B'burg Council Debates Details from Rowdyism to Mail-Order Chimneys

"IN BROWNSBURG" — Specially Contributed

Brownsburg — The monthly meeting of the municipal council was held Monday evening, Mayor Jas. Donaldson presiding. The other councillors present were Messrs. L. Wilson, N. Somers, A. Denault, M. Lafleur and W. Moseley.

The secretary-treasurer, Emile Hebert, read the minutes of the last meeting. Among the business transacted was payment of a retention to the contractor, Messrs. W. Kelly, on completion of the waterworks extension at Chenierville section. . . Councillor Somers inquired the total cost of the project now completed, and was informed that the cost was $35,-534.45. The amount of debentures sold to cover this cost was $40,000. There was in addition some material left over, which became the property of the council and which could be used in replacements or additions in future work. Some of the material consisted of pipe which was purchased much cheaper than similar pipe could be obtained today. The value of this pipe was somewhere about $700.

Sidewalks

The sidewalk contractor, F. Brisson, came before the meeting to inquire if the work suspended last year was to be proceeded with; he stated he had a quantity of cement, and as soon as the roads were open to traffic he could procure the gravel. After some discussion it was decided to start on Oak Street, and after its completion to lay along Filion Street North.

The council had received a complaint from Mr. King that his fence on Oak Street had been pushed in by the snowplow during the winter road clearing. The Mayor inquired from the driver, Armand Charron, if that was so. Mr. Charron explained that a wooden fence could not be pushed in during the winter when posts are frozen into the ground. If the snowplow pushed against the fence the posts would be snapped off but not pushed in. . . Councillor Somers opined that the ground on the inside of the fence had been falling away and there was a natural tendency for the fence to lean inwards. He suggested that the damage complained of be inspected. This was agreed to.

The secretary called attention of the council to the necessity of watching progress in building of new sidewalks, and keep it in relation to the available finances. Sidewalks were an expensive outlay awaiting recoupment from the proprietors.

Although the delay in collecting has to be considered, he was pleased to remark that, for all the sidewalks laid up to the present, there were only three amounts outstanding.

Entrances

Should sidewalks be dipped or remain raised along the roadside at entrances? — was a question debated to some extent. It was contended that for car entrances the sidewalk should be lowered. On the other hand, opinion in favor of pedestrians was against the sudden jar experienced when a succession of lowered entrances interrupted a walker's smooth progression. To a great extent the matter is governed by the desires of the proprietor, who after all pays the cost.

Mail-Order Chimneys

A representative of a patent chimney came before the council as a result of the recent building by-law passed by the council governing the erection of chimneys and related matters. A model of the proposed mail-order chimney was displayed on the council table, and its construction and erection explained at some length. The council's by-law prohibits the erection of such a chimney. It is contended that in ground such as Brownsburg a chimney built on a solid foundation would not follow the 'working' of the house at the frost line, and in consequence would be more liable to open at the joints, and there were far too many joints in a brick chimney. Open joints would lead to fumes, and fire escaping out the sides of the chimney. Evidently this patent chimney could be erected on a solid base, but its main feature is the ease with which it can be attached to the joists on the floor.

Fire Chief A. Robbins pointed out that its most glaring defect was the fact that fires around chimneys eat into the woodwork, otherwise there would be no consuming fire. If the woodwork supporting this chimney caught on fire, the supports would be the first to go and then the whole chimney would come down, creating a major fire and a danger to firefighters.

The council, on the recommendation of Councillor Somers, decided to forward particulars of this chimney to the Dept. of Municipal Affairs at Quebec (whose by-law the council had adopted), and ask for a ruling on the advisability of erecting such chimneys and the rating with fire underwriters in this province.

Municipal Affairs

A communication was received from the secretary of the County Council announcing a course of instruction on Municipal Affairs in English. The course will be open to municipal councillors and school commissioners in the counties of Argenteuil, Gatineau and Pontiac, on June 3. Others interested may also attend, at the county buildings in Lachute.

Disturbing the Peace

Once again the council had before its meeting several complaints regarding the nightly visitation of rowdies, noisy celebrants, barroom quartets and back-firing motorcycles. Various ways and means of curbing this nuisance were suggested. It was decided that the liquor laws be fully enforced and that hotels be closed at 9 p.m. on Sundays. The question of complete closing of hotels on Sunday was adjourned for further consideration. The Police Chief was questioned on the absence of arrests of those breaking the peace after midnight, and the lack of patrols throughout the town to deter such disturbances. The Chief stated that these are disturbances which do not break the law, or at least in which the application of the law is both doubtful and difficult. When asked by Councillor Somers why a particularly noisy motorcycle which prevents residents from resting at midnight cannot be put off the streets, or the culprit arrested, the Chief replied the cut-out was defective and it would be difficult to prove the rider was breaking the peace. The councillor said it was "nonsense to assert that we cannot control disturbances on our own streets made by strangers from outside the district". The council was of the opinion that on Sundays the town should not be without police protection, and called on the chief to undertake this duty in exchange for time off during the week. The chief at first demurred, but later offered to take up duty on two Sundays a month. . Other points of dissatisfaction were expressed; there were too many complaints being received from residents all over the village, said Councillor Wilson. . . The Chief left the meeting while the discussion was continuing, and at its conclusion Councillor Wilson, seconded by Councillor Somers, called for dismissal of the police with the usual 30 days' notice. It was decided to

58th Anniversary of Papineauville Couple

(Our District Correspondent)

Harrington — A number of relatives of Mr. and Mrs. N. McRae, of Papineauville, attended their 58th wedding anniversary on Sunday last at their home.

Brownsb'g Rejects Legion Proposal Regarding Rink

Brownsburg — The effort made by Brownsburg Branch of the Canadian Legion to tie in its aspirations for a Memorial Hall with the community's need for a covered skating rink, met with defeat at a meeting of the Memorial Committee, comprising delegates representing all interests in Brownsburg, held on Monday. A majority of the delegates reported their organizations did not favor one stipulation in the Legion's proposal, namely, that the Legion should have control of a small hall, which it was proposed should be built over a larger community hall serving also as an entrance to the rink proper. In view of this the Legion stated that it would withdraw any thoughts of recommending that the funds raised in the Memorial campaign of 1946 be applied against the more urgent rink project. (These funds must be used for the purpose stated in the Charter granted under the War Charities Act, i.e., for a Canadian Legion War Memorial Hall).

While the Legion's proposal was not approved, the Memorial Committee decided, however, to continue with the community skating rink idea. The efforts of the Canadian Legion in this direction have not, therefore, been entirely in vain. One important thing has been accomplished; the French and English-speaking elements of Brownsburg have been united towards a common objective. A motion made by the Rev. Father P. Manseau was adopted without a dissenting voice. Mr. Albini Brunelle and Mr. William Brown were appointed to form a committee consisting of five English-speaking and five French-speaking citizens, whose task will be to draft a new rink proposal for presentation to the Memorial Committee at an early date. While stepping down from the organizational end, the Legion pledged its full support to any campaign for a community skating rink.

Legion to Commemorate 'D-Day' in Brownsburg

Brownsburg — The Brownsburg Branch of the Canadian Legion has decided to commemorate the landing on the shores of Normandy with a "smoker" which will be held in St. Onge's Hall on June 6. Although details have not been announced, it is intended to provide a program of entertainment; admission will be confined to veterans.

The Brownsburg Legion also is about to renew its drive for building funds, and subscriptions will entitle the donor to a chance in a free drawing for a 1949 Meteor automobile and other valuable prizes.

9,552 Join K. of C. In Province in 1948, State Deputy Reports

Judge T. A. Fontaine, state deputy, reported to a special meeting of the state executive that 9,552 new members joined the Knights of Columbus in Quebec province during 1948.

He said the province now is one of the strongest K. of C. centres in North America.

Final plans for the 50th annual convention of the provincial branch, scheduled for Joliette May 28-29, were discussed.

T. Fournier Elected St. Andrews Mayor After Contestation

At an election for mayor in the Municipality of St. Andrews East last Monday, Thomas Fournier won by 34 votes against Georges Duhamel — thus confirming his plurality of January 17 last, which has been under dispute since contestation proceedings were taken in law.

The vote (in unofficial figures) was — Fournier 176, Duhamel 142; 3 spoiled ballots — making a total poll of 321 out of 450 eligible voters. Octavien Lalonde served as returning officer for the election.

It is recalled that in the January civic elections Mr. Fournier defeated the retiring mayor, Georges Duhamel, by 14 votes. The result was contested, however, on grounds of irregularities — the suit against Mr. Fournier and the municipal corporation, jointly, being instituted by a taxpayer, Theodore Apeck. Mr. Fournier, the defendant, subsequently confessed judgment and a new election was ordered — with the result above mentioned. In the meantime council business has been proceeding as usual, with the pro-mayor, Councillor Victor Potier, as chairman.

Series of Collisions In Town Traffic

Four recent mishaps involving motorists and pedestrians were reported on local streets and investigated by the town police.

While walking down Grace Street to the St. Viateur College last Thursday morning, young Yves Chevrier ran out in front of a station-wagon transporting day-pupils to attend the Convent. Driver of the vehicle was Léopold Girard, who was unable to avoid striking the 10-year-old boy. The lad was bruised about the knees and elbows. Taken to the Providence Hospital for examination, he was afterwards permitted to return home.

At 3.30 o'clock Thursday afternoon a light truck proceeding west to east on Robert Street was struck by Jas. Pollock's car travelling northward on Barron, and hurled against a pole carrying a 26,000-volt line. The pole was broken and the vehicles damaged, but the driver of the truck, Miss Joan Welden, escaped without serious injury. Miss Welden was driving a truck belonging to her father's garage, Welden Motor Sales. . . Police Chief D. Villeneuve investigated both these accidents.

At noon on Saturday Patrick Gauthier, driving a car on Bedard Blvd., turned north on the intersection of Isabella and ran into a truck owned by Henri Legault, contractor, travelling east to west on Bedard. The car was the more seriously damaged.

At 6.15 o'clock Saturday evening Wm. Heatlie, of Lachute, accompanied by his wife, turned his car from Main Street northward into Water Street, and was struck with considerable force by a car proceeding through town, driven by Fernand Charron, of Flaisance. There was considerable damage to the cars; although Mr. and Mrs. Heatlie were badly shaken, there were fortunately no injuries.

Cst. Wm. Lepine investigated both accidents on Saturday.

Activity in Town Administration

A word of commendation to Lachute's traffic and roads committees, deserves prominence this week on our front page (where space has been given to previous editorials in a critical vein).

The expeditious manner in which Main Street has been cleaned up this spring, and white parking-lines painted, is a distinct improvement over last year (when, in fact, the parking-lines were not painted at all). . And, going back a few weeks, the committee may be commended also on the installation of no-parking signs at the Arena and the Rio Theatre so promptly after the council order to this effect.

Other needs at this time, however, should be respectfully drawn to the committeemen's attention. . .

First is the need of a stop-sign at the Barron and Robert St. intersection — where limited visibility, and uncertainty as to the right-of-way, caused another accident last week. It is reported that other stop-signs in town are missing, and these too should be replaced.

Another need is for a drastic curb on speeding of motor traffic. (This, in the opinion of eyewitnesses, was instrumental in an accident on Main Street last Saturday). In order to leave no doubt, signboards advertising the speed limit should be erected at the town approaches and at appropriate points.

A third need is for the early repair of frost-damaged pavements, which are a hazard and discomfort to motorists. Provincial Roads officials are also reminded of their part, where damaged highways need attention within the town limits.

With the good intentions of these town committees in evidence, it now remains for the motoring public to cooperate in all matters possible. There are many details which can contribute to the public safety and convenience this "open season", and every car or truck driver is an important factor in attaining this end.

Details on Recent Fire at Brownsburg

A report of the dwelling-house fire in Brownsburg, appearing in last week's Watchman, was the subject of criticism from an anonymous complainant. Despite lack of signature to this communication, The Watchman gives benefit to the writer's sincerity and publishes the corrections. . .

It is stated that the owner of the residence, Florimond Beaulne, who is blind, was not "sitting in the kitchen unaware of the danger surrounding him". Hearing a strange noise upstairs he went up two or three steps and immediately knew there was a fire. Going to the front door he called for help; two neighbors came to him and one took him to his home.

The fire was not caused by cleaning-rags used in waxing floors (our informant states), and there was nothing to cause any explosion. . The damage was estimated at far more than $1,000 — the writer adds.

* * *

An inaccuracy in the reference to "spontaneous combustion" in this report, was also noted by the local fire chief. The chief referred specifically to a difference between "spontaneous ignition" and "spontaneous combustion". With due respect to the technicalities of science, The Watchman believes however that "combustion" is close enough to the correct terminology for purposes of a news report.

Ratepayers and Public Support Protestant Commission in High School Building Project

Meeting Votes Approval to School Board To Proceed with Construction, Apply for Grant, And to Issue Loan as Necessary

The Protestant School Commission was given the "go-ahead" to proceed with Lachute High School building extension, at a public meeting held in the Auditorium on Wednesday evening. Although the attendance was small at the commencement of the meeting, a good assembly was evident as the deliberations got under way.

All the commissioners were present — Chairman J. W. McGibbon, Messrs. D. R. Bradford, Geo. F. Calder, S. J. McFaul and Ross Muir, with the secretary, Mr. Angus Taylor.

The chairman, Mr. McGibbon, reviewed progress towards materialization of the new building since the last public meeting of December 1946; he told of purchasing new property from the C.N.R. and the Presbyterian Church, and of the numerous modifications and adjustments to the plans before they were finally accepted by the Quebec authorities.

It was also pointed out that a special tax of 40c on the $100 present valuation would have to be levied to cover financial obligations incurred in the new building.

A resolution passed by Quebec Municipal Commission, and approved by the Department of Education, regarding the grant to the local board of 66⅔% of construction cost, was read by the chairman; and afterwards, the meeting approved a suggestion that the board go into committee with those present for a public discussion. At this point Dr. F. W. FitzGerald was asked to be chairman of the proceedings.

The need for the new addition was strongly urged by many present. The overcrowding of the present building was stressed, and the advantages of Grade XII, a combined gymnasium and assembly hall, were also factors bearing favorably on the school extension scheme.

There were objections to the project on the ground that the Lachute taxpayers would have to bear most of the financial burden, and that the benefit would go to the pupils outside the town limits.

Mr. Grattan Thompson, architect for the extension, was present and gave a brief but clear idea of the structure, its fireproof qualities and modern design. Mr. T. C. Corry, the auditor, was also present, to discuss any question of finance arising at this meeting.

