS:

It gives me great pleasure to announce that, starting July first, I will open a department devoted to special articles and supplies covering all branches of sports, such as — Tennis, Baseball, Softball, Ping-Pong, Boxing, also Fishing supplies. I have obtained the agency for the most important sports goods manufacturers, and you will be able to get all your sporting goods at prevailing Montreal prices.

I have in charge of this department an expert in these lines, in the person of Mr. Marcel Deschamps, who, having taken active part in many major games and won many honors, has also been in the sporting goods line for ever fifteen years.

Tennis amateurs are cordially invited to come in and interview this expert on weight of racket most suitable for form and balance. We specialize in re-stringing rackets of every known make. The most skilled and experienced workmanship is put into every restrung racket we handle.

Special attention will be given to teams and associations, and a special discount will be given them.

Rest assured that this department will appreciate your patronage and will, in every way, cater to your needs in sports accessories.

Yours sincerely,
Léonard Bédard

P.S. All mail orders will receive our immediate attention.

AMATEURS DE SPORT :

Il me fait plaisir de vous annoncer que le 1er juillet, je mettrai à votre disposition un département spécial d'articles de sport: pour Tennis, Baseball, Softball, Ping-Pong, Boxe, Pêche, etc. Ayant obtenu l'agence de plusieurs compagnies importantes d'articles de sport, il vous sera donc possible de vous procurer quoi que ce soit chez-nous et cela aux mêmes avantages qu'à Montréal.

Un expert sera en charge du département dans la personne de M. Marcel Deschamps, qui, en plus d'avoir brillé dans plusieurs sports majeurs, est dans ce genre de commerce depuis plus de quinze ans.

Les amateurs de tennis sauront certes, apprécier ses conseils soit pour la pesanteur ou la forme des raquettes qui conviendraient le mieux à leur jeu. En plus, nous faisons une spécialité du recordage des raquettes de toute marque connue. La main d'oeuvre la plus habile et la plus expérimentée dans toute raquette que nous remontons.

Une attention spéciale sera accordée à tous les clubs ou associations, et un escompte spécial leur sera donné sur la même base que les grands magasins de Montréal.

Espérant que vous nous favoriserez de votre clientèle, je demeure,

Votre tout devoué,
Léonard Bédard

Noted Engineer Served Canada In Wartime Role

Assistant to Minister of Munitions and Supply Was Awarded O.B.E.

William Flockhart Drysdale, O.B.E., a native of St. Andrews East and descendant of pioneer industrialists in that village, died last Friday at the Western Hospital, Montreal, in his 66th year. He was an engineer of wide experience and repute; in tribute to his organizing ability and enterprise, it is recorded that he "proved his conviction that in the fields of engineering and construction Canadian ability can accomplish anything others can do."

The late F. W. Drysdale, well and favorably known around St. Andrews, was vice-president of the Aerocrete Construction Company, a former director-general of Munitions Production for Canada during the war years and a retired vice-president of the Montreal Locomotive Works with which he was very actively identified for many years.

He enjoyed an international reputation as a mechanical engineer, and in the Second World War he was instrumental in charting the program that enabled Canada to produce tanks on a scale to meet all the requirements of expansion and change. He was joint director-general of munitions production. Subsequently he was named director-general of the industrial planning branch. In June, 1942, he was made executive assistant to Rt. Hon. C. D. Howe, Minister of Munitions and Supply.

Long Line of Builders

Born at St. Andrews East Mr. Drysdale came from a long line of Ottawa Valley builders, one of whom built the first paper mill in Canada.

After he finished at Montreal High School he spent a year in the British Isles surveying workshops and schools, before returning to enter McGill University where he graduated with a B.Sc. degree in 1904. From 1899 to 1903 he served with the Grand Trunk Railway, then went to the American Locomotive Company, Schenectady and New York, and in 1911 he joined the United Fruit Company and Northern Railway of Costa Rica, Central America.

He was named assistant works manager of the Steel Company of Canada in 1914 and two years later went to France in charge of locomotive work for the Montreal Locomotive and American Locomotive Co. After the Armistice he remained in Europe, accepting a managing directorship of the Worthington Pump and Machinery Corporation, his territory covering Belgium, Portugal, Spain, Italy, Greece, Switzerland and France.

Served in Brazil

In 1923 he went to Sao Paulo, Brazil, to start the first Portland cement plant there. Another interest that held his attention at the time of his death was derived from being manager of the Post-War Planning Committee, American Locomotive Company, New York.

He never forgot the scenes of his boyhood and throughout his life retained a summer home at St. Andrews.

Mr. Drysdale's first wife, the former Louise Miller, of Albany, N.Y., predeceased him, and in 1939 he married Miss Viola M. Bourcier, of Montreal, who survives. Other survivors include a sister-in-law, Mrs. E. E. Code, of Ottawa, a nephew, Alphin Ogilvie Drysdale, of Montreal, and two nieces, Miss T. Dornacilla Drysdale and Miss Athalie E. Drysdale, both of Ottawa.

Legion Dance by Rouge River Branch Held at Arundel

(Our District Correspondent)

Arundel — The Rouge River Branch 192 of the Canadian Legion held a successful dance on June 30 in Staniforth's Hall, with a large attendance.

Orchestra music was supplied by Jack Williams, J. Labrosse and Earl Langdon for the square dances, and gramophone music was provided for the round dances. Callers for the sets were Gilbert Boyd, Jack Smith and Peter Flanagan.

A substantial sum of money was realized, which will be applied to the work of the Branch. The members are to be congratulated on this initial effort, and friends wish them all success in their further work.

Three Nominees For School Board, Election Monday

Two in Lachute Town, One in Chatham, Are Candidates

Nominations were held at the High School on Monday from 11 a.m. till 12 noon, and three nominees were entered for the two vacancies. An election contest will therefore be held next Monday, July 14. Candidates are — Dr. F. W. FitzGerald and Ross Muir, of Lachute Town, and Douglas Bradford (former chairman of Chatham Board, which is now consolidated in Lachute School Municipality). Vacancies are those left by Dr. FitzGerald (chairman) and W. M. Cottingham, whose three-year terms have expired. On election of two commissioners, first business of the Board will be to elect their chairman.

Balloting will take place at the school between the hours of 8 a.m. and 6 p.m. on Monday. Those eligible to vote are property holders enrolled on the valuation list of the Lachute School Municipality — which includes Lachute, St. Jerusalem, Chatham, St. Canut, St. Augustin-Ste. Scholastique. Dr. Geo. A. Clunie, former secretary of the Board, will be presiding officer.

Acclamations for Seats in Three Municipalities

A shuffle in three township councils occurred this week via the no-contest route. After nomination proceedings on Wednesday morning the respective secretaries of St. Jerusalem, Wentworth and Gore reported acclamations for several vacant seats in these municipalities.

In the Parish of St. Jerusalem, Secretary E. M. Jones received nominations for W. D. Hume, Roy Morrison and Herbert F. Gordon as councillors, and E. W. Smith as mayor — all re-elected without opposition.

At the St. Michel schoolhouse, Councillor Frank Dougherty was re-elected to Seat No. 1, Councillor Frank Allen to Seat No. 2 and Honoré Hoff was elected to replace Sylvio Deslauriers in Seat No. 3. Mr. Deslauriers was named mayor, replacing Harvey Barlow. . Roger Comtois, Lachute notary, is secretary of this municipality.

In the Township of Gore, Secretary Geo. Peet received papers for nomination of Lawrence Hodge, Thos. Evans and Leonard Gain as councillors, and for Austin Kyle as mayor — all being elected by acclamation.

Council Contest At Morin Hts.

Three council vacancies for the Municipality of the South Part of Morin will be contested, each by two candidates, at elections on Monday.

For Seat No. 4 the contenders are Gerald Hannah and George Watchorn, Jr.

For Seat No. 6, William Doherty and Lawson Kennedy.

For the mayoral honors, Chas. Campbell and Archie Hamilton.

Secretary-treasurer of the township is Carl Seale.

DISTRICT REPORT ON CROPS AND PESTS

A report on crops and agricultural pests, up to July 3, as furnished by the Bank of Montreal through its branch reports, gives the following information for this area:

Ottawa Valley: Seeding 90 per cent finished. Grass in new meadows is thicker than in old ones. Growth of grain and truck crops is satisfactory. Farmers are beginning haying. Milk flow is holding well due to very good pastures.

Insects: Potato beetles are at work. Flea beetles more prevalent this year on potatoes, also on tomatoes, young cabbages and many other plants. Cut-worms do not seem as active as usual. Striped cucumber beetle and onion maggot are developing in gardens and truck crops. Tent caterpillars are quite numerous in orchards. Aphids are now apparent in many orchards. Efforts should be made to control strawberry weevil. Many different caterpillars and aphids on ornamental trees.

Wolf Cubs from B'burg and Lachute Attend Camp

Seven Wolf Cubs from Brownsburg and eight from Lachute attended Macaulay Camp, L'Orignal, last week. Favored with fine weather, the boys returned with a good suntan, plus a considerable number of Proficiency Badges, for which they worked assiduously. The food, fresh air, and regulated daily program were beneficial features of the camp, also the swim period, which in the early morning was not so pleasant but was required practice.

Scouter Quentin James, in charge of the local group, and also the boys themselves, ended the week hoping that it would be possible for them to return next year.

Won W. Iust. Contest

In the Tweedsmuir competitions, the winning essay for Quebec was submitted by Mrs. H. H. Mortimer, Port Daniel Centre W.I. "London Belongs To Me" was the book chosen for her subject. Mrs. Alfred Staniforth, of Arundel W.I., was awarded first prize on her shopping bag. This was made from a jute potato sack and worked with colored wools.

Camp Opening On Saturday

Montreal — Advance guard for the Life Boys' camp at St. Andrews East will commence work on Friday, pitching tents and setting things in order for the arrival of the campers Saturday afternoon. There is still much to be completed, although these past weeks the ground work has been ably taken care of by Lieut. Sam Hallam and his associates. The dining hall is newly painted and has enlarged seating capacity, which will mean much towards the success of the camp.

As the boys arrive by car, bus and rail, they will be assigned to the tent of their choice, then will be taken for a tour of inspection of the camp grounds. Following an afternoon swim, they will have supper. This will be followed by games and then a camp-fire. At this event, old campers will welcome the newcomers here for the first time, and there will be several special features, including a story, a singsong and musical selections by the band-boys.

Tents will be in charge of the following councillors: Rufus Curry, No. 1.; Gordon Lough, No. 2.; B. King, No. 3.; John Shepherd, No. 4.; Will Hill, No. 5.; Gordon Turner, No. 6.; John Gillingham, No. 7. No. 8 will be the staff tent and No. 9 the hospital. Keen competition will be maintained, and the camp's trophy will be closely contested.

The camp is grateful to Mr. and Mrs. Albert Dorion for their ready collaboration. Appreciation is also extended to Mr. E. C. Calder for the many ways in which he has assisted the camp.

The entire camp will attend church Sunday morning, led by their band.

What Happened to Embryo Gardeners?

It was remarked in The Watchman this spring that a group of High School pupils had a promising garden underway on Barron Avenue. In the daily stride to our editorial duties, we now remark the community plot is flourishing — but with weeds between uncharted rows, carrots in need of thinning, and radishes gone to seed. . . Where are those tyros of the rake and hoe? With their professor away cloistered in summer studies, are they "leaving it to George"?

Quebec Citadel Again Open to Tourists

After an eight-year lapse, Quebec's historic Citadel has once more been reopened for visitors, and tourists may now tour its interior escorted by competent guides. Access to this famous structure was banned with Canada's entry into the war, and during the hostilities it was utilized solely for military purposes.

The Citadel is more than a century old. It was rebuilt between 1823 and 1835 by the British Government. During the two historic Quebec Conferences, in August 1943 and September 1944, the late Franklin D. Roosevelt, President of the United States, and Right. Hon. Winston Churchill, Great Britain's wartime premier, used it as their residence. A number of ancient souvenirs are preciously preserved there.

Rotarians Hear Discourse on Art Of Public Speaking

Brownsburg — Speaker at the regular Rotary session at Carriere's Hotel last Thursday was an old friend and former District Deputy Governor, Rotarian Douglas Silverston. Now a professor of English Literature and Public Speaking at Syracuse University, Mr. Silverston brought to his audience a subject in which he is well qualified: he dealt with the technique and requirements of Public Speaking.

The visitor was introduced by Rotarian Dr. Ralph Percival, who recalled that Mr. Silverston — a graduate of Oxford and post-graduate of Chicago University — had served as a squadron leader in the R.C.A.F. His association with this district in the war years was through his role as chief instructor at the St. Eugene air-force training school.

Rotarian Jim Finlayson expressed thanks on behalf of the audience.

Among the guests on this occasion was another former associate, Sam Ross, with two fellow-members of Verdun Rotary, Dr. Lussier and Cecil Tilley; also Earle Buckley, of Aylmer, Que.

* * *

Mr. Silverston spiked the interest of his listeners with this convincing remark: "Public speaking is a sure way to leadership." . . . "I know dozens of men who have created more prestige by one five-minute talk than they had by five years of grinding work", he added.

Extracts of this address may be quoted for their general interest and helpfulness. "Once successfully master an audience and thereafter you will be a better master of yourself," the speaker exclaimed. "You won't make a brilliant speech the first time. But don't let that worry you. Few people do. If you doubt me, turn on your radio sometime and listen to some of the so-called speakers.

"The ability to express one's opinions in a lucid manner is of vital importance in everyday life, even if your audience happens to be only one person. Always remember that an audience is merely a multiple of one individual. If you are able to speak freely to one person, why not be capable of talking just as freely to ten or even one hundred?

"Of course you will be nervous at first. Everyone is. Theodore Roosevelt was. So were Lloyd George and Winston Churchill. But there are certain things that will help you develop courage in advance. One is practice. Talk to any available group that will listen to you.

"Good public speaking is merely enlarged conservation, nothing more. Remember, nothing is holding you back except your own thoughts. So stop thinking of yourself. Think of your subject, your audience. Emerson said, 'Do the thing you fear to do and the death of fear is absolutely certain'.

"Always have in mind the nature of your audience. A definite desire on your part to add something to their knowledge and culture and that of yourself, is essential. Talk about what interests you. I know a man who could hold you and 5,000 other people spellbound by talking about his hobby of collecting Oriental rugs. You may know more about catfish or cyclones or cleaning-fluids than anyone else in the audience. If so, that may be a good topic for you. Don't try to get a topic out of the newspapers or the encyclopedia or a book of speeches.

"The question of preparation of your speech takes us right into the secret chambers of good speaking. Three fourths of the success of your talk will depend on whether or not you are adequately prepared. Most speakers who fail do so because they wouldn't take the time to prepare. Suppose, for example, you have been asked to talk on the subject, 'Is the public honest?' First, sit down and check up your own experiences. Then go to the merchants in your town who do credit business and ask them for their experiences. Ask your local doctors and dentists. Spend an hour of prepartion for every seven seconds you expect to talk. Get ten times as much material as you can use. You will then have an inner urge, a conviction — and your talk will almost make itself.

(Continued on page 3)

Youngster Saved From Drowning In North River

A near drowning in the North River at Cruise's farm resulted in no serious consequences, but provided the first experiment for Lachute Fire Department in responding to a call with their rowboat and inhalator equipment.

The incident occurred Monday during the noon hour, when three boys were playing off-shore in a boat. One youngster, named Chenier, fell into the water and his two companions, sons of Levi Seguin, shouted for assistance while endeavoring to rescue the lad. Finally one of the Seguin boys pulled Chenier out of the water, although by this time he was blue and half paralyzed with immersion.

The town police, being first informed of the mishap, notified the Fire Chief and then hurried to the scene. The boy was taken to Dr. Marc Papineau, and later conveyed to his home on Main Street West.

The fire crew meanwhile had loaded their rescue boat aboard the fire-truck and raced to the Cruise farm. Halting at the farm buildings, they carried the inhalator to the river bank in short time. — Fortunately these precautions proved unnecessary, but the incident gave a satisfactory try-out in responding with the Fire Brigade's life-saving outfit.

Boy Drowned in Swollen Creek

Four-year-old William James Drennan was drowned yesterday afternoon in a swollen creek, about 300 feet from his home situated between Hill Foot and St. Columban. The youngster left around 3 p.m. to play with companions on a nearby farm. When he failed to return two or three hours later his parents, Mr. and Mrs. John Drennan, became alarmed. The neighbors had seen nothing of the child. Together they searched the North River shore and the creek, and eventually found tracks indicating the boy had slipped down the steep clay bank into the swollen stream, where there was six or seven feet of water. His body was found 50 feet downstream caught in the branches. Normally the creek is shallow and safe, but recent rains had deepened its channel and flooded its banks.

Physicians were summoned from Lachute, also the Fire Department's inhalator service, but the youngster was beyond human aid — his body having been recovered between 5 and 6 p.m., more than two hours after the drowning.

Dr. Jules Lafleur, of Lachute, coroner for the district, pronounced the mishap accidental.

The funeral has been arranged for Friday at 2 p.m., with burial at the Lachute Cemetery . . Sympathy of the surrounding community is extended to the bereaved parents.

100-Bed Hospital For St. Jerome

Also Planning Construction of New Bridge at St. Eustache

Two important building projects were announced at the Provincial Government offices in Montreal this week — one for the 100-bed hospital at St. Jerome and the other for a $300,000 bridge near Mont Laurier on the Montreal-Abitibi highway.

The only delay in the construction of the hospital is that no religious order is now in a position to accept the direction of the institution. J. L. Blanchard, M.L.A. for Terrebonne, has approached several nuns' orders, but all have refused because of lack of personnel.

Msgr. Joseph Charbonneau, archbishop of Montreal, is reported to be taking a hand in the matter and to be looking the situation over to find a religious order to supervise the construction of the hospital and to operate it afterwards.

Hon. Romeo Lorrain, provincial minister of Public Works, confirmed that building would soon start on the new bridge across the Lievre River at Ferme Neuve, near Mont Laurier. This new steel and concrete bridge will replace a covered one which burned down last year, forcing automobiles to make a 12-mile detour since.

Preliminary work for the construction of a new bridge at St. Eustache to replace the de Bellefeuille bridge will start in the near future, Mr. Lorrain said.

Juvenile Patrol to Supervise Street Crossings, Safety of Schoolchildren

Lions Club Project for Coming School Year

Inhalator for Use in Drowning and Emergencies in Surrounding District

At the Lachute Lions' session last Thusday, closing the Club's activities until next September, members of the Fire Brigade with representatives of the Town Council, the Boy Scouts and the local press, were guests of the group for a pleasant gathering at Lachute Golf Club. Highlight of the affair was a demonstration of the new portable Inhalator, and its presentation to Fire Chief Geo. Y. Deacon as its custodian for the community.

Lion Dr. F. W. FitzGerald, as chairman of the welfare committee and a member of the medical fraternity, had charge of this phase of the meeting. He explained the approved Schaffer method of artificial respiration for drowning and similar emergencies, then directed a team of four Boy Scouts to demonstrate this system in conjunction with the Inhalator. This equipment, with four masks or respirators which can be used simultaneously, administers oxygen and carbon dioxide to greatly increase the effectiveness of manual aid to the victim. (The attention of readers is directed to an announcement, on page three, concerning availability of this equipment and the correct procedure in case of accidents.) . . Dr. FitzGerald then formally presented the Inhalator, and Chief Deacon signified the willingness of the Fire Department to hold and operate the machine as emergency might arise.

As welfare committeeman, Dr. FitzGerald also outlined to the Club and guests another project for the near future. With the reopening of schools this fall, it is planned to inaugurate the "safety brigadiers" — a squad of senior pupils to supervise street crossings in the proximity of Lachute schools. These "brigadiers" or officers will be equipped with white hats, Sam Brown belts and raincoats, with special instruction for directing school children and controlling traffic at the necessary hours. — All subject to approval of the Town Council and the school boards, this system will be supplemented by the installation of safety zones — these in the case of Lachute High School will probably be marked by cement standards illuminated at night, in the centre of Main Street.

New President and Executive Take Office

President Lion A. Gordon McOuat paid tribute to the retiring officers who had worked so loyally during his term of office. Secretary Fred Sanford and Program chairman Alex M. Vessie were specially mentioned; also Lion G. Davis for his promotion of the Dodge car drawing. Lion Geo. F. Calder voiced a similar tribute to the retiring executive. With this meeting the new slate of officers formally took over, and President-elect Dr. Roger A. Dumais assumed the chair. Commenting on the favorable standing of the Club's funds, he hoped the present figure might be doubled before his term of office concluded. Dr. FitzGerald was again called upon, to induct the new officers. The slate is as follows:

President, Dr. R. A. Dumais.

Immediate past-president, A. G. McOuat.

Vice-presidents, Geo. Tattersfield, H. Lamarche, Geo. Davis.

Secretary, A. M. Vessie.

Treasurer, W. M. Steeves.

Lion Tamer, Leopold Carriere.

Tail Twister, Jos. Robinson.

Directors, Philippe Roy, H. Rigg, E. M. Jones, Robt. Marcil, Ian Gordon, Gaetan Cousineau, Fred Sanford, Dr. F. W. FitzGerald.

No Publication of Watchman July 17

The Watchman Press will observe its annual shutdown for vacations on Saturday, July 12, and the entire week following. Correspondents and advertisers please note, there will be no issue of this newspaper on July 17.

Debate on Divorces

Ottawa — A debate on divorce bills sent from the Senate resulted in the Commons' annual speech-fest on marital problems. Several members urged relaxation of present divorce laws. Others demanded that Quebec — the only province where divorces are not handled and are sent to the Federal Parliament — enact its own legislation.

Spectacular Mishap Trucks in Collision At Browsnburg

A spectacular collision between two trucks occurred last Thursday evening at the crossroads in Brownsburg — as a result of which a heavily loaded fruit van climbed up seven concrete steps, a height of over five feet, in front of the C-I-L Social Club and toppled sideways on the railing. The front wheels mounted the steps when the driver, Jean Paul Cabana, swerved on colliding with Bill Moseley's light delivery Dodge which was loaded with milk and soft-drinks for Lake Louisa. Joseph Izzard, driving Moseley's truck was proceeding south to north on Maple Avenue, and after the crash at the intersection, the smaller vehicle climbed onto the sidewalk at Parizeau's Restaurant, opposite the Social Club.

Cabana was accompanied by a passenger in the cab of the fruit truck, but fortunately there was no injury among the three persons involved. Also by good fortune, there were few people around this usually busy centre when the accident occurred. There are frequently a number of children seated on the steps at the Club grounds. Considerable damage was caused to both trucks and their contents.

* * *

Just east of Simon's Crossing on the St. Philippe highway Friday evening, a passenger car driven by a Montrealer, Harry W. Hallinger, took the ditch when passing another driver, Geo. Laframboise, of St. Philippe. Both were travelling westward when the cars sideswiped. There was slight damage in both cases.

Cst. Albert Legault, of Brownsburg, investigated these two highway accidents.

BANK BRANCH INSTALLS HOLD-UP ALARM SYSTEM

A new hold-up alarm system, which has been devised by the Bank of Montreal in conjunction with a protective agency, is now being installed in all the bank's branches across the country, and the bank's local office here has already been provided with this added protection.

The first to use a system of this type, the Bank of Montreal is meeting with the fullest co-operation of police departments across the country. Deemed by police as "most commendable" and worthy of the "fullest co-operation", this system is designed to combat the wave of bank hold-ups that has been sweeping the country in recent months. It is based on the latest ideas in protection and makes use of the most up-to-date equipment. At a number of points arrangements have been made with other financial institutions for mutual protection.

Eric A. Hibbard, manager of the Lachute branch, has expressed his satisfaction at the peace of mind which the new protective arrangement affords, and says that he is glad to have this added protection for his office.

Never do things by halves. A man half drunk behind the wheel of a car is far more dangerous than one who is dead drunk.

— Exch.

FARM TOPICS

Edited by E. H. PETERS, B.S.A.

Hay Quality Rated Highly Important

Before a crowd of 2,000 Junior Farmers at Ontario Agricultural College, Professor R. G. Knox put his finger on one of the most important things facing farmers at this moment. Said he, "Since we do not have any encouraging prospect that we will get an increased supply of protein-rich feeds, we are going to have to buy a very considerably enlarged quantity of protein concentrates.

Three things are necessary:

1. Hay cutting should begin as soon as possible, while the grass is young and tender and before seed formation makes much progress.

2. Hay should be cured as carefully as possible.

3. Hay should be well stored.

Only by so doing can we get hay of best feeding quality.

Hays Vary

Hay can vary as much as 7% in its protein content. This means that its feeding value can vary likewise. The lower the feed quality of hay the more concentrates must be purchased and fed.

The Important Point: 1% protein in a ton of hay is equal in digestible nutrients to 75 lbs. of 16% (protein) dairy ration, and 1% has a value of $2.00 at prevailing prices for dairy rations. In other words every 1% increase in protein in hay has a feeding value in terms of concentrates of $2.00, 2% of $4.00, 3% of $6.00 etc., to say nothing of the relationship between the amount of purchased coarse grains that will have to be bought and fed this year. Finally the three important things in 1947 hay making are:

1. Cut hay while it is young.

3. Give good storage to the well cured hay.

2. Cure hay in the best manner possible.

Such attention will save many dollars which would otherwise have to go for concentrates next fall and winter."

— Ontario Agricultural College News Bulletin

Polish Veterans For Farm Work

Since last fall, a few thousand Polish veterans anxious to work on Canadian farms have come to Canada. The National Employment Service and the Farm Labor Supply Bureau have worked in conjunction to secure work for these newcomers. Soon the Province of Quebec will have about 500 these workers.

Selected by the officers of the Dominion Labor Department, it is stated these veterans are in perfect health. Bachelors, from 25 to 35 years of age, most of them have had previous experience in agriculture. A few have a fair knowledge of French or English, and a great number of these young men have been working on farms for six or eight years and therefore quite a few can handle a tractor and other farm implements.