After the pros and cons had been fully aired and discussed, a resolution was moved that the school board proceed with the building, and obtain the grant from the government accordingly ($360,500), the balance to be raised by a bond issue of $478,000.

The first vote showed an overwhelming majority in favor. The chairman then asked for a unanimous expression of approval, which was forthwith accorded by the gathering.

Rotary Officers for 1949 - 50

LINTON W. ARMSTRONG, of Lachute, and HAROLD BARRIE, of Brownsburg, elected president and vice-president, respectively, of the Rotary Club for 1949-50. . Mr. Armstrong is well known in town for his activities in business and various community roles; he has served as vice-president for the past Rotary term. . . Mr. Barrie, born at Moose Jaw, educated at Regina and graduated from the University of Toronto as Bachelor of Applied Science in chemical engineering, has been with C-I-L at Brownsburg since 1934. He has given much time to his past duties as secretary of Rotary.

Large Gathering of Lions Club and Guests, for Annual Oratory Contest

The Lions Club's annual oratory contest for school children in the Lachute area, was brought to a conclusion Tuesday evening.

The dinner meeting was held in Lachute High School, with an attendance of 85 persons — including notables in civic and provincial government, representatives of the school boards and teaching staff, contestants and their parents, Lions members and their wives and guests.

The contestants, composed of two groups of three students in each, were chosen by their school staffs as finalists for this contest, and were given five minutes each to talk on the subject of "Racial Unity in Canada". One group comprised three girls from the Catholic Convent, and the other, two girls and one boy from the High School.

The method of judging and an outline of the contest was given by Lion Austin Thompson in English and by Lion Horace Lamarche in French.

The contestants in the French-speaking group, and their standings, were — Anna Diotte, grade nine, first prize; Helene Pariseau, grade nine, second prize; Denise Belanger, grade eight, third prize. This group was judged by Lion Dr. R. Dumais, Mayor (Lion) Léopold Carrière and Lion Horace Lamarche.

The contestants in the English-speaking group, and their standings, were — Evelyn Laurin, grade ten, first prize; Joyce Gordon, grade nine, second prize; Grant Riddell, grade eleven, third prize. This group was judged by Mr. W. M. Cottingham, M.L.A., Lion Dr. F. W. FitzGerald and Lion Geo. Y. Deacon.

Prizes were presented to the groups according to their standings, by Mr. Cottingham — the awards being $10 first, $8 second, and $7 third in each group.

A gift of $5 forwarded by Mr. Georges H. Héon, K.C., M.P., was drawn for by the groups — Denise Belanger winning $2.50 in the French-speaking group and Evelyn Laurin winning $2.50 in the English-speaking group.

The details of the contest were very ably carried out by Lion Austin Thompson, chairman of the committee.

After a vote of thanks had been voiced by acting-president Lion Dr. F. W. FitzGerald to the ladies of the Women's Institute, for providing an excellent meal, the meeting concluded at around 9 p.m.

Calumet Resident Passes 90th Birthday

(Our District Correspondent)

Calumet — A happy event took place Sunday at the home of Mr. and Mrs. H. Trineer, when children and grandchildren met to felicitate Mr. Trineer on his 90th birthday. On Saturday night a family gathering took place, when 20 sat down to supper. On Sunday afternoon Mr. Trineer motored to Kilmar to visit friends and relatives. Out-of-town guests included Mr. and Mrs. H. Green and Miss Glenna MacLeod, of Montreal, Mrs. F. Kelly and two daughters, of Hawkesbury, Mr. and Mrs. Alton Kelly, Mrs. F. McNeil and Miss H. McKay. Calumet's oldest resident, his many friends in the community hope that he will have many more happy birthdays.

Degrees and Awards To Theology Students

At the annual convocation of the Montreal United Theological College on Friday evening in Erskine and American United Church, two students associated with this district will receive the degree of Bachelor of Divinity. They are—the Rev. Aubrey George Moore, B.A., minister of St. Mungo's Church, Cushing; and Alphonse A. Ariano, French specialist at Huntingdon High School, who was formerly a member of Lachute High School staff. Mr. J. L. S. Shearman, B.A., will be awarded the Second Maria Sawtell Scholarship.

At Head Table

At the luncheon on Wednesday tendered to Mrs. George A. Drew at the Windsor Hotel in Montreal, Mrs. George H. Héon, wife of the chief organizer of the P.C. Party for Quebec Province, was among guests at the head table.

'Suburban Sprawl' No Mere Shibboleth of City Planners; Here A Small-Town Problem

ROTARY ADDRESS ON COMMUNITY PLANNING, OR MANAGEMENT OF LAND-USE IN PUBLIC INTEREST

An address to the Rotary Club last Thursday on the subject of community planning, was presented by the speaker in terms broadly applicable to all growing centres of population. However, those among the audience from Lachute — and even the greater number, from Brownsburg — recognized in his ideas an application to their own particular towns.

At the opening of the meeting, President N. Somers reported a pleasant visit to the New York Rotary together with Rotarian Arthur McOuat; the latter had also recently visited the Miami club. Both had returned with an impression of their warm welcome, and of the comradeship existing between Rotary members of different cities or countries.

Guests at the meeting included Mayor Jas. Donaldson, of Brownsburg, Mayor Leopold Carrière, of Lachute, and Mr. Gerald Walker, also of Lachute.

The speaker was Alan Armstrong, of Ottawa, executive director of the Community Planning Association of Canada. At one point in his address Mr. Armstrong remarked, "I am struck with the similarity in the causes of your problems of suburban sprawl, traffic and taxes in Lachute, with those in Montreal". . The speaker was introduced by President-elect Linton W. Armstrong — to whom, however, he bears no relationship. . .

"Planning is public management of the way land is used in the interest of all the people living on that land", said the speaker. "In this democratic country, when we want to serve the purpose of the whole community, we do it through our well-established and competent public authorities. That goes for rural areas as well as urban — but it happens that more of us now live in urban areas (which was not so 30 years ago), and we are more dissatisfied with the way they have developed.

"Besides, we are pretty good at managing the larger-scale development of our country: railways, waterways, highways, airways, communications and the extraction of our great heritage of natural wealth. The odd thing is that this wealth and high standard of comfort is not fully reflected in the streets, parks, housing, schools, and other facilities that most of our families use — whether in the large cities or in the small towns. The sweating in the mines, the fields, the woods and the factories is for us people; but we have only been learning the hard way how to build communities in which living is satisfactory and enjoyable, and not merely busy and prosperous.

"One of the troubles is that the public management of our communities is limited as to area by

(Continued on page 2)

Gatineau LINES

Pensions

Few people indeed are gifted with the ability to save enough money from their wages or salary to keep them comfortably when their working days are over. In a modern world there are too many ways in which money can be spent easily and pleasantly. As a result of this, a good many people have faced the future with qualms in their hearts about the latter years of life.

It is to provide a solution for such problems as these that modern companies have established pension plans which will provide a sure income for each employee when the day comes to retire. Most of these plans are based on the length of service of the employee and on his average earnings throughout his working years.

Such a plan was inaugurated by Gatineau Power Company in 1342. In order that previous service would not be lost in terms of the pension plan, Gatineau Power Co. set aside about $225,000.00 in a lump sum to cover employees who already could boast a number of years of continuous service. For an employee who remains in the Company service till normal retirement age, the annuity which will be paid for past service up until the time the plan was established represents 1% of his 1940 earnings for each year of past service. For service since the plan was put into operation the employee receives an annuity of approximately 1½% of his total earnings during that period. For this part of the plan, about 45% of the cost is contributed by the employee, and about 55% by the Company. Should an employee die before pension age, all the money paid into the plan by the employee is returned to his estate together with interest on his contributions.

The Gatineau Power Company pension plan, like the group insurance plan, is among the benefits received by those who enable the Company to give the best possible service to customers at the best possible rates.

Did You Know ?

Quite aside from sickness and pension plan contributions, Gatineau Power pays more than $12,000.00 a year to the Federal Unemployment Insurance.

Gatineau Power Company

Seasonal Farm Topics

Grow Some Roots For Cattle Feeding

In planning the crops grown for cattle feed this Spring to be used next winter, some consideration should be given to the root crop. While roots are from 80 to 90 per cent water, they are a great help in keeping the cow's digestive tract well supplied with this necessity. Chemists have termed them "watered concentrates", because they have in their natural state some elusive tonic agent that has yet no laboratory label on it. They are food and drink combined. They make just such an appeal to the cow's taste as apples, pears, peaches and other juicy fruits make to the taste of the human being.

The barrel of apples in the cellar is not specially valuable from the standpoint of the amount of nourishment contained. The great value of apples is due to the fact that they aid in toning up the whole system and satisfy the craving for something succulent. In like manner it pays to supply the livestock on the farm with something to take the place of the green grass they get in Summer. Just as an apple or two is good for each member of the farm family, so are a few pounds each day of succulent feed — such as roots — good for farm animals.

Though roots are 90 per cent water by chemical analysis and 10 per cent dry matter, the water content is of a very special quality. It is a quality unknown to the chemist, but well known to the farmer who feeds roots. In Britain, where roots are the livestock industry's mainstay, extensive experiments have been conducted with a ration having the water equivalent in roots supplied from the well or tap, and the results were disastrous every time to the water tap when pitted against the succulent root. A root cellar is just as necessary an equipment of the dairy farm as a safety valve.

Thinning Apples With Chemicals

(Experimental Farms News)

The favorable effects of thinning apples are well recognized by fruit growers but hand thinning is laborious and under present conditions is a costly operation. For these reasons, chemical blossom thinning sprays have been developed. Within the past few years a number of these chemical sprays have been investigated at the Central Experimental Farm, Ottawa — report D. S. Blair and S. H. Nelson of the Horticulture Division. The chemicals are applied by a power sprayer operating at sufficiently high pressure to give good coverage.

Since seasonal conditions have an effect on the degree of thinning, it is not possible as yet to give definite rates of application. This is further complicated by the fact that varieties do not react alike. Until definite recommendations are available the grower without previous experience should use chemicals cautiously.

Italy's big estates may be split up among the poverty-stricken tenants.

Community Planning, or Management of Land-Use In the Public Interest

(Continued from page 1)

boundaries on (in most cases) a 30-year-old map. And the legal powers and financial resources of that management are restricted by other pieces of paper almost as old. In the meantime, the actual urban areas have grown beyond what the maps show, and the needs and expectations of urban people have grown beyond what the codes allow (health, schooling, recreation, traffic control, etc.)

"There is no point in drawing fine new ideas on paper plans, until we change the old papers so that we can carry out the new plans. The two chief changes, it seems, should be :

(a) Extend the areas of our towns to correspond to the areas where people are living an urban life and expecting urban services;

(b) Extend the powers of our municipal management so that it can cope with the duties imposed upon it — so that it can develop the people's facilities in harmony with the people's prosperity. (Local governments in Canada have smaller real resources now than they had ten years ago — although urban people now enjoy a total income about three times that of 1939).

"At the same time, it is an obvious fact that local trends and difficulties are often determined by decision of province-wide or nation-wide, public or private giants. Sometimes the local government is given a grant to help it swallow the decision. Let's admit that it's in the nature of things that more and more decisions must apply over a wide scale—different places are becoming more and more interdependent, movement between them becomes faster. This problem troubles our largest cities as much as our smallest. (Indeed, I am struck with the similarity in the causes of your problems of suburban sprawl, traffic and taxes in Lachute with those in Montreal.) All this means that we should have a re-deal for local governments, large and small; and we should have better machinery for consultation between the local, regional and national public and private authorities who are building and changing their facilities constantly — and who in the past have often spoiled each other's plans.

"That we have not had this re-deal has been the chief discouragement to young Canadians to qualify themselves for the technical jobs in town-planning (although there are a good many Canadians doing those jobs in other countries.) Since the war, however, McGill and Manitoba have begun to train planners, in the faith that Canadians are now dissatisfied enough with hit-or-miss town-building to employ these men. A small community can hardly employ a specialist full-time; but a group of small communities, in co-operation with the nearby University authorities, and with the aid of the provincial government, could certainly keep professional planners usefully employed. (You are fortunate in having a provincial advisory Town Planning Service in the Department of Municipal Affairs at Quebec.)

"But you don't want some outsider simply telling your authorities what to do. What you want is expert help in deciding for yourselves what improvements you want to make. The professionals who are worth their salt are sympathetic to this attitude. They will bring logical methods and analytical devices that have proven successful elsewhere. But they will want you — your Mayor and Council, your clubs and your industries and your families — to apply that logic here and come up with your own answers. Unless that happens, the expert advice is not likely to get any further than the filing cabinet. What you want is visible action.

"That was why, in 1945 and 1946, when the professionals rightly foresaw enormous building activity ahead (we already have one family in twelve living in post-war houses) they met to see how town-planning should be encouraged. They decided that professional Institutes were not enough; so with the aid of municipal, provincial and federal governments they founded the Community Planning Association of Canada. Its purpose is to foster public knowledge and concern in town-planning. There is nothing exclusive about this Association. Hundreds of citizens and groups from Halifax to Victoria have joined it and formed local branches to promote the aim. Already effective action has ensued in a number of cases.

"We publish 'Layout for Living' and 'Urbanisme' (both monthly editions) for our members, as well as other pamphlets on special topics."

(Samples of these publications were handed to the audience for perusal).

Auction Sales

At the residence of
BERT McGIBBON
10 Meikle Street, Lachute, on Saturday, May 7, at 1 o'clock:

Dining-room suite, chairs, cupboard, beds, dressers, clocks, tables, sewing machine (New Williams), baby carriage and sleigh, ice box, Beatty electric washer, vacuum cleaner, hotplates, toaster, electric iron, Philco radio, Gurney range (wood and electric), oilburners, drums, 90-gal. oil tank, 2 lawn mowers, oxygen-acetylene welding torch and gauges, trailer (6.00 x 16 tires), trailer axle and wheels, and many other articles too numerous to mention.

Terms: cash.

— W. J. Boyd, lic. auctioneer.

Summer Safety

IT'S THE SAME every spring and summer. . . . Newspapers are crammed with accounts of wanton loss of life as pleasure-seekers head for holiday resorts in increasing numbers. Traffic accidents usually take the heaviest toll, but swimming and other accidents add an impressive number to the fatality lists.