Farmers who wish to hire these veterans must supply them with board and room, washing included, and pay them $45 a month, with a Sunday off every second week. The engagement is for two years, after which, provided their behavior has been satisfactory, these Polish subjects will be free to call for Canadian citizenship.

An interpreter, W. Mierzwinski, who has lived in Canada for nearly 20 years, is now working with the Provincial Department of Agriculture. The headquarters of this service are located at 205 Lagauchetiere St., East, Montreal.

Trophy Winners at Lachute Fair

Dora Favorite and Lady Craigellachie, purebred Clydesdales owned by W. Erskine Rodger, Lachute R.R.1, which won the Geo. Watson Trophy for Agricultural Team at Lachute Spring Fair. . . This trophy, a new award this year, replaces the Harcwitz award and was donated by Mr. Watson, who holds the latter permanently after having won it three successive times.

Haying Operations Now Streamlined

The old reliable hay fork appears doomed to take its place among the relics of a past era. Keeping in step with the technological revolution which has taken place in other phases of farming, haying has now been streamlined by the introduction of completely mechanized outfits which reduce cutting, hauling and storing to a minimum of human labor.

During a recent tour of the State of Vermont to study the latest in pasture improvement work, technical representatives of the agricultural chemicals division of the C-I-L witnessed modern haymaking machinery in action. They saw the cutting operation performed by a "self-powered" harvester pulled by tractor.

This machine mows the standing hay and reduces it to one to two-inch lengths by means of sharp blades on a revolving drum. Mounted on the rear, a conventional type blower elevates the cut hay to a special wagon which is pulled alongside. The wagon boxes are equipped with movable canvas aprons for ease in unloading.

From the wagons, chopped hay is fed steadily into a blower to elevate the feed to a hay mow or silo. This blower is similar to an ordinary silo filler but has no knives.

When the hay crop is harvested green it is stored in a silo for hay silage with oat chop added as a preservative at the rate of approximately one and one-half bags per ton. If dry feed is desired, the crop is cut with a mower and cured in the field. In this case a pick-up attachment is employed in front of the harvester.

Closing Dates for Entries, Ottawa Exhib'n

Time marches on. The Central Canada Exhibition will be held at Lansdowne Park, Ottawa, from August 18 to 23, and entries for all livestock classes will close July 26. Entries for the Horse Show will close on August 2. The Junior Agriculture entries may be sent in up to August 2 and so may the Poultry items. In addition entries for Agriculture, Horticulture, Dairy and other food products also Handicraft, are due to close on August 2.

Prospective exhibitors in all these Departments should make it a point to send their entries as quickly as possible, so that Exhibition authorities may make necessary arrangements for the proper care of exhibits, and judging thereof.

The 1947 Exhibition at Ottawa promises to be a great success. It will be even a greater success if the Exhibitors, which compose the backbone of the Fair, send in their entries in good time.

CIVIC VETERAN RETIRES

Winnipeg (CP) — One of the city's oldest employees in point of service — James Main — retired recently after 41 years with the Winnipeg waterworks department. Most of his 41 years were spent as the department's expert at tracing and detecting water main leaks.

SAYS FERRY OUTDATED

Halifax (CP) — A. C. Pettipas, secretary of the Halifax board of health, told a Progressive Club meeting the City's ferry service was "no better than it was 40 years ago" and recommended erection of a bridge to link east and west Halifax.

—Victor Courte, lic. auctioneer

Kitchener, Ont., (CP) — A bee sabotaged motorist J. M. Jeffers, leaving him with battered fenders but no bee-stings. The offending insect flew into Jeffers' car and the flustered driver promptly ran into a hydro pole.

She yields more when she's free of insects

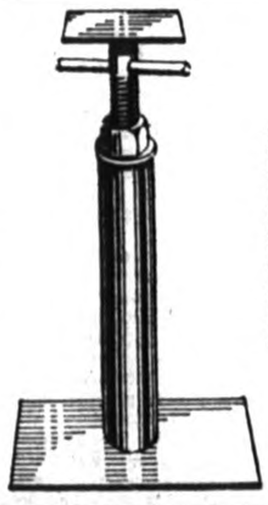

● Clouds of tormenting flies and insects make cattle restless, affect their weight and milk yield. Shell Livestock Spray is the easy, safe, *sure* way to keep cattle free of insect pests! Use it to clear the air instantly, morning and night at milking time.

Then spray it directly on the cattle, before putting them out to pasture and before bedding them down. Shell Livestock Spray repels insects 'round the clock *before* they bite! Yet it's guaranteed harmless to man and beast—absolutely safe to use. Be sure you have Shell Livestock Spray always on hand. $1.60 an Imperial gallon.

At start of fly season,
spread SHELL DDT BARN SPRAY over inside surfaces, eaves and corners, stalls and manure piles.
Forms an invisible 'film of death' which dries hard, stays put, won't blow away. Kills bugs *where they breed.*
One spraying lasts a *long* time!
$2.25 an Imperial gallon.

"NOW WATCH ME WIN THAT RIBBON!"

SANDY SIMPSON has been patiently improving his dairy herd. He saw his chance to buy a pure bred bull — and the manager of his bank lent him the ready cash to close the deal. Now he's expecting great things of his new calf; already he sees her winning her class at next year's Fall Fair. A few more like her and he can also see his milk production rising — as well as a nice extra income from selling his surplus stock to neighbouring farmers.

Branch banks, in rural communities across Canada, help to build prosperous farms . . . and at the same time help increase the flow of food to family tables both at home and in distant lands.

Strangers Within Our Gates

THIS is tourist time. Indications during the early days of the holiday season are that the flow of visitors to Canada this year may break all records.

That's a tip to the wise to make an extra effort to make these guests welcome, and especially to give them any information they ask concerning travel routes and accommodation. Many of them are on their first visit to Canada. If they like the treatment they receive, they'll probably be back next year.

Tourist camps and information centres do their best to please the visitors. It's good business as well as good manners for the rest of us to do so, too, because tourist dollars bring widespread benefits.

It's easy enough to direct an inquiring visitor to the business section, the post office, or a bathing beach. . . But if someone asks you how the town got its name, can you tell him? Do you know the name of the first settler, the nature of the first industry and the reason it was established? And of course, you know the population off-hand.

If the visitor is interested in seeing places of historic interest, can you tell him how to reach them? Can you direct him to your County Museum? To be prepared for all this you may need to make a few enquiries yourself, and you will unearth some interesting facts in doing so. Some enterprising communities hand visitors booklets with this information.

Small matters? Yes, but important. Accurate, intelligent answers to tourists' questions may help influence a party to spend a day or a week in your town instead of driving through to the next one.

After all, tourists are on a holiday and they pick pleasant, friendly spots to stop. And courtesy and consideration will help bring them back next year.

New Post-Office Buildings

POSTMASTER-General Bertrand informs us through a statement to the House of Commons that there is little likelihood of a return to the three-cent postage rate from the present four-cent charge introduced during the war to raise additional revenue. He explains that costs of delivery have increased considerably and that he hopes to build "quite a lot" of new post-office buildings across Canada next year in centres where revenues amount to $10,000 or over. We take the Postmaster-General at his word, and think it fair that the rate should remain if postal services throughout Canada are to be improved. We cannot expect good service unless we are prepared to pay for it. But why does Mr. Bertrand only have plans for the larger towns and cities? Surely there are lots of centres in Canada not producing $10,000 in revenue which are in need of new post-offices. There are dozens of remote districts where present facilities are wholly inadequate. Is it possible that these small towns and villages do not have enough voters? Could the Postmaster-General be looking ahead to the next election year? There is no telling how many votes the promise of a new public building might attract in a large town or city.

Mr. Bertrand should reconsider his statement, and decide on a policy which will bring a better service and the construction of new post-offices in centres which need them most, regardless of population or how much revenue they produce.

Eros Is Back!

THOUSANDS of Canadian servicemen sightseeing in London's West End during the war came to know Piccadilly Circus, but they never had a glimpse of a famous figure normally resident there — the statue of Eros. A favorite of all Londoners, the winged archer was evacuated from the city in October, 1939, to the safety of the Surrey countryside. No matter how many bombs the Germans might drop on London, nothing would happen to Eros. But now Londoners must be happy, because after more than seven years' absence, Eros is back, watching over the swirling traffic which feeds into the Circus from six main thoroughfares.

According to Greek mythology, Eros is the god of love, a son of Aphrodite, the goddess of love and beauty. He corresponds to the Roman Cupid. The statue which stands in Piccadilly was not originally planned to represent Eros, but somebody noted the resemblance, and applied the name, and it became common usage. During the war his pedestal was covered over, making a billboard for victory slogan posters.

Eros now stands aiming his arrows down Regent Street, a famous London shopping district. It is to be hoped that it won't be long before the shelves of stores there will be filled with unrationed goods, and Londoners enjoying themselves as they did before the war when Eros presided over Piccadilly.

Thought for Those to Come

A SERIES of addresses by C. F. G. Masterman, a British Liberal M.P. — given in 1911, three years before the outbreak of Great War I — makes a volume of constructive reading. The volume concludes with a note particularly suitable to this day. This is an era of expanding life for Canada, but we need to accept the lesson of the man who planted the date-kernels. This little story closes the book:

> A king of France (so runs the story) when traveling in Catalonia, discovered an ancient man engaged unremittingly in the planting of date-kernels. "Why?" he asked, "do you sow seeds of a tree of such tardy growth, seeing that the date will not ripen till a hundred years be passed?" "Am I not then eating," was the answer, "the fruit of trees planted by my forefathers, who took thought for those who were to come? And shall not I do like unto them?"
>
> It may be that the men "who took thought for those who were to come" will be found upon the winning side.

THE ARNPRIOR Chronicle deplores the constant flow of Canadians to the United States, and thinks people should not be so shocked at the suggestion that this drift could conceivably, some day, mean Canada will form part of the U.S.A. "It takes more than high-sounding phrases and diplomatic pronouncements of friendship to make a nation . . . as Parliament drones on endlessly and does little about it".

BOW TIES are coming back into fashion. Maybe those old celluloid collars up in the attic might have some use yet.

FOLLOWING a warning that ice taken from the rivers and lakes contains dangerous germs and should not be used in drinks, it should be noted that the risk can be reduced by boiling the ice before use. — Granby Leader-Mail

Discourse on Art Of Public Speaking

(Continued from page 1)

"The question is frequently asked, 'Shall I memorize my talk?' and I say, No! Never! If you do, you are likely to forget; and the pangs of inflammatory rheumatism seem mild in comparison with the agonies endured by the speaker who suddenly forgets his 'canned' speech.

"Your speech should be divided into three main parts. First the introduction, which should establish a proper contact between the speaker and his audience, and, in a brief manner, give them some idea of what he is aiming at.

"Next comes the body or the discussion, which deals, in a logical manner and in as much detail as may be necessary, with the subject of the speech.

"Finally, the conclusion, which should recapitulate and drive home the points dealt with in detail in the main body of the speech.

"To sum the whole thing up, first you tell them what you are going to tell them; then you actually tell them; and finally, you tell them what you've told them.

"It is of great importance, especially if your audience is likely to be antagonistic, to confine your opening remarks to statements with which they cannot help but agree. Then gradually, or rapidly, depending on the nature of your listeners and your subject, work to the conclusion with which you wish them to concur. Get an affirmative reaction at the beginning and they will be much more receptive to ideas which you may later introduce.

"Don't start speaking the moment you are on your feet. Give your audience a chance to settle down and concentrate on you. It is usually best to start off slowly in a low but distinct tone of voice. This compels your audience to pay attention, which they are usually willing to do at least at the start. Then, when you feel that everyone is listening you may continue at your usual rate and tone.

"The body or discussion will take care of itself — because this is the talk, this is why you were invited to address this certain group, this is your subject.

"Now for the most important part of your talk, the conclusion. A strong finish is probably the most important factor in a speech. It should be strong, brief and to the point, for it is the final driving home of the ideas you wish your audience to absorb and remember. As a general rule, is should be more forceful in delivery than the rest of your effort.

"A word as to when to conclude. When you feel that you have your audience at their maximum point of attention, when you feel that they probably have a desire, at the moment at least, to listen to you for quite a while longer — then it is the time to swing into your conclusion.

"The audience has four means of judging the merit of a speaker. 1. Reputation. 2. Appearance. 3. Voice. 4. Gesticulation. Failure to come up to standard in any one of these departments will hinder progress.

"A good voice is undoubtedly one of the primary requisites of a successful public speaker. Those who are not fortunate enough to be endowed with a clear, pleasing delivery may take comfort from the fact that with training and practice the worst of voices may be improved. Breathing is the most important factor in voice control.

"Reading aloud is a splendid practice providing we endeavor to put into effect correct breathing and articulation. We should try to put ourselves in the author's frame of mind, when he was creating his work, and speak as he might have done if he had wished to express his thoughts to some friends."

The speaker summarized his ideas with the following rules for successful speaking:

1. Have a definite purpose in mind.
2. Find adequate, interesting material.
3. Plan.
4. Practice your speech, but don't memorize it.
5. Stand easily, not stiffly. Avoid annoying mannerisms.
6. Look at your audience and talk to them as individuals.
7. Speak distinctly.
8. Use a pleasing, musical voice.
9. Show, by silence, where each sentence ends.
10. Avoid errors in grammar and choice of words.
11. Be in earnest.
12. Make what you say so clear that nobody can possibly fail to understand you.
13. Arouse interest with your introduction and end with a forceful sentence.

FOR THE PUBLIC SAFETY

(IN CASES OF EMERGENCY)

The LACHUTE LIONS CLUB GIVES NOTICE to the local public that it has provided an INHALATOR for use in drowning accidents, smoke suffocation, monoxide poisoning, heat stroke and electric shock. This portable equipment is available FREE OF CHARGE for any emergency in the community and district.

The Inhalator is now in possession of Lachute Fire Brigade. Procedure in the case of such accidents is therefore to — (1) start artificial respiration without delay; (2) have someone telephone a physician, and (3) call the Fire Department (telephone No. 9.) for despatch of the Inhalator and experienced operator.

It is important that this procedure be followed carefully. Artificial respiration must be continued even after arrival of the Inhalator, which is an aid and not a substitute for the manual method.

These provisions are offered in the interests of life preservation and public safety, in accordance with the aims of this community service organization —

Lachute Lions Club

Save, Don't Spend, Your Tax Cut

Unless folks plan what they will do with their new savings through the recent reduction in income tax, they're liable to find that extra money melting away, says Eric Hibbard, local Bank of Montreal manager.

Many people have commenced to tuck this "tax savings" away in a separate B of M savings account. Why don't you try it too? You'll be surprised how your regular deposits mount up. (advt.)

THE TRUTH ABOUT THE LACHUTE STRIKE

AYERS LIMITED has foregone so far the opportunity of making a public statement about the strike waged at its mills in Lachute, because the COMPANY wanted, before anything else, to settle the dispute peacefully and without prejudice to its employees.

NOW that the employees for some time, have returned to work and that production is normal, the COMPANY deems necessary to reconstruct the facts and inform its clients and friends on the policy it has followed throughout the strike.

AYERS LIMITED HAS NEVER BEEN OPPOSED TO LABOUR UNIONISM:

PROOF:

The employees of our mills are organized in a union since February 1942. Indeed, from this date until January 1947, UNITED TEXTILE WORKERS OF CANADA has represented our employees without interruption. On February the 10th 1947, the INTERNATIONAL UNION OF UNITED TEXTILE WORKERS OF AMERICA, local 164, with Mrs. Vladimir Bjornsson (Madeleine Parent) and Kent Rowley as general organizers, was certified as bargaining representative by the Labor Relations Board of Quebec.

In view of this situation, the Quebec Labour Relations Board withdrew from the International Union of Textile Workers of America, local 164, its bargaining certificate, thus depriving the Union of its right to represent the employees of our mills. Since May 2nd 1947, our employees have returned to work and production is now back to normal.

The COMPANY is prepared to negotiate with ANY union provided such union is certified by the Labour Relations Board and respects the established laws that govern the employer-employee relations in the Province of Quebec.

THE FACTS:

IN GOOD FAITH, we have negotiated with the Union. We have met thirteen times with the Union. Faced with very little possibility of arriving at a settlement, the Provincial Minister of Labour suggested that an arbitration board be appointed. To this, we agreed and, furthermore we accepted beforehand, something very rarely done, to BE BOUND BY THE MAJORITY AWARD of such a Board. On the other hand, the Union rejected the minister's offer of an arbitration board and declared the strike; this was plainly an ILLEGAL STRIKE.

OUR WAGES:

Here is the hourly and weekly average of wages paid to our employees:

MALE (18 years or over, with a minimum of 6 months service) 70.95c per hour.
Average for the week: 51.84 hours x 70.95c = $36.78

FEMALE (18 years or over, with a minimum of 6 months service) 56.54c per hour.
Average for the week: 47.29 hours x 56.54c = $26.73

N.B. AYERS LIMITED will gladly let any responsible party verify, on demand, the above data.

The wage policy of the COMPANY has long been recognized as the soundest and most liberal in the textile industry of the Province of Quebec.

IN MEMORIAM

CAMPBELL — In loving memory of a very dear mother, Margaret Campbell, who passed away July 20, 1942. — Always remembered by her daughter, Emily, and Henry.

"Beautiful rest for the weary,
Well deserved rest for the true,
When our life's journey is ended
We shall again be with you.
This helps to quiet our weeping—
Hark! Angel music so sweet!
He giveth to His beloved
Beautiful, beautiful sleep."

GIRLING — In loving memory of our mother, who passed away July 14, 1943. — Ever remembered by her sons, James and David.

"Just two little words not hard to write,
But we will remember them for the rest of our lives.
—'Our Mother'."

SEALE — In loving memory of a dear mother who passed away July 13, 1943, and a dear father who passed away July 13, 1945.—Ever remembered by Ida, Herb and Lois.

"Too dearly loved to ever be forgotten."

SEALE — In loving memory of a dear mother and father—grandmother and grandfather — who passed away July 13, 1943 and 1945, respectively.—Ever remembered by Willis, Violet and girls.

"A token of love and remembrance
Of ones we shall never forget;
Their memory to us is a treasure,
Their loss a lifetime regret."

TO RATEPAYERS OF THE LACHUTE CONSOL. SCHOOL

Appeal for Support of Rural Candidate

Ladies and Gentlemen:

You have before you a panel of candidates for election as commissioners to Lachute High School Board. On your school board you have no member from the rural districts, and only one nominee among the new candidates.

As the only rural candidate, I feel it my duty to ask the support of both urban and rural ratepayers in this forthcoming election. I am not asking your support in order to keep someone else off the school board, nor am I asking it for personal gratification, but rather that we may have a member from the rural districts.

Having served several years on Chatham No. 1 School Board, and having had to contend with the difficulties and expense of trying to educate my own family, I feel that I know some of the hopes, ambitions and requirements of the ratepayers in outlying districts.

Therefore I ask your support at the poll at Lachute High School on Monday, July 14.

Yours sincerely,

-1c DOUGLAS R. BRADFORD

PRETTY WEDDING AT MAPLE AVENUE BAPTIST CHURCH

Cowley - MacAdam

The Maple Avenue Baptist Church, Brownsburg, was prettily decorated with syringa, ferns and peonies for the marriage of Gladys Vivian, daughter of Mr. and Mrs. P. E. MacAdam, Brownsburg, Que., to Mervin Earl, son of Mr. and Mrs. H. W. Cowley, of Winnipeg, Man. The Rev. Wm. Leaton officiated and guest soloist was Mrs. J. Dewar, of Montreal.

The bride, given in marriage by her father, wore a gown of white brocaded organza over satin, the skirt flowing into a long train. Her fingertip veil of tulle illusion was held in place by a wreath of orange blossoms and she carried a bouquet of red roses. Her only ornament was a string of pearls, a gift of the groom.

Attending the bride were her three sisters, Mrs. R. Taylor, of Toronto, as matron of honor, Misses Enid and Elaine MacAdam as bridesmaids, and Helen Mason, cousin of the bride, as flower girl.

The matron of honor wore a gown of pink brocaded organza over taffeta with matching headdress, and mittens to match; she carried a bouquet of pink carnations. The bridesmaids wore gowns of yellow and blue nylon sheer over taffeta, headdresses of flowers and tulle, mittens to match, and carried colonial bouquets of sweet peas. The little flower girl wore a long dress of pink nylon sheer over taffeta, a headdress of roses and tulle, and carried a basket bouquet.

Pilot Officer George Shaw, of Vancouver, B.C., acted as best man, the ushers being Mr. Fred Mullin, of Montreal, and Mr. Ray Taylor, of Toronto.

The reception which followed was held in the church hall, where a four-tier wedding cake adorned the bride's table.

Later the bride and groom left for their wedding trip, the bride wearing a white wool suit, navy accessories and a corsage of red roses.

Mrs. MacAdam, the bride's mother, wore a street-length dress of mauve crepe, white accessories, and a corsage of pink roses. Mrs. H. Cowley, mother of the groom, wore a street-length dress of powder blue crepe, white accessories, and a corsage of pink roses.

Out-of-town guests were Mr. and Mrs. H. W. Cowley, parents of the groom, of Winnipeg, Mrs. H. Taylor, of Toronto, Mr. and Mrs. A. Atwell, of St. Johns, Que., and Mr. B. MacAdam, of Chapleau, Ont.,

Mr. and Mrs. M. Cowley will reside in Toronto, where the groom is at present attending radio college.

DISTRICT NEWS

Cushing West

Dr. and Mrs. Dick Harbert with their little son and daughter, Jimmy and Mary, have arrived to spend the summer months at the residence of Mrs. Harbert's father, Dr. H. B. Cushing. Dr. Cushing, with Miss Florence and Mr. Jas. Cushing, also spent the week-end here.

HOW TO WIN OFFICE

Maple Creek, Sask. (CP) — Wm. Baker, who took his portable typewriter to a meeting of the Saskatchewan Stock Growers' Association, promptly won membership on the association's nominating committee. President D. M. Wylie, who got him the job, commented that "some of the handwriting we get in these resolutions is terrible."

SEEKS SWEDISH TRADE

Regina (CP) — Graham Spry, agent-general for Saskatchewan, recently flew to Stockholm to investigate prospects of trade between his province and Sweden. He interviewed the heads of a number of Swedish firms during his week-long stay.

Mr. and Mrs. Robert and baby son are visiting at the home of Mrs. Robert's parents, Mr. and Mrs. Omer Thomas.

Miss Doria Roberts and Mr. T. Toms, of Montreal, were recent visitors at the home of Mr. and Mrs. Steven Bigelow.

"Aida" to Open Series Of Outdoor Operas July 23 in Montreal

Stars of the Metropolitan and New York City Opera Companies will be cast in the production of Aida, which the Montreal Festivals will offer at the Molson Stadium on the opening night of its outdoor opera season beginning July 23. Other operas include Madame Butterfly on August 6 and Carmen on August 13, with a gala concert starring the great pianist and conductor, Jose Iturbi, on July 30.

Aida will be directed personally by Laszlo Halasz, general music director of the New York City Opera Company and will be staged by Theodore Komisarjevsky, who is recognized as one of the greatest theatre men of the present age. Participants in the performance will exceed 100, with a full symphony orchestra of 70 musicians.

The cast will be headed by Florence Kirk, Marjorie Lawrence and Ramon Vinay. Others include Norman Gordon, famous Metropolitan basso, and Enzo Mascherini, the young Italian baritone whose recent debut in New York was one of the operatic sensations of last year.

Miss Kirk will sing the role of Aida in which she scored an immense success with the Metropolitan during the past season.

As Amneris, Marjorie Lamrence, the celebrated Australian singer, appeared with the Montreal Festivals in 1943 as Isolde in Wagner's Tristan, and went on to the Metropolitan in Tannhaeuser.

Ramon Vinay, who will sing Radames, has been hailed as "the greatest Latin-American tenor of this generation.

Ready Money
FOR THE GO-AHEAD FARMER

He wanted to pay the Bank
A BONUS!

June 20th—John J. Veroba of Lampman, Sask., applied to the Bank of Montreal for a loan of $2,000 to purchase a threshing combine. His proposition was sound . . . and the loan was made.

John Veroba's new machine was delivered on June 25th. Ten days later, with his own crops still four weeks from harvesting, he set out for Sharon Springs, Kansas. With his new combine he worked for the farmers there and in the neighbouring communities for one month to the day.

In the meantime his own crops were ripening. Early in August he turned northward to Lampman, and on his arrival, August 11th, immediately remitted to us the full $2,000 he had borrowed. His work had given him back the entire purchase price of his combine!

The total interest charge was $12.60. So pleased was this customer to possess his own combine free of all debt, and to commence his own harvesting with a happy and easy mind, that he wished to pay the Bank of Montreal a bonus to mark his appreciation.

The Bank, of course, declined the bonus, but is gladly accepting the expression of John Veroba's thanks in the form of his permission to tell his story in this advertisement.

This case is typical of the assistance which the Bank of Montreal is extending to go-ahead farmers and demonstrates how it makes true its promise: "When you ask for a loan at the B of M, you do not ask a favour."

If you need money, see your nearest B of M manager today. Ask for a copy of our farm loan folder: "Quiz for a Go-Ahead Farmer."

TWO FOR TEA ?

By Betty Barclay

Two for tea may call for single cups of the beverage, but if Raisin Bran Tea Biscuits are served, be sure to count double on them. One taste of these golden gems and the guests know immediately that "seconds" are in order. Have your recipe handy — your guests will be sure to want it so that they, too, can make these delicious Raisin Bran Biscuits.

Raisin Bran Tea Biscuits

1⅓ Cups sifted flour, 2½ teaspoons double-acting baking powder, ¾ teaspoon salt, 2 tablespoons sugar ⅓ cup shortening, 1 cup raisin bran, 1 egg, slightly beaten, ½ cup milk.

Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Cut in shortening; add bran and mix well. Combine egg and milk; add to flour mixture, stirring until soft dough is formed. Turn out on lightly floured board and knead 30 seconds, or enough to shape. Roll ½ inch thick and cut with floured 2 inch biscuit cutter. Brush tops with milk. Bake on ungreased baking sheet in hot oven (450° F.) 12 minutes, or until done. Makes 15 small biscuits.

Note: To prepare raisin bran tea biscuits at night to bake the next morning, combine flour mixture, shortening, and bran as directed above. Place in glass jar or crockery bowl and cover lightly with cloth or plate to allow circulation of air. Store overnight in refrigerator or other very cool, dry place.

To make biscuits, combine egg and milk and add to dry ingredients. Proceed as directed above.

A GOOD TIME is had by all when you serve Maxwell House Coffee. It's blended by experts and *Radiant Roasted* for *extra flavor*—"Good to the Last Drop!"

Women's Interests

Sour Milk and Cream

Sometimes in summer when refrigerating facilities are not what one would wish they were, milk and cream sour. This soured milk or cream should be put to good use, not thrown away, because it still contains the valuable nutrients of the fresh product. Sour milk and cream can both be used in cooking.

Sour cream seasoned with a little vinegar or lemon juice, salt and pepper, is excellent on salad greens. It also makes a delicious, rich and fluffy pastry, and everyone agrees that there is nothing much better than sour cream cakes and cookies.

Other uses to which sour cream may well be put are to enrich the gravy served with certain meat or fish dishes and to make sauces for vegetables. The home economists at Ottawa offer the following recipes using sour cream or milk.

Horseradish Sour Cream Sauce

½ Cup heavy sour cream, ¼ teaspoon salt, 1 teaspoon sugar, 3 tablespoons grated horseradish.

Whip the sour cream, add the salt and sugar, then gradually stir in the horseradish. Mix well and serve with meat. Yield 2 cups.

Sour Cream Cooked Salad Dressing

1 cup sour cream, 2 eggs, ½ teaspoon salt, ¼ teaspoon dry mustard, 2 tablespoons sugar, ½ cup cider vinegar, few drops of Worchestershire sauce.

Beat the eggs until very light, add the sour cream and the other ingredients. Cook in top of double boiler, stirring constantly until thickened, about 20 minutes. Yield 1 cup.

Sour Cream Muffins

1½ cups all-purpose flour, 1 teaspoon baking powder, ¼ teaspoon salt, 2 tablespoons sugar, 1 egg, 1 cup sour cream, 1 tablespoon butter.

Sift dry ingredients together. Add beaten egg, sour cream and melted butter. Fill greased muffin tins ⅔ full and bake in a hot oven, 400°F. for 25 minutes. Yield 10 medium-sized muffins

Cherries in Season

Freezing Cherries (Sour)

Choose firm, ripe cherries. Wash, stem and pit. Pack in cold medium syrup to cover. To make medium syrup: allow 1 cup sugar to 1 cup water. This will make about 1½ cups syrup. Cherries may also be packed in dry sugar using 4 pounds prepared fruit (about 9 cups) to 1 pound sugar (2 cups).

Canning Cherries

Syrup to use —

Sweet cherries — 1 tin — 1 cup sugar to 2 cups water.

Sour cherries — medium — 1 cup sugar to 1 cup water.

Cold Pack method — Wash, stem, pit if desired. Pack. Cover with boiling syrup, leaving headspace. Process in boiling water bath — pints 20 minutes, quarts 25 minutes OR in thermostatically controlled oven at 275°F. glass sealers only — pints 30 minutes— quarts 35 minutes.

Hot Pack method — Wash, stem pit if desired. Bring to boil in syrup and simmer 3 minutes. Pack hot, leaving headspace. Process in boiling water bath.

Screen actress Bette Davis has a nursery wired for sound, so that the cries of her new baby daughter may be heard in any part of the house. Must be a weak baby or a mighty big house. — Exch.

Couple to Reside at Williamstown, Ontario

Alguire - Boa

Pink and white peonies decorated the Lachute United Church on Saturday, June 28, at 4 o'clock, for the marriage of Janet Catherine, only daughter of Mr. and Mrs. Leonard Boa, of East Settlement, Que., and Elgin Russell, son of Mr. and Mrs. Geo. Alguire, of Berwick, Ont.

The Rev. W. B. Rosborough performed the double ring ceremony, and the wedding music was played by Mr. Jack Gorman.

The bride, given in marriage by her father, wore a floor-length gown of white taffeta with cap sleeves and fitted bodice, trimmed with a lace yoke and peplum.

Her fingertip veil of tulle illusion fell from a halo of lace and was caught on either side with hand-made flowers of lace and taffeta. Her mittens were of matching lace. She carried an arm bouquet of sweetheart roses and forget-me-nots.

Mrs. Ross Gordon was matron of honor and Miss Dellia Alguire, sister of the groom, was bridesmaid. The two attendants were dressed alike in cap-sleeved taffeta gowns with matching headdress and mittens — the matron of honor being dressed in turquoise and the bridesmaid in pink. They carried bouquets of sweet peas.

Mr. Wm. Boa, brother of the bride, acted as best man and the ushers were Messrs. Grenville Alguire and Keith Boa.

Following the reception, held at the home of the bride's parents, the happy couple left on a motor trip to Niagara Falls. For travelling the bride wore a light grey suit with black and pink accessories and a corsage of pink roses.

On their return they will reside in Williamstown, Ont.

Married Recently at Brownsb'g United Church

Connel - Jackson

The marriage of Jean Eleanor, youngest daughter of Mr. and Mrs. Wm. Jackson, of Brownburg, to Mr. David L. Connell, son of the late Mr. and Mrs. Frank Connell, of Montreal, took place in the Brownsburg United Church on Saturday, June 21, at 4 o'clock, the Rev. S. J. Pike officiating. The wedding music was played by the bride's cousin, Mrs. H. Ball.

The bride was attended by Miss Vivian Dougan as bridesmaid. Mr. George Jackson acted as best man, and the ushers were Messrs. Robert Jackson and Perry Rowe, brother and brother-in-law of the bride, respectively.

Given in marriage by her father, the bride wore a gown of white taffeta made on Princess lines with shirred yoke and long sleeves which came to a point over the hands, the skirt falling in a long train. Her veil of double net was held by a coronet of lilies of the valley, and she carried an arm bouquet of white carnations and white gladioli.

The bridesmaid wore a dress of blue sheer crepe on simple lines, with gloves and headdress in white and carried a bouquet of multi-colored sweet peas.

Mrs. Jackson, the bride's mother, wore a navy blue crepe dress with white accessories, and a corsage of pink roses.

Following the ceremony a supper was served at the bride's home. Supper guests included the Rev. and Mrs. S. J. Pike, Miss Mary Jackson, Miss Doreen Hood and Miss Sarah Young. A reception was also held in the L.O.B.A. Hall at Lachute. For travelling the bride wore a white silk jersey dress with white accessories, and a short blue coat.

Pretty Wedding in Presbt'n Church at Lost River, Que.

Dewar - White

The marriage of Melba Jean Dewar, daughter of Mr. and Mrs. Wm. Dewar, of Lost River, Que., to Mervin William White, son of Mr. and Mrs. Thomas White, of Montreal, took place in the Lost River Presbyterian Church at 7.30 o'clock Saturday evening, June 28.

The Rev. S. J. Pike officiated. Mr. Walter Jackson played the wedding music, and Miss Jean McCaskill sang "Because". The church was prettily decorated with colorful flowers.

The bride was given in marriage by her father. She wore a floor-length gown of white brocaded satin, the bodice having a sweetheart neckline, and a tulle skirt, with a fingertip veil. She carried a bouquet of American Beauty roses.

The maid of honor, Miss Marjorie Dewar, wore a floor-length gown with blue brocaded silk bodice and tulle skirt, with headdress to match, and she carried a bouquet of pink carnations.

The bridesmaids, Miss Audrey Dewar of Lost River, and Miss Eleanor Loudin of Montreal, wore floor-length gowns of pink brocaded silk with headdresses to match. They carried bouquets of pink carnations.

Mr. William White was best man for his brother, while Mr. Irvin Dewar, brother of the bride, and Mr. Robert Inglis, of Montreal, acted as ushers.

Mrs. Dewar, mother of the bride, wore a blue jersey street-length dress with white accessories; her corsage was of red roses.

Mrs. White, mother of the groom, wore a powder blue crepe street-length dress with black accessories; her corsage was of red roses.

A reception was held at the community hall in Kilmar, Que.

Out-of-town guests included Mr. and Mrs. Neil MacCrimmon and family, of Three Rivers, Que., Mrs. Elva Evoy, of Lancaster, Ont., and many friends from Montreal.

The bridal couple left for a trip to Quebec City; they will reside in Montreal.

Bermuda has nearly 35,000 inhabitants, more than half of whom are colored. St. George and Somerset are the only other towns of any size.

APPETIZING **APPLE CAKE**
RECIPE
Add 1 envelope Royal Fast Rising Dry Yeast and 1 teaspoon sugar to ¼ cup lukewarm water, and let stand 10 minutes. Then stir well. Scald ½ cup milk, add 3 tablespoons shortening, ¼ cup sugar and ½ teaspoon salt and cool to lukewarm. Add 1 cup sifted flour to make a batter. Add yeast mixture and 1 beaten egg. Beat well. Add 2½ cups sifted flour, or enough to make a soft dough. Knead lightly and place in greased bowl. Cover and set in warm place, free from draft. Let rise until doubled in bulk, about 2 hours. When light, punch dough down and divide into 2 equal portions. Roll dough ½ inch thick; place in 2 well-greased pans (8½ x 11½ x 2" deep). Brush tops with melted butter or shortening; sprinkle with ¼ cup granulated sugar. Peel and core 12 apples; cut into eighths; press into dough, sharp edges downward; close together. Mix 1½ teaspoons cinnamon with 1 cup granulated sugar; sprinkle over cakes. Cover and let rise in warm place until light, about ¾ hour. Bake in moderate oven at 400°F. about 35 minutes.

TORONTO WEDDING OF INTEREST HERE

Robb - Sullivan

A wedding of local interest took place recently in Toronto, when Alan Wyllie Robb, son of Mr. and Mrs. R. Robb, of Fort William, took for his bride Mary Edna, daughter of Mr. and Mrs. F. J. Sullivan, of Toronto. The ceremony was held June 7 at 4 p.m. in Calvin Presbyterian Church, Rev. J. Graham officiating.

Summer blossoms on the communion table were flanked by tall standards of palms, and white bows marked the guest pews.

Miss Craig played the wedding music; Miss Hilda Veenstra sang "Through the Years" and "Because".

The bride was preceded down the aisle by her five attendants, Mrs. B. Sullivan, sister-in-law, as matron of honor, and Misses Alma Gane, Lois Winslow, Hilda Jackson and Dorothy Cammidge, as bridesmaids, the two latter being cousins of the bride. Supporting the groom was Mr. William Parrish, while Mr. Bert Sullivan and Mr. Ian Winslow acted as ushers.

The bride, given in marriage by her father, wore a model gown of mousseleine de soie over satin with a full skirt extending into a circular train, and with a bustle at the back. The fitted bodice had leg o'mutton sleeves extending into points over the hands. Her full-length veil was held with a coronet of orange blossoms and her only jewelry was an heirloom necklace. She carried a cascade bouquet of cream roses and orange blossoms, also shamrocks and white heather, with forget-me-nots woven in the streamers.

Her attendants were dressed alike in floor-length gowns of nylon net over satin, with high round necklines, short sleeves and fitted bodices; the skirts were caught up with bustles. They wore matching halos of net dotted with satin flowers, also matching mittens, and carried nosegays of sweet peas and roses. Mrs. Sullivan wore turquoise blue, while Misses Gane and Jackson wore peach, and the Misses Cammidge and Winslow powder blue.

A reception was held at the home of the bride's parents, the rooms being decorated with lilacs and summer blossoms. The bride's mother received in a powder blue crepe floor-length gown with matching accessories, and flowered hat; her corsage was of pink roses. The groom's mother also received, gowned in a navy blue crepe floor-length dress with a bodice of navy lace and matching accessories; her corsage was of deep pink roses. The bride's table was centered with the wedding cake flanked by tall white tapers in silver candlesticks.

The couple left for a trip through the Northern States, the bride changing to a coral pink dressmaker suit with powder blue blouse and top coat, white hat and accessories, her corsage was of white carnations. Mr. and Mrs. Robb plan to reside in Fort William.

Among the numerous out-of-town guests were Mrs. E. Ward, aunt of the bride, of Lachute; Mr. Mr. and Mrs. Robt. Dance of Brantford, Ont.; and Mr. and Mrs. Howard Ward, of Lachute.

Properties, etc.

Along the Fairways

By Lachute Golf Club's Special Contributor

The volunteers were out again and smoothed a few contours in that spot on No. 7 fairway last Wednesday evening.

• • •

H. M. Kerr ran into some tough opposition from Bob Hamilton in the Jones Cup. Bob threw a 39 at him in the second round, and it was good enough.

• • •

Our genial and popular club pro, Jack Archer, leaves Sunday night for the Canadian Open, which will be played July 15, 16, 17 and 18 at Scarborough, Toronto. With one accord we all say, Good Luck, Jack! We'll be a-rootin' for you!

Incidentally, did you know that the golf writers of the Dominion have picked Jack as the leading sand-trap shot-making specialist over all other Canadian pros? Now, the next time he's showing you how to get out of that sand-trap, pay attention!

• • •

Laurier Carriere and Art St. St. Onge have decided to take a shot at the Quebec Amateur, to be played at the Royal Montreal course July 11 - 13 From all the gang at the Club, the best of luck, fellows!

• • •

Bobbie Ogilvie's effort in the Ladies' City and District was good enough to get her selected as one of the all-star Quebec four to take on Ontario's best. We see that this match was to have been played over Kanawaki July 9-10, but has been set back to some time in September.

Bobbie found a new set of irons to her liking and chalked up a 40 for nine holes last Sunday. Now when we see her and Nick out there on the practice tee, we wonder who is teaching whom!

• • •

Tournaments

Ladies' Poker Hand, Wednesday afternoon, July 2 — won by Mrs. P. Valois with a full house for the sealed holes — 6-6-6-5-5.

Qualifiers in the Drew Trophy (Ladies) — Norma Rogers, Fleur-Ange Carrière, Jean McIndoe, Dorothy Rigg, Bobbie Ogilvie, Lillian Harrison, Agnes MacDougall, Edith McOuat, Christine MacKenzie, Mariette Guilbault, Ruby Parsons, Fernande Valois, Margaret Scott, Betty Milnes. . . First round to be completed July 13, match play

Jones Cup. — Still in the race after completion of the second round are: H. Morrison vs Art St. Onge, and Bob Hamilton vs R. Rubenstein. Third round to be completed July 13.

Sunday Ball Sweepstakes — 1st low gross A. St. Onge, 80; 1st low net E. Stevens, 74.

Thursday Night Men's Sweepstakes — 1st low net Sonny Ogilvie, 67; 2nd low net Jack Ogilvie, 69.

Mixed Team Championship. — Play is on until the end of this week in the first round. Names are posted on the bulletin board in the club house.

Husband and Wife Tournament — to be played next Sunday, July 13; nine holes.

Get your tickets now for the complete set of Tommy Armour woods and irons, tournament model. See Jack or Nick at the club house.

Lachute Man Wins Lucky Number Contest

Winner of a lucky number contest held by the Tessier Furniture Stores was Ovila Presseault, Lachute Mills resident, whose entry turned up for a $50 merchandise award at the drawing staged last Monday.

JACK UP SAGGING FLOORS WITH PYRAMID CELLAR POSTS

A SAGGING FLOOR means weak support somewhere. It is a dangerous condition and may cause costly damage. The Pyramid No. 6 Adjustable Cellar Post will correct this; and by turning the adjustable jack screw ½ turn a week, you can slowly, safely bring floors back to normal level.

Pyramid No. 3 PORCH POST can be adjusted under a sagging porch and left there permanently. Grand for Summer Cottages.

Another useful jack is the Pyramid No. 1 Builder's Jack. It will lift up to 15 tons. Contractors, Farmers, Road Builders, Boat Builders will also find Pyramid Jacks to suit their particular needs.

Jas. W. McGibbon New Chairman Of School Board

MEMBER RESIGNS FROM CENTRAL SCHOOL COMMISSION

Results of a three-man contest for two vacancies in the Lachute Protestant School Commission, held July 14 under chairmanship of Dr. G. A. Clunie, were as follows:

Douglas G. Bradford	248
Ross Muir	242
Dr. F. W. FitzGerald	109

The vacancies were for seats vacated by Dr. FitzGerald and Wm. Cottingham on expiry of their three-year terms. Total ballots cast were 315, out of approximately 530 ratepayers eligible to vote.

School Board Elects New Chairman

At the first regular meeting of the new Board, Commissioners D. G. Bradford and Ross Muir were duly sworn in by the secretary, Angus Taylor. The meeting then proceeded with the election of a chairman to replace Dr. F. W. FitzGerald, and Jas. W. McGibbon was unanimously appointed. The Board now comprises — Messrs. J. W. McGibbon, G. F. Calder, S. J. McFaul, D. G. Bradford and R. Muir.

Routine matters and details concerning the school building and repairs were discussed. The secretary also read a copy of a letter to Dr. A. R. Percival, Quebec Director of Protestant Education, forwarded by Dr. FitzGerald to submit his resignation from the Argenteuil-Two Mountains Central School Board.

Lachute Townsman Was Widely Known

The Late Jas. H. Morris

The death of James Henry Morris— a member of the Masonic Order and a Curling Club associate—occurred Sunday, July 13, at his home on Robert Street. Mr. Morris, aged 73, had been in poor health for the past few years.

Born in England in 1874, the late "Jim" Morris came to this country in his youth and since that time, with the exception of a few years spent in Ontario and Western Canada, had resided in this community. As a farmer in Upper Lachute, and since his retirement a citizen of this town, he was well known hereabouts.

He is mourned by his wife, the former Flora Gauley, to whom he was married 53 years ago; also his son Leslie, of Ottawa. He is survived also by relatives in California and in the Old Country.

The funeral, held July 15 from his residence, was conducted by the Rev. Dr. Wm. McMillan, of St. Andrews East. Many old friends and fellow townsmen followed his remains to their last resting place at Lachute Cemetery, where Masonic rites were performed at the graveside.

Robbery Attempt At Local Bank

An attempted robbery at the Bank of Montreal premises was among local news incidents since last edition of this paper. The branch on Main Street was broken into during the early hours of Sunday, July 13, the intruders gaining entry through a coal chute. Equipped with an electric drill, they attempted to cut through the door of the vault. Having drilled a hole approximately ¾-inch deep, they discovered there was a second door and presumably abandoned the attempt. The thieves then broke off the combination, hoping to pierce the lock, but this attempt also failed.

Some inconvenience was experienced in the Bank's operations on Monday. In order to gain access to the vault the management called in men and equipment from a local industry and a hole was cut through the steel and concrete wall. The damage has since been repaired, and steps taken to procure a burglar alarm, in addition to the hold-up alarm system recently installed at this branch.

Provincial and local police, investigating the case, found no clues to identify the would-be robbers, but indications suggested the job had been performed by professionals in their line.

But Try and Get It

It is estimated that the electric current in bolts of lightning makes them worth about 50 cents a dozen at usual electric rates.

Aided Recreation Effort for Local School Children

VACATION PROGRAM OF SUPERVISED GAMES AT CATHOLIC COLLEGE

At the St. Viateur College this summer, a program of supervised recreation for schoolboys during the vacation season has been promoted with good success. This effort had been found effective in previous years, attracting the boys to wholesome pastimes without which they would haunt the streets all summer in aimless and often mischievous pursuits. This season the organized games and contests at the College playground have found enthusiastic following.

County Health Officer Dr. L. Turcotte, as a committeeman in this effort, approached the Junior Red Cross of Quebec for a contribution towards providing chocolate milk for the children. Dr. Turcotte now reports that the Red Cross, through its director Mrs. Ruth B. Shaw, responded with a donation of $200 to meet full cost of the refreshment for the youngsters — and the organizers are duly grateful for this assistance.

Lady Resident and Community Worker Dies in St. Andrews

Late Miss Christina Walsh

The funeral service of the late Miss Christina A. Walsh was held in the Presbyterian Church, St. Andrews East, on Wednesday afternoon, July 23. Service was conducted by the Rev. Wm. MacMillan, D.D., assisted by the Rev. Harold Brown of St. Andrew's Presbyterian Church, Pictou, N.S. Fellow-townsfolk, English and French, old and young, crowded the church. The pall-bearers were Messrs. Ewan Albright, Dawson Burwash, Walter Carr, Napoleon Gerard, Allan McOuat and George Rodger. The floral tributes were many and beautiful.

Chief mourners were her two surviving sisters, Miss Mary Walsh and Miss Elizabeth Walsh; their cousins, Miss Laura Walsh and Mr. and Mrs. Earle Walsh, of Ormstown, Mrs. (Dr.) W. W. Aylen, of Montreal, Mr. and Mrs. J. Simpson, of Carillon Hill, the Rev. Harold Brown and Mrs. Brown, of Pictou, and Mr. Melville Ballantyne, of Montreal. Among others from out-of-town were Miss Margaret Walker, Mr. Mac Walker, Mrs. J. R. Charron, Mr. Gordon McOuat, Rev. W. B. Rosborough, all of Lachute; Mr. Robert Allen, Capt. Richardson and Mr. and Mrs. Allan Jones, of Montreal.

Miss Christina Walsh, daughter of the late Mr. and Mrs. Hugh Walsh, was born in Ormstown, Que., and came to St. Andrews as a child with her family. She was greatly beloved by her friends and acquaintances. She had done notable and varied service in the community, as a teacher in the primary and intermediate departments in day school and Sunday school; as organist and leader of the choir in the Presbyterian Church; as treasurer, until about a year ago, of the Women's Guild of the church; as organizer and for many years leader of the Mission Band. The presence in the church on Wednesday of many of the younger generation who learned their early lessons from her and are now carrying on the affairs of the community, bears witness to her rare work as a teacher of the young.

To the bereaved family is extended the sympathy of the whole community.

Re-elected to Arundel School Commission

(Our District Correspondent)

Arundel — A meeting of the School Commissioners of the Municipality of Arundel was held this month to recieve nominations for the replacement of two members whose term of office had expired. There being no further nominations, Messrs. Wm. Morrison and Gordon Gray were declared re-elected for another term.

Mr. J. Veit was elected to the office of secretary, replacing Mr. Pierre Cantin, who had retired owing to ill health.

SMOKE-EATERS BLUSH

Regina (CP) — Regina firemen have red faces these days because they have a new fire truck — painted blue. The three-ton truck had been on order several months and was available only in blue. Firemen will repaint it while making adjustments to ladder racks.

Two Auto Mishaps In Town Limits During Week-End

On Foundry Street during last Saturday night, Garth Dawson, of Stonefield, with a party of friends, collided with an electric light pole, snapping the pole and causing considerable damage to the car. Fortunately the power lines were not severed by the impact, and the motorists escaped without injury.

• • •

Approaching Lachute down the Brownsburg Road last Saturday night, Harold Hewitt of Brownsburg missed the curve approaching Barron's Bridge and his car, straddling the cement curb, crashed into the steel structure of the bridge, overturning onto the highway. Neither Hewitt nor his passenger suffered injury, although the car was upside down on the bridge right-of-way when police and neighbors came to their assistance. The mishap occurred at 12.30 a.m.

• • •

In referring to this traffic hazard over a year ago (May 9, 1946), the Watchman carried the following comment boxed in a front page editorial:

"Another crash at the western approach to Barron's Bridge stresses the need for effective warning signs. . Several cars have already plunged over the river bank or come to grief at this spot, where the highway narrows and curves unexpectedly. . A reflectorized sign, visible to drivers some distance before reaching the bridge, might offer the correct solution. But the need is imperative NOW."

Veterinary School For St. Eustache

The appointment of Dr. Gustave Labelle, of St. Eustache, as director of the new Provincial Veterinary School has been announced by Hon. Laurent Barré, who highly praised the qualifications of Dr. Labelle, his successful career as a veterinarian and his broad experience in the teaching field.

The new director was educated at the University of Montreal where he graduated as M.V. in 1919. Since that time he has practiced his profession at St. Eustache. A professor at the Veterinary School in Oka for many years, he was in charge of the courses at that institution until its closing last month.

Establishment of the new Veterinary School at St. Eustache was authorized by Quebec Legislature recently.

Diploma in Art

Miss Else Jacobsen has received a diploma from the Washington School of Art, after completing a two years' course.

Waterworks Issue In Morin Election

(Contributed)

Morin Heights — Municipal elections were held at Morin Heights on Monday, July 14, with the following results:

For Mayor — Chas. D. Campbell 228; Arch. Hamilton 51. (Majority 177.)

For Councillor — G. P. Hannah 189; Geo. Watchorn 87. (Majority 102.)

The retiring mayor was re-elected with the largest majority ever obtained in a mayoralty contest in the municipality, and for the council seat Councillor Hannah also beat his opponent by a decisive majority.

The main issue before the electors was the erecting of a water system in the village, and the electors appear to have endorsed the efforts made by the present council towards this end, and by their verdict have strengthened their hands towards completion of the proposed improvements in Morin Heights.

Rare Trees in Bloom Attract Attention

(Our District Correspondent)

Calumet — Four of the catalpa trees owned by Mr. W. E. Brigden are now in bloom. These were planted from seeds brought by the late Mrs. Brigden from Buffalo, N.Y., and are the only ones known to have grown this far north. Many people have come to see the trees in bloom, the blossoms being particularly beautiful and forming huge clusters of bell-like flowers.

Man Killed by Hit-Run Driver At Grenville

Wilfred Densmore, 56-year-old resident of Grenville community, was found dead on Highway 29 near the Gauley Garage at 2.15 o'clock Saturday morning, July 12. The discovery was reported by Alcide Lemay, of Grenville, who came across the body lying in the centre of the road. There were indications he had been struck by a motor vehicle. Dr. C. Lafrance, summoned from Hawkesbury, examined the victim and pronounced him dead, the man having suffered a fractured arm, fractured legs, chest and scalp injuries with possible fracture of the skull.