Week-ends are the worst. Thousands of city-dwellers jam the highways as they travel to their favorite country spot or cottage. Swimmers take unnecessary risks for a little extra pleasure. The result — death or severe injuries, and grief for relatives and friends.

Is it worth it?

The day may never come when highways will be totally accident-free. But a great deal can be done to reduce the number of deaths and crippled bodies by the use of care, courtesy and common sense.

Before the holiday season really gets under way, sit back and think of the risks before you gamble for the highest stakes of all — your life and the lives of unknown others.

If, while driving, the driver behind you wants to pass, move over, be courteous and let him. And don't be in too much of a hurry to push down on the gas pedal — it's better to lose a few minutes than your life. That's only common sense, care for yourself and those in the car with you.

Swimming, too, often takes its toll of lives just because of foolhardiness. No matter how good a swimmer you are, don't swim alone. A partner makes good company besides being a potential rescuer. And don't show-off by swimming beyond your limit — leave the long-distance swims to the professionals.

There are dozens of safety rules for both driving and swimming. We all know them. So why not use them?

And don't be lulled into a false sense of security because these accidents always happen "to the other fellow". You are "the other fellow" to someone else.

Our Crowded Highways

UNLESS there is some intelligent planning and co-operative action very soon, in a few years it will be as difficult for the motorist to get in and out of our larger cities as it is now to move through their business centres during the five o'clock rush, predicts The Financial Post. In the last two decades provincial and municipal governments have spent hundreds of millions of dollars on suburban highway connections which are now largely plugged with local traffic. Indeed on long stretches of what were originally high-speed rural highways it is dangerous, and in many cases illegal, to exceed 30 miles an hour.

Even if our own citizens are willing to put up with these conditions, there is the visiting tourist to consider. We can't expect American motorists to come here and spend their dollars unless we can guarantee not only smooth highways but open ones.

The only solution is a rigid segregation of highways and local streets, of building open routes leading around, and out of, our larger cities, where a reasonable and continuous speed is possible.

About Greeting Cards

PROBABLY you are not aware of the fact, but if you are one of those individuals who always writes a little note on the back of, or encloses a written note with the card of sympathy you mail to a sick friend, either at home or in hospital, and expect it to be delivered for one cent because the envelope has not been sealed, the recipient has had to pay an extra six cents to get it out of the Post Office. Only the printed card, containing your signature, comes under the one-cent postage category. Any writing on the card, whether the envelope is sealed or not, must be paid for at letter rates — four cents. This is in accordance with postal regulations.

Your friends certainly appreciate receiving cards, and no doubt enjoy reading any notes you wish to enclose with the card, but we'll bet much of the cheerfulness of your message is lost, if the person to whom you sent the card has to pay an additional six cents to get possession of it. If you must write anything, other than your signature, on any kind of a printed greeting card, put it in a sealed envelope and place a four-cent stamp on it — in that way your friends will not be penalized for your thoughtlessness.

Factor for Contentment

RETIRING after 60 years of service, an Ontario postmaster sighs and says, "Now I'll be able to grow some roses". . . In this simple expression of a man's ambition lies the suggestion of tragedy — for thousands of workers die in harness, having applied their faculties absorbingly to the job, and often to the exclusion of their cherished personal hopes. Our postmaster friend, probably frustrated from the years of his youth until the day of his retirement, finally realized his one desire — leisure time "to grow some roses". Many are less fortunate. Life, for them, is "one long, unsuccessful effort to keep the money coming in and the teeth and hair from coming out".

A job which provides a comfortable living yet affords leisure to indulge one's favorite pastime, is the happy compromise — for the chances of a peaceful retirement are uncertain. A career of this kind is the answer to bitterness in many lives; and all reasoned measures for sane working hours and security among wage-earners, are very wisely founded.

Basis of Commonwealth

ONE OF the most formidable constitutional problems in Commonwealth history — how a monarchy and a republic can exist in the same framework — was solved last week by a conference of statesmen from the seven Dominions and the United Kingdom.

The London conference provided a way for India, due to become a republic this summer, to remain within the Commonwealth, the oldest family of nations in the world.

The great Asiatic sub-continent, with its 300,000,000 people, will continue to share the same privileges, advantages and responsibilities as the other seven members. The only difference will be that India, following proclamation of a republican state, will no longer bear allegiance to the King. However, India will recognize the Crown as "the symbol of the free association" of the Commonwealth's member nations "and as such, the head of the Commonwealth."

In the 212-word statement issued following the conference, Canada, Britain, South Africa, New Zealand, Ceylon, Pakistan and India pledged "to remain united as free and equal members of the Commonwealth of nations, freely co-operating in the pursuit of peace, liberty and security." In effect, the delegates — all of prime ministerial rank except L. B. Pearson, Canada's external affairs minister — altered little of the existing constitutional basis of the Commonwealth.

The changes made — as predicted before the conference by Prime Minister Nehru of India — were a matter of form. Important bonds of association based on heritage, community of interest and custom remain as before.

The historic document was the first mention of the King as the "head of the Commonwealth", although political scientists have long considered the Crown as such, as nominal head of the individual countries.

The document also referred to the Commonwealth as "the Commonwealth of nations", following the first five paragraphs, dropping the word "British". Nowhere in the document was the "Dominion" used, since India, once a republic, will no longer be a dominion of the King.

"THE SCENE from Shingwauk Farm" suggests: Each of the housewives over forty who protests against current food prices should be required to prove that she protested just as vigorously against the injustice to farm people when the average yearly farm family income was $468, during the 11 years 1930-1940.

Something New in Pressure Cookers

London — The world's first pressurized blast furnace is now being built in Scotland. Working on the principle of the domestic pressure cooker, the new furnace speeds up steel output by from 15 to 20 per cent. At the same time experiments have solved the problem of the increasing mountains of slag. By a new cooling process the slag can be given the same surface picture as natural whinstone and used for building material and road metal. A new plant to handle 3,000 tons of the material each week will be in operation in Scotland within two months.

You have two chances —
One of getting the disease
And one of not.
And if you get the disease
You have two chances —
One of dying
And one of not.
And if you die —
Well, you still have two chances!

FOOD FOR THOUGHT

Dust storms are back and recently we had a dilly. So much cleared land around, the wind had nothing to stop it. We think back 25 years, when winds were practically unknown in this district, and now they are as common here as in the South.

— Melfort (Sask.) Journal

Teacher Shortage, Sex Education and Juvenile Movie Shows Discussed

Issues Dealt With at Annual Conference of Home and School Associations

Montreal — Another large educational body joined in the appeal for Federal aid to education, last Saturday, when the Quebec Federation of Home and School Associations endorsed the brief presented at Ottawa by the Canadian Teachers' Federation.

At the closing session of its second annual conference in Montreal, delegates voted to support the teachers "in all possible ways to attain this objective". The preamble to the resolution pointed out that "the teacher shortage is one of the most serious problems facing our country today". This problem can be solved only with Federal aid to education, it asserted.

Inclusion of a well-integrated program of sex education in the curricula of Quebec schools will be asked of the Protestant Committee of the Quebec Council of Education, the conference decided. It asked that this instruction be given by specially trained persons to children of appropriate age levels, and that it form an integral part of courses on family living or some similar course.

More education for minors is needed to prevent an increase in sex delinquency, said Mrs. C. E. Woolgar, chairman of the Co-ordinating Committee on Sex Delinquency Affecting Minors, which presented the resolution. "The choice is between giving children sex education wholesomely, or having them gather it from the gutter", she said.

The "spectacular type of sex education which raises curiosity and leaves children only half-satisfied", was deplored by Rev. M. W. Booth.

Theatre Issue

Special showings for children under 16 in motion picture theatres will be considered by a committee to be set up by the federation at the conference's request. It will also consider the advisability of asking the Quebec Government to authorize these special showings.

Such legislation would strengthen observance of the law by offering alternatives to attendance of theatres showing films for adults only, said Wilbert J. Prince, secretary of the Bronx Park Association, which presented the motion. Edger Eve claimed that some theatres allow children in illegally.

SHARE OVERSUBSCRIBED

Montreal (CP) — Students of Sir Williams College here oversubscribed by $500 to the $1,000 memorial scholarship fund. Each year the money is to provide a complete college education for one student who must be a veteran's child.

"THE MASTER" SHALLOW WELL PRESSURE PUMP

It is estimated that the normal water requirements for the average farm is about 650 gals. per day. The Master Shallow Well Pressure Pumping System, with a capacity of 300 gals. per hour, can more than supply the normal requirements, leaving plenty of water available for emergency work.

The Master Shallow Well Pump has been more than ten years in its development, resulting in a compact, sturdy pump that requires the absolute minimum of servicing.

Available in several models to suit every purpose.

Businessman Dies At Morin Heights

The Late John Davis

Friends of Mrs. W. J. Deacon, of Lachute, will sympathize with her in the death of her brother, John Davis, who passed away on Tuesday at his home in Morin Heights. Born in Christieville, he had spent the greater part of his life in Morin, where he built up a large garage and auto-sales business.

Mr. Davis, who was 63 years of age, died of a heart ailment. He is survived by his wife, a daughter Margaret, and two sisters, Miss Mildred (Milly), of Ottawa, and Lila (Mrs. Wm. J. Deacon), of Lachute.

The funeral service will be held at the United Church, Morin Heights, on Friday afternoon at 2.30 o'clock.

Birth, Marriages and Deaths

Births, Marriages, Deaths and In Memoriam, etc., 75c per type line extra for verses with In Memoriam (estimate 6 words per type line).

(Payable in Advance)

DEATH

DAVIS — At Morin Heights on Tuesday, May 3, 1949, John H. Davis, beloved husband of Edith Olsen, in his 63rd year. Funeral service at the United Church, Morin Heights, on Friday at 2.30 p.m.; interment at Morin Heights cemetery.

ACKNOWLEDGMENT

BISSELL — Mr. Alf. Bissell and family wish to express appreciation to friends for kindnesses extended in their recent bereavement.

IN MEMORIAM

MURRAY — In loving memory of my mother, Violet Perks, who passed away May 8, 1925. — Ever remembered by Frances.

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Weir

Mr. and Mrs. H. F. Schippel left Saturday for their home in Akron, Ohio, after spending the past three weeks with the latter's sister, Mrs. M. Waters.

Mr. T. H. Greenbank was in Montreal last week to attend the 90th Synod of the Anglican Diocese of Montreal. Mrs. Greenbank spent the week at Huntingdon visiting with their son, Rolland.

Mr. and Mrs. P. Martin, of Montreal, spent the week-end as guests of Mr. and Mrs. H. S. Croysdill.

Mrs. Arthur Loudin, with her daughter Claudette, spent a few days in Montreal last week.

Miss Mildred Cowan, of Montreal, visited with her grandparents, Mr. and Mrs. A. Larose, last week-end.

Week-end guests of Mr. and Mrs. W. D. Morrison included Mr. and Mrs. D. MacKimmie and family, of Lachute, Mr. and Mrs. Chas. Watson, Mr. and Mrs. B. Morrison, Messrs. Glen Morrison and Des Entwistle, all of Montreal.

Christening

On Sunday morning at the Church of the Redeemer, the christening took place of the daughter of Mr. and Mrs. Royce Morrison. The child was given the names Gayle Beverley. The godparents were Mr. and Mrs. B. Morrison, of Montreal, and Mrs. W. D. Morrison, of Weir. The Rev. G. R. Barnett officiated.

Immediately following the ceremony a luncheon was served at the home of the child's paternal grandparents, Mr. and Mrs. W. D. Morrison.

Grenville

The Rev. W. J. Ellis and the Rev. A. E. Hawes attended the anual Synod meetings of the Montreal Diocese last week.

Mr. and Mrs. Robert Prattley were in Montreal last week. Mr. Prattley attended the annual Synod as delegate from St. Matthew's Anglican Church.

Mrs. T. Johnson, of Thetford Mines, was the week-end guest of her sister, Mrs. Russell Owens and Mr. Owens.

Miss Mary Pope, of Montreal, was the Sunday guest of her mother, Mrs. R. Pope and Mrs. M. Cloutier.

Miss Edith Deeks, of Montreal, is visiting with Mr. and Mrs. Stanley Dewar. Miss Doris McOuat, of Brownsburg, was a week-end guest.

Mr. and Mrs. R. Harkness, and daughters, Diana and Sheila, of Montreal, spent the week-end at their summer cottage in Stonefield.

Mrs. K. Mosher and little son Arthur, of Cantic, Que., spent a week with her parents, Mr. and Mrs. J. A. Campbell, of Dalesville, who accompanied her home by motor on Saturday.

Cushing West

Mr. and Mrs. Wilfred Hartley occupied their residence here over the week-end.

Miss K. Whelehan, of Montreal, spent Sunday with her friends here.

Mr. and Mrs. Yardley, of Ste. Therese were week-end guests of the latter's parents, Mr. and Mrs. D. Dupuis.

Mr. E. Dewar, who has operated Mr. C. F. Watson's farm for the past two years, has recently returned with his family to their home on the river shore at Grece's Point, and Mr. Gain, lately of Carillon, who is employed on the locks, has recently moved with his family into the house on Mr. Watson's farm.

Mr. and Mrs. Hugh Danford spent the week-end at their residence on the river shore, and were somewhat disappointed to find they were deprived of their view of the rapids, the high level of the water in the river having temporarily obliterated the turbulence of the current.

Mrs. W. Usher is in Cornwall, Ont., this week attending the biennial meeting of the Montreal-Ottawa conference branch of the W.M.S., United Church of Canada. Mrs. Usher is a member of the executive and secretary for Temperance and Christian Citizenship.

Harrington

Miss Isobel Fraser, of Lachute, visited with her sister, Mrs. J. D. Shaw, over the week-end.

Mr. and Mrs. H. Bennett motored to Montreal on Sunday.

Rivington Baptist Church will commence services on Sunday, May 8, at 10.45 a.m., with Mr. N. Eastman as pastor.

Miss Helen McMahon, of Lachute, spent the week-end with her aunt, Mrs. J. McMahon.

Miss Stella McVicar was a week-end visitor at her home in Rivington.

Calumet

Miss Elsie Graham, of Montreal, spent the week-end with Mr. and Mrs. H. Druce.

Miss Joyce Lummis, of Lachute, was a week-end guest of Mr. and Mrs. J. Mahon.

Messrs. W. E. Brigden, W. A. Williamson and W. Fox are leaving this week for their annual fishing trip at the Plomb Lakes Angling Club.

Mr. and Mrs. G. Robinson, of Montreal, spent Sunday at their cottage, "Sahara", on Slavery Lake.