Cst. Howard Jones, of Calumet, investigated the case. It was learned that Wilfred Densmore was visiting in Grenville with his brother and sister-in-law that day. He was employed by Ed. Trineer, of Calumet.

The district coroner, Dr. Jules Lafleur, Lachute, opened an inquiry at the Morrow funeral parlors, but inquest was adjourned pending identity of the car driver as a material witness.

Ch. of Commerce Contest for Civic Beautification

Little has been heard of the Chamber of Commerce civic beautification contest since its announcement this spring — but there are citizens and property owners who have this contest in mind, and in their efforts to beautify their gardens and premises, are aiming to qualify for one of the awards.

A spokesman for the Chamber of Commerce committee informs The Watchman that the contest will be decided August 30, by duly appointed judges. The cash prizes of $25, $15 and $10 respectively will be awarded to those who have made the most commendable efforts this season in beautifying their properties.

The contest was initiated in connection with the Chamber's civic embellishment campaign, adopting the nation-wide slogan "Clean-up, Paint-Up, Light-Up, Plant-Up".

Early motion picture theatres were known as "nickelodeons" because the admission price was five cents.

Gunman Arrested Here After Attempted Hold-Up at C.P.R. Station in Ste. Scholastique

Wanted by Ontario Police; Revolver Found Loaded with Tinfoil Pellets

IDENTIFIED WITH SERIES OF ARMED HOLD-UPS AND ROBBERIES

Following an attempted hold-up at the C.P.R. station at Ste. Scholastique last Saturday at 5 p.m., a man was arrested here shortly afterward, at 6.45 o'clock. F. W. Geick, formerly of Kenogami, was in the act of signing a cheque for $10 to be cashed by a local business man, when Police Chief D. Villeneuve clapped the handcuffs on him — with the pen still in his hand.

J. Vernier, station agent at Ste. Scholastique, was confronted by the man pointing a revolver through the wicket and demanding "Money". Vernier did not immediately realize it was a hold-up in earnest, but he contrived to back out of the office door, while the intruder also made an exit from the station. He then sped away in his car, but the agent was able to take note of the license number. He telephoned to Lachute police headquarters, and Officers Villeneuve and Pagé stationed themselves at the C & L Garage on the Montreal highway. Sighting the car, they caught up with the man and the police chief placed him under arrest.

Det. Leopold Dauphin reported there was evidence found on the gunman, and in his automobile, associating him with previous hold-ups in which $150 cash and various cheques were stolen at St. Lin and Thurso railway stations. He allegedly admitted his guilt. In the car was a Smith & Wesson revolver stolen from a resident of Ste. Agathe. When found by police, it was loaded with dummy pellets covered with tinfoil from a cigarette package. The car, owned by Stanley Drive-Yourself Co. at Quebec, had been on loan from this establishment and unreported for several weeks. It was carrying a license plate stolen from a car at St. Jovite.

It is reported that Geick is also wanted by Ontario Provincial Police in connection with a $2,000 robbery at a general store and theft of gasoline in the town of Perth.

The man was taken to Montreal and later arraigned before a magistrate in this judicial territory.

Wins Bursary

Miss Yvonne Bedard, a young lady of this town attending Mt. Allison University, Sackville, N.B., has received word that she has been awarded the Avard Wells Scholarship worth $100 for further residence and tuition.

Canada's Northern Waterway

The Mackenzie, mighty roadway of Canada's far north, which opened for navigation late in June, anticipates a busy season. The young sailor watches the approach to a narrow channel of the Mackenzie where the dangerous Providence Rapids begin and barges must be taken down one by one. Farther down the river, just above Ft. Simpson, the Green Island Rapids create another formidable barrier. Here a few years ago a 300-ton barge loaded with supples for the western Arctic sank after striking a rock, and on another more recent occasion a barge was safely pulled off the rocks at the entrance to Providence Rapids only to be lost a few hours later in the Green Island Rapids.

Rouge River Communities Mourn Victims of Triple Auto-Drowning

Large Gathering at Funeral Rites Evidenced Sympathy of Countryside

Returning to their home at Rivington from a 12th of July picnic at Avoca, four young people were plunged into the Rouge River when their car overshot a curve in the highway and toppled over the river bank. Only the driver, Lyle McCutcheon, 23 years of age, escaped; the other occupants of the car, Russell McCutcheon, 19 (brother of the driver), Earl Broomfield, 23, and his wife Pearl, 21, (sister of the McCutcheons) were victims of this drowning tragedy, which stunned the countryside and spread grief among friends and relatives in the neighborhood.

The accident occurred at 6 p.m. when the four were descending MacLean's hill, which curves at the foot to border the Rouge River near the Dansereau Bridge. The single-seated coupe in which they were riding swung over the curve in the road. Lyle McCutcheon was thrown clear as the car plunged into the river, but the other three were trapped in the machine. The driver, with his left hand badly cut, climbed onto the bank He shouted for assistance and, with neighbors who gathered at the scene, helped to extricate the victims. Artificial respiration was applied, until a physician, Dr. L. McCallum (visiting at his home in the community) pronounced them dead.

Det. Leopold Dauphin, of Lachute, with Csts. Howard Jones and Albert Legault enquired into all circumstances of the accident. Lyle McCutcheon was taken to the Notre Dame Hospital at Hawkesbury for treatment, and subsequently, on Friday last, the district coroner Dr. Jules Lafleur held an inquest at Harrington School. The jury returned a verdict of accidental death in all three cases, adding a recommendation that the driver's permit be suspended for at least a year.

Evidence was heard from Lyle McCutcheon, who told of having driven the party to the picnic that day, and how the car swung over the river bank on their return trip.

Eyewitnesses to the accident were Paul Belisle and James Ward, employed at an International Paper Co. camp across the river. Having seen the mishap and heard McCutcheon's cries for help, they hurried to the scene, Belisle by way of the bridge and Ward crossing the river in a boat. Jos. Bates, Eric Gratton, C. Bigelow and others helped to recover the bodies; Bigelow, a neighbor in the Rivington area, formally identified the bodies.

The funeral of the three Avoca drowning victims — the son, daughter and son-in-law of Hector McCutcheon, Rivington—was held from the McCutcheon home on Wednesday, July 16. Service was conducted at the home, with the Rev. S. J. Pike of Brownsburg officiating.

The cortege, including three hearses, automobiles with floral wreaths, and about 150 cars representing almost every family in the grief-stricken community, then proceeded by way of Kilmar, Calumet and Pte. au Chene to the Avoca Cemetery. Here the three victims — Earl Broomfield, his wife Pearl, and her brother Russell McCutcheon were buried in the same grave. The Orange service was read at the graveside.

The funeral was one of the largest and most touching ever witnessed in these rural communities along the Rouge River.

"ALONG THE FAIRWAYS"

By Lachute Golf Club's Special Contributor

The husky young man wearing the dark sports ensemble and the happy smile, was Bob Hamilton. He had just tucked away the Jones Cup after a ding-dong battle with Art St. Onge last Sunday, July 13. Well done, Bob!

• • •

Barrie Elliot was in a sombre mood just before his C-I-L Purvis Cup match with Hugh Kerr. He must have foreseen that 33 Hugh tossed off so lightly on the back nine. We believe this is the best score to date on the lengthened course.

• • •

Bobbie Ogilvie was down at Whitlock in the Canadian Ladies' Golf Union tournament and carded herself a gross 91 to place fifth among leading scorers there.

• • •

We would like to see a large turnout of members for the club tournaments. Join in the fun and help to make each tournament a success!

Tournaments

Ladies, Wednesday afternoon — Tombstone tournament, July 9; won by Mrs. P. Valois.

Ladies, Wednesday afternoon — Straight handicap, July 16; 1st low net, Miss Ruby Parsons.

Drew Trophy — Still in the running, going into the third round, are Mrs. Norma Rogers, Mrs. Jack McIndoe, Miss Bobbie Ogilvie, Miss Agnes McDougall, Miss Ruby Parsons, Miss Edith McOuat, Mrs. Philip Valois, Mrs. Sam Milnes. . Third round is to be completed by next Sunday.

Husband and Wife — Sunday, July 13; low net won by Mr. and Mrs. J. McIndoe.

Ball Sweepstakes — Sunday, July 13; 1st low net, Bob Hamilton. 1st low gross, Hugh Kerr. 2nd low gross, Jim Findlayson. 2nd low net, Ossie Carriere, Roger Gravel, and Sonny Ogilvie (tied).

Thursday Night Sweepstakes — July 10; 1st low net, Bob Hamilton; 1st low gross, Joe. Berniquer.

Thursday Night Sweepstakes — July 17; 1st low net, Roger Gravel; 1st low gross, Hugh Kerr.

Jones Cup — Winner, Bob Hamilton. Runner-up, Art St. Onge. (Won at 3 and 2, A. St. Onge giving 7 strokes.)

Opening Day Tournament — Saturday, July 19, Ladies' low gross, Miss Bobbie Ogilvie, 94; ladies' low net, Miss Shirley Leggett 80; men's low gross, Gilbert Ayers 78; Men's low net, Herb Thorpe 73.

Attends Conf'ce of Lions International At San Francisco

The appointment of a Lachute Lions Club member as District Governor in the International organization, is a gratifying tribute to the local club. At the recent district assembly in Windsor, Ontario, attended by over 1,000 members, Lion J. S. Giles received the appointment as Governor for District A, which consists of 30 branches of the club in Quebec and Ontario. He succeeds Arthur Gaboury, K.C., of Hull, Que., in this office.

Now en route to the Lions International convention at San Francisco, Mr. Giles is also acting as official delegate from the Lachute branch. Two special rail coaches left Toronto on Monday, accommodating representatives from Eastern Canada on the transcontinental trip.

Officers Installed In I.O.O.F. Lodge

Three 25-year veteran's jewels were presented Saturday evening at the annual installation of officers in Laurentian Lodge I.O.O.F. The assembly took place at McArthur's Hall, with several Grand Lodge visitors in attendance. C. Vendito, Deputy Grand Master for District 1, inducted the local officers.

Those receiving 25-year jewels were — Bros. Leslie Morris, W. J. Bryant and Rev. S. J. Pike.

The officers were installed as follows:

N.G., Carl Demerse; V.G. Arnold Boyd; Sec., G. Demerse; Treas., W. J Deacon; R.S.N.G. W. K. McArthur, G.M.; L.S.N.G., John Connelly; R.S.V.G., J. Cunningham; L.S.V.G.; S. S. Campbell; Warden, D. Beers; Cond., Lawrence Bates; R.S.S., T. Izzard; L.S.S., H. Cunningham; I.G. Wm. McFaul; O.G., J. A. Campbell; Chaplain, Rev. S. Pike; J.P.G., N. J. Boyd.

Besides the officiating D.D.G.M., other visitors included — G. Sec. Geo. Laing; P.G.M. Roy Walker; D.D.G.M. (Dis. 2) G. Hinchcliffe, and P.C.P.A. A. Fennet.

A banquet was held following the lodge session.

Organized New Group Of Junior W. Inst.

Mrs. Geo. McGibbon, of Lachute, as supervisor of Junior Women's Institutes for the Q.W.I., made a motor trip this week in the interests of these junior groups — organizing a new Junior W. I. at Valcartier, Que., and also visiting two branches already established at Inverness and Richmond, Que.

Seasonal

FARM TOPICS

Edited by E. H. PETERS, B.S.A.

Effect of Science on The Modern Farm

An extensive study of the expenditures made by the Government of Canada on research and scientific activity is given in the latest issue of the "Agricultural Institute Review" by Frank Shefrin, Agricultural Economist, Dominion Department of Agriculture. Dealing with the ever-widening demand for scientific research in the conservation of natural resources, general economic conditions, standards of health, industrial development and other services which have now become the essential functions of a modern government, he says in part that research in agriculture has made a considerable contribution toward increasing the productive capacity of the farm economy.

Today, with the use of machines and science, the average Canadian farmer can work about 85 acres of improved land; in 1911 he was able to cultivate only 52 acres. Today, the farmer can get about 60 bushels of hybrid corn per acre, where previously he got only 50 bushels from standard varieties. Cows yielding 5,000 pounds of milk annually are average cows, as compared with less than 3,000-pound producers at the turn of the present century.

Virginia leaf-tobacco is grown in southern Ontario, where formerly sand had drifted on abandoned farms. Farmers who have been handicapped by short growing seasons, dry weather, rust, smut, and other hazards, have been given a fresh chance by the introduction of new plants, such as hybrid corn, Saunders wheat, crested wheat grass, and rust and smut-resistant oats.

Drainage and irrigation have brought much additional land under cultivation. New information on fertilizers and fertility practices has increased output on available land. Much of this research and related activities responsible for increased productive capacity of the farm were undertaken in the laboratories and on the Dominion Experimental Farms.

Artificial Insemination Centre in Quebec

The Hon. L. Barré, Minister of Agriculture, has announced that an Artificial Insemination Centre will soon be organized in the province.

Artificial insemination has some distinct advantages over natural breeding and has been successfully practiced on dairy cattle in Russia, Italy, United States, Denmark, England and in some sections of Canada.

The merit of artificial breeding and the farmers' desire to improve dairy herds, have determined the Department of Agriculture, through its Live Stock Board, to organize such a centre, using sires of different breeds.

Artificial insemination will be beneficial to high class dairy cattle breeders and will make possible the development of more herds of superior animals in Quebec within a few years.

Forced Moulting for Fall Egg Production

There are two advantages to forcing a moult in a flock: first; the entire flock can be put into a moult at one time; second; it rests the birds when desired by the flock owner, thus preventing a moult later when egg prices are higher. The best time to force moult the flock is during July and August when both egg production and egg size suffer from excessive heat, says J. D. McConachie, of the Poultry Department, Ontario Agricultural College.

Before a flock is moulted, it should be thoroughly culled. The birds should be put on range or allowed to run out if kept in the laying pens, and they should have access to plenty of green pasture. Under this system three-quarters of the grain and all the mash are both removed and the birds allowed plenty of water and grass. If, however, the flock cannot be allowed outside only the mash should be removed and one-half of the grain fed. The flock should be fed in this way until production ceases.

During July and up to the last week of August, hard grain only should be fed at the rate of about ten pounds daily to one-hundred birds. If mash is added too soon, the flock will come into production before they have had sufficient rest and the whole effort is wasted. During the last week of August, laying mash is given as required. After one week of mash feeding, while still on the range, the birds are placed in the laying quarters and fed for egg production.

Annual Clean-Up Of Laying Pens

The necessity of housing pullets every fall is a timely excuse for the annual clean-up of the laying pens. Now is the time to do it and be prepared for the fall housing time, says Professor J. F. Francis, Poultry Department, Ontario Agricultural College.

The results achieved over the last few years in the way of pullorum disease control have made many flock owners "sanitation conscious" throughout the entire housing period and is adding extra impetus to the thoroughness with which the annual clean-up is being done. It has also contributed much toward the eliminating of dirt floors in hen houses.

Cull the laying flock and dispose of birds not intended for next year's layers. Remove the good birds to other pens or on summer range for early moulting and then start the cleaning. Thoroughly clean the floors and all the pen equipment and sweep down the walls. If water under pressure is available, a much easier and more thorough job of cleaning may be accomplished. Otherwise it would be best to scrub the floors around the lower part of the walls with a broom, using a 3 per cent lye solution.

Allow a couple of weeks' time for the pens to dry and air before using again.

Remember efficiency in cleaning pays dividends as it is a most important factor in the control of disease.

Named Director

Donat Villeneuve, local Chief of Police, who attended the 16th annual convention of the Police and Fire Chiefs Association of Quebec, held at Joliette last week, was elected director of District No. 3 consisting of Berthier, Joliette, Terrebonne, Argenteuil and Two Mountains. Chief Wm. Desrochers, Brownsburg, also attended the conference, at which authoritative talks and demonstrations on fire and crime prevention were featured throughout the four days in session.

Well Known Resident Died at Mille Isles

The Late Mrs. John Noble

Mille Isles — The passing of Mrs. John Noble, after a lengthy illness which she bore with Christian patience, removes a well-known resident of this community. Her death occurred on Sunday, July 6, at her home.

The late Mrs. Noble was formerly Violet Elizabeth Woods. Born in Mille Isles on April 24, 1884, she spent her entire life in this community.

The funeral service was held in Christ Church, Mille Isles, and was conducted by the Rev. C. W. P. Baugh.

Left to mourn her passing are her loving husband and six children, Myrtle (Mrs. George Draper), of Mille Isles; Victor, of Verdun; Albert, of Ottawa; Matthew, Hazel and Lucinda, at home; one grandson, Douglas Noble; also four sisters and one brother — Mrs. John Tomalty, of Brownsburg; Mrs. John Ward, of Mille Isles; Mrs. Robert Knight, of Montreal; Mrs. Orlando Hodge, of Thomas' Gore; and Thomas Woods, of Mille Isles.

Many beautiful floral tributes bore silent testimony to the departed.

Interment was made in Mille Isles Cemetery. Those acting as pall-bearers were her nephews, Randolph Rogers, Garnet Woods, Albert Ward, Wilbert Knight, Lloyd Knight and James Ramsay.

Brick, Cement or Frame?

Regardless of the type of house you determine to build, we can furnish you with the proper material — all adapted to the use for which it is desired. Experienced builders have learned to look to us for the best at reasonable prices. You may profit by their experience, and ours, if you let us help you with your building plans.

Milk profits are bigger when she's free of insects

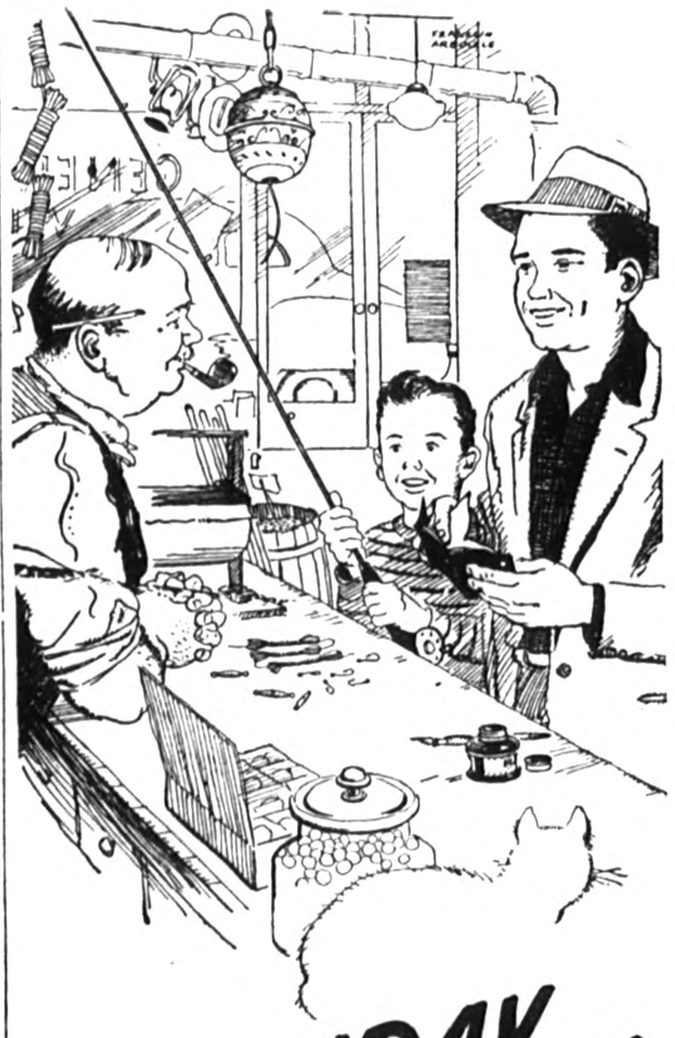

● Insect-ridden cattle can't do their best for you. So take the easy, safe, *sure* way to keep them free of insect pests! Morning and night at milking time, clear the air of flies in an instant with Shell Livestock Spray.

And for best results, spray it directly on the cattle too, before putting them out to pasture and again before bedding down. Repels insects 'round the clock *before* they bite. Yet Shell Livestock Spray is absolutely harmless to man and beast! Get a can from your dealer. $1.60 an Imperial gallon.

And use SHELL DDT BARN SPRAY at the height of the fly season for a long-lasting 'film of death'. Dries hard, stays put, won't blow away. Spray it on inside surfaces, manure piles — kill bugs *where they breed!* $2.25 an Imperial gallon.

SHELL LIVESTOCK SPRAY and DDT barn spray

HOLIDAY... without cash!

"Yes, that's right! We're having a really grand holiday . . . and I'm carrying hardly any money with me! Instead I use Traveller's Cheques which I bought from the bank . . . cashing them in a jiffy along the way at railway offices, hotels, gas stations, large stores and so on. If they are lost or stolen I get my money back."

"It's a great feeling to know I'm protected like this . . . gives me peace of mind and helps me relax and have a more enjoyable trip!"

Your bank is constantly issuing Travellers' Cheques, Letters of Credit, Money Orders, Bank Drafts. Other convenient services are also available to you.

The Royal Engagement

THE ENGAGEMENT of Princess Elizabeth to Lieut. Philip Mountbatten has been well received throughout the Empire and the world because it is true "love match", rather than a diplomatically arranged affair intended to join two Royal families. Lieut. Mountbatten, the former Prince Philip of Greece, is a British subject and a most acceptable consort for Britain's future queen. It will be the wish of all Canadians that the young couple will enjoy a life of happiness.

There is a controversy in Britain as to whether the wedding should be the cause for great celebration, or whether, conforming to the present austere living of the people, it should be a quiet and simple affair. Perhaps it would be well to make it a gala event. Britons would be able to forget some of their continuing "austerity" and revel in a spirit of rejoicing.

There have been reports that the couple might spend part of their honeymoon in Canada. We hope they will; a great welcome is assured them.

Let's Go to the Museum

AMONG RESIDENTS of Argenteuil who take pride in the County Museum at Carillon, it is felt that the recent organization of the Museums Association of Canada will give added impetus to museum work across the Dominion. This body, inaugurated at Quebec, will be represented at the United Nations Educational, Scientific and Cultural Organization, and Canada will thereby be more closely linked with an international group whose object is to facilitate the exchange of knowledge.

Man is looking for the solution to all kinds of problems. The study of the lives and arts of preceding races as represented in museum collections, can suggest answers to clarify today's efforts. There are 37 museums in Canada with full-time staffs. Extension courses, exhibitions, juvenile classes, visits to schools by museum experts, and mail information service — are among methods which effectively promote the purpose of some of Canada's larger museums. And probably the most important achievement is seen in the number of young Canadians who have made first-hand acquaintance with the stimulating potentialities of these great storehouses of the past.

Aid from the Air

LONG BEFORE the plague of locusts beset the Egyptians in Old Testament days, agriculturists struggled to obtain control over the pests of the field and garden.

Through the centuries the slow progress of developing poisons that would kill bugs yet leave the crops unharmed, was one of man's tedious experiments. The arduous, back-breaking job, bending over the tender plants, applying the poison, took up hours of labor. Then came the automatic sprayer.

To agriculturists in the late '80s the (to us) primitive sprayer was a godsend, and newspapers of the day prophesied "new vistas of production" would be within the grasp of all.

Following the First World War, another stride in the campaign against harmful insects was taken. Barnstorming airmen evolved the common spraying unit and flew over orchards and fields at dangerously low altitudes, leaving a billowing cloud of spray behind them to settle on the leaves and blossoms.

It was a dangerous program. The airplanes, designed for flight at "conservative" altitudes, flirted with gravity close to the ground, but the method of spraying was effective and fast. It was another weapon for victory in the age-old battle, probably the most effective up to that time.

The battle continues and a new adaption of the aerial weapon has been developed. . . Farmers have watched with interest the latest assault against harmful insects. The new weapon is a helicopter, evolved during the Second World War and it is apparently the most effective yet utilized. The 'copter, by its very design, safe for low flying, drives the spray onto the fields by its powerful rotor blades. The insecticide, forced by the powerful blades, strikes the ground and lodges on the underside of the leaves where it is most effective.

Those who have been watching these demonstrations are convinced the battle for effective spraying is almost won.

Wanted: A Convincing Ideology

MR. BEVIN makes no bones about what hinges on the Foreign Ministers Conference in London in November. This literally may be the world's last hope. And differences are so great that many think our only chance is for a "two-world peace" — the chance that East and West may possibly agree to differ.

This, however, is blindness to the fact that we are in an ideological age. An ideology is such passionate belief about a way of life that its adherents will not rest till the whole world adopts it. There can be no two-world ideologies.

If we do not want to bow before the Eastern ideology, therefore, or go to war again to defend our Western way of life, we must make some drastic changes in that way between now and November. We must develop a way of thinking and living that conquers other nations on ideological grounds. There can be "no comprise on principle" as Secretary of State Marshall emphatically says. But there may be some better principle. There may be an idea which other nations will like better than their own and which we, at the same time, like better too.

The problem is to find an idea that totalitarian powers agree is better for the State, and more controlled than State Control, while democracies agree it is freer and more enterprising than Free Enterprise. Inspired Enterprise under God Control is the obvious and only answer. If we ourselves start living under God's guidance to achieve "one-world" internally — that is, full agreement in our domestic, industrial and political affairs — there is still a chance that this will impress the Eastern world in November. We may show, in action, an idea that they like better than their own and thus achieve a one-world peace in London.

OUR LOCAL merchants can make available the finest merchandise that money can buy. It is our job to show the local merchants, through our steady patronage, that we depend on them for the many needs that arise in daily living. . . Of course, their availability, in some cases, may not be very well known and for that there is an answer — "It pays to advertise".

— Humbolt (Sask.) Journal

CANADA'S sweepstakes law is being publicly flouted. It is apparently not being enforced, or is unenforceable. It serves no good purpose. It should be changed.

— Kamloops Sentinel

What Is A Boy?

A recent selection defining the qualities of Boyhood drew several comments of appreciation from our readers. Another apt appraisal comes to our attention, from the "Trumbull Cheer", and is here quoted for the interest of parents who are everlastingly mystified—amazed—and nonplussed by their young hopefuls:

After a male baby has grown out of long clothes and triangles and has acquired pants, freckles, and so much dirt that relatives do not dare to kiss it between meals, it becomes a boy.