Mr. and Mrs. Earl Farrara, of Montreal, are spending their vacation here visiting friends and relatives in the vicinity.

The Rev. and Mrs. J. Irving, Mr. Stanley Irving and Mr. Fred Howlett, of Montreal, were Monday guests of Mr. and Mrs. T. H. Foreman. Mr. Irving remained for a few days to visit his many old friends in the village.

Lake Keatley

Mr. and Mrs. Gordon Bennett and son Stewart, of Montreal, have been spending a few days at "Echo Valley Camp".

Mr. and Mrs. A. Heffernan and daughter Joan, of Montreal, spent the week-end at their cottage.

Messrs. Fred Parent and Norma Parent, of Montreal, spent the week-end at "Oak Bend Cabin", with Dr. Owen McDonald as their guest.

Mrs. Godin is spending a few days in Montreal with her mother.

Mr. and Mrs. Geo. Bennett visited Mr. and Mrs. Dave MacVicar on Sunday; other guests were Officer and Mrs. Howard Jones and family, of Lachute.

Mrs. John White returned home from hospital on Saturday, much improved in health.

Mr. and Mrs. Thomas Kennedy, of Montreal, were the week-end guests of her mother, Mrs. Pauline Young; Geraldine and Gale returned to Montreal with them.

Varied Program for Choral Entertainment

The Spring Choral Concert of Lachute High School, to be held this Friday, May 6, at the Lachute Auditorium, promises a rare musical treat. An effort is being made to bring to the audience a well-known Montreal accompanist for this performance.

The Lachute string ensemble, under the baton of Mr. A. Fassio, will render a group of favorite violin compositions. The members of this ensemble have been rehearsing during the past few weeks, and much groundwork has been accomplished with the hope that additional violinists will join the group, and in future woodwind and brass sections.

A choral fantasia arranged by Fred Waring, entitled "Down the Wind", featuring many of the well-known sea chanties, is the main work of the school glee club, and many other numbers will be given.

The High School orchestra will play several pieces during this varied program.

Chinese Nationalist troops use the old German goose-step in review.

CANALS OPENED

Private...

7,551,058* bank accounts

YOU TAKE for granted that your bank keeps your account private . . . even though yours is one of more than seven million deposit accounts in Canada's 3,385 branch banks.

When you put money in, take it out, arrange a loan — transact any of your banking business — nobody need know about it but you and your bank.

It's the most confidential business relationship you have.

Canada's ten chartered banks compete to serve you, in handling your cheques, lending money, safeguarding your funds — and in many other ways. You know you can always expect privacy and efficiency.

*As of September 30, 1948.

State monopoly of banks would wipe out competition and would open your bank account to the eyes of the state official.

apply to the Provincial Police Department for a suitable man to be sent out on a period of trial, with a view of permanent appointment if satisfactory. The council felt that perhaps a period of two years would be most satisfactory, after which consideration would be given to re-employment for a further period.

The meeting then adjourned.

• • •

B'BURG MEETING DECIDES ON SKATING RINK

Delegates from various societies and church bodies met in a final meeting to decide on whether to go forward with the work of erecting a skating rink on a community basis, or declare it a venture of doubtful worth.

There was a proposal to continue the work undertaken by the local branch of the Canadian Legion, and in return for the use of the funds collected by this body, that the community guarantee in perpetuity the control of a hall which would have to be included in the general building. The meeting decided against this proposal.

The meeting followed more closely along the lines of the procedure adopted by the Brownsburg Community Council which was officially registered as a welfare organization in October 1945, and which initiated the movement after an exhaustive survey of the possibilities. Whatever means may be employed of obtaining the funds to erect a rink, the thought is always uppermost in the minds of the promotors that in time the building will revert to the community as a whole.

The work of selecting a committee to handle the project is now under way, and a feeling of undivided optimism pervades the various organizations combined in furthering the project.

Saturday Night Rally

Another Saturday Night Rally will be held in the Lachute Baptist Church this week, at 8 o'clock. Two Christian sound films will be shown, one entitled "In the Steps of the Master" and the other "Barabas". Young and old alike are welcome to attend these Saturday night gatherings, planned to be of spiritual benefit to all.

SUNDAY MORNING BROADCAST

Tune in at 9.15 to Station C.K.S.F., Cornwall (dial 1200), and enjoy the Bible Lovers' Fellowship program conducted by the Rev. J. R. (John) Boyd, of Sudbury, Ont., formerly of Lachute.

School Dance at Morin

(Our District Correspondent)

Morin Heights — The Students' Council of the Intermediate School held a successful dance Friday night in the Bellevue Hotel. The proceeds of $54 will go towards paying for the new movie projector. Over 200 people were present and enjoyed both round and square dancing. Music for the latter was provided by Mrs. R. J. Seale, Tom Baldwin and R. J. Ivall, while Willie Baldwin and W. J. Seale "called off" the sets. The door prize was won by Mrs. Michael Captain, of Mille Isles.

DISTRICT NEWS

Brownsburg

Sympathy is extended to Miss Eleanor Hanson in her bereavement; her sister Miss Nan Hanson passed away at her home here last week. The late Miss Hanson was a highly respected resident here and will be missed by a host of friends.

Mr. and Mrs. John Kettyle left Thursday for Toronto to attend the marriage of their son, Harold, to Miss Miriam Snell, of Toronto.

The meetings of the Junior Woman's Association and Woman's Missionary Society of the United Church were held this week at the homes of Mrs. D. Golphin and Mrs. Alex Gordon, respectively.

Mrs. P. B. Willoughby and infant son Malcolm, of Yorkshire, England, are expected to arrive in Montreal by the Empress of France on Tuesday next, and will spend the next few months with the former's parents, Mr. and Mrs. N. E. Smillie.

On Sunday evening in the United Church, beginning at 7.30, a Mother's Day program will be followed, augmented with scenic and religious films. The Communion, with reception, will take place at the morning service.

Morin Heights

Miss Lee-Ann Ehrhardt returned to Montreal last week after spending two weeks with her aunt, Miss D. Hannah.

Mrs. Dave Balharrie, of Ottawa, accompanied by Mr. and Mrs. Russell Balharrie, of Toronto, were guests of Mr. and Mrs. J. E. Seale last Wednesday.

Mrs. E. G. Graves spent last week in Montreal with her daughter and son-in-law, Mr. and Mrs. G. Hulley.

Mrs. Ellward Kneeland and baby Wendy returned home from Ste. Agathe on Wednesday last.

Mr. and Mrs. Leslie Hollingworth and family spent the week-end with her parents, Mr. and Mrs. J. E. Seale.

Mr. Jos. Eisenberg and Donald Woods were week-end guests of Mrs. R. Woods.

The monthly "military whist" sponsored by the W.I. was held in the Red Cross rooms on Thursday. Prize-winners were Miss Theresa McConnell, Mr. and Mrs. J. E. Seale and Mr. Melvin Dey.

Miss Hannah Seale returned last week from the Reddy Memorial Hospital and is now recuperating after her operation.

Col. and Mrs. J. E. Seale spent a long week-end in Ottawa, and on Monday attended the funeral of the late Dave Balharrie, who died suddenly on Friday last.

Miss Wilma Smale, Cameron and Arthur Paquette, visited friends here during the week-end.

Mr. and Mrs. Ronald Boyd and son, Randy, are spending a few days in Montreal this week, the guests of Mr. and Mrs. Gerry Boyd.

Misses Phyllis Houghting and Betty Zetchus, of Montreal, were week-end guests of Miss Margaret Kennedy.

Mrs. Chas. Campbell arrived home on Wednesday and is now recuperating from her operation in the Reddy Memorial Hospital.

The Rev. DeWitt Scott, of Montreal, conducted the service in the United Church on Sunday.

Mr. and Mrs. R. Hulley and son, Garth, spent the week-end with their mother, Mrs. F. Goldthorpe.

SOCIAL AND PERSONAL

Mrs. Ulric Dion, of Kirkland Lake, Ont., was the recent guest of her brother and sister-in-law, Mr. and Mrs. Edward Beaven, of Lachute. Mrs. Dion was a delegate of the French-Canadian Women's Federation of Northern Ontario attending the convention of that organization at Ottawa.

• • •

Mr. and Mrs. A. P. Paquin have returned to Montreal from St. Petersburg, Florida, where they spent the winter season; they renewed acquaintances in Lachute for a brief visit this week.

• • •

Mr. and Mrs. Paul Schirmer and family, of Montreal, were week-end guests of Mr. and Mrs. Lorne Dawson.

• • •

Mr. R. B. Owen returned Saturday to his home on Sidney Street, after a lengthy stay in hospital.

• • •

Christening

At 4 o'clock in the afternoon, last Sunday, May 1, at the Lachute United Church, the Rev. W. B. Rosborough officiated at a private baptism ceremony for the infant daughter of Mr. and Mrs. Roy Cruise. The child received the names Diane Leslie. Mr. and Mrs. Fred Iddon, of Notre Dame de Grace, were the godparents.

Mr. and Mrs. Albert Dew, and Mr. and Mrs. Jos. Crooks, of Montreal, visited friends and relatives in town last Sunday.

• • •

Miss M. V. Slater spent Monday in the city.

• • •

Mr. and Mrs. Earl Duffy spent the week-end in Montreal, visiting relatives.

• • •

Mr. J. R. Carpenter, of Montreal, was in Lachute visiting his mother, Mrs. Jas. Carpenter, last Saturday.

• • •

Mrs. F. Corbin, of Fredericton, N.B., has been a guest this week of Mr. and Mrs. T. D. Titman, and is attending the graduation exercises of the Royal Victoria Hospital this evening, when her daughter Miss Franklyn Corbin will receive her nurse's diploma.

• • •

Mrs. Stanley Holt and Mrs. Lorne Dawson, of Lachute, were in Montreal to attend the luncheon given by the Women's Progressive-Conservative Association in honor of Mrs. George A. Drew; the event was held Wednesday at the Windsor Hotel.

• • •

Arrange for Conference

The executive of the Montreal-Ottawa Association of Regular Baptist Churches held a meeting at the Baptist manse in Dalesville this week to complete plans for the annual June conference, to be held this year in the Dalesville Baptist Church on June 8-9. Those present were the Rev. John F. Dempster and the Rev. Harold G. Hindry, of Ottawa, the Rev. G. B. Hicks, of Dalesville, and the Rev. W. H. Britton, of Lachute.

Mr. and Mrs. Duncan Watson, from Scotland, now residing in Montreal, were week-end guests of Mr. Watson's niece and nephew, Mr. and Mrs. Robert McCrea and family. Mr. Watson landed in Halifax on the Aquitania April 27, joining her husband in Montreal; they then came to Lachute, to renew old acquaintances after an absence of 29 years.

Junior Choir to Sing at Ste. Anastasie Church Hall

Interest is centred in the visit of "Les Petits Chanteurs du Bon Dieu", a juvenile choir to be heard here May 8 in aid of the Catholic recreation program "Les Loisirs", which has been conducted so successfully in connection with Ste. Anastasie Parish Church. (The performance will be heard at 8 p.m. on Sunday in the church basement, instead of in the Auditorium as previously announced). There will be a matinee presentation for children.

This 60-voice choir, which enjoys an enviable reputation, has been heard previously in Lachute. Their current program, however, is completely new, and their repertoire affords 2½ hours of high-ranking entertainment.

The committee sponsoring this visit on behalf of "Les Loisirs" warmly recommend the performance, and solicit a large attendance of music lovers from among the English-speaking residents.

COMING EVENTS

SPRING CHORAL CONCERT

DID YOU MARRY YOUR HUSBAND JUST BECAUSE HE WAS A MAN!

Some housewives — dreaming of their new gas range — are not buying the one they actually want (FINDLAY'S, of course). Instead they are accepting any stove, just because it is a stove.

Chances are they'll be just as disappointed as they would have been in a husband chosen the same way!

The demand for the famous FINDLAY NOR-GAS (Propane) RANGE is greater than ever before — because discriminating women insist on a Findlay for their new range.

They want all the advantages of the beautiful new, easy-to-use, easy-to-clean Findlay's Range — plus the assurance of Findlay dependability and a fine performance.

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Avoca

Mrs. Wm. H. Kelly and two little daughters, of Aylmer, Que., spent the week-end at their cottage.

Visitors at the home of Mr. and Mrs. Evan Bates over the week-end were — Mr. and Mrs. Elden Bates and family, of Lachute, Mr. Evan Bates and Miss Flora MacLeod, of Montreal.

Mrs. L. Karr visited Mrs. Wm. H. Kelly on Sunday.

The Rev. S. J. Pike was unable to take the service in St. Andrew's United Church last Sunday due to unforeseen circumstances, but hopes to hold service on Sunday next at the usual time.

Friends of Mr. and Mrs. Cecil Young gave them a "house-warming" in their new home on Saturday evening.

The Misses Marguerite and Frances Provencal spent the week-end with friends in Grenville.

Mr. and Mrs. James Bates and family, of Lachute, visited Mr. and Mrs. Hugh Bates on Sunday.

St. Andrews East

Mr. and Mrs. Barron and Miss Eileen Barron, of Montreal, occupied their cottage for the week-end.

Mr. and Mrs. T. Johnson, of Ville St. Pierre, and Mr. and Mrs. Douglas Walker and two children, of Montreal, were Sunday guests of Mr. and Mrs. Hugh Rayson. Miss Helen Rayson and Mr. John Rayson, of Montreal, were week-end guests of their parents.

Mrs. G. A. Lilly returned from Montreal Thursday night.

Mr. Osé Crevier, Mr. and Mrs. François Crevier and children, were guests of their mother, Mrs. Samuel Crevier, on Sunday.

Mr. and Mrs. Walter Carr, accompanied by Miss Girard and Miss Phyllis McLeod, left Tuesday morning by motor for a trip to New York.

Mayoral Election

The contested election for mayor took place Monday, May 2. Mr. Thomas Fournier was elected by a majority of 34.

Mr. Beausoleil, formerly of Montreal, has opened a barber shop on Main Street, opposite the Post Office.

The property of the late C. E. Ladouceur on Main Street has been purchased by Mr. Michel Malacket, of Lachute.

W.M.S. Thank-Offering

The annual spring thank-offering meeting of the Women's Missionary Society of the United Church will be held in the United Church, St. Andrews East, on Sunday evening, May 8, at eight o'clock. The speaker will be Mrs. M. W. Booth, of Montreal, vice-president of the Montreal Presbyterial, who will speak on "A View of the Church at Work in the World".

Mrs. H. W. Hill, of Montreal, was the week-end guest of Mrs. G. A. Lilly.

Mr. and Mrs. Fred Rejall spent several days at their home here.

Mr. Alner Snowdon spent the week-end with his sister.

Mrs. Windsor, Mrs. Say and Mrs. Hill were in town Monday to take part in the municipal election.

Grenville

Mrs. Vernon Burwash, of Toronto, visited her parents, Mr. and Mrs. Brazeau, here recently.

Funeral of Late Resident

Mr. I. Poirier died suddenly last week. His funeral, held Monday at the Roman Catholic Church, was largely attended. The remains were laid in the family plot at Calumet.

Honored in Remembrance

At St. Lambert Baptist Church recently, a fine electric organ was dedicated to the memory of men associated with that church who gave their lives in the 2nd World War. The dedication is of interest here inasmuch as the late Harold Prentiss Gaudry, son of Weymouth Gaudry, was among those honored in memory. This young man lost his life four years ago in the service of the Air Force over Germany. His remains were eventually recovered from a village graveyard and re-interred in the government cemetery near Keil.

Many friends in Grenville will remember Harold P. Gaudry as a boy in these parts.

Arundel

Mr. MacAdam, of Toronto, is spending a holiday as the guest of Mr. Wm. Thompson at Joliette, Que.

Mrs. C. J. Staniforth, Mr. and Mrs. C. Baugh and family, were the week-end guests of Mr. and Mrs. Percy Staniforth.

Mr. Stanley Cooke was the week-end guest of his parents, Mr. and Mrs. Hugh Cooke.

Mr. and Mrs. E. A. Bulley were in Montreal over the week-end attending the 23rd anniversary of the Montreal Study Club of Dental Technicians, which was held at the Windsor Hotel.

Miss Lucille Dever was the week-end guest of Mr. and Mrs. Douglas Cooke.

Warnings are again being stressed to persons burning grass, to see that they have adequate help in case of need, as there have been several near-serious fires in the vicinity.

Mr. Rusty Blakey, who is chief photographic pilot of the Austin Airways of Sudbury, Ont., Mr. Duzey Kearns of the Dept. of Aerial Survey, and assistant Mr. E. Day, of Ottawa, were guests of Mr. and Mrs. Sydney Bennett over the week-end.

Mrs. D. Kilpatrick, of Montreal, spent the week-end visiting her daughter, Mrs. Sydney Swail, Jr.

Women's Institute

The monthly meeting of the Women's Institute will take place Wednesday evening, May 11, in the United Church hall. The meeting will be under direction of the first and second vice-presidents, Mrs. Frank Davis and Mrs. Alvin Graham. During the program, a group from the Arundel School Glee Club will take part, and a repeat performance of the W.I. orchestra will furnish the comedy part of the program. Guests will be welcomed at the meeting.

Cushing

Mr. and Mrs. Meredith Burton and son Scott, of Montreal, were guests of the Misses Cleland over the week-end.

Mr. and Mrs. Pitt, of Montreal, occupied their new summer home for the week-end.

Mr. and Mrs. Robert Cordoner and little daughter, Judy Lee, of Burlington, Vt., occupied the McGain cottage last week. Mr. and Mrs. McGain also spent several days at the cottage during the previous week.

Mr. and Mrs. George Drew, of Verdun, were week-end guests of the latter's parents, Mr. and Mrs. W. H. Canning.

Mr. and Mrs. S. H. Beecher and daughter Marjorie, also their nephew Robert Maw, spent the week-end at "Lilac Lodge".

Mr. Robert Casement, of the Town of Mount Royal, spent the week-end at the home of Mr. and Mrs. T. W. Weir. Mrs. Casement and little son, Rickey, returned home with him Sunday night.

Dubious Welcome to Seasonal Fishermen

Spring has arrived, and with it the influx of fishermen from nearby villages, who have no respect of private property, nor any compunction about driving in and turning at farm gates, with loud shifting of gears, at all hours of the day and night. It seems also that there should be a game warden to watch over the Ottawa River and see that there are no night lines or other forbidden devices being used in fishing.

Rouge Valley

Mr. Sam Godin, of Montreal, was the week-end guest of Mr. and Mrs. Edward Godin.

Mrs. Roy Staniforth spent a few days in Montreal last week.

Mrs. E. Beauchamp, of Montreal, visited Mr. and Mrs. C. D. Staniforth for a few days.

Mr. and Mrs. Stephen Pike, of Montreal, were week-end guests of Mr. and Mrs. Emile Beauchamp.

"Barn-Raising"

On Monday last about 25 men met at Edward Godin's farm to aid in the raising of a framed barn, 32 x 97 feet in dimensions.

Croquettes for Supper

Deep fat frying has become a lost art in most Canadian homes, because of the necessity to conserve fats. Now that there is plenty of lard for household use it is time that this method of cooking was revived.

Croquettes are easy to make and may be a penny-saver or a luxury food, depending on the ingredients. Freshly prepared chicken, lobster, sweetbreads or mushrooms make appetizing tit-bits for the company meal. Small amounts of cooked meat, vegetables or fish are lifted from the monotony that often is synonymous with left-overs and makes them welcome at either the family or company supper.

The home economists at Ottawa suggest trying these recipes for supper some night soon.

Croquettes appeal to the busy homemaker for they may be made before mealtime and fried just in time to serve or they may be fried ahead of time and re-heated in a moderately hot oven, 375°F., for 5 minutes before mealtime.

Meat Croquettes

4 Tablespoons fat, 4 tablespoons flour, 1 cup milk, ½ teaspoon salt, ⅛ teaspoons pepper, ½ teaspoon celery salt, 1 teaspoon chopped parsley, 2 cups minced cooked meat.

1 egg, 2 tablespoons water, ¾ cup cracker crumbs.

Melt fat, add flour and blend well. Add milk slowly, stirring constantly until thick. Add salt, pepper, celery salt, parsley and meat. Mix well and shape into croquettes. Beat egg slightly and add water. Roll croquettes in crumbs then in egg, then in crumbs. Let stand 1 hour and fry in deep fat until golden brown. Yield: 12 small or 6 large croquettes.

Cheese Croquettes

2 Tablespoons fat, 2 tablespoons flour, ½ cup milk, 1½ cups grated cheese, 1 egg white, ½ cup sifted dry bread crumbs.

Melt fat add flour and blend well. Add milk slowly, stirring constantly until the mixture thickens. Cool, fold in stiffly beaten egg white. Shape into croquettes and roll in sifted dry bread crumbs and let stand 1 hour. Fry in deep fat until light brown. Serve with tart jelly. Yield: six croquettes.

Potato Croquettes

3 Cups mashed potatoes, 1 egg slightly beaten, ½ teaspoon salt, ⅛ teaspoon pepper, ½ cup sifted bread crumbs.

Mash potatoes thoroughly, add egg, salt and pepper and beat until light. Form into croquettes, roll in crumbs and fry in deep fat until golden brown. Yield: six servings.

May Take Foodstuffs Overseas in Baggage

Foodstuffs taken out of Canada as baggage by travellers holding passenger tickets are now covered by an export permit issued by the Export Permit Branch to the Deputy Minister of Customs. Rice, butter and cheese must not exceed five pounds per person, or flour seven pounds. An infant accompanied by his parents will be regarded as a person and the same limitations will apply. Individual permits to carry foodstuffs as baggage are no longer required.

While the British authorities exempt up to 50 pounds from import duties, no stipulations are being made concerning the total weight which can be taken, as the baggage allowance will keep total quantities within reasonable figures.

FASHION HINT

Here is a hardy perennial done up to this season's specifications —the favorite navy sheer crepe afternoon dress. This one is a sheath with high neck and puffed sleeves set into the dropped shoulders. The side panels are attached to the belt to be worn at will, since an extra belt permits it to be worn without benefit of the panels. But since floating panels are very new, the wearer is likely to prefer them.

Local Lawyer Takes Bride, Marriage Solemnized In Notre Dame Church

Legault - De Wolf

The marriage of Phyllis Beverley, daughter of Mr. A. W. De Wolf, of Halifax, and of the late Mrs. De Wolf, to Mr. Fernand Leon Legault, son of the late L. L. Legault, K.C., and of Mrs. Legault, of Lachute, took place last Saturday morning at half-past ten o'clock, in the Sacred Heart Chapel of Notre Dame Church, Montreal, the Rev. Father J. B. Vinet officiating. Mrs. Pierre Cangardel sang during the service, and pink and white flowers, arranged with greenery, were used as decorations.

The bride, given away by her father, wore a gown of white bridal satin, the long, fitted bodice having a heartshaped neckline, and sleeves ending in points over her hands and the full skirt falling into a train. Her veil of tulle illusion extending beyond the hem of her train, was held by a wreath of French handmade orange blossoms, and she carried a cascade bouquet of white roses and bouvardia.

Miss Darryle De Wolf, as maid-of-honor for her sister, wore a frock of turquoise faille taffeta, fashioned on similar lines to that worn by the bride, with a bodice having cap sleeves and a full, gathered skirt. She wore a bandeau to match her frock and carried a cascade bouquet of Talisman roses.

Mr. Guy Legault acted as best man for his brother and the ushers were Mr. Pierre Cangardel, Mr. Yves Levesque, Mr. Gordon McOuat and Mr. Philippe Roy.

Mrs. James Muir, the bride's aunt, wore a gown of navy blue lace and taffeta, the bodice of lace having a vestee of orchid pink and the skirt fashioned of taffeta. She wore a hat to match her gown and carried a corsage bouquet of pale orchids.

Mrs. Legault, mother of the bridegroom, wore a full-length gown of black crepe, fashioned on Grecian lines, with a black hat and accessories and a corsage bouquet of white gardenias.

The reception was held in the Vice-Regal Suite of the Ritz-Carlton, where pink and white flowers and greenery were used to decorate.

Later Mr. and Mrs. Legault left for Bermuda, the bride travelling in a grey tweed suit, under a jacket of brown Russian squirrel, and wearing a hat of natural straw trimmed with flowers, brown snakeskin accessories and a corsage bouquet of yellow roses.

Cheaper Living for Newfoundlanders

Newfoundland housewives are happy, reports The Financial Post's Newfoundland correspondent. With the removal of customs barriers after union, prices are dropping and a 25% decrease in the cost of living is being predicted.

Businessmen are not so happy, however. The lowering prices mean a $3.5 millions loss to them. But even so, as the consumer's dollar goes farther, more goods will be bought and one wholesaler here predicts that he will do a much better business this year than in the past few years.

CANADA LEADING SUPPLIER OF BRITISH FOOD REQUIREMENTS

Canada was Great Britain's principal source of supply in 1948 for wheat, flour, bacon, shell eggs, dried eggs, condensed milk and canned salmon. Canadian forests provided most of the sawn hardwood, sawn softwood, planed and dressed softwood and veneers required by the United Kingdom construction industry. Sleepers for British railways, newsprint, aluminum, copper, nickel and ferro-alloys were also supplied in large volume by Canada.

NO BEAUTY CONTESTS

Regina (CP) — The Regina City Police Amateur Association has decided against sponsoring a "Miss Regina" beauty pageant this summer. In Moose Jaw, the Junior Chamber of Commerce also decided to withdraw its sponsorship of a contest to select "Miss Moose Jaw".

To Award Bowling Tournament Prizes at Bolodrome Closing Event on May 15th

The management of the Bolodrome, Lachute, take this occasion to thank all the subscribers (listed below) for their donations, which have done much towards developing the sport of bowling in Lachute. The tournament is proving a marked success, to the effect that the management is deferring the closing date to May 15, instead of May 8 as previously announced.

On this date, at 10 p.m., all prizes and trophies will be awarded to the winners, and in addition, 10 door prizes among those who have taken part in the contest and also those who have subscribed to the tournament. Enthusiasts are urged to be present at the Bolodrome on Sunday, May 15, at 10 p.m., and to bring their numbered programs, since they may be among the lucky winners.

Following are the supporters to whom the management gives public acknowledgment :

Boyd's Express Ltd., National Breweries (Lionel Laurin, agent), Pharmacie Beaton (A. Salvas, prop.), Chevrier & Freres Bottling Works, Ayers Limited, Lachute Dry Cleaning (L'Heureux), Lowe Bros. Dairy Ltd., "Les Sportifs de R.F.W.A.C."

Trap and Skeet Season Opens at Brownsburg

Brownsburg — Very few clay targets were wasted last Wednesday evening as the Brownsburg Social & Athletic Club scattergun enthusiasts blasted away to open the 1949 Trap & Skeet Shooting season.

Practising for the annual team and individual events which commence on Wednesday, May 11, Hugh Kerr broke the first and only 15 straight of the evening. Dave Golphin showed his usual good form and was high man at Skeet with a 23.

The Club is looking forward to a good season and has introduced the latest handicapping system in order to encourage the weaker shots or beginners.

Clean-Up, Paint-Up Campaign to Open Monday with Parade of Cars and Floats

Ch. of Commerce Sponsors Two-Week Effort Towards Civic Embellishment

A parade of cars and floats commencing at 7 o'clock Monday evening will initiate the civic Clean-Up Campaign, to be promoted during the next two weeks by Lachute Chamber of Commerce. The effort will coincide with a drive held in hundreds of populated centres across Canada, behind which is a major effort of organization by the Canadian Chambers of Commerce.

During this period, a direct appeal will be made to the good (but sometimes ineffectual) intentions of all citizens. . To paraphrase a poetic line, the Chamber of Commerce will "touch a chord of civic pride"—by which process it is hoped to stir enthusiastic action on all sides.

The depressing effect of untidy surroundings and drab, unpainted buildings is soon experienced when one walks the streets in any direction. If residents have grown familiar with these sordid sights, at least it requires no stretch of imagination to gauge the impression received by strangers seeing them for the first time.

The Chamber of Commerce — in directing this campaign to the attention of all residents, both proprietors and tenants — urges, firstly, that accumulations of rubbish be removed, whether they are visible from the street or not; secondly, that drab properties be brightened with paint, and outbuildings and fences similarly treated with whitewash; and thirdly, that gardens receive the attention they deserve — with trimming and seeding of lawns where needed, and the planting of shrubs and flowers.

The Lachute Spring Fair next month will bring many strangers to town. But already visitors are coming this way in the annual movement of tourists; and it is important, in terms of good publicity, that these outsiders should be favorably impressed.