The world is so full of boys that it is impossible to touch off a firecracker, strike up a band, or pitch a ball game without collecting about a thousand of them.

Boys are not ornamental. They are useful. If it were not for boys the newspapers would go undelivered and unread, and a thousand picture shows would go bankrupt. Boys are useful in running errands. A boy can easily do the family errands with the aid of five or six adults. The zest with which a boy does an errand is equalled only by the speed of a turtle on a July day.

A boy is a natural spectator. He watches parades, fires, fights, ball games, automobiles, boats and airplanes with equal fervor. He will not watch the clock.

A boy is a piece of skin stretched over an appetite, and he eats only when awake. He is a growing animal of superlative promise, to be fed, watered and kept warm; a joy forever, a nuisance, the problem of our times, the hope of a nation. Every boy born is evidence that God is not yet discouraged of man.

A noise covered with smudges, he is called a tornado because he comes in at the most unexpected times, hits the most unexpected place and leaves everything a wreck behind him.

Boys faithfully imitate their Dads in spite of all efforts to teach them good manners.

Boys are not popular, except with their own parents, but they do have many fine qualities. You can absolutely rely on a boy if you know what to rely on.

Boys are very durable. A boy, if not washed too often and if kept in a cool, quiet place after each accident, will survive broken bones, hornets, swimming holes, fights and nine helpings of pie.

A boy loves to trade things. He will trade frogs, fishhooks, marbles, broken knives and snakes for anything that is priceless or worthless. When he grows up he will trade puppy love, energy, warts, bashfulness and a cast iron stomach for a bay window, pride, ambition, pretence, and a bald head — and will immediately begin to say that boys are not what they were in the good old days.

AMATEURS BUILD "BLUE HEAVEN"

Veterans' Project Success, Erect Homes for Others

Kingston, Ont. (CP)—Two Queen's University engineering students—both R.C.A.F. veterans — decided that "Blue Heaven" was for them and not just Bing Crosby, so they built one. Success of their venture was proven in a recent announcement that they intended to spend the summer holidays building another — only this one will carry a "for sale" placard.

Last April the two men, Harry Pyke of South Porcupine, Ont., and Raymond Desjardins of Kingston, met and whole-heartedly agreed that they were both paddling in the same boat. "I was living in one room and it was pretty small for three of us—myself, my wife and baby," said Desjardins.

"I was in one room, too — the 'gentleman only' type — and my wife and baby couldn't live in the city at all," added Pyke.

So the boys, rank amateurs though they were, built a two-storey, six-roomed house in one of Kingston's newest residential sections. Now they can live in comfort with their wives and families. Too, they can live within the veterans' allowance.

As for the total cost of the house, they said there is "no comparison" between it and the prices asked by builders. They don't reckon their labor, of course.

PLANT IRIS NOW, SAYS GARDEN EXPERT

Now is the best time to plant iris, according to Bob Keith, the CBC's "Ontario Gardener", who in a recent broadcast told his listeners all about setting out and cultivating this hardy garden plant. Mr. Keith, whose talks on horticulture are designed for amateur and advanced gardener alike, may be heard every Sunday over mid-eastern stations of the CBC Trans-Canada network, immediately following the weather forecast and "Neighborly News", at 10.03 a.m.

NO FOOLIN'

In the year of grace 1700, Parliament in England enacted this tasty bit of legislation: "That all women, of whatever age, rank, profession or degree: whether virgin, maid or widow, that shall from and after such act impose upon and betray into matrimony any of His Majesty's subjects, by means of scent, paints, cosmetic washes, artificial teeth, false hair, Spanish wool, iron stays, hoops or high heeled shoes shall incur the penalty of the law now in force against witchcraft and like misdemeanors, and that the marriage upon conviction shall stand null and void."

NEW MOUNT VERNON TRAILER

10 FEATURES

1. All steel, welded construction.
2. 2,000-lb. capacity.
3. Space for 6 side-rack stakes.

Know Quebec Better . . . .

The Outdoor Bread Oven *Photo by Associated Screen News*

Do you know Quebec? For example, do you know that the outdoor oven so familiar along our rural routes is unknown elsewhere in Canada? Built of clay or bricks, the oven is heated by a wood fire. Ashes are raked away and dough, mixed in the nearby farmhouse, is placed within by means of a long-handled "palette". Actually, the outdoor oven goes back to the early days when every seigneur was obliged to provide a mill for his tenants who, in turn, were required to have their grain ground in it. Modern methods have replaced the old ways. Otherwise, Quebec would not have reached her present state of development. Her people would not be able to take advantage of the rich natural resources of the Province. As a result, Quebec has had much to do with Canada's march to prominence in world affairs. Alongside the other provinces, Quebec will continue to build and to share in Canada's future greatness.

THIS IS YOUR QUEBEC

Population 3,500,000; Retail Trade $818,671,000 annually; gross value of products $2,333,303,012; area, 523,860 square miles; leading producer among the provinces of hydro-electric power, textiles, lumber, newsprint, footwear, processed tobacco, asbestos and aluminum. Truly, ours is a land of promise.

BE PROUD OF YOUR QUEBEC IT IS PART OF YOUR CANADA

Births, Marriages, Deaths and In Memoriam, etc., 50c; 5c per type line extra for verses with In Memoriam. . . Birth and Marriage notices accepted only from the persons concerned, or near relatives; also may be sent through regular correspondents.

BIRTHS

GRAHAM — At the Providence Hospital, Lachute, on July 11, 1947, to Mr. and Mrs. Melvin Graham (née Mildred Sly), a son.

HAMILTON — At the Providence Hospital, Lachute, on July 16, 1947, to Mr. and Mrs. William Hamilton (née Gwen Berry), a daughter. Both well.

HARDIE — At St. Mary's Hospital, on July 15, 1947, to Mr. and Mrs. G. K. Hardie (née Ruth Armstrong) a daughter, Elizabeth Ann.

DEATH

NOBLE — At her residence, Mille Isles, Que., on July 6, 1947, Violet Woods, beloved wife of John Noble, in her 64th year.

ACKNOWLEDGMENTS

BOA — The family of the late Andrew Boa wish to express sincere appreciation and thanks to their friends and neighbors, for expressions of sympathy and assistance in their recent sad bereavement.
(Omitted by error, July 10 issue)

DENSMORE — Mr. and Mrs. J. G. Densmore wish to thank all relatives and friends for kindness extended in their sad bereavement, in the loss of their brother, Wilfred.

MORRIS — Mrs. James Morris and son, Leslie Morris, express their gratitude for sympathy and kindness extended by friends in their recent bereavement.

NOBLE — Mr. John Noble and family wish to thank their many friends and relatives for their kind sympathy and floral offerings during their recent sad bereavement.

ROBERTSON — The Robertson and Belanger families desire to express their deep gratitude for flowers and kind sympathy extended in the loss of their brother, Archie.

IN MEMORIAM

BENNETT — In loving memory of our dear son, Borden, killed in action at Caen, July 25, 1944. — lovingly remembered by Father and Mother.

"Not lost to those who loved him,
Not dead, just gone before —
He still lives in our memories,
And will for evermore."

BENNETT — In fond and loving memory of our dear brother, Borden, killed in action with the Black Watch, July 25, 1944. — Always remembered by Lorna and Mildred.

"Sleep on, dear brother, in a soldier's grave,
Your life for your country you nobly gave,
No loved one near you to say goodbye,
But in God's keeping you safely lie."

CRUISE — In loving memory of Lloyd, who fell in the Battle of Caen, France, while serving in the Black Watch, July 25, 1944. — Mother and Edgar.

"We can't forget his smiling face,
His happy carefree ways
The smile that won so many friends
In those happy bygone days."

McRAE—In loving memory of a dear mother and grandmother who died July 20, 1942. — Always remembered by his daughter, Ihla, Earl and grandchildren.

"Though your smile is gone forever
And your hands we cannot touch,
We shall never lose sweet memories
Of the one we loved so much".

PARKES — In loving memory of Mr. James S. Parkes, who departed this life July 19, 1943. — Ever remembered by Wilma.

"To have you with us in the same old way
Would be our fondest wish today".

WARD — In loving memory of our dear son and brother, Pte. Russell, who was killed in France July 25, 1944. — Ever remembered by Mother, Dad, sisters and brothers.

"Always smiling, happy and content,
Loved and respected wherever he went,
Tears do not darken, nor shadows dim
The beautiful memories we have of him."

OBITUARY

Sterling Citizen Mourned at Cushing And Riverfront

The Late Geo. M. Nicholls

On the morning of July 11 there passed away one who has been a familiar figure in this county for the past many years — George Murray Nicholls, whose death occurred at the home of his daughter, Mrs. T. W. Weir, in Cushing at the advanced age of 88 years. Mr. Nicholls had been ill for a few weeks.

The late George M. Nicholls spent his early years at Staynerville, but had been a resident of the Front of Chatham since 1888, when he purchased the farm of the late Murdoch McKinnon and came with his young bride, the former Lucy Warwick of Mount Maple, to reside here. Their home was one of the chief centres of social life in the community, until they retired after 30 years of active life and made their home with their daughters, Mrs. H. Weir at Thorold and Mrs. T. W. Weir at Cushing.

Mr. Nicholls was known as a man who took a vital interest in the affairs of the country, a good neighbor, with a cheering word and a helping hand for all. There are but few of his own generation left in the community — but by those his passing is much regretted.

His devoted wife passed away seven years ago. He is survived by his son, Percy G. Nicholls, of Thorold, and two daughters, Mrs. H. Weir, of Thorold, and Mrs. T. W. Weir, of Cushing.

The deceased was the last surviving member of a family of three sons and seven daughters, children of the late Mr. and Mrs. William Nicholls of Staynerville.

The funeral was held on Sunday afternoon, July 13, service being conducted at the house by the Rev. Mr. Nickerson of St. Andrews East, in the presence of a very large gathering of old friends and neighbors. Interment was made in the family lot in St. Andrews Cemetery.

Those who attended from a distance were his son and grandson, Messrs. Percy and Gordon Nicholls, of Thorold, Ont.; Mrs. H. Weir, also of Thorold; his granddaughter, Mrs. R. Casement and little son, and Mr. Casement, Mr. R. Fitchett and Mr. Stalker, K.C., and Mrs. Stalker, all of Montreal.

A philosophy can be drawn up in words, but an ideology must be built up with people.

DISTRICT NEWS

Grenville

Mr. and Mrs. Ernest King, of Beaurepaire, Que., are spending two weeks' holidays with Mr. and Mrs. Allan McKay at Kilmar.

Miss Vivian Hoare has returned home after a two weeks' visit in Rosemount with her aunt and uncle, Mr. and Mrs. McAdam.

Miss Winona Gauley is visiting her uncle, Weymouth P. Gauley, at Greenfield Park for a few weeks.

Miss Lillian Steele is at home here with her mother during the school holiday season.

Mrs. Willie Cooke, of Ottawa, who spent several weeks with her cousins Mr. and Mrs. Reeves, returned home last week.

Mr. Willie Bradshaw and daughter visited Mrs. Champagne (his daughter, Kathleen) here last Sunday .

Friends were sorry to learn of the death of Mr. Jack Cooke, at Niagara Falls recently. Sympathy is extended to his wife and family.

Mrs. Russel Gauley and little daughter are spending a couple of weeks at Renfrew with her parents, Mr. and Mrs. McCullough.

Activities Among Church Groups at Arundel

(Our District Correspondent)

Arundel — A reception was held last Thursday evening for Mr. and Mrs. Fenton — Mr. Fenton having recently assumed the pastoral charge previously occupied by the Rev. A. E. Wilfong. A singsong was enjoyed and Mr. Bill Smart entertained the guests with songs. During the evening a pantry shower was presented to Mr. and Mrs. Fenton, by Mr. Homer Cooke. Mr. Fenton expressed warm appreciation, for both himself and Mrs. Fenton. Little David Heron presented the shower and Judith Ann Cooke presented a corsage to Mrs. Fenton.

• • •

The United Church Girls' Guild are holding an afternoon tea on the church grounds this Thursday, July 24, featuring home-cooking, white elephant and fancy work booths.

• • •

A service of special sacred music, conducted by Mr. Warner Norman, organist and choirmaster of St. James United Church, Montreal, was held in Arundel United Church on Sunday last. The music rendered was as follows:

Introit, "I will Arise" (Cecil).
Anthem, "God so loved the world" (Stainer).
Ladies' Trio, "Lift Thine Eyes" (from Elijah).
Anthem, "Seek ye the Lord" (Roberts).
Vesper, "God be in my Head" (Davies).

• • •

A successful lawn social was held on the United Church grounds recently, with booths for sale of handiwork and refreshments.

SOCIAL AND PERSONAL

Mr. and Mrs. Lloyd Parker, of Cartierville, left recently by plane for a trip to Edmonton, Alberta.

• • •

Mrs. E. Prasloski and daughter, Myrna, also her brother Donald Richardson, of Montreal, have been visiting at the home of Mr. and Mrs. J. A. Campbell, Dalesville.

• • •

Miss Joan Percival has arrived home after a pleasant visit with her grandparents, Mr. and Mrs. W. E. Percival, at St. Johns, Newfoundland.

• • •

Mrs. Michael M. Nason, of Verdun, spent the early part of this week visiting her parents, Mr. and Mrs. John Cunningham.

• • •

Mr. and Mrs. J. F. Gorman spent last week in Morin Heights.

• • •

Mr. and Mrs. Harold Fuller of North Battleford, Sask., spent a week visiting her brothers and sister, Messrs. Stewart and Arthur Campbell, of Lachute and Dalesville, and Mrs. James McKenzie of Lachute Road, also renewing many old acquaintances in this district.

• • •

Mr. and Mrs. James Stewart and Miss Betty Stewart, of Winnipeg, Man., are spending a few days as guests of Mr. and Mrs. Robert McRae, prior to leaving on an extended visit to Scotland, sailing from Montreal this Saturday.

Mrs. Randolph Rogers, of West Gore, returned home on Saturday from a pleasant visit with friends and relatives in the West.

• • •

Mr. and Mrs. Alfred Solway, of Montreal, were week-end guests of Mr. and Mrs. Hans Jacobsen.

• • •

Miss Roberta Melville, of Winnipeg, Man., is spending the summer with her aunt and uncle, Mr. and Mrs. James Melville, and will be returning to Winnipeg at the end of August.

• • •

Miss Ella Spriggs, R. N., has returned to Sidney Mines, N. S., after vacationing for the past month in Lachute as the guest of her parents, the Rev. and Mrs. G. T. Spriggs.

• • •

Mr. Jeffrey Peach, of Montreal, spent the week-end with Dr. and Mrs. R. Percival.

• • •

Mr. and Mrs. James B. Smith with their daughter, Miss Frances M. Smith and son Don, of Flint, Michigan, are spending this week visiting relatives in Lachute and vicinity.

• • •

Mr. and Mrs. Jack Davis returned home recently from an automobile trip to Nova Scotia and Prince Edward Island.

• • •

Miss Muriel Heslop and Miss Edith Coutes, of Toronto, were guests of Mr. and Mrs. Chas. Bedard on their return from a motor trip through the New England States.

• • •

Four Generations

Mr. and Mrs. Sidney Roberts and infant daughter, of Montreal, are vacationing at the home of Mr. and Mrs. Fred Roberts. The latter's parents, Mr. and Mrs. S. Vasey, are also guests for a summer visit — thus making four generations of the family. . . . Miss Bernice Roberts returned to the city Sunday following her vacation.

• • •

Baptism

The infant son of Mr. and Mrs. Anders Paulsen was baptized in Lachute United Church on Sunday morning, by the Rev. W. B. Rosborough; the child was given the names Richard Eric. Mr. and Mrs. Paulsen entertained many friends at dinner in honor of the occasion.

Miss Else Jacobsen returned home after spending two weeks' vacation in Toronto.

• • •

Engagement Announced

Mr. and Mrs. James B. Smith, of Flint, Michigan, announce the engagement of their younger daughter, Frances Margaret, to Robert J. Odette, youngest son of Mr. and Mrs. P[illegible]on Odette, of Clio, Michigan.

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Calumet

Miss Betty Benoit, of St. Lambert, spent a week visiting Mr. and Mrs. T. H. Foreman.

Mr. and Mrs. George Martin, of Montreal, have been spending two weeks' vacation with Mr. and Mrs. L. G. Martin.

Mrs. T. G. Foreman, who spent the last few months in Sherbrooke, has now returned home.

Mr. and Mrs. L. Lighthall and family were the guests of Mr. and Mrs. C. G. Foreman at "Four Winds".

Mr. and Mrs. Alf Mitchell and family, of Montreal, were week-end guests of Mrs. A. R. Robinson.

Mr. and Mrs. R. D. Mott, of Montreal, spent a week visiting at the home of Mr. and Mrs. H. Druce.

Mr. and Mrs. D. Corrigo and baby son, John, of Montreal, were week-end guests of the latter's sister, Miss R. Bevan — Mrs. Corrigo and John remaining for a few weeks.

Mr. and Mrs. G. B. Murphy entertained at a picnic supper; out-of-town guests were Mr. and Mrs. James Druce, of Hawkesbury, and Miss Betty Benoit, of St. Lambert.

Mrs. R. Black and Mr. John Black, of Brownsburg, and Mr. and Mrs. M. Murphy, of Toronto, were recent guests of Mr. and Mrs. J. Mahon.

Cushing

Mr. and Mrs. E. Croll, also Mr. and Mrs. D. Croll, of Hudson, were Sunday guests of Mr. and Mrs. I. H. Fuller.

Miss Eva Smith, of Ottawa, is spending two weeks at "Cedar Ridge," the guest of Mr. and Mrs. S. Longmore. . . Mr. and Mrs. W. Baker and Mr. and Mrs. Howard Baker, of Montreal, were week-end guests.

Mr. W. Smith and Mr. W. Godwin, of Montreal, were week-enders at "Glenelen".

The Misses May and Isabel Ross, of Kingston, are guests of Mrs. W. Y. King at "Ingleside".

Mr. and Mrs. Andrew Fraser, of Ottawa, were guests for a week at the home of Mr. and Mrs. W. H. Canning.

St. Mungo's Church annual summer social is being held Saturday night of this week at the Stone Hall, Cushing.

Mrs. A. Graham returned home Monday night from a visit to her daughter, Mrs. J. C. Dougall, also having spent several days in Ormstown, the guest of Miss M. McNeil.

Mrs. S. H. Beecher and daughter, Marjorie, also Mrs. J. L. Maw, are occupying "Lilac Lodge" this week.

The congratulations of this community are extended to Mr. and Mrs. Keith Winchell, of Pointe Claire, on their recent marriage.

Another summer cottage is about to be erected, by Mr. Pitt, of Montreal, in the vicinity of Mr. H. V. Elliott's home.

Miss A. McDowell, of Montreal, entertained a party of young friends over the week-end at "Glenifer" Cottage.

The Rev. G. Moore, of Musgrovetown, Nfld., is stationed in the St. Mungo's charge and preached his first sermon on Sundey.

Mrs. A. Robillard, of Port Arthur, accompanied by Mr. and Mrs. Ernest Copeland and family, of Lachute, were guests of Mr. and Mrs. W. H. Canning. Mr. Geo. Drew, of Montreal, was a week-end guest at the Canning home, and Mrs. Stella Campbell and daughter, Geraldine, of Hawkesbury, were Saturday guests.

Mr. and Mrs. N. Blore, Verdun, accompanied by Mrs. R. Graham, of Lachute, were guests of Mr. and Mrs. A. Graham on Tuesday.

Morin Heights

Mr. and Mrs. H. Bennett and Miss Lois Bennett visited friends here recently.

Miss Doris Watson, of Ste. Anne de Bellevue Military Hospital, spent the week-end with her parents, Mr. and Mrs. W. Forsythe.

Mr. and Mrs. Victor McCullough and children were recent guests of Mr. and Mrs. J. McCullough.

The Ladies' Guild of Trinity Church are holding a bazaar on Thursday, July 24, in Watchorn's Hall.

Christening

The infant son of Major and Mrs. Chas. Campbell was christened in the Morin Heights United Church recently, the Rev. S. Rowe officiating. The child was named Duncan Scott. Mr. and Mrs. Roy Campbell were the godparents. About 30 guests were present; those from out of town included—Mr. and Mrs. W. Horwood and son Graham, Mr. and Mrs. Whitton, Mr. and Mrs. R. Campbell, and Mr. and Mrs. R. Hulley and son Garth, all of Montreal, also Mr. and Mrs. Frank Scott, of Lachute. Supper was served afterwards at the home of Mayor and Mrs. Campbell.

Arundel

Mr. and Mrs. Alex Johnson and daughter, Joan, were the recent guests of Mr. and Mrs. Johnson, Bevan Lake.

Mr. and Mrs. Stuart are occupying their new home, and have as their guest Mrs. Wilcox.

Mr. and Mrs. Wm. Kydd, of Potsdam, N. Y., and Mr. and Mrs. A. Smith, of Boston, Mass., are visiting friends and relatives here.

Mr. Warner Norman and Miss M. Allingham, of Montreal, are guests of Mr. Norman's mother for the month of July.

Mrs. Buckham, of Edmonton, Alta., is paying an extended visit to Mrs. J. Alexander. . . Mr. Goldthorpe, Mr. Fred Griffith and Miss Lila Dobie were the week-end guests of Mrs. Alexander.

We regret to report two of our residents, Mrs. W. D. Graham and Mr. Stuart, are in hospital in Montreal. We wish them a speedy recovery.

Mr. and Mrs. J. Gilfillan are guests of Mr. and Mrs. H. Cooke, Barkmere.

Mrs. T. Sykes has returned to Montreal after spending two weeks with her sister, Mrs. Douglas Cooke. She was accompanied by her daughter Gail and son Ross.

Mr. Jack Gilfillan was the week-end guest of Mr. and Mrs. Douglas Cooke.

Mrs. R. Beers and daughter, of Sherbrooke, are guests of Mr. and Mrs. Roy Cooke.

Mrs. Brewer and daughter are guests of Mrs. H. Kerr.

Mr. Stanley Cooke was the week-end guest of his parents, Mr. and Mrs. Hugh Cooke.

Mr. Leslie May is spending two weeks' vacation with his mother, Mrs. J. May.

Mrs. George Cooke has sold her cottage to Mrs. Young, of Montreal, and has left to take up permanent residence in New York. . . . Mrs. Young occupied her cottage over the week-end and her son, Mr. George Young, accompanied by his wife and young daughter, will be her guest for a week.

Rouge Valley Branch of the Canadian Legion is holding a "jam session" and corn roast Saturday evening, July 26, at Morrison's beach, Bevan Lake. Plan to attend, and support the boys; no admission fee.

Mr. and Mrs. Delmar Cooke have returned from a two weeks' vacation and will reside permanently in Arundel. They visited Mr. Cooke's sister Mrs. C. H. McIntosh (the former Ruby Cooke) in Spencerville, Ont., and Mrs. Ernest Sally (formerly Hazel Cooke), in Ottawa.

Miss Margaret Cooke spent the week-end with her mother, Mrs. I. Norman.

Dr. R. Ward and family spent the week-end as guests of Mrs. J. May.

Mr. and Mrs. Foster Bennett, of Sudbury, are the guests of Mr. and Mrs. Sydney Bennett.

Grenville North

Mrs. J. R. Cooke, of Netherhill, Sask., who has been renewing old acquaintances here, is now in Huntingdon, Que., the guest of Mrs. Corl Cooke.

Mrs. Douglas Johnstone and daughters, of Montreal, spent a few days recently at the home of Mr. James Stewart.

Miss Margaret Tyrill, of Montreal, was a visitor at the home of Mrs. Walter Gauley recently — being accompanied by Mr. Gordon Matthews, of Kilmar.

Friends of Mrs. Carl Paige are pleased to note that she is much improved in health and trust she will soon be with her family once more.

12th of July Celebration

The annual Orange picnic was held in James Stewart's grove on July 12 . . . Owing to the ill health of Mr. Stewart and his inability to attend the celebration, Constable Howard Jones called at his house and presented a bouquet of roses, with best wishes for a speedy recovery from the officers and members of L.O.L. 58. Many of Mr. Stewart's relatives, friends, and members of the L.O.L. and L.O.B.A., also called and extended good wishes. Piper H. Patterson, from Montreal was among those who called at the home; he played several selections, which Mr. Stewart greatly enjoyed.

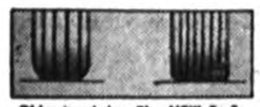

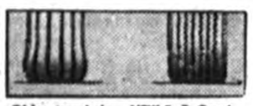

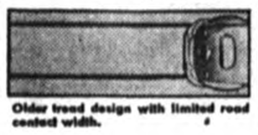

Among other visitors at Mr. Stewart's on July 12 were his sister-in-law, Mrs. George Angel, and niece, Mrs. Wm. Morrison, from Pennsylvania, U.S.A.

NEVER BEFORE HAS THERE BEEN A TIRE LIKE THIS

Older tread designs are curved—only part of the tread is in contact with the road. This design limits the gripping power of your tires.
The NEW B. F. Goodrich tread design is FLAT . . . road-level. The entire width of the tread grips the road. That means greater safety—and better wear!

Older tread design under a normal load of five average people. Note the sidewall flexing . . . which causes friction heat, sidewall-breaks and blow-outs.
NEW B. F. Goodrich tire under a similar load. The FLAT tread and stronger sidewalls reduce flexing . . . give you greater safety and longer mileage!

Older tread design with limited road contact width.

NEW B. F. Goodrich Flat Tread has greater road-gripping area. You stop faster . . . with your car under better control!
Here is a completely new and different tire. It's made of a new kind of rubber. It's designed differently! Engineered differently! Built differently . . . to give you the longest mileage and greatest safety on the road today!
Look at that newly-designed, massive tread. It's FLAT. Hugs the road. Gives you surer, safer stops and starts. Look at the newly-engineered, mighty-muscled tire body. New cord construction makes it 35 per cent stronger. And those stronger sidewalls, coupled with the flat tread, reduce road flexing. This tire runs cooler!
21 MILLION bruising test miles have proved this great NEW B. F. Goodrich tire will outwear the finest pre-war tires. It's the longest-mileage tire ever built by B. F. Goodrich.
THIS is the tire you want for post-war motoring. It's rugged, road-eager . . . quiet as your shadow. See your local B. F. Goodrich dealer. Ask for this great NEW tire—today!