A proclamation by Mayor Léopold Carrière is issued in support of this campaign. The Chamber of Commerce expects the ready co-operation of all townsfolk.

In the event of rain on Monday, the parade will be held the following evening.

Policeman and Ass't Secretary Hired; Police Quarters to Remain Unchanged

Town Council Deals with Heavy Agenda

The regular session of Town Council, convened Wednesday of last week and adjourned to last night, had a formidable agenda for consideration. All councillors were present, under the chairmanship of Mayor Léopold Carrière, and at last Wednesday's sitting the following matters were expeditiously dealt with. . .

Building permits were granted to the following — Rene Belanger, Albiny Lepine, Wilfrid Raymond, Omer Church, Omer Boudreau, John Assad and Alex Gervais — all projects to be under supervision of the Roads Committee.

A permit for a car-washing stand was granted to Rolland Carriere.

Tenders received for suuplying 600 feet of fire hose were as follows — Dominion Rubber Co., $165 per 100 ft. (no connections); Dominion Rubber Co., $145 per 100 ft. (no connections); J. W. Lefebvre, $168 per 100 ft. (with connections); G. Y. Deacon, $160.30 per 100 ft. (with connections).

It was moved by Alderman Wilfrid Morrissette, seconded by Alderman Stanley Holt, that 600 feet of double-jacket, rubber-lined "Keystone" quality fire hose be bought from the Dominion Rubber Co. at a price of $165 a hundred feet plus $21.20 for couplings; this purchase to be made through Geo. Y. Deacon.

It was moved in amendment by Alderman E. Provost, seconded by Alderman Cousineau, that the same tender be accepted on the same conditions but through J. W. Lefebvre.

There being 6 votes for the amendment and 3 against, the amendment was carried.

(Continued on page 3)

Clean-Up Campaign May 16 - 28 by Mayoral Proclamation

PROCLAMATION

Conforming with a nation-wide appeal by the Canadian Chambers of Commerce, and with full endorsation of Lachute Town Council, the two-week period from May 16 to 28 is hereby proclaimed as an official Clean-Up Campaign in this community.

Householders and businessmen are urged to clean up their premises, to paint their properties and plant their gardens — thus to present their town in its best appearance, both for the pleasure of living in attractive surroundings and to create a favorable impression among visitors during the coming season.

In this civic beautification campaign, sponsored by the Chamber of Commerce, the loyal co-operation of all citizens is earnestly requested.

PROCLAMATION

Se conformant à l'appel de La Chambre de Commerce canadienne et endossé par le Conseil de la ville de Lachute, la période de deux semaines soit du 16 au 28 mai est par la présente proclamée Campagne Officielle du Nettoyage dans cette communauté.

Chefs de maison et hommes d'affaires sont priés de nettoyer leurs terrains, de peinturer leurs propriétés et de semer leurs jardins et ceci afin de donner à leur citée une meilleure apparence, d'abord pour le plaisir d'y vivre et aussi pour créer une impression favorable aux visiteurs durant la saison à venir.

Dans cette campagne d'embellissement, commenditée par la Chambre de Commerce, nous nous attendons à ce que chacun montre une bonne volonté.

(Signed — Signé)

— Léopold Carrière

Mayor - Maire.

Civic Election Next Monday in Chatham

For the seat of mayor and three council vacancies in the Municipality of Chatham, no fewer than 12 contenders were nominated yesterday at the office of the secretary, J. Albini Lamarche, St. Philippe, to contest the election next Monday. Voting hours will be from 8 a.m. to 6 p.m. D.S.T., at eight polling places, duly posted in public notices through the municipality.

The retiring mayor is Jas. Chambers. Those termininating office as councillors are Thos. Canning, Ovila Foucault and Adelard Laurin (who is standing for re-election).

Contenders for the mayoralty are — J. F. Whissell, Noel Lemay and W. H. Robert.

Candidates for council seats are nine in number — Rolland Filion, Arthur Gravel, Polydore Guay, Alvin Heatlie, Adelard Laurin, Garfield Moncrieff, Aurel Pharand, Douglas G. Simon and J. Alderic Tessier.

Killed on No. 8 Highway Near Pointe au Chene

Struck by a passing car as he stood beside his stalled automobile on Route 8 just east of Pte. au Chene last Saturday night, Wilfrid Gerard Simon, 42, of Hull, was hurled to the pavement and instantly killed. The accident happened shortly after midnight. The victim was en route home after a trip to Montreal. He was accompanied by three friends, George Gratton, Romeo Viau, and Louis Rochon, of Hull, Que.

Driver of the other car, proceeding eastward, was Hubert Trineer, of Calumet, who was accompanied by Walter Brown 19, also of Calumet.

Cst. Albert Legault, of Brownsburg, and Det. Philippe Therriault, of Lachute, investigated the accident, and at an inquest held Tuesday evening in the Dansereau School at Grenville, Trineer was held criminally responsible. At St. Jerome he was released on bail, pending proceedings.

Evidence heard from the occupants of the cars showed that trouble had developed in W. G. Simon's automobile, the horn having become short-circuited. They stopped the car at the roadside and the owner disconnected a wire under the hood, and in doing so, also disconnected the lights. While continuing to work on the faulty wiring, one of the party held a flashlight to warn passing motorists. It was at this stage that Simon, standing beside his car, was struck and hurled many feet to the pavement. He was instantly killed. It was stated that after hitting the victim the Trineer car went out of control and crashed off the highway, careening along the ditch for some 155 feet.

Dr. C. E. Lafrance was summoned from Hawkesbury, and pronounced the victim dead. Trineer was taken into custody on arrival of the police. Dr. Jules Lafleur, district coroner, presided at the inquiry and a panel of local jurors heard testimony of the witnesses.

The victim, Wilfrid G. Simon, was a well known citizen of Hull. His wife was a patient in hospital at the time of his death.

Glee Club Recital Shows Still Higher Attainment

The Lachute High School Glee Club held its annual Spring Choral Concert in the Auditorium last Friday, and again the program met with enthusiastic public approval. The attendance was not as numerous as in previous years, but the acclaim of the audience was highly encouraging.

The Glee Club seemed to enter wholeheartedly into the spirit of their selections, and Dvorjak's "Goin' Home", "Soldier's Chorus" by Gounod, and "Madame Jeanette", were exceptionally good. A Negro spiritual, "Set Down Servant", a most difficult interpretation, was well rendered — though at this point, the intervention of the severe electrical storm outside added an unwelcome obligato, to the annoyance of both the singers and the audience.

The school band and orchestra also rendered several numbers, and the Lachute string ensemble under direction of Mr. A. Fassio, played three selections which were equally appreciated.

"Down the Wind", an arrangement of sea chanties by Fred Waring, was the main feature presented by the choral group, and with the versatile accompaniment of Miss Doris Killam, of Montreal, the choir synchronized effectively the various moods of the piece.

Mr. Earl Morrison, the conductor of this group, is to be congratulated again for his remarkable achievements.

Town Has Three More Licensed Groceries

Those who have criticized the limited store outlets for beer distribution in Lachute, should have no cause for complaint since the granting of three new licenses here recently by Quebec. In addition to the old established licensees (Omer Lafortune and Mme Roch Larocque), the three storekeepers now in possession of licenses are — Ed Clément, Foundry Street; Adelard Ouellette, Main Street West; Jos. Laforest, Chatham Street.

The British Government has launched a 'don't-lose-your-temper' drive because too many telephones were being put out of order by people slamming receivers.

"IN BROWNSBURG"

Specially Contributed

Brownsburg — The final concert of the season put on by the Brownsburg Men's Chorus was a highly successful performance. Enthusiastic spontaneity gave way to a more assured technique when compared with the previous concert, and the audience expressed its warm commendation.

The repertoire of numbers included a repetition of items from previous programs, and the balance of sections seemed a shade less successfully blended; but the overall result was pleasing, especially in the items to which an accompaniment was played.

There has been continued improvement in the work of the chorus, and with a strengthening and modulating of the higher voice section, finer results may be accomplished with continued experience.

The visiting artists were exceptionally good. Mr. Harry Maud, of national repute, is a singer of rare charm, and his choice of numbers was excellent. Miss Doris Killam has now become an old favorite here, and her interpretation of Liszt's "Tarantelle" left nothing to be desired.

The concert was under the capable direction of Mr. Warner Norman, whose achievement in rounding out this chorus has been really remarkable and duly appreciated.

• • •

Road Obstruction

What might well have been a serious accident, occurred on Friday night during the height of the storm which raged around the district. A well known citizen, leaving his place of business, ran into a road-block with a light delivery truck. The block was caused by a pile of broken stone used for side-walk construction, which was heaped on the roadway without warning lights. Fortunately no one was hurt.

• • •

Election Preparedness

Enumerators are on the rounds in this village since Monday, and electors should examine the lists on Saturday, May 14 (which will be posted in their polling district on that day), if they want to be assured their name is on the list. It will be too late when polling day, June 27, arrives, to make additions to the list; better make sure on Saturday next!

• • •

Frost

Some early gardens were affected by frost during the week and received a serious set-back in growing time. Protected plants escaped, and seem to be well ahead of last year.

Manitoulin Residents To Vote May 16 on C. T. Act

REV. GORDON BARKWELL

On May 16 residents of Manitoulin Island, northern Ontario, will vote to decide if the Canada Temperance Act, now the sole liquor legislation in force, should be abolished. Rev. Gordon Barkwell, secretary of the Manitoulin Temperance Federation, is advocating the act be continued in force, claims "proper enforcement" of the C.T.A. would reduce drinking so Manitoulin would become "a temperance Shangri-la in a province of free sale of liquor."

Power Plant Destroyed By Fire at Mt. Laurier

Mont Laurier (CP) — Damage estimated at more than $50,000 was caused Tuesday when fire of unknown origin destroyed an old power plant at Mont Laurier. The village and surrounding district will be short of electricity until a new power plant, rapidly nearing completion, goes into operation.

Labor to keep alive in your breast that little spark of celestial fire, called conscience.

— George Washington.

Locals Win Tip-Top Badminton Trophy

A round-robin tournament was held by district badminton enthusiasts last Sunday, May 8, at Lachute Auditorium. Five clubs participated — Lachute, Brownsburg, Kilmar, Grenville and Calumet — and the event was a big success. There was no lack of enthusiasm in the sport, as there are some highly talented players in these five clubs.

From the names of the leading players in the respective clubs, R. Summers and his aides drew up a program that packed plenty of action. There was some fine playing by all the participating groups; but it's an old axiom that athletes generally do better at home, before a home crowd, and the final aggregate score in 110 hard-fought games was—Lachute 38, Brownsburg 35, Kilmar 14, Grenville 12 and Calumet 11. Lachute thus claimed the Tip-Top Trophy from Brownsburg, who had held the cup for three consecutive tournaments.

Shown here are the men's and women's single games staged by the following players:

Men's Singles

J. Dixon (Grenville) defeated S. Brigden (Calumet) 15-7. R. Summers (Brownsburg) defeated D. Sullivan (Kilmar) 11-5. Ted Pirie (Lachute) defeated Russ Summers (Brownsburg) 17-14. R. Summers (Brownsburg) defeated J. Dixon (Grenville) 15-6. Ted Pirie (Lachute) defeated S. Brigden (Calumet) 11-3. S. Brigden (Calumet) defeated D. Sullivan (Kilmar) 15-9. Russ Summers (Brownsburg) defeated S. Brigden (Calumet) 15-3. Ted Pirie (Lachute) defeated D. Sullivon (Kilmar) 11-7. Ted Pirie (Lachute) defeated J. Dixon (Grenville) 14-9. J. Dixon (Grenville) defeated D. Sullivan (Kilmar) 14-9.

Ladies' Singles

L. Reeves (Calumet) defeated E. Thorburn (Kilmar) 11-8. M. Cumbers (Brownsburg) defeated L. Reeves (Calumet) 11-5. W. Tabrett (Lachute) defeated L. Reeves (Calumet) 11-6. M. Cumbers (Brownsburg) defeated M. Ross (Grenville) 11-6. M. Ross (Grenville) defeated E. Thorburn (Kilmar) 11-2. M. Cumbers (Brownsburg) defeated A. Jones (Lachute) 14-12. W. Tabrett (Lachute) defeated M. Ross (Grenville) 11-7. M. Ross (Grenville) defeated L. Reeves (Calumet) 11-2. M. Cumbers (Brownsburg) defeated E. Thorburn (Kilmar) 11-7. W. Tabrett (Lachute) defeated E. Thorburn (Kilmar) 11-5.

Late Dr. F. A. MacKay Was One of America's Leading Church Organists

Member of Old St. Andrews Family

The death of Dr. Francis Aimé MacKay, a St. Andrews native who rose to distinction in music, his chosen profession, occurred Monday in Ottawa after some years of indifferent health. He was around 70 years of age.

Mr. and Mrs. MacKay had been expected shortly to return to St. Andrews East, where they had been seasonal residents since Mr. MacKay's retirement. His death occurred suddenly at the home of his only child, Mrs. Geoffrey Yorke, and her husband Dr. Yorke, in the capital city.

Member of a family well known in the earlier days of St. Andrews, he was one of three sons. He took up the study of music, and became one of America's leading church organists. He was for several years chairman of the Pipe Organ Association of New England. He served for 13 years as organist and choirmaster at the Church of the Redeemer in Chicago, and for 25 years filled a similar position at St. Paul's Cathedral, and (to quote a contemporary tribute to his work) he there developed "probably the most complete music ensemble of any church in the U.S.A." Dr. MacKay retired from his profession in 1942. . . At St. Andrews East he was heard in recitals at the Presbyterian Church after installation of its present pipe-organ.

The late Dr. MacKay is survived by his wife and daughter, also by his brother, Christopher MacKay, of Montreal.

Funeral services at Ottawa were followed by interment Wednesday afternoon at the St. Andrews East cemetery. Many friends and neighbors were present at the graveside, where the Rev. Dr. Wm. McMillan officiated for the committal rites.

Amherst, N.S. (CP) — The Retail Merchants Association here is planning a special shopping week in an intensive effort to attract more business to the town. Some 40 prizes are being offered as part of the various features of shopping week.

Boom in Business Improvements as Main Street Undergoes Face-Lifting

New Store Premises and Show-Windows Represent Sizeable Building Program

Casual observation of the many building jobs now under way, gives a general impression of the town's progress — but it is not until the observer takes stock of these projects, that full extent of the building boom is realized.