B. F. Goodrich Batteries
For extra stamina, dependability and long life—choose a B. F. Goodrich Battery! Every model is super-charged . . . over-capacity . . . packed with rugged power to meet today's heavy needs. Your local B. F. Goodrich dealer has the right battery for your car, truck, bus, tractor or radio. See him today!

Women's Interests

Summer Sweets

There is no doubt that fresh fruit is the right dessert for many summer meals. From the first strawberries until the late peaches and grapes, each fruit has its turn of popularity.

It is often an advantage to have a simple gelatine, custard or cornstarch dessert made in the early morning and put away in a cool place ready to serve for dinner or supper.

A plain custard sauce well chilled makes an excellent accompaniment to fresh fruit in place of cream or the idea in reverse is baked custard with fresh fruit sauce.

The home economists of the Consumer Section say that there are several points to be stressed in making custards. Too much heat curdles either baked or boiled custards so soft custards should be cooked over boiling water, stirred constantly and removed as soon as the mixture coats the spoon. Baked custards are always set in a pan of hot water or poached for the same reason to keep the heat moderate.

Here are several excellent recipes for simple summer desserts:

Cereal Custard

2 Cups cooked cereal, 2 cups milk, 2 tablespoons molasses, ¼ cup sugar, 2 eggs, ¼ teaspoon nutmeg.

Mix cereal, milk, molasses and sugar. Add beaten eggs and nutmeg. Mix well, pour into a pan of hot water and oven-poach in a moderately slow oven 325°F. for 30 minutes. Chill and serve with fresh fruit. Six servings.

Chocolate Spanish Cream

1½ Tablespoons granulated gelatine, ¼ cup cold water, 3 egg yolks, ¼ teaspoon salt, 2¾ cups milk, 1½ ounces unsweetened chocolate (1½ squares), 1 teaspoon vanilla, 3 egg whites, ½ cup sugar.

Soak gelatine in cold water. Make a custard of egg yolks, salt and milk, melting chocolate in milk. Cook in top of double boiler, stirring constantly, until mixture coats the spoon. Dissolve gelatine in hot mixture. Cool and add flavouring. When mixture begins to thicken, fold in meringue made by adding the sugar to the stiffly beaten egg whites. Turn into moulds and chill. Six servings.

Fruit Floating Island

1 Cup fresh or drained canned fruit (diced), 1½ cups milk, 3 egg yolks, 3 tablespoons sugar, dash of salt, ½ teaspoon vanilla.

Meringue—3 egg whites, 3 tablespoons sugar, dash of salt.

Arrange fruit in six individual serving dishes. Scald milk in double boiler. Beat egg yolks slightly, add sugar and salt. Add a little of the hot milk to the egg mixture, then combine with the remaining milk in double boiler. Cook, stirring constantly, until the custard coats the spoon, about 2 minutes. Remove from heat, add vanilla and pour mixture over fruit. Add salt to egg whites and beat until stiff but not dry. Gradually beat in the sugar. Half-fill a baking dish with boiling water. Float the meringue in six mounds on the hot water, cover closely and let stand at room temperature for 20 minutes or bake in a moderately slow oven, 325°F., until lightly browned about 12 to 15 minutes. Lift meringues from water and place one on each custard. Six servings.

Borden's Ice Cream

Marriage of Interest In Verdun Church

Thompson-Menary

The marriage of Miss Margaret Menary, daughter of Mr. and Mrs. Thomas Menary, of Verdun, Que., to Mr. Ralph Thompson, son of Mr. and Mrs. James R. Thompson, of Lakefield, Que., took place at two o'clock on Saturday, July 12, at the Church of St. John the Divine, Verdun. The Rev. K. C. Bolton officiated. While the bridal party signed the register Mrs. K. Parsons sang "I'll Walk Beside You".

Given in marriage by her father, the bride wore a gown of white taffeta fashioned with a fitted bodice and a full, heavily netted skirt. Her white mittens matched her fingertip veil of tulle illusion, which was held by a sweetheart cap. The bride carried a bouquet of pink carnations and baby's breath.

She was attended by her sister, Miss Hilda Menary, as maid of honor, Miss Dorothy Jubin and Miss Emma Thompson, sister of the groom, as bridesmaids. They wore pink, blue and yellow floor-length gowns with matching accessories and they carried bouquets of pink and tea roses.

The best man was Mr. Melvin Silverson, of Montreal, while the ushers were Mr. Russell Thompson, brother of the groom, and Mr. Arthur Orford, of Montreal.

Mrs. Menary, the bride's mother, wore a dress of grey crepe with fuchsia accessories and a corsage of American Beauty roses.

Mrs. Thompson, the groom's mother, wore a turquoise blue dress with white accessories and a corsage of pink roses.

Following the reception, which was held in the vice-regal suite of the Ritz Carlton Hotel, Mr. and Mrs. R. Thompson left for their wedding trip. The bride travelled in a summer suit of pale yellow linen with white accessories and a corsage of white carnations.

"BRIDES' HOSTEL" CLOSES IN HALIFAX

Salvation Army Centre Ends Three Years of Service to Newcomers

Halifax (CP) — Conductors of a "comforting kind of ministry" hung a "for rent" sign in the window of their Halifax headquarters recently and ended three years of service to newcomers from overseas.

The last war bride has departed to join her husband and the last echo of an infant's wail has died away from the Salvation Army's rehabilitation centre.

Major and Mrs. Charles Lynch, who operated what came to be known as "Brides' Hostel" wouldn't hazard a guess as to how many brides and babies found refuge in the centre, but they did know that they supplied 15,000 people with beds and served 28,044 free meals. Many of the guests remained in the 20-room hostel more than one night.

But now Major and Mrs. Lynch have ended their task in Halifax and have pushed on to Montreal, where they will continue their work.

Couple Celebrate Golden Wedding

Montreal — Mr. and Mrs. Jos. C. Hewlett, of 7009 Champagneur Ave. (who have numerous relatives and friends in these parts) were entertained by their family at a reception recently in the Rialto Hall, in celebration of their golden wedding. The couple were married in Ottawa and have lived 48 years in Montreal. They have 10 children and 18 grandchildren.

Mr. Hewlett is a veteran of World War I. Their eldest son Charles served in both wars. Mrs. Hewlett is a Past Worshipful Mistress of the L.O.B.A., she has been secretary in her lodge for some years and is keenly interested in Orange activities. She is also a Past President of Ypres Branch 53 Canadian Legion Auxiliary and past vice-president of the Provincial Command. She was recently awarded the Legion medal of merit. . . Mr. and Mrs. Hewlett are members of Fairmount-St. Giles United Church.

He that voluntarily continues in ignorance is guilty of all the crimes which ignorance produces.
— Samuel Johnson

Delicious CRUMB COFFEE CAKE

Recipe

Add 1 envelope Royal Fast Rising Dry Yeast and 1 teaspoon sugar to ½ cup lukewarm water, stir and let stand 10 minutes. Scald ½ cup milk, add 3 tablespoons shortening, ½ cup sugar and ½ teaspoon salt; cool to lukewarm. Add 1 cup sifted flour to make a batter. Add yeast mixture and 1 beaten egg. Beat well. Add 2½ cups sifted flour, or enough to make a soft dough. Knead lightly; place in greased bowl. Cover; set in warm place, free from draft. Let rise until doubled in bulk, about 2 hours. Roll out dough to ½" thickness and place in greased shallow pan. Let rise in warm place, free from draft, until light, about 1½ hours. Prick top with fork and brush with 3 tablespoons melted shortening. Cream 3 tablespoons butter or shortening, add 3 tablespoons sugar gradually, mixing well. Add ½ cup sifted flour, ½ cup dry, fine cake or bread crumbs, and ½ teaspoon cinnamon; stir until well mixed and crumbly. Sprinkle on top of cake. Let rise again in warm place about ½ hour. Bake in moderate oven at 400°F. about 20 minutes.

Demonstration of Jeep Farm Equipment At Macdonald College

First showing of the Jeep hydraulic farm equipment was given recently at Macdonald College, where several new techniques in farming were demonstrated.

Motive power for this new equipment is the Jeep, now equipped with a hydraulic lift, and with it any number of manuractured pieces of agricultural equipment can be attached and worked efficiently. Demonstrations were made with plows, cultivators, furrowers, disc harrows and spring-tooth harrows. It was pointed out that the peacetime Jeep is easily equipped with the hydraulic hoist attachment, which does not in any way detract from its performance as a practical four-purpose vehicle.

Highlight of the demonstration was a double-furrow plow which throws to the left, instead of the orthodox right — making it much easier to guide the plow, as the operator can gauge his distance from the near or left side without having to stretch across the machine to peer at his right wheel. This plow is hydraulically operated from the driver's seat, and also has a control for depth of the bite into the ground. . . . During the demonstration three Jeeps, each equipped with a different farm implement, were seen on the job at one time. On one test, the machine averaged six miles per hour with a double-furrow plow built with a 12-inch bottom and 12-inch throw.

Professors J. H. Cooper, L. G. Heimpel, N. Nussey and A. C. Malloch of the Macdonald College staff viewed the performance.

Marcel Lanctot, agent for the Willys Jeeps in this community, attended the demonstration to see just how this type of equipment could be used on the farms of this district. He states he will be glad to give more details to those interested.

Employment

WANTED — married man to work on dairy farm. Permanent position for experienced person. Comfortable house. State salary expected. — Box 5, Arundel, Que.

Women's Inst. Branches Report Meetings for July

Dog Days of Summer Find Women's Groups Active Throughout County

Arundel Women's Institute meeting was attended by 22 members and 16 guests. A letter had been sent to the Central School Board requesting hot lunches for scholars in wintertime, also that the Arundel School be raised to the status of a High School. A favorable reply was received. A "military whist" party realized $27.80. Three quilts were raffled, clearing the sum of $45. A "birthday box" also yielded $10.35. It was decided to donate $10 to the school to help defray the cost of a movie projector. A letter was sent to Mr. Georges H. Héon, K.C., M.P., requesting that calcium be spread on local roads. Through the courtesy of the Bell Telephone, under the direction of Mr. Frank Shaughnessy and Mr. Lawes three instructive pictures were shown, "The Farmer's Telephone", "The Bell Telephone Broadcasting Hour", and a colored animated cartoon entitled "The Party Line".

Frontier held a well attended and interesting picnic meeting with sports for young and old, and prizes awarded. A report of the provincial convention was heard, and a resolution was passed to continue sending "personal parcels" overseas. An account of Fair work also given.

Jerusalem-Bethany meeting took the form of social afternoon. A report of the provincial convention was heard, and two contests held. This branch was pleased to have Mrs. A. MacEwan, of Scotland, who told of the Institutes in her country. Miss Leishman, on behalf of the members, presented Mrs. MacEwan with a remembrance gift.

At Lakefield, a well attended meeting was held at which a report of the provincial convention was given. A cut glass bowl was donated by Mrs. Kyle to be raffled. A "pocket apron" was passed along to other members. It was decided to send a parcel to Holland.

At Pioneer branch, the roll-call was, "The greatest change in the community since I was a girl". The provincial convention was reported on by Mrs. Bazinet. Prizes were given to the oldest and the youngest grandmother in the branch. Plans were made for a lawn social. A report by the Home Economics convener was given on the Fair Exhibit, and a paper was read by Mrs. L. M. Hooker, "The Throne and Canada".

Lachute Citizen Suddenly Stricken

The Late Emile Pariseau

The death of a well known citizen, Emile Pariseau, occurred suddenly in the early hours of Saturday morning. In good health and still active in business, he was stricken only 15 minutes before his death.

Mr. Pariseau was the first to open the Quebec Liquor Commission store in Lachute, and remained with the branch over 20 years.

He is mourned by his wife; two sons, Paul E. P., of Lachute, and John, of Brownsburg; one daughter, Mrs. J. W. Lepine, of Masson, Que., and six grandchildren. He is survived also by his two brothers, Hector, of Brownsburg, and Stanislas, of Hull, Que.

12 Injured in Autobus Mishap

Twelve persons were injured, none of them seriously, when a Plage Laval Provincial Transport Company autobus was forced off the dark, rain-swept No. 8 Highway one mile this side of St. Martin in the early hours of Monday morning. The autobus struck a soft shoulder, skidded 75 feet, grazed a tree and toppled over on its side. It was carrying 60 persons on their way back to Montreal and was driven by Maurice St. Jean; the driver was not injured. St. Jean told police he was forced from the road when an automobile attempted to pass in front of an oncoming autobus.

MEND OWN ROADS

Boharm, Sask (CP) — Farmers and villagers of this south-central Saskatchewan district, about 10 miles west of Moose Jaw organized a Road Gravelling Association using 15 trucks, tractors and scrapers. Gasoline and oil expenses were paid by two village merchants.

WANTS NATIONAL LIBRARY

Vancouver (CP) — Elizabeth H. Morton, executive member of the Canadian Library Association, said in an interview here that Canada needs a national library. She said Canadian students frequently go abroad to get the type of knowledge they want about the early days of the Dominion.

Many at Funeral Of Well Known Business Man

Photo by A. M. Hardy

JAMES RALPH McOUAT

The funeral of J. Ralph McOuat, well known Lachute business man, was held last Sunday afternoon from the United Church, attended by relatives and friends representing the entire rural and town community — besides many from Montreal and the Townships. Mr. McOuat died at his home in the East Ward last Thursday night, in his 63rd year.

He was a native of this community. Born March 31, 1885, at Maple Grove, Brownsburg, the son of the late James Andrew McOuat, he spent his early life here. Later he moved to the west, farming in the Province of Saskatchewan. He then returned east to operate a farm and mill-feed business in Ormstown, where he became widely known; and as an authority on cattle and horses, his services were in demand as a livestock judge at the Ormstown Exhibition.

Returning to Lachute in 1936 he established the Farmers' Supply Company, of which he was proprietor at the time of his death. He was a member of the United Church and of the Argenteuil Masonic Lodge.

The late James Ralph McOuat is survived by his wife, the former Mary Edith Cottingham; two sons, James Dudderidge and Colin Cottingham, both of Lachute; three brothers, Erskine, Brownsburg, Stewart, Vancouver, B. C., and Campbell, Cowansville; two sisters, Miss Margaret McOuat, Brownsburg, and Mrs. Gavin Walker, Vancouver, B.C.

The funeral was conducted by the Rev. W. B. Rosborough; the large attendance, and the many floral tributes, bore evidence of the friendship he enjoyed in this community and elsewhere. Rites of the Masonic Order were conducted at the graveside in Lachute Cemetery.

Honorary pall-bearers were — Dr. A. Stalker, Earl Forester, George Elliott, of Ormstown; Gilbert McMillan, of Huntingdon; George Verner, Town of Mount Royal; C. D. Newsome, of Verdun; Arthur Bell and J. J. Pagé, of Montreal.

To Attend Regional Chamber of Commerce Conference at Levis

Five members of the local Chamber of Chamber leave Friday to attend the provincial congress of Quebec Chambers of Commerce, a three-day gathering at Levis, Que. Those taking part from Lachute are — Messrs. Bertrand L'Heureux (president), Jean-B. Menard, Andre Lefebvre, Laurent Lamarche and Robert Marcil.

LILLIPUTIAN THRESHER

Edmonton (CP) — A working scale model of a steam threshing outfit has been constructed as a spare time hobby by Albert Loblick, blacksmith. The engine and threshing machine together weigh about 60 pounds. In the engine alone there are more than 500 tiny parts.

10 Years Chairman Of Catholic School Commissioners

Dr. Alex Rodrigue, chairman of the Lachute Catholic School Commission, retired this month after 10 years in that officee and a total of 12 years on the board. He succeeded the late Arthur Larocque as a Commissioner in 1935, but long before that time took active interest in Catholic education. During his chairmanship two school building projects have been undertaken — the St. Alexandre day-school in 1937, an adjunct to the Convent and named in his honor; also the substantial addition to St. Julien School, in 1944.

Dr. Rodrique recalls that, before this time, the imposing St. Viateur College was erected to serve the Lachute Catholic Parish; but subsequently, in 1915, the town was divided into two separate parishes, Ste. Anastasie and St. Julien.

At the expiry of Dr. Rodrique's term this month H. G. Beaulieu was elected by acclamation to fill the vacancy. Also, Fernand Legault, B.A.,LL.B., was appointed to fill the unexpired term of Commissioner Henri St. Onge — Mr. Legault being subsequently named as chairman.

The remaining members of the board are Henri Trichard, Henri Ledoux and Emmanuel Laurin.

Last Rites for B'burg Veteran Held in Mont'l

The Late Thomas Wilkes

Brownsburg — The funeral of the late Thos. Wilkes, of Brownsburg, took place at the George Armstrong Funeral Parlors in Montreal on July 23, interment being made in the Mount Royal Cemetery. The service was conducted by Rev. Murray, chaplain of the Montreal Military Hospital, assisted by S. W. Moncrieff, president of Branch No. 71 of the Canadian Legion, Brownsburg.

Those attending from Brownsburg included Mr. Ed. Wilkes, brother of the deceased, Mr. and Mrs. S. J. Thompson, Mrs. G. Thompson, Mr. S. W. Moncrieff, Messrs. J. J. Seary and D. A. Graham, acting as color-bearers, Mr. E. Parisien, who sounded the Last Post, and Mr. R. Taylor, who placed the wreath for the Branch. Mr. G. E. Blackwell, representative of the D.V.A., was also in attendance.

Cubs to the Rescue

Blithely abandoned by the young school gardeners who dug and sowed with early-season gusto, the community plot on Barron Ave. was taken over this week by Cubmaster Quentin James and his local pack. It is proposed to use the ground for proficiency tests, for the Scouts' and Cubs' "Gardener's Badge" — and meanwhile, passers-by are glad to see the plot cleared of weeds and giving promise of a good crop.

"WHOA" WON'T WORK

Regina (CP) — Some farmers find the switch from horses to tractors difficult. John Werberski drove up to a granary and shouted "whoa" when he intended to stop. The tractor went through both sides of the granary.

IN BROWNSBURG

Specially Contributed

Sidewalks

The local council is going all out to complete the laying of sidewalks on all the principal streets. A great part of the work is completed, in fact a great part of the town had sidewalks laid out last year — laid out under several feet of snow during the winter months! Sidewalks are put down at the expense of the owner of the property which they front, and are then taken over by the council to be maintained. Maintenance should include removing the snow during the winter months.

• • •

Telephone Service

An extension to the telephone exchange here is rapidly nearing completion. The building has now been erected and the equipment should be installed within a short time. During the completing of this additional facility — and indeed for some time prior to it — service has been at times poor and defective. It is hoped that, with the increased capacity, an increase of trouble-free service will be noted.

• • •

Thirsty Travelers

A petition to have the taverns and grills of this locality closed on the Sabbath Day is being circulated for signature, and evidently meeting with widespread approval. Warm encouragement was voiced from the various pulpits on Sunday last in launching the campaign, and during the week a ladies' association visited the houses to obtain signatures for presentation to the Council, who evidently are the governing authorities in deciding the closure.

• • •

Wartime Housing

The tenants' association, formed to conduct the purchase of Wartime Houses in this locality, has received a communication from the Acting Leader of the Federal Government, the Rt. Hon. Ian MacKenzie, defining the conditions of structure the houses must contain before sale can be effected. Further negotiations are in progress.

• • •

Scarlet Fever

A mild cycle of scarlet fever has been reported here, mostly among children. Some families were placed in isolation as a precaution against spread of infection. Warning to treat every suspicious symptom at this season as though it were "Polio", comes from health authorities at the national capital. Stomach flu', "summer complaint", dysentery or any infection of the bowels, may predispose to Infantile Paralysis.

If any suspicious symptoms are encountered, and whenever in doubt, the official advice is "Call your family doctor at once." It is better to be safe than sorry.

• • •

Health Note

In warm weather the human body may need less food for fuel, but it requires more "lubrication". And experts point out that the body is "water-cooled". If allowed to run dry, it may "knock".

If people prefer drinks, as well as other things, "sugar-coated", the health people suggest that there is a variety as well as spice in fruit juices. These may be chilled, but should not be diluted with too much ice.

British Medical Students Protest

Masked and gowned, British medical students paraded outside Albert Hall in London recently, with placards protesting the government's health bill and its provisions for a state medical service. Watching them in disapproval were some of the 7,000 women who gathered at the hall for a rally protesting shopping lines and commodity food shortages.

Wartime Service Of Women's Inst. Under Review

A splendid record of war work was revealed in the report given by Mrs. H. Ellard, former War Services Convener, at the recent convention of the Quebec Women's Institutes. The convenership has now been dropped and this was the final and over-all picture of what has been accomplished during the six years of conflict.

With a membership, at that time, of less than 2,000, the total of $30,884.84 was raised for the various war services. 84,147 articles of knitting and sewing for the Red Cross, besides a large quantity of layettes, blankets, quilts, afghans and pillows, were other highlights of this report. Blood clinics sponsored, approximately 3,000 boxes sent to soldiers overseas, and 1,734 ditty bags filled for the Navy League, were other outstanding items noted, as well as full assistance to all other worthy causes.

Personal parcels sent to England and support for "Save the Children" are present activities of the Quebec Women's Institutes.

Leaves on Holiday Cruise

Leaving Friday on a two weeks' cruise to the Thousand Islands and Kingston (via the Soulanges Canal, returning by the Rideau Canal and Ottawa) Aimé Trudel, west-end tradesman, will thus combine relaxation with his favorite pastime, sailing the Ottawa and St. Lawrence waterways. He will be accompanied by his wife and two-year-old daughter. . . . Above, photographed at La Baie, St. Andrews East, is the 30-foot cabin launch equipped with a 5½ h.p. outboard motor and full sail. The craft was built by Mr. Trudel at his workshop, using local plywood in its construction.

Drowning Occurs At Lake Louisa Summer Resort

Fernand Pomminville, a transport driver for Boyd's Lachute Express Ltd., was the victim of a drowning accident at Lake Louisa Sunday evening — this occurrence marring an otherwise happy gathering of Company employees and their families, at the summer cottage of Nat W. Boyd, the president.

The young man, 27-year-old son of Emile Pomminville, Wilson Street, Lachute Mills, had been swimming during the afternoon. At 8.30 p.m. he jumped from the wharf for a final dip in the lake. Coroner Jules Lafleur, M..D, and Det. Albt. Oggier, from city headquarters of the provincial police, were informed by members of the party who witnessed the occurrence that the young man failed to reappear. His friends dived repeatedly but, due to the oncoming darkness, could not discover the body. Help was summoned from other lake residents. Meanwhile an auto spot-light, attached to a car battery, was suspended beneath the surface, and ultimately Bill Murray, a competent young diver well trained in life-saving, brought Pomminville to the surface from a depth of almost 18 feet. Three physicians were present from among the neighboring residents, and artificial respiration was applied immediately — later with the aid of an oxygen inhalator, for which a hurried call had been telephoned to the Lachute fire brigade. But the victim had been more than half an hour under water, and although friends worked over him for two hours, their efforts failed to revive him.

Following his inquiry on Monday, the coroner pronounced death due to accidental drowning.

The corporate papers show that in one recent year the Lionel Co. which manufacture toy electric trains, made more money than Baldwin Locomotive.

June Examination List High School Grades X and XI

The following Grade X and XI pupils of Lachute High School are listed in alphabetical order of classes, as published by the Department of Education: Class 1—80-100; Class II — 65-80; Class III — 50-65.

Grade X

Class I — Gordon Jamison; Joyce Maxwell.

Class II — Francis Bennett; Gerald Gagne; Aileen Gain; Jean Genest; Robert Louette; Jean McGibbon; Mabel Meyer; Mary Pollock.

Class III — Sarah Jane Cassidy; Marjorie Cottingham; Walter Gauley; Betty Hume; Pearl MacRae; Kenneth Scott; Joyce Stein.

Grade XI

Class II—Keith Graham; Audrey Heatlie; Joan Percival; Madeleine Swail; Gerald Tomalty; Olive Trayers; Irvin Warwick; Mildred Wilson.

Class III — Kenneth Dawson; Kenneth Entwistle; Gerald Gordon; Donald Hooper; Barbara Johnstone; Douglas King; Beverley Martin; Clarice Mason; Helen McMeekin; Mavis Peel; Victor Shearsmith; Curll Staniforth.

• • •

Supplementals

The following pupils were successful in supplementals — Harry MacKrith, Helen Martin, Margaret Shepherd, Harold Bradford, Gwenneth Clark, Jessie Myatt.

• • •

Entrance Examinations

Following is a list of successful pupils who wrote the entrance to High School Examinations at the Lachute High School. The names are in alphabetical order:

May Fisher, Mascouche; Amy Neill, Dunany; May Polsky, New Glasgow; Kenneth Trickey, Lakefield.

A plan without a man is like milk without a can — no one can carry it out.

Service Club Reviews Its Record in the Community

Rotarians Sponsored or Supported Many Worthwhile Projects During Past Year

Brownsburg — The Brownsburg Rotary Club has completed another successful year of service activity. The aim of the Rotary Club is to be a service to the community, to assist in welfare work with other organizations, to work in coordination with municipal representation, and to promote better relations between opposing factions wherever they exist.

The Club's own welfare program during the 1946-47 period involved the expenditure of some $1,500 on charitable and educational work. Following a complete medical survey of the district, the Club sponsored several operations for removal of tonsils, teeth X-rays, and other examinations for underprivileged children.

In addition to the medical survey, donations were made to maintain an open air rink at the Brownsburg School. Free milk was supplied to five needy families for the year. One boy was provided with an artificial eye following an accident. A Christmas party was held for small children of the French and English community, where about 250 were entertained. An educational tour to the Parliament Buildings in Ottawa was sponsored by the Club for the older students of both the English and French Schools, as well as sending two Scout Cubs from Lachute and two from Brownsburg to summer camp. Donations were also made to the Providence Hospital and the Lachute Fair.