In diversified spots, Main Street is undergoing a face-lifting, but in other business sections too, there are also appreciable improvements — these do not readily strike the resident of the east ward, centre ward or west ward who has little opportunity to make a tour of inspection. Some of the more important changes are therefore reviewed, as a matter of interest to local readers and to those now absent from Lachute. . .

Centre Ward

Grouped around the post office are several examples of the progressive trend. Nearby, on Notary J. E. Beaudoin's property, a log-finish cabin has been erected — a new departure in Main Street's architectural styles — to serve as a news-stand, souvenir and refreshment booth to be operated by Wilfrid Raymond and son Kenneth.

Just across the street, Fernand Lagarde of Lachute Flooring Reg. has enlarged his cramped quarters to make a more spacious store. A new interior was also recently completed by Lachute Bakery. A few doors west the Mademoiselle Shop, completed last winter, presents something strikingly modern in its frontage, and carries the theme with equal effect in its interior. Farther west again, Alex Gervais is installing a modern front for his property, occupied by H. Filfe and Cliff Cunningham; and Omer Lafortune is completely revamping his antiquated building, to provide for two basement offices, two stores, and upper residences.

The Rex Theatre has recently taken on a completely new front in "Permastone" and chrome, topped with a spectacular Neon sign, while the John McFaul & Son store nearby has a new interior layout, decorated in taste and providing better facilities for the display of goods.

Across the street in this section, the new clinic built for Drs. Pager and Papineau presents an imposing and dignified building in stone finish. The interior is an example of local workmanship which is the last word in the modern trend. (Some may recall the W. Staniforth store which, 25 years ago, was a fairly modern establishment on this site.). . A few doors west from this spot, the Venus Café has removed from the Giles block, and in these premises a catalogue order office will shortly be set up by the T. Eaton Company; the decoration will be in a style conforming to the company's standards.

On this stretch of Main Street Omer Boudreau is completely remodelling his building around the

(Continued on page 2)

Traffic Markings To Be Enforced

The painting of white parking-lines on Main Street is about completed, and inasmuch as these lines are a departure from previous markings, the police request that all motorists take note of their purpose. This is important, since it is their intention that the parking laws be rigorously enforced this season.

The diagonal markings down the centre of Main Street provide ample space for cars and light deliveries, and drivers are requested to park within the lines.

Vehicles may be parked parallel to the sidewalks within the white lines for periods not exceeding half an hour. Those wishing to park for a longer period should use the centre spaces; or in the case of trucks, the horizontal centre-lines west of North River Motors Ltd., or elsewhere off the main thoroughfare. Signs are to be erected to impress these regulations. . The police will also enforce the no-parking provision at private entries, which have now been duly marked; this has been a subject of frequent complaints by proprietors.

Oily Rags Cause Fire in Warehouse

Spontaneous ignition of rags and painting materials, was given as the cause of a fire at Arc Supply premises last Sunday night. The structure is a large building off Bethany Road, erected some years ago as a plant for Precision-Built Homes. This was being made over for use of Arc Supply Ltd., with well appointed offices, store and showroom in front, and extensive warehouse space at the rear. The front quarters had been finished, painted and the floor laid, all ready for occupancy this week. Paint-rags and waste had been placed on a cement floor, but close to the wood partition dividing off the warehouse. It was this wall which ignited.

Fortunately the blaze was seen by a neighbor, G. de Bellefeuille, from his house across Bethany Road. It was Mr. de Bellefeuille who turned in the alarm at 10.30 o'clock, and prompt action by the fire brigade subdued the blaze before much damage was done. Had the fire gained headway for even a brief period, it would have reached the attic and endangered the entire building. Hose was laid through the show-room, and some damage resulted from water in this section; there was also some damage by fire through the wall to this part of the building.

Laurentian Telephones Now on Dial System

Ste. Adele — Residents of Ste. Adele, in the Laurentians, were making their telephone calls by the dial system last Sunday after conversion of the local exchange, which tools place at dawn. Telephones in the neighboring municipalities of Mont Rolland, Piedmont and St. Sauveur were also converted to dial.

In less than two minutes, more than 800 subscribers' lines were cut over from the old magneto exchange to the new dial exchange.

Frank J. Shaughnessy, Bell Telephone manager for the region, said the conversion brought service to some 200 new subscribers.

The Watchman is on sale at 5 cents a copy at the following stores: —

Carillon: J. MacDonald.

An intensive campaign to sell British goods in Canada is being launched this spring.

Bracken Buys Ayrshires At Vankleek Hill

Erskine Rodger, of Lachute, Among Purchasers

Vankleek Hill — The first all-Ontario Ayrshire sale to take place in Eastern Ontario, held at Vankleek Hill last Saturday, brought out a total of 46 head, selling for an average of just over $282.

The majority of the cattle purchases were made by Eastern breeders, with a few head going to Quebec.

Heaviest buyer of the day was Hon. John Bracken, who bid successfully on a total of 15 head, including cows, heifers and calves, for a total price of $4,570 or an average of $304. Mr. Bracken, whose farm at Manotick has already come into prominence for its Palomino horses, included in his purchase the second high price female, at $675, Russellside Betsy, six-year-old cow consigned by Cumming Bros., of Lancaster.

Erskine Rodger, local Ayrshire fancier, was among the bidders at this sale, purchasing a senior heifer calf, Clarkdale Sylvia, consigned by L. R. Clark of Martintown, for $200.

Three-Year-Old Killed By Truck at Hawkesbury

Hawkesbury — Micheline Lacombe, three-year-old daughter of Mr. and Mrs. Andre Lacombe, Hawkesbury, died almost instantly when she was crushed beneath the wheel of a truck in the laneway of her home recently.

Russell Pilon, who lives next to the Lacombe home, was backing his truck on to the street when he heard a scream at the rear of the truck. The left rear wheel of the vehicle passed over the little girl, crushing her skull.

Pilon said he saw no one in the lane when he began to back up.

Gatineau LINES

Progress Report

Each year, by law and custom, the directors of any company issue a report on the financial position of the company, its activities during the past year and its plans for the future. While these yearly reports go officially to the shareholders of the company, they frequently contain information which is of just as much interest to customers as to shareholders.

The annual report of Gatineau Power, just issued, contains a number of points which may be of considerable interest to users of electricity all over the area served by Gatineau. Here are the highlights:

1. Since the war, many improvements adopted by industries have called for a great increase in the amount of electricity used industrially.

2. In the same period, the commercial enterprises have expanded their facilities greatly, thus requiring more electric power.

3. New housing throughout the Gatineau area has called for many new electrical connections.

4. Long-time customers of the company have installed additional appliances, boosting their demand for electricity.

5. Rural areas are seeking all the advantages of electrical living, thus once again increasing the need for power.

6. While the cost of oil, wood, coal and other fuels has been going up in recent years, the cost of electricity has been going down.

7. The result of all these factors has been a tremendous growth in the demand for power throughout the Gatineau area; a demand which the company has been working to meet by a giant expansion program costing millions of dollars.

8. During the last two years, Gatineau Power has brought electricity to 12,000 new customers by installing more than 600 miles of new lines, by increasing generating capacity, by installing additional transformers, and by the extension of high voltage lines.

9. The expansion program is still in full swing. Because it is a costly undertaking, the company is now considering new financing plans in order to raise the necessary capital.

Gatineau Power Company

Seasonal Farm Topics

New Type of Farmers

Recently, 36 young men were graduated from the two-year course at the Agricultural College at Guelph. Practically all — 33 to be exact — went back to the farm, in most cases their own. In fact, according to reliable sources, more agricultural college graduates on a per capita basis are going back to farms in Canada than in any other country.

In the light of the morrisome problem of how to keep the boy on the farm, these facts are most encouraging indeed. They not only forecast a brighter future for Canadian agriculture, but can help make Canada one of the world's most progressive food producing nations.

Some old-timers may regard this return of the college-bred boy to the farm with derision. Even some parents who paid for their son's education will rebel when the youngster suggests a revision of time-tried farming practices. "You can't plow a field with a diploma" is an expression too often heard in several sections of the country.

Such an attitude is nonsensical. There is much behind that diploma. There are years of intense classroom study; practical work on the best experimental farms on the continent; scientific research in laboratories. Yes, a diploma can plow, can sow and, most important, can reap.

The public spirited, scientifically trained farmer may well become the leader in his community by helping solve the problems of his less informed neighbors. If he fails to share his knowledge, he may as well have not gone to school.

Fifty million cocoa trees on the African Gold Coast are said to be threatened with a virus disease that endangers the world's supply of cocoa.

New Chemical Kills Undesirable Grass-Weed

Couch grass, quack grass and other undesirable grasses which have hitherto resisted the actions of 2,4-D, are due for a knockout blow. A new chemical known as TCA, a salt of trichloroacetic acid, has been developed in the United States for the prime purpose of grass-weed control.

The chemical, according to C-I-L Agricultural News, promises to be especially helpful to farmers wishing to eradicate spots of troublesome grass from croplands, ditchbanks and headlands. It will be useful to railways and government agencies for right-of-way clearances; to oil companies and other industrial concerns for weed control where fire precautions are necessary.

With the introduction of TCA, growers now have a choice of weed-killer best suited for their needs. Most effective against broadleafed plants is 2,4-D. "Ammate" is best for poison ivy and other woody perennial weeds. TCA controls grasses.

Annual grasses can be destroyed readily by light applications to the foliage or by treating the soil just before the grass seed sprouts. While the chemical produces a condition in the soil which prevents plant growth for a short time, this condition of sterility disappears within 30 to 90 days, depending on the amount of rainfall. Since the moisture content of the soil has an important bearing on the effectiveness of soil applications, it is recommended that local authorities be consulted before TCA is used. Its use on crop lands is not recommended except as a spot treatment. Nor should it be used on or near valuable woody or herbaceous plants or lawns or closely mowed turf.

Shorthorn Champion

The Supreme Champion of the annual show of Shorthorn cattle at Perth, Scotland, recently was "Cruggleton Account", owned by Albert J. Marshall, of Bridgebank, Stranraer. Buyers from all over the world came to Perth for the shows and for the sales which followed.

J. Arthur Rank, noted British motion picture producer, who was Scoutmaster of the 7th Balham and Tooting Group in 1914, has accepted the presidency of the group's branch of the B-P Guild of Old Scouts.

Groom: How did you make this cake, dear?

Bride: Here's the recipe. I clipped it out of a magazine.

Groom: Are you sure you read the right side? On the other side it tells how to make a rock garden.

"THE MASTER" SHALLOW WELL PRESSURE PUMP

It is estimated that the normal water requirements for the average farm is about 250 gals. per day. The Master Shallow Well Pressure Pumping System, with a capacity of 300 gals. per hour, can more than supply the normal requirements, leaving plenty of water available for emergency work.

The Master Shallow Well Pump has been more than ten years in its development, resulting in a compact, sturdy pump that requires the absolute minimum of servicing.

Available in several models to suit every purpose.

Boom Season for Business Improvements

(Continued from page 1)

Fauteux Wool Shop, to provide a more extensive store space. This is the property which Mr. Boudreau purchased some time ago from Martin Neiderkorn, proprietor of Lachute Woodcraft.

At the Town Approaches

In the sedate residential area of the east end, there have been no notable strides of growth this year. At the western extremities there is much building of a varied residential nature. But at the southern approach, from Montreal, the expansion of business and residential building has been a matter of previous comment in these pages. The growth continues, and over the space of a few years the complexion of this area will probably undergo great changes.

In the West Ward And Lachute Mills

The west ward, including Main Street west, has its quota of additions. Notable along the beaten track are the new store just completed by Adelard Ouellette, of La Patisserie Française, at the property of the late Miss Marcil; the Lucien Lacoste building farther west, which contains two stores and basement premises (one of the stores is occupied by United Auto Parts, Lachute, Ltd.); and the store built some time ago and occupied by H. Legault & Fils.

Across the river on Princess, Chatham and Hamford streets there is also considerable building in evidence. The largest projects here are a hotel on Hamford Street, in course of construction by the Tessier Brothers; and, across the line in Chatham, the new Church of l'Immaculée Conception.

And Illuminated Signs

Incidental to this building boom are the bright illuminations installed by many business proprietors. The most notable outburst of these Neon lights in recent months has been around Geo. Y. Deacon's and the renovated Joly Hotel, and also in the hotel section of Foundry Street.

Other Enterprises

The lesser thoroughfares are faring well in building investment. An expansion and modernization project at the MacKimmie Bottling Works, and the Legion memorial hall now in progress (both on Foundry Street), deserve mention. Robert Street has a cement block plant recently built and occupied by the Lachute Machine Works (Murray Lyster).

Summary

This cursory survey gives some idea of the current boom; but there are other developments in the offing. In the Main Street shopping section, new store-fronts are on the blueprints for at least two more establishments, and an expansion of premises is planned by another leading garage-man. In addition to all this, the High School building will soon be under way — and altogether the year should set a new record in local construction.

Auction Sale

At the farm of Allan McKay,
SILAS HALL, Proprietor

5 miles north of Calumet on the Kilmar Road, on Saturday, May 21, commencing at 1 o'clock:

8 Milch cows (T.B. tested), 2-year-old heifer, year-old bull, grey horse (8-years-old, 1600 lbs), matched team bay mares (6 and 7 years, 3500 lbs.), 6 3-months-old pigs.

Rubber-tired wagon, truck wagon newly reconditioned, raking machine, land roller, set disc harrows, set smoothing harrows, Frost & Wood "Giant 8" mowing machine, cultivator, set logging sleighs, express, buggy, 2 walking plows, 2 De Laval separators (500 lbs. capacity).

Maple Leaf evaporator, gathering tank, 500 gal. storage tank, 200 cans and 200 spouts, grindstone, set of rope blocks, forking machine and rope, set plow harness (new), complete set double harness, 4 collars, set corner-binds, logging chains, whiffletrees, swivels, forks, shovels, carpenter's tools, 3 canthooks, 2 crosscut saws, 2 scythes.

HUNGRY FOR IRON, the world's steel industry looks to Ungava as the immense new source to supply its increasing needs. There, in the wilderness of rocks and stunted trees stretching north to Ungava Bay, lies one of the richest, purest deposits of iron ore the world has ever known.

The vast area is now being actively explored. Already over 300 million tons of ore have been outlined; camps have arisen; airfields and roads have been built, and the route is being surveyed for a 350-mile railway from the St. Lawrence at Seven Islands. In another section, inland from Havre St. Pierre, what promises to be the world's richest source of titanium has been discovered and is being developed. Our one-time wasteland proves to be a treasure-house.