The Brownsburg Rotary Club draws some members from Lachute, and also spends a portion of the welfare fund in Lachute.

The Club has reason to be well satisfied with the year's activity and should feel well rewarded for the personal effort the members have put into the program.

— In its annual Carnival, to be held August 8-9-10 at Brownsburg, the Rotary Club counts upon the public support to augment its funds and promote the continuance of this good work.

• • •

Rotarian H. G. Hatcher at last meeting of the Club have an illuminating topic, "Glimpses of Newfoundland" — a report of which will be presented in next issue of The Watchman.

Life Boys' Camp At St. Andrews E. Highly Successful

Montreal — Tears of regret were seen in many youthful eyes last Saturday, as Camp Steadfast wound up this season's activities; there was a unanimous desire to remain all summer, so thrilled were the boys with their camp program. This was by far the largest camp ever held, also the most successful. Keen competition was maintained among the tents, and the occupants of Tent No. 1 led the field with 116 points, their nearest opponent being as close as 114 points. This tent was led by Rufus Curry, and a new Camp Steadfast crest was awarded by Lieut. A. G. Anderson to each member, including — Rufus Curry, Walter Montgomery, Stan Adlam, Jimmy Seymour, Eddie Stefani, Richard Kalau, Arnold Sharp and Billy Calder. The tent was led by Bill Calder for the concluding days, in Cuury's absence. The senior tent of Boys' Brigade topping the competition was that led by Bill Calder, with Peter Mundy as assistant. These boys were also awarded crests — including Gordon Scott, Chubby Young, Ian MacIntosh and Bryer Rice.

Their usual musical service was held in the Presbyterian Church, the second Sunday evening at camp, featuring the Life Boy Choir, Cornetists John Shepherd and Will Hill, Lieut. A. G. Anderson, tenor, and Miss Elsie Dorion, soprano, with Capt. J. Howard Richardson at the organ. The service was conducted by the Rev. Dr. Wm. MacMillan, and Gordon Lough read the lesson. John Shepherd excelled himself as cornetist at this service.

Trips of interest to the Carillon Museum, as well as other historic spots and Tyndale Camp, were featured during the last week of camp, also a joint field day with the boys of Tyndale Camp, many of whom were members of the 6th Company Boys' Brigade. The winners were all awarded prizes at the camp-fire gathering.

The officers are deeply appreciative to Mr. and Mrs. Albert Dorion for their efforts contributing to the success of this camp, and look forward to many more camping periods on their property. Mr. Ernest Calder also gave much time and energy in assisting the officers with their problems. To the many friends in St. Andrews East, the officers express warm appreciation.

Eight boys passed their swimming test, set to requirements of the Junior Red Cross; these were— Bill Windsor, Bob Windsor, Jack Dickinson, Hadden Whitelaw John Crammond, Alex Wilson, Eddie Stefani, Richard Kalau and Jack Tomlinson.

During the camp period, motion pictures were shown when conditions were not satisfactory for outdoor camp-fires. Indian Council rings were a fascinating feature as part of the camp-fire program. Handicrafts in plastic, leather and cork also proved popular.

(Winners in the field day events are published on page 8.)

FARM TOPICS

Edited by E. H. PETERS, B.S.A.

Radioactive Materials Used in Plant Study

Experiments using radioactive substances to trace the course of materials through plants and animal bodies recently were conducted for the first time in North America at the University of Saskatchewan by Dr. J. W. T. Spinks, professor of physical chemistry.

One important use of the "tracer" technique embraced the study of phosphorus intake from fertilizer by wheat — Saskatchewan's major crop. Radioactive phosphorus was obtained from the Chalk River energy plant.

The tests revealed that in its early stages of growth, wheat obtained nearly all the phosporus from fertilizer and practically none from the soil. After approximately five weeks the plants drew about equal amounts of phosporus from both sources. As the wheat approched the ripening stage, it extracted more phosporus from the soil than from the fertilizer.

Judging from initial experiments, Dr. Spinks predicts the "tracer" technique will prove of great value to agriculturists in determining best methods of applying fertizer and choosing the type of fertilizer best suited to different kinds of soil.

Agricultural Agent

Frank E. Wolff, who has been appointed general agricultural agent for eastern lines of the Canadian Pacific Railway with headquarters in Toronto. A native of Montreal, he has been an assistant professor at the Ontario Agricultural College, Guelph, for nine years.

Poultry Disease

Leucosis Complex, one of the destructive poultry diseases, was discussed by Dr. W. R. Hinshaw, University of California, at the recent Poultry Congress at the Ontario Agricultural College at Guelph.

Poultry diseases classified under this group are responsible for a great deal of financial loss to the poultry industry. Of this group, lymphomatosis in its various manifestations (neural, ocular, visceral and osteopetrotic) is probably most prevalent and responsible for most of the losses. "I understand that the visceral type and especially the type involving the liver (big liver disease) is the common type in Ontario," said Dr. Hinshaw.

This group of diseases is closely related to breeding and the causative agents are transmissible. It is possible to develop resistant strains of birds and this is the hope of the poultry breeder as a preventative measures. Egg transmission is a controversial subject. Breeding of strains of birds that are resistant to the disease is one method of control.

Recently, Hutt and his workers at Cornell suggested a control program based on their findings that chicks reared in absolute isolation from infected flocks for at least three weeks seldom suffered heavy losses when put on range.

A combination of these two methods is at present our best recommendation for reducing to a minimum the mortality from this group of diseases. Breeders should make every effort to develop and maintain resistant strains of fowl so that resistant chicks can be produced.

Deep Litter

Deep litter when properly used is one of the poultryman's biggest labor savers. However, unless the pens are well ventilated and insulated and fairly large (20 x 20 at least) it may also be a curse, says Mr. J. P. Walker, of the Poultry Department, Ontario Agricultural College.

Different types of litter may be used, shavings and cut straw being the more popular.

The build-up of litter should be started in the late summer or early fall to enable it to dry out thoroughly and become broken up before the damp fall weather.

Some poultrymen first cover the floor with a thin layer of sand, then gradually put in the litter, dusting a little lime with it until they have a depth of approximately 14" of litter by October. The sand and lime are not necessary but some think the litter keeps drier. New litter should be added periodically during the winter months by putting a bale of straw or shavings in the front of the pen and allowing the birds to scratch it around.

Deep litter in spite of a large, well insulated pen may become a soggy mess if the poultryman does not watch for weather changes. He will have to continually watch his ventilating and if he changes it with the weather the pen should remain reasonably dry.

Deep litter, as well as saving labor aids in the birds' comfort as it insulates the floor of the pen. In the winter it keeps the birds off a damp floor and during the summer the birds may dust in it and scratch holes down to the cooler floor of the pen.

If the deep litter has remained dry and the birds have been free from disease the same litter may be used satisfactorily for more than one year.

The Family-Size Farm

The Farmer's Advocate

There is a growing tendency toward large scale farming on the assumption that a large unit is handled more efficiently and economically than the small farm. It may be true from a dollar and cent viewpoint. But there is more to living than the accumulation of silver and gold or the adding of farm to farm.

It is the small farms of 50 to 100 acres that produce a vast amount of the food for home and export markets. True, some of the work is done by the unpaid labor of wife and children, but in many instances all are partners in improving the herd, the farm and the home. All have something at stake, however small. The boys and girls accepting their daily duties have to take responsibility and develop initiative. There is the pride of ownership which during the '30's was slowed down through unreasonably low prices of farm produce, but is being revived with the upturn in price of farm products.

The tractor with its all-work attachments, for field work and harvesting, electricity in the barn for pumping water, running the milker, separator or cooler, and similar power in the house, tend to make the farmer independent of outside help, without overburdening either him or his family. With farm labor practically out of the question at present, the man with the small unit who can do the work without outside help, except for a few days in haying to solve the labor problem, is in a preferred position to the large land owner who has no stake in the farm and little interest. The future for the small land owner appears bright, provided the emphasis is placed on quality of products.

AUCTION SALE

At the residence of

WM. R. McFAUL

23 Chatham St., Lachute Mills, on Saturday, August 9, at 1 p.m.:

Amherst piano (upright), chesterfield with 2 chairs, settee with 4 chairs, 4 living-room tables, floor lamp, book case, dining-room set with 8 chairs, 2 camp beds, 2 double beds, double bed with dresser, twin beds with dresser, kitchen table and 6 chairs, 4 rocking chairs, kitchen stove, refrigerator, 2 card tables, a quantity of dishes and other household utensils.

Terms: Cash. -2p.

Junior Judging Contests At Lachute Spring Fair

The following standings for the Juvenile Judging competitions at Lachute Fair were handed in for publication last week:

Intelligence Test

Shirley Bradley 93, Sidney MacDonald 90, Robert McOuat 85, Kenneth Allen 85, Isabel McOuat 77, Mildred Wilson 72, Pierre St. Jacques 70, Hugh Simons 65, Jim Tomalty 65, Edward Meyer 63, Lorraine McOuat 63, Betty Hume 62, Gerald Tomalty 62, Jean Ls. Leonard 61, Robert McRae 60, George St. Jacques 59, Michele Clement 58, Ross Bradford 57, Francis McOuat 56, Jean Ph. St. Jacques 55, Robert Tomalty 54, Mildred Smith 54, Elizabeth Strong 50, Clifford Barton 50, Conrad Forest 49, Kenneth McOuat 48, John Rodger 46.

Ayrshire Judging

Jean Louis Leonard 85, Gerald Tomalty 84, Louis Geo. St. Jacques 79, Lorraine McOuat 79, Robert McRae 77, Ross Bradford 77, Pierre Andre St. Jacques 74, Jean Ph. St. Jacques 67, Claude Groulx 67, Sydney MacDonald 64, Shirley Bradley 64, Mitchell Wilson 64, Kenneth McOuat 60, Jacques Gauthier 60.

Kenneth Allen 59, Robert McOuat 59, Angus Strong 59, Conrad Forest 57, Rene Boivin 57, Jacques Dupree 57, Francis McOuat 55, Jean Grambie 54, Elizabeth Strong 54, Isabel McOuat 52, Gerard Gauthier 50, John Rodger 49, Ross Rodger 47.

Holstein Judging

Kenneth Allan 92, Robert McRae 89, Lorraine McOuat 88, Louis George St. Jacques 85, Isabel McOuat 85, Jean Louis Leonard 80, Pierre Andre St. Jacques 75, Sidney McDonald 74, Shirley Bradley 74, Jean Ph. St. Jacques 70, Rene Boivin 60.

Edward Meyer 57, Kenneth McOuat 55, Ross Bradford 53, Jeannine Gauthier 50, Conrad Forest 49, Robert McOuat 48, R. Prevost 48, John Rodgers 48, Denise Dupras 44, Gerald Tomalty 43, Francis McOuat 43, Jacques Gauthier 42, Jean Groulx 42, Betty Hume 41, Jim Tomalty 40, Mildred Wilson 38.

While experimenting with the fungus-resistant plants scientists discovered a new chemical treatment for athlete's foot. It is called Tomatin and comes from the juice pressed out of the leaves and stems of the tomato plant. Some concentrated Tomatin squirted into a diseased foot, and epidermophutosis or athlete's foot disappears in a trice.

A Real Home

A real home is made by the home-loving spirit of those it shelters — otherwise it's just a house. But, it is essential that the house be well planned and well built, of the best materials. It assures comfort, and comfort makes the house home-like.

Many of the best homes in this town and county have been built of materials from our yards. Their owners have profited by trading with us — and so may you.

"Everything to Build Anything" Bethany Rd., Lachute

Many Attractions At Ottawa Exhibition

Ottawa Exhibition, to be held at Lansdowne Park from August 18 to 23, will mark the development of a great livestock and agricultural program destined to build up the standing of this section in the farming operations of the country.

However, farmers are interested in more than livestock, agriculture, horticulture, handicrafts and other rural items at Fair times. For that reason, the management has enlisted the finest entertainment ever seen at an Ottawa Exhibition. The Grandstand Follies every evening; vaudeville, including a wild animal show every afternoon; brilliant fireworks displays nightly; thrilling horst show for five nights; magnificent rides, games and shows on the midway; two free concerts daily by Goldman's Band — these are some of the splendid items to be presented at the Fair. Also there will be demonstrations daily in every building.

Then there is the Advance Sale for which $5,000 in prizes, including two 1947 automobiles, have been provided. Tickets are now on sale, and will be available throughout the Exhibition. They will not be on sale at the gates. (Orders for tickets will be handled quickly by both mail or in person.)

This is the first post-war Exhibition. The Directors and Management are asking the public to make it the best ever held. All revenues will go to the development of the Exhibition and Community Centre projects.

We can now supply —

†*Nature Unspoiled* — YOURS TO ENJOY YOURS TO PROTECT

"SMALL-MOUTHED BLACK BASS" *by Shelley Logier*

THE ANGLER—a *Conservationist*

By throwing back undersized fish and fishing only during the prescribed open season, the angler can help in the work of conserving Canada's supply of game fish for the future.

From 10,000 eggs—two survivors! In her lifetime, the female Black Bass lays 10,000 eggs. Under normal conditions, only two of these will produce mature fish. Pre-season fishing further reduces their chance of survival. We must uphold the conservation laws in order to preserve our game fish.

* "The male guards the eggs and young fry until they are able to fend for themselves. For the protection of these species, the closed season ought to be strictly enforced, as the guardian male strikes at everything that comes near his nest. If he is caught the whole brood of young will be destroyed by its enemies."

*An excerpt from — CONSERVATION AND CANADA'S GAME FISH, by G. C. Toner, M.A., one in a series of pamphlets published by The Carling Conservation Club.

A Christian Way of Life

THE OTHER DAY we heard peace defined as "war tired out", and from a study of recent international events such would seem to be the case. Intrigue and distrust still persist throughout the world. Nations are suspicious of each other; selfishness abounds among all peoples; warfare haunts the headlines of the printed page. . .

Nearly two thousand years ago Christ laid down a few simple rules, that faithfully followed could bring about a heaven on this earth, with peace and plenty for all. Yet instead, millions of people throughout the world are inflicted with misery and suffering. Old hatreds are harbored from generation to generation, and ill will prevails throughout the earth. Man does not want to practice that which he knows full well to be true.

Cynics belittle religion, yet they offer nothing in its place. Christianity has survived for centuries, and offers a way of life intended not for one race or group or nation, but for all. It promises the only salvation for a sick world. That is why it is important that churches in Canada be supported. It matters not what church you attend, that is a personal matter. We must protect Christianity from evil forces which would destroy it. We can only do that by observing Christian principles ourselves.

Small Town Charm

THIS IS the time of year when life in a small town approaches perfection. The leafy greenness of tree-lined streets, the shady lawns and cooling streams are a source of envy to those who live in stifling and restless cities. . . . This is the time of year when small-town folk may compare their lot most favorably with those of city-dwellers.

Looking After Our Diplomats

IT WOULD seem as if parliamentarians are getting a bit free with public money when they vote to provide pensions of $3,000 for certain senior men in the diplomatic service. We have no desire to discredit men who have faithfully served Canada abroad, but we think $3,000 is quite a high pension, especially in view of the fact that the average annual wage in Canada is just about half that amount. Nor, as one Member of Parliament pointed out, can the action be reconciled with government legislation which provides Canada's aged people with a pension of only $30 a month.

The eligibility for the pension is five years' service outside the country. While it is a considerable length of time to be away from one's homeland, we should not forget that thousands of servicemen were away from the Dominion five years during the war, yet no big pension is provided them. The diplomats are paid a good salary, are given a fine residence and live in pleasing surroundings. It is safe to assume that they are able to save a good portion of their salaries.

The Toronto Evening Telegram points out that Ottawa shows great consideration for our ambassadors abroad. Just recently $300,000 was spent in providing a residence for our envoy in Washington. And because houses are in short supply in China, three houses costing $43,000 to buy and $30,000 to transport are being sent to Nanking from Canada for our ambassador there. Everything has been thought of, not a thing has been overlooked.

Maybe what we need in Ottawa is a good efficiency expert — or a bit of common sense.

No Sentiment Whatever

CANADA may have to look for a new national animal one of these days. The long-suffering beaver is about ready to quit.

For years he has minded his own business, working on his private construction programs, making no complaints about labor and material shortages, and not even bothering to ask for a 40-hour week. . . Even when people tore down some of his dams without formal notification, he simply went on building somewhere else. His stoicism could serve as a model to many a public official.

But a recent news item was the last straw. Some enterprising industrialist said he was going to try using beaver whiskers to manufacture toothbrushes. He claimed they would be superior to nylon.

The outraged beaver claims that's no way to treat a national emblem. Nobody ever heard of using the mane of the British lion for a dust mop, or stuffing pillows with the feathers of the American eagle.

They'd just better watch out how they treat the beaver from now on, or he's likely to head for some more hospitable habitat.

Business Unlimited

SCIENTISTS toiled patiently for years to unlock the power of the atom. What business man has toiled patiently, even for hours, to tap the latent good will, loyalty and creative energy in the hearts of workers?

"During the war," says a Canadian business man, "my whole concept of business was challenged when I realized we hadn't solved the human problem in industry. I decided to quietly experiment in our own plant, without the slightest idea of where to begin — and the most amazing things have happened."

Some of his discoveries are:

1. When there's something wrong, the best way to fix it is — to start with where you may be wrong yourself.

2. When relationships get off the beam, the simple act of apologizing for our own wrongs, brings something new into the situation and heals the breach.

3. There need be no fear of increased wages when matched by commensurate increased production.

Results? They are hard to believe: While wages in this company have increased 95%, production costs have increased only 1%. And the profits have shown a "very satisfactory increase" too. Which all goes to show that the scientific laboratory is not the only place to experiment. Research into the resources of the human spirit pays big dividends

We Hope!

"IN TIME, prices will find their own level," remarks the Virden (Man.) Empire Advance. "The old law of supply and demand will take care of that. At the moment, demand exceeds supply in the case of so many articles that high prices may be expected. It is up to the people of Canada to see that prices do not become ridiculously high, as has been the case in certain other countries."

IT SEEMS such hard work these days trying to enjoy oneself.

The weeklies say . . .

BY THE CANADIAN PRESS

PANT NESTERS

The acute housing shortage is apparently being felt among the birds as well as among humans. One enterprising family of wrens. . . . moved in on the Strouds and built a nest in Red's pants. We are not sure whether Red was in them at the time or not.

Boissevain (Man.) Recorder

SIDEWALK OMELETS

With the thermometer stuck in the 90's . . we're surprised that there have been no stories of people frying eggs on sidewalks. Of course, with the price of eggs what it is, you can hardly blame anyone for not trying it.

Humboldt (Sask.) Journal

SILLY HORN BLOWING

The ridiculously silly idea of wedding parties tearing through the town streets with automobile horns blowing is surely something that can be stopped. The police would merely need to stop the car in the lead and request them to stop the horn blowing, and we feel certain the wedding party would then stop the tooting in general consideration of others.

Huntingdon Gleaner

RATES TOO HIGH

There was a time when little Johnny or Jane next door considered minding your baby for a few hours a neighborly gesture. . It would be unreasonable to ask baby-sitters to work for nothing, but perhaps a reduction of their rates would not be out of the way.

Port Alberni (B.C.) Advocate

ROUT IMPOVERISHMENT

If adults would agree (although excluded from the benefits for say 10 years), contributory health insurance could remove the fear of impoverishing illness from all future generations, starting with tomorrow's newborn.

Kamloops (B.C.) Sentinel

WAR ON IGNORANCE

Teachers' salaries are going up (a little). Teaching conditions are improving (a little). But there still won't be enough teachers by next fall — not by 250,000. Federal aid is imperative, all the authorities agree. Local action is equally imperative. We don't have to wait for a "next war." Here is a war to be fought right now—against ignorance and indifference and the threat of a "lost generation."

Campbellton (N.B.) Tribune

School Seeks Contact With Sight-Impaired And Blind Children

The Montreal Association for the Blind (Incorporated)

Dear Editor:

As the education of the Blind is very important, we shall appreciate the co-operation of your readers in the work of locating children who are handicapped on account of impaired eyesight. The names and addresses of such children should be sent to the School of the Montreal Association for the Blind, Sherbrooke St. West.

Blind and partially blind children receive instruction by means of the Braille System, while children with more than ten per cent sight are admitted to our Sight-Saving Class, where books in large type are provided.

School fees are based on the ability of the parents to pay, but destitute children are accepted free of charge. The School is non-sectarian, and both boys and girls are admitted.

Yours truly,

J. T. Heggie, Principal.

CRIMINAL NEGLIGENCE

Firearms in the hands of children usually indicate criminal negligence on the part of parents, particularly so when the parent has deliberately left a loaded gun lying around the house or barn.

Cobourg (Ont.) World

REDSKIN VANITY

Erskine had been saying for years that he wanted to get out of the big city and back to the small town where he was born. He claimed that, among other attractions in his birthplace, the people there were more honest than city people.

Late in 1946 he bought a drug business in this little town and settled down there to enjoy the association with honest people.

The first day that he was behind the counter an Indian came in to buy a book. Erskine asked him what book he wanted, but the Indian just repeated that he wanted a book to read. So Erskine went to the back of the store and put the problem to the clerk who had stayed on from the previous regime. The clerk said the Indian was a regular customer for books and suggested an old Latin grammar that was no longer authorized for school use. A bit bewildered, Erskine got this book down and sold it to the Indian, who went out fondling the book and grunting contentedly.

A couple of weeks later the customer was back again. He said he had read that book and wanted another. Erskine studied the shelves for unsaleable books and finally decided on an out-of-date one on shorthand. The grateful Indian paid over his money and went out, holding the open book upside down and nodding at it in satisfaction.

Erskine subsequently got rid of one old Parliamentary Guide, one copy of Pollock on Torts, put out by the Blackstone Publishing Co. in 1887, one high-school chemistry published in 1893, a telephone directory for another district and a previous year, and a U.S. Department of Agriculture bulletin on dietary levels. The Indian said he enjoyed reading all these and he keeps coming in every few weeks to buy another.

Erskine still contends that the people in his home town are honest, although he admits that he and the Indian bring down the average a bit.

Beau Brummell of the Boulevards!

White sidewall tires, as illustrated, will be supplied at extra cost, as soon as available.

A BUICK buyer is practically that, of course, the minute he takes over any new 1947 Buick. Never before has any automobile so completely won the country by its beauty—so clearly defined the shape of cars to come.

But to really take the stage and hold it—to cut a dashing figure in the smartest of smart company—people everywhere are setting their sights on this bold beauty here.

It is without question the most exciting version of Canada's most wanted car.

It's wanted for the freedom one feels when its handy control swings back the top—and the sky becomes your roof and the birds your travel mates.

It's wanted for the lift and surge of its satiny straight-eight Fireball power plant, master of every grade and hill, monarch of the farthest horizon.

It's wanted for bigness, and the deep comfort of low-set, cushiony seats—wanted for the floating ease of soft all-coil springing, and the sure-footed stride of a car that's big enough and brawny enough for its job.

It's wanted for styling that already has set the pattern for years to come—it's wanted for fun, for adventure, and for year-round, all-round full family use.

So many people want Buick, and only Buick, that the demand continues far ahead of our ability to deliver. But this big brawny beauty deserves your last ounce of patience . . . so while you wait, depend on your Buick Dealer's expert service to keep your present car on the road.

ONLY BUICK HAS ALL THESE STAR FEATURES

* AIRFOIL FENDERS * FIREBALL POWER
* ACCURITE CYLINDER BORING
* FLITEWEIGHT PISTONS * BUICOIL SPRINGING
* FULL-LENGTH TORQUE-TUBE DRIVE
* PERMI-FIRM STEERING * BROADRIM WHEELS
* STEPON PARKING BRAKE
* DEEPFLEX SEAT CUSHIONS
* SILENT ZONE BODY MOUNTINGS
* CURL-AROUND BUMPERS * NINE SMART MODELS
* A PRODUCT OF GENERAL MOTORS

BIRTH

CAMPBELL — At the Catherine Booth Hospital, Montreal, on July 22, 1947, to Mr. and Mrs. Bruce Campbell (neé Norma Cooke), a daughter, Dale Norma.

DEATH

BERRY — At her late residence, 261 Stanley Ave., St. Lambert, Helen Catherine, daughter of the late James Berry and Elizabeth Miller, of Lachute. A private funeral was held from Jas. C Wray funeral parlors, Mountain St., to Mount Royal Crematorium, July 24 last, at 2 p.m.

ACKNOWLEDGMENT

DRENNAN — Mr. and Mrs. John R. Drennan wish to thank their many relatives and friends for kind expressions of sympathy and floral tributes in the recent loss of their little son, Willie.

IN MEMORIAM

MacKIDDIE — In loving memory of Mrs. Hazel MacKiddie, who died August 3, 1946. — Ever remembered by her husband and family.

SUTTON — In loving memory of a dear father and grandfather, who passed away August 5, 1946. — Inez, Ted and family.

"Memories are treasures no one can steal,
Death is a heart-ache no one can heal;
Some may forget you, now you are gone,
But we will remember, no matter how long".

SUTTON — In loving memory of a dear father and grandfather, who passed away August 5, 1946. — Hilda, Andy and Donald.

"Always a smile instead of a frown,
Always a hand when someone was down,
Always so true, thoughtful and kind —
What a beautiful memory he left behind".

WARWICK—In loving memory of Sheila, who departed from earth July 29, 1939. — Ever remembered by Raymond, Elsie and family.

Arundel

Garden Party

The Girls' Guild of the United Church held their annual garden party on the church grounds last Thursday. Owing to the uncertainty of the weather, the attendance was not as large as usual, but financial results were very encouraging. Various booths were conducted, and approximately 70 were served at supper.

Mr. and Mrs. J. Edwards were guests of Mrs. J. May over the week-end. Mrs. Edwards recently returned from an extended visit to Scotland.

Mr. and Mrs. Johnston, of Bevan Lake, accompanied by their guests Mr. and Mrs. Val Swail, of Arundel, motored to Magog last week-end to visit friends.

Miss Flora Dunn is the guest of Miss Muriel Graham and her mother, Mrs. Graham.

Mr. and Mrs. Wills and young son, Kenneth, of Montreal, are spending two weeks with Mr. and Mrs. Douglas Cooke.

Mr. and Mrs. K. Bellinger and young son are guests of Mrs. J. Alexander.

Mr. Reg Moss is spending his holidays at his home in Arundel.

Mrs. Gordon Cooke attended the Barkmere regatta Saturday and was the guest of her brother, Mr. Chris Pope.

Miss Ruth Easton and Miss C. Mitchell were week-end guests of Mr. and Mrs. Homer Cooke.

ANNUAL REGATTA HELD AT BARKMERE

(Our District Correspondent)

Arundel — A successful regatta was held Saturday afternoon at Barkmere. The weather was ideal and the entries were numerous. A large attendance of spectators were present on Dr. P. Rowe's point, and enthusiastically applauded the participants of each event.

In the evening Mrs. Reeve was hostess to the officials and visitors at her home. Dancing and other entertainment was enjoyed, and during the evening the prizes were awarded to the winners. (List held over for publication next week. —Ed.)

Country Club Regatta At Lake Louisa

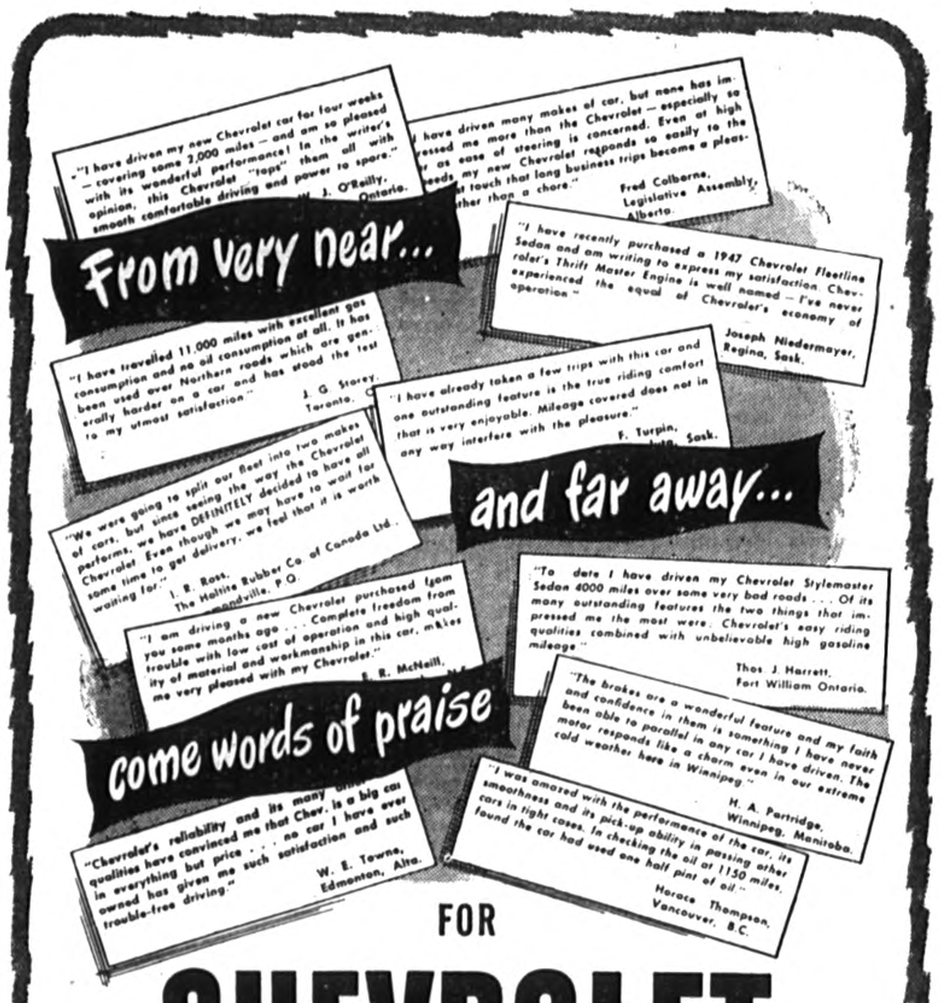

The annual regatta under the direction of the Lake Louisa Country Club will be held this coming Saturday.

Weather permitting, the entries for competitions will break all previous records, for the program, covering all water sports for all ages, should attract summer residents and visiting contestants.

The ladies of the Club are preparing a lunch for the noon recess, and for supper to be served after the events are completed. Children's events will be held on Saturday morning, and the contests for adults in the afternoon.

A dance will be held in the Club House in the evening, at which time the prizes will be distributed.

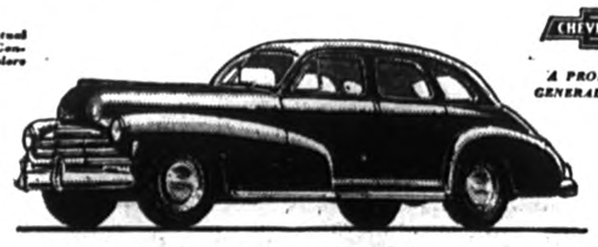

There is a high cost to low living.

WHEN people are pleased it's natural for them to say "thank-you". But never, apparently, have any car owners been so pleased as those lucky enough to own a 1947 Chevrolet. Their enthusiastic "thank-you" letters stream in from every nook and cranny of the Dominion—from fleet operators and businessmen, from purchasers in every trade and occupation. And each letter says in a different way—"I know now from experience that Chevrolet's proud boast is true — only Chevrolet offers Big Car Quality at Low Cost!"

• The growing demand for the New Chevrolet is setting an all-time record. We cannot hope for many months to fill all the orders pouring in. If you are among the many who have set your sights on Chevrolet's Big Car Quality at Low Cost, we suggest that while you wait, you rely on your Chevrolet Dealer's service to keep your present car running smoothly and safely.

EYE DARING GIRL

Kingston, Ont. (CP) — Edith Cramar, 18-year-old window washer is attracting a lot of attention. Kingston citizens don't look twice when male members of a window-washing firm are at work five or six storeys above the street. But when Edith works on a second storey window, everybody stops to watch anxiously.

Unless we invest everything we've got in the world we want, we will be divested of everything we've got in a world we don't want.

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Avoca

Mrs. J. H. Doherty, of Westmount, is spending a week at her summer home, and has as her guest Mrs. Wells, of Montreal.

Miss Lillian Harrison, R.N., and Miss Mary Millar, R.N., of Lachute, spent the week-end in Avoca.

Mrs. Allan MacPhee has returned from a visit to Mr. and Mrs. Wm. H. Kelly, who are at St. Sauveur des Monts for the summer. Mr. MacPhee spent the week-end there.

Miss Lillian Steele has returned to her home in Grenville after a few days' visit with Mr. and Mrs. Thos. J. Young.

Mr. John Gretton, of Lachine, is visiting his daughter, Mrs. Wm. MacLeod, for a couple of weeks. Miss Jean MacLeod, of Montreal, spent a week with her parents.

Mr. Tomachevsky, of Montreal, is spending two weeks' holiday with his family. Mrs. Trehune is also a visitor.

Mrs. Howard Smith entertained a number of young people Thursday afternoon last in honor of her niece, Jean Copeland, on the occasion of her 13th birthday.

The Sunday School of St. Andrew's United Church held heir annual picnic Saturday at Mr. Evan Bates' grove, under supervision of the Rev. S. J. Pike and the Sunday School teachers. Both children and parents spent an enjoyable afternoon.

Mr. P. Paterson and son, Richard, Mr. Jackson Paterson, Mr. B. Scott, and Miss Verna Young, all of Montreal, and Miss Eunice Kelly, of Pointe au Chene, were week-end guests at the home of Mrs. Edward C. Young.

Mrs. Clarence Gunn and family have returned to Renfrew after spending two weeks' holiday with her mother Mrs. Edward B. Young, and in Harrington at the home of Mr. and Mrs. John Fox.

Weir

Mr. and Mrs. R. Phillips and family, of Brockville, were recent guests of Mr. and Mrs. W. H. Williams.

Miss Margaret Cannings, of Toronto, is spending the present week as the guest of Mrs. D. Harpin.

Mrs. Gordon Booth returned on Friday to her home in Moncton, N.B., after spending a few weeks with her parents, Mr. and Mrs. Jas. Kerr.

Mrs. T. Buckham, of Edmonton, Alta., spent a few days visiting at the home of Mr. and Mrs. E. J. Craig.

Mrs. A. Beaven and daughter, Kathleen, of Kasil, visited at the home of Mrs. S. Beaven last week-end.

Mr. and Mrs. George Reeves and son, William, of Montreal, are spending the present week at the home of Mr. and Mrs. Geo. Clifton.

Mrs. Chas. Staniforth, of Rouge Valley, visited Mr. and Mrs. S. Craig on Friday.

Mr. and Mrs. Geo. Cleland, of Dalesville, were recent guests of Mrs. G. Bigrow.

Cushing

Mrs. Holmes and son, Raymond, of Montreal, were guests of Miss A. Davidson recently.

Miss Helen Maw, of Montreal, spent the week-end as the guest of Mr. and Mrs. S. Beecher at "Lilac Lodge."

Mrs. John McDowell, of Montreal, is spending the remainder of the season at her summer home "Glenifer Cottage"; her son, Mr. J. McDowell, spent this week here, and her daughter, Annie, was a week-end guest.

Mrs. Leonard Wilson, of Brownsburg, also Mr. and Mrs. W. Wilson and young daughter, were Saturday guests at "Fairview", the home of Mr. and Mrs. M. Wilson.

Mrs. J. C. Dougall, of Verdun, is spending this week with her parents, Mr. and Mrs. Archie Graham. Mr. Dougall was a week-end guest.

Mrs. S. H. Beecher and Mrs. J. L. Maw, of Montreal, were guests of Mrs. A. Graham on Monday.

The sympathy of this community is extended to Mr. John W. Bradford in the recent death of his sister, Mrs. J. Nugent, of Finch, the former Matilda Bradford of Cushing.

Mr. and Mrs. I. H. Fuller and son, Donald, spent Sunday at Coteau Landing. Miss N. Hodgson returned home with them to be their guest for several weeks.

Social Evening

St. Mungo's Church held a successful social evening on Saturday in the Stone Hall. The Rev. G. Moore acted as chairman. Mr. Keith Graham, of Brownsburg, favored with delightful saxophone solos; Miss Marjorie Vowles sang several sweet old Irish favorites (such as "I'll take you home again, Kathleen" and "The Rose of Tralee); the Misses Myrtle and Myrna Gaston delighted the audience with their bright songs, and Miss Edith Pitt with her graceful folk dancing.

W. I. Meeting

Frontier Branch of the Women's Institute are holding their annual social (open) meeting in the Stone Hall, Cushing, on Tuesday afternoon, August 5 — Guest speaker, Miss Winnifred Parker of Montreal; subject, National and International Relationships. Roll-call, "Customs of other lands that I like".

Industry will continue a seed bed for world revolution unless and until it becomes a force for world renaissance.

Funeral of Alberta Lady, Former Lachute Resident

The Late Sadie Baldwin

Following a short illness, the death of Miss Sadie Baldwin occurred in hospital at High River, Alberta, on June 30. The late Miss Baldwin went west from Lachute in 1912 to live with her uncle, the late W. H. Erratt, who farmed northeast of Nanton.

Miss Baldwin is survived by her father, James Baldwin of Lachute; two brothers, William of Ottawa and Ernest of Nanton; and her aunt, Miss E. Erratt, also of Nanton.

The late Sadie Baldwin had many friends. She was a member of the United Church and was well known and respected for her faith and Christian character.

Service was conducted in St Andrew's Church by the Rev. Dr. Fawcett. "Nearer My God to Thee" and "What a Friend We Have in Jesus", favorite hymns of the deceased, were sung. Mrs. Walker sang a solo, "In The Garden". Many beautiful flowers adorned the casket. Interment was made in the Nanton Cemetery.

Entertained for Bride-Elect At Home in Grenville

(Our District Correspondent)

Grenville — A pleasant evening was held on Thursday, July 24, at the home of Mrs. Russell Owens. Mrs. Owens and Mrs. L. S. Campbell were joint hostesses on this happy occasion in honor of Miss Dorothy Brazeau, bride-elect of Mr. Vernon Forbes Burwash, of St. Eugene, Ont., whose marriage takes place this Saturday. There were over 70 guests present. The bride's table was artistically decorated in the shape of a wedding cake with pink and white crepe paper. Flowers and streamers decorated the room. On Miss Brazeau's arrival at this surprise party, a silk-bound souvenir book was presented and a suitable address was read by Miss Joyce Mahon. Mrs. W. C. Dewar played piano selections. Miss Brazeau was the recipient of many beautiful gifts. In conclusion reefreshments were served to the gathering.

Presentation

At the monthly meeting of the Ladies' Guild, held at the home of Mrs. F. Cousins, Miss Dorothy Brazeau was presented with a beautiful electric lamp by the president, and Rev. A. E. Hawes expresed the good wishes of the gathering. Miss Brazeau thanked the members very warmly for their thoughtful gesture. Refreshments were served.

SWORDFISH RUN

Yarmouth, N.S. (CP) — The largest swordfishing fleet ever out of Yarmouth, 33 in number, now is in operation. Yarmouth County boats have been joined by others all over the province to take advantage of the early run on the banks.

SYDNEY GIRLS SNAFFLE MALE SURF GLAMOR

Misses in Brief Bathing Togs Win Applause

Sydney, Australia (CP) — Beach girls of Sydney are combining glamor with efficiency by taking up surf life-saving, once held exclusively for males.

In the 1947 surf carnival held recenly at Manly Beach, girls' life saving teams competed for the first time in the grand parade, and won the applause of public and judges, not only for their high standard of physical beauty, but for precision and efficiency of their life-saving drill.

Surf men have made an art of high-stepping beach marching, but the girls are out to defeat them. About 100 are participating in this new feminine beach activity, and picked teams of 20 train assiduously on Sydney's wide beaches. They learn rescue and resuscitation, marching and correct deportment. Girls for competitive teams are chosen for shapeliness, carriage and good looks, as well as for their strong swimming and endurance.

About 260 girls took part in the Manly Surf Carnival, in brief, glamorous uniforms. Honors went to the Manley girls wearing blue-and-white cotton swimsuits.

Sailing is another athletic pursuit with a strong appeal for Australian outdoor girls, and the first women's yacht club in Australia, the Victorian Ladies' Yacht Club, founded a year ago, now has 200 members.

In Sydney, even 'teen-agers are keen yachtswomen. On the harbor it's a common sight to see any week-end small boats with entire crews of sun-tanned "bobby-soxers".

Women's Interests

Seasonable Salads

(Consumer Section, Dominion Department of Agriculture)

This season brings fresh vegetables from the gardens, and there is no better way in which they can be used than in salads.

The simplest salad is sometimes the most appealing. Good taste and attractive arrangement are the essential qualities necessary in salad making. A balanced meal should contain a salad, using greens of some sort.

Everyone knows that the great majority of people eat with their eyes, and this must be kept in mind when planning and arranging the salad plate. All ingredients should be cold, crisp and dry. The most satisfactory method of obtaining this appearance is by keeping everything on ice, if possible. Be sure the salad does not look mutilated or handled. Make salads appealing to the eyes and taste and the whole family will go for these cool attractive foods.

Medley Salad

1 Cup whole, small cooked beets, 1 cup cooked green peas, 1 cup radish slices, 1 cup whole green beans cooked, 1 head lettuce, 1 bunch watercress, salad dressing.

Arrange vegetables on a platter, in individual groups, separated by lettuce leaves. Fill centre with watercress and serve with salad dressing. Six servings.

Egg and Carrot Salad

6 Hard-cooked eggs, chopped; 6 small carrots, grated; 1 green onion, chopped; salt and pepper to taste, salad dressing or mayonnaise, slices of pickled beet.

Arrange lettuce leaves for individual servings. Place chopped egg on lettuce. Mix the grated carrot with the chopped onion, salt and pepper. Pile lightly on the egg. Top with a generous spoonful of salad dressing. Garnish with slices of pickled beets. Six servings.

Garden Glow Salad

1 Tablespoon gelatine, ¼ cup cold water, 1 cup boiling water, ¼ cup sugar, ½ teaspoon salt, ¼ cup mild vinegar, 2 cups shredded leaf lettuce, ½ cup sliced carrots, 1 cup cooked green peas, 1 teaspoon chopped onion.

Soak gelatine is cold water. Add boiling water, sugar, and vinegar. Stir until gelatine is dissolved and cool. Slice baby carrots, crosswise in paper thin slices. Combine shredded lettuce, sliced carrots, peas and chopped onion, and arange in lightly greased moulds; pour jelly mixture over, chill until firm. Unmold on lettuce leaves, serve with boiled dressing. Six servings.

All Canadian !

Canadian veterans studying dress designing in Toronto, held their own fashion show to illustrate how they have learned their trade. The veteran who designed this should certainly pass.

SNAKE CHARM ON YOUR FEET

Pythons from India, watersnakes from Java and Borneo, the hooded cobra and the black-spotted boa now coil harmlessly about milady's feet. Selected from over 2,500 in the species, these snakes are used as shoe leather because of their beautiful markings.

Cobra is the summer favorite. Scale patterns in black and white create a dappled effect of lightweight elegance.

Snakeskins also take dyes to perfection. In this season's fashion leaders, red and green reptile sandals add effective color highlights to any costume.

"How are my chances, doctor?" asked an anxious patient.

"Oh, pretty good," replied the doctor cheerfully, "but all the same I wouldn't start reading any continued stories."

THE PARTY FAVORITE among coffees is Maxwell House. It stimulates and cheers because it's Radiant Roasted to develop every last atom of goodness in its extra-rich blend.

Marriage Solemnized Saturday in Montreal

Downes-Rodger

At Trinity Memorial Church in Montreal, last Saturday afternoon at four o'clock, the marriage was solemnized of Miss Janet Eleanor Rodger, daughter of the late Charles D. Rodger and of Mrs. Rodger, of Lachute, and Mr. George Downes, son of the late John H. Downes and of Mrs. Downes, of Montreal. The marriage ceremony was conducted by the Rev. Gordon Mercer, assisted by the Rev. W. B. Rosborough, of Lachute. The church decorations were arranged with garden flowers.

The bride, who was given away by her brother, wore a period gown of white faille made with a tight-fitting bodice having a low round neck, elbow-length sleeves with which matching mittens were worn and a sweeping skirt flowing from a peplum trimmed with lace. Her fingertip veil of tulle illusion fell from a crown of lace and as ornament she wore an heirloom necklace of gold studded with rubies, the gift of the bridegroom's mother. Her bouquet was composed of white roses, bouvardia and baby's breath.

Attending the bride as matron of honor was Mrs. Harry Mack, wearing a floor-length gown of mist grey crepe, the tight-fitting bodice partly of matching lace with high neckline. She wore a matching headdress and mittens, and carried pink sweet peas and baby's breath.

Mr. William Swinden, Jr., acted as best man, while the ushers were Mr. Duncan Drummond Young and Mr. Jack Mander.

Mrs. Rodger, the bride's mother, wore a street-length dress of navy blue crepe and a floral hat, with navy accessories and corsage bouquet of pink carnations. Mrs. Downes, mother of the bridegroom, wore a grey crepe dress, street-length, with black accessories and corsage spray of mauve gladioli.

A reception was held in Victoria Hall, and afterwards Mr. an Mrs. Downes left to spend their honeymoon in the Laurentians, the bride going away in a two-piece suit of grey linen, with white accessories and a corsage spray of pink carnations.

The bride is a graduate of the Royal Victoria Hospital. The bridegroom is a former flying officer. Mr. and Mrs. Downes will reside in Montreal.

New Bulletin on Home Canning, Free

With the canning and preserving season in full swing, a timely publication is now available from the Dominion Department of Agriculture, entitled "Home Canning of fruits and Vegetables". Prepared by the Consumer Service of the Department, it answers most of the questions likely to arise when canning fruits or vegetables, or making jams and jellies, pickles and relishes.

The section on canning indicates the equipment required, and explains every step to take until the fruit or vegetable is processed, sealed in the containers and ready to be stored for future use. The chance of error is reduced to a minimum.

The sections dealing with jams and conserves, jellies, pickles and relishes are dealt with in similar way, and the reader can tell at a glance how to go about preparing and processing. Recipes, which have been carefully tested, are also given for a number of jams and jellies made from a combination of different fruits, such as cantaloupe and peach jam, grape and pear jam, choke cherry and apple jelly, and several recipes appear for pickles and relishes.

Many of the problems which arise in canning and preserving are answered in the "Questions and Answers". This section contains suggestions which help in producing a first-class, long-keeping product and one of which the housewife can be justly proud.

A copy of the Bulletin may be obtained free on request to the Department of Agriculture at Ottawa. Ask for Publication 7889.

DEFINITIONS

Honest Politician: One who when he is bought, stays bought.

Kiss: A noun, though often used as a conjunction; it is never declined; it is more common than proper, and is used in the plural and agrees with all genders.

Philanthropist: One who returns to the people publicly a small percentage of the wealth he steals from them privately.

Repartee: An insult with its dress-suit on.

Fanatic: One who redoubles his energies after he has forgotten his aim.

Closing for Vacation

Customers of Lachute Upholstering Shop Reg'd are advised the proprietor will be absent from his shop for a vacation from August 1 to 20 inclusive.

PARKER HOUSE Rolls

Better Bake Plenty

Add 1 envelope Royal Fast Rising Dry Yeast and 1 tsp. sugar to 1 c. lukewarm water. Stir; let stand 10 min. Scald 1 c. milk, add 5 tbs. sugar; add 2 tsp. salt, cool to lukewarm. Add to yeast mixture. Add 3 c. sifted flour, beat until perfectly smooth. Add 4 tbs. melted shortening and 3 c. more sifted flour, or enough to make easily handled dough. Knead well. Place in greased bowl. Cover; let rise in warm place until doubled in bulk, about 1½ hours. Punch dough down in bowl; let rise again in warm place until nearly doubled in bulk, about 40 min. When light, roll out ¼" thick. Brush over lightly with melted shortening. Cut with 2" biscuit cutter, crease through center heavily with dull edge of knife, fold over in pocketbook shape. Place on well-greased shallow pans 1" apart. Cover; let rise until light, about 1 hour. Bake in 400°F. oven about 15 minutes.

"ALONG THE FAIRWAYS"

By Lachute Golf Club's Special Contributor

Speaking of course records (which we were mentioning last week), all kinds of records have gone by the board since then. The Club president, subbing in the mixed play, took 50 to get around the nine, which is some sort of a record for him.

Fernande Valois tells how she and Laurier Carriere covered the nine in 55 — and we don't mean strokes, we mean minutes. It was Laurier's qualifying round in the Ayers Cup too.

Records! Well, we could tell you about the fellow who drove off No. 6 tee and landed on No. 5 green; but we don't talk about that.

* * *

Our chef of five years standing, Gerry Coutu, leaves us come Thursday, July 31. In recognition of services rendered, a surprise party was organized in his honor Saturday night at the Club House. It was a rousing send-off for Gerry, the glee club being in rare form. Dale Hibbard outdid Jolson himself and the Russian "Big Four" rendered some harmonious vetoes. Philippe Valois made the presentation of a purse of money to the guest of honor.

* * *

Tournaments

Drew Trophy quarter-finals — Jean McIndoe defeated Norma Rogers; Bobbie Ogilvie defeated Agnes MacDougall; Ruby Parsons defeated Edith McOuat; Fernande Valois defeated Betty Milnes.

Semi-finals — Bobbie Ogilvie defeated Jean McIndoe; Fernande Valois defeated Ruby Parsons.

Finals — Fernande Valois vs Bobbie Ogilvie, to be played Saturday afternoon, August 2.

Wednesday Afternoon — First round of President's prize, three sealed holes on first nine, won by Jean McIndoe . . . . In this tournament, the lowest total of two best net scores from three rounds to win.

Thursday Night, Men's Sweepstakes — 1st low net, Joe Dumais; 1st low gross, Jack Reade; 2nd low net, Max Rubenstein.

Ball Sweepstakes, Sunday, July 28 — 1st low gross, Jack Reade; 1st low net, Del Mitchell; 2nd low gross, Jim Findlayson and Art Lapp, tied; 2nd low net, Bob Hamilton.

Ayers Cup — Those qualifying are as follows: Jack Reade, George Tattersfield, Art St. Onge, Norman Pesant, Sonny Ogilvie, Philippe Valois, Del Mitchell, Art Lapp, Jack Ogilvie, Bob Hamilton, Laurier Carriere, Dave Campbell, Hugh Kerr, Syd Drew, Joe Berniquer, Jim Findlayson.

"B" Class Championships — Those qualifying are as follows: C. Rogers, G. Leggett, Sr., R. Gravel, G. Leggett, Jr., Eric Stevens, Guy Gosselin, Dr. Perrier, Albert Ogilvie, Herb Thorpe, Dr. A. Coté, Rod Harley, Ossie Carriere, Ian Gordon, Jack McIndoe, Dr. J. Lafleur, Charlie Rhodes.

"C" Class Championships — Those qualifying are as follows: Kenny Bradford, Les Thompson, Michael Assaly, H. Morrison, A. G. Elliot, F. McCaffrey, Royal Raymond, R. Landriault.

First round for Ayers Cup and for "B" Championship to be completed Sunday, August 3; 18 holes, match play, gross scores, no handicaps.

CUBS TO HOLD WEINER ROAST

An event is planned for members of the Lachute Wolf Pack this evening — a weiner roast at the "flat rock" on Copeland's farm. If favored with fine weather, the boys are anticipating a happy outing.

A wife doesn't like people calling her husband a fool. She wants to keep that privilege for herself.

IT RINGS THE BELL when you serve Maxwell House Coffee for breakfast. This delicious blend contains choice Latin-American coffees specially selected to give you *extra-rich* flavor.