This new northern expansion is but one of many examples of Canada's tremendous modern development. Never before, here or elsewhere, have there been such opportunities as those which await the energy and initiative of young Canadians in our own country today.

"NEW OPPORTUNITIES..."

"Never before have there been so many new fields and opportunities for young Canadian men and women who, through hard work and persistence, will be able to achieve success and prosperity in the years to come. The continuing development of our industries will be due in large measure to the true spirit of progressiveness of the young Canadian of today", says LUCIEN BOUGIE of Montreal.

From bank clerk to president and owner of the largest baby shoe company in Canada, selling La Parisette shoes through offices and showrooms around the world, Mr. Bougie's career is an example to all ambitious men. His training in banking and accounting has enabled him, through conservative methods of finance, to keep his finger on the pulse of his business, thus avoiding the pitfalls and difficulties attendant upon the establishment and growth of any business venture.

Farmer, Man of Many Skills

NO OTHER business presents such a challenge to young Canadians as farming. As a way of life it demands skill, ability and character to a high degree.

Anyone can make a living of sorts in the city. But to be a really successful farmer a man needs a wide variety of abilities and qualities. Coupled with good health, common sense and a genuine love of the land, he must be something of a soil technician, a crop expert, gardener, orchardist, blacksmith, electrician, carpenter, butcher, veterinarian, mechanic, lumberman, weatherman and business man.

He needs common sense to judge what to grow and to determine the best times for plowing and seeding and to solve the enormous number of minor and major difficulties that arise on a farm.

In addition he requires an acute market sense to judge the best time for selling or withholding crops or animals. There is little use in disposing of — or growing — certain crops or stock when the market is glutted with them.

As for the other skills :

"Paw, the tractor has broken down again. Can you fix it?"

"Dad, will you take a look at the grey mare? She's gone a little lame and I think she's picked up a stone."

"The kitchen roof's leaking again, Dad. Could you patch it, please?"

"I know you're tired, dear, but we haven't any lights — the windmill generator has stopped working."

"Dad, we're going to need some ham before long. How about butchering that big hog like you promised?"

"How much seed do we need for the back forty, and what are we going to plant?'"

And so on, and so on. . .

Many farmers live so far from town they cannot call in experts they need even if they can afford to. They must rely on their own wits and ingenuity. . . The fact that so many do this with so much efficiency, places the Canadian farmer on a high level of intelligence and capacity.

We take off our hats to the farmer. He's tops.

"World Parliament of Business"

CANADA has been chosen as the host nation for the twelfth World Congress of the International Chamber of Commerce. More than 700 of the world's leading businessmen will assemble in Quebec City for the sessions which will be held from June 13-17th. Theme of the Congress will be "Towards a Freer World Economy for the Benefit of the Consumer".

In making this announcement James S. Duncan, president of the Massey-Harris Company, who is president of the Canadian section of the Chamber, remarked:

"It is a tribute to Canada's growing importance in world affairs that Quebec City has been chosen by the 30 member countries for this Congress. Meeting on historic ground where Allied leaders planned for war, businessmen representing almost all the free countries of the world will discuss the problems of peace. These men will assemble here at a critical time in Canada's history. Their deliberations will cover world trade and currency difficulties. No country has more at stake in these discussions than Canada, since our future prosperity is absolutely dependent on our foreign trade".

This is the first time that Canada will be the assembly place for the Congress, which is known as the "World Parliament of Business". The four main sessions on the agenda will deal with the following subjects — "Steps to freer trade and markets"; "Monetary stability and convertibility"; "Regional Unions and the world economy"; and "At the service of the consumer". Discussions will be opened by many of the world's leaders in trade and industry. It is understood that plans are well advanced for a good reception into Canada of the foreign delegations, and Congress officials are now allotting accommodation at the Chateau Frontenac in Quebec City.

Health Factor for Vacationists

VACATIONISTS in rural areas may become infected with undulant fever unless they are careful not to drink raw milk and use raw milk products, a Berkeley, Calif., doctor warns.

Writing in "Hygeia", health magazine of the American Medical Association, George A. Skinner, M.D., says there is almost the same vacation problem from undulant fever that appeared with typhoid fever years ago. General ignorance or disregard of the methods of spreading undulant fever adds to the difficulties, he points out.

Many people pick up the infection of undulant fever on vacation trips and fail to recall possible sources of infection when symptoms of the disease appear months later, according to Dr. Skinner.

"Undulant fever (also called brucellosis, Malta fever, Mediterranean fever, and Danube fever) may imitate anything from a mild cold to severe mental illness or appendicitis", he says. "Often there are no early, typical symptoms although some of the first symptoms resemble those of most acute infections."

Undulant fever is transmitted to human beings from infected cattle, swine, and goats. The acute form is transmitted chiefly in raw milk and milk products. Undulant fever is found in every state and is most prevalent in agricultural and dairying regions.

Dr. Skinner's observations fit in with the Health League of Canada's campaign to induce summer vacationists to make sure their holiday milk supplies are pasteurized. Raw milk can cause not only undulant fever, but such diseases as typhoid, bovine tuberculosis, septic sore throat and paratyphoid. . . Pasteurized milk is the only safe milk.

Modern Method of Teaching

THINGS ARE no longer as simple as ABC, reports the chief filing clerk of one large organization. The simile is meaningless for the younger generation, she says, for the first step in training girls to be her assistants is—to teach them the alphabet!

Her diagnosis of the trouble is that it stems from the modern method of teaching reading, by which children are taught to recognize words and syllables without puzzling about the separate letters. The method is successful, in that the children master reading more quickly than those who were trained by the old-fashioned system — but the alphabet no longer has priority in the curriculum. Children are supposed to learn it after they have learned to read, and it may not then seem important to either teacher or pupil.

Some pupils must remember the order of the letters, either from singing the alphabet song over and over in school, or from what they pick up in the gutter, or from the birds and flowers. It is difficult to imagine how anyone could advance as far as high school without being able to use a dictionary, an index or a telephone directory. But the filing clerk's experience with her assistants shows that it is possible to go through some public school grades and a business course with no more than a vague idea of alphabetical order.

Her experience may be uncommon, but it is not unique. A recent magazine cartoon showed the M.C. of a radio quiz show asking a lady at the microphone: "Can you name the first three letters of the alphabet — not necessarily in order?"

— The Printed Word

A ten-year-old boy rushed into the village store.

"Father's being chased by a bull", he cried.

"What can I do about it?" asked the storekeeper.

"Put a new roll of film in my camera."

STEP RIGHT UP to your grocer's counter and say "Maxwell House, please". This glorious coffee has *extra* flavor and *extra* body because its superb blend contains choice Latin-American coffees.

Heavy Agenda Before Lachute Town Council

(Continued from page 1)

It was moved by Alderman Provost, seconded by Alderman Cousineau, that 30 days' notice be given to the Provincial Transport Company to remove their parking quarters from Main Street to private properties, and also their parking signs in front of the Lido Restaurant.

Mr. Charles E. Dorris was engaged to take the census in the west ward, and the secretary-treasurer was authorized to hire another one for centre and east wards, at a fee of 70c per hour, and that the report be made not later than July 1.

The following were appointed assessors for the valuation revision for 1949 — J. P. MacKimmie, P. Chabot and Real Urbain, to be paid $5 a day, and the secretary-treasurer, Antonio Laurin, was appointed their valuation clerk.

It was moved by Alderman W. S. MacKimmie, seconded by Alderman J. Belanger, that permission be granted to the Lachute Chamber of Commerce to hold a parade in connection with the Clean-Up Campaign.

Tender for supplying flowers and care of the Park, was received from A. Paulsen for the sum of $145. The contract was awarded.

Tenders to supply Stop signs and No-Parking signs were received from — Riverin, Quebec; Rosco, Montreal; Henry Provost, Lachute; Geo. Donaldson, Brownsburg.

It was moved by Alderman MacKimmie, seconded by Alderman Morrissette, that the procuring of these signs be left to the discretion of the Police Committee.

Applications for the position of policeman were received as follows —W. D. Desrochers, $36 per week; Rolland Brazeau, $40 per week; Oscar Sabourin, $30 per week; Laurent Vezeau, $25 per week; L. J. Provencal, $38 per week.

Applications for Assistant Secretary-Treasurer were received as follows: Miss Therese Lafleur, $22 per week; Miss Cecile Ethier $30 per week; Miss Anita Bedard $25 per week; Mr. Jacques Poitras $25 per week.

The council then adjourned to the secretary-treasurer's office to consider the above applications. . . It was subsequently moved by Alderman Holt, seconded by Alderman Morrissette, that Oscar Sabourin be engaged as police officer at a salary of $30 a week, with two weeks' holiday with pay after a year's service, uniform to be supplied by the Town and to remain property of the Town — the present engagement to be terminated by a week's notice by either party.

It was further moved by Alderman Holt, seconded by Alderman Morrissette, that Jacques Poitras be appointed temporarily as assistant secretary-treasurer, at a salary of $25 a week; the appointment to commence May 21, and to carry two weeks' paid holidays per year after one year of service. In case of termination of services, one month's notice to be given by either party.

Alderman Provost gave notice of motion that, at next special meeting to be held Wednesday, May 11, he would move By-Law No. 113 concerning sidewalks.

The Police Committee was authorized to have the necessary repairs made for police quarters and prison, including painting thereof.

(It is understood by The Watchman that a proposal to remove the police headquarters to the Auditorium basement fell short of materialization due to clauses restricting uses of the land on which this property stands, as specified in the deed of transfer.)

The meeting was adjourned until Wednesday, May 11.

15,000 New Words Contained in Latest Webster Dictionary

(New York Times Service)

Springfield, Mass. — The G. and C. Merriam Company have given cognizance to 15,000 new words in the English language, many of them born of the Second World War, with a preview of the publication of the "Webster's new collegiate dictionary".

Although some of the words in the new work have appeared before, many of them have acquired new senses during the six years since the editors started concentrated work on the latest "deadline".

Some of the new, war-born words, reported by Dr. Hubert Kelsey, one of the editors, are "cominform", and "pip", from its use in radar, along with "zero zero" and "schnörkel".

In addition to cominform, Russia and its politics have contributed to the language as new words, or old ones in new guise, "cold" as in cold war, "party line", and "iron curtain", which is credited to Winston Churchill.

Israeli, as an adjective and noun, is included in the new dictionary, while radio has contributed "disc jockey", not to mention all the new words connected with television, atomic physics and medicine.

The railroads are recognized for their post-war improvements, with the word "roomette", and their greatest rival, the motor car has contributed "motel", as a refinement of the old overnight cabins.

Although Miss Anne M. Driscoll, an associate editor, cited that slang had to work long and hard for recognition, the new generation has given "wolf" a fourth sense and "allergy" a second sense.

GOOD CITIZENSHIP
is a lot of little things

WELCOME NEWCOMERS

Few things in life are so deeply appreciated as the friendly spirit that exists among neighbors. It is one of those things that make life happier. And it can work miracles for the stranger in your community . . . it can make him feel at home; glad that he lives there. Extend a welcome to the newcomer . . . see that he meets your friends and becomes one of them. The spirit of neighborliness is one of the true foundations of "Good Citizenship".

You can help this public service effort. Make a note of some of the little things which, in your opinion, contribute to Good Citizenship.

Birth, Marriages and Deaths

Births, Marriages, Deaths and In Memoriam, etc., 75c; 5c per type line extra for verses with In Memoriam (estimate 6 words per type line).
(Payable in Advance)

BIRTH

COPELAND — At the Providence Hospital, Lachute, on May 8, 1949, to Mr. and Mrs. Colin Copeland (née Una Morrison), a son.

DEATHS

MacRAE — At Lost River, Que., on May 2, the infant son of Mr. and Mrs. John A. MacRae, aged two weeks and four days.

STACEY — At the residence of her daughter (Mrs. H. Turner, Lachute R.R. 5) on May 5, 1949, Mrs. Mary Louise Stacey, in her 83rd year.

IN MEMORIAM

ROE — In loving memory of our dear sister and aunt, Ada, who passed away May 16, 1947.—Ever remembered by Grace, Fred and family.

"Not a day do we forget you,
In our heart you are always near,
We who loved you sadly miss you
As it dawns another year."

KENNEDY — In loving memory of my dear brother, Elmer, who passed away May 12, 1946. — Always remembered by his sister, Iola.

"The joys that he missed on Life's Highway,
May he find in God's Garden of Rest."

McKENZIE — In loving memory of Darwin A. McKenzie, who departed this life May 16, 1946. Ever remembered by his wife and family.

"In the lonely hours of thinking
Thoughts of you are ever near,
We who loved you sadly miss you
As it dawns another year."

Cushing West

Mr. and Mrs. Norman Dowd, of Ottawa, and their son Dr. Emerson Dowd, visited Mrs. Dowd's sister, Mrs. Wm. Usher, on Sunday and were also guests of Mr. and Mrs. C. F. Watson.

Mr. and Mrs. Jas. Bissett spent the week-end at their residence, having as guests Mr. Bissett's brother and sister-in-law, Mr. and Mrs. T. Bissett, of Verdun.

Mr. and Mrs. Hugh Danford spent Sunday at their residence on the rivershore.

Mr. and Mrs. Douglas Hartley, Mr. and Mrs. Lawrence Hartley, also Miss Olive Hartley and her aunt Mrs. C. Armstrong, were all at their respective summer homes over the week-end.

Mr. and Mrs. Fred Pryor spent the week-end at their cottage on Sandy Bay Road.

Mr. and Mrs. Alan Vowles were in Montreal on Saturday, where they were guests at the wedding of Miss Phyllis Dugan and Mr. Howard Patch, which was solemnized at St. Matthew's Church.

Mrs. R. Harbert, of Montreal, with her little son and daughter — accompanied also by her aunt and uncle, Miss Florence and Mr. Jas. Cushing — motored here and spent the week-end at her residence.

Mrs. Usher entertained a number of guests from the city on Sunday, including Miss Dorothy Macrone, Mrs. Robson, Miss Eleanor and Mr. Boyd Robson, Miss Robinson, Mr. H. Guest and Mr. Jim Watson.

Be wise worldly, be not worldly wise. — Francis Quarles

ACKNOWLEDGMENT

BRACELIN — Mrs. Robert Ellis wishes to thank her neighbors, relatives and friends, for sympathy, kindness and flowers tendered during her recent bereavement in the death of her mother, the late Mrs. John Bracelin.

AT LAST!

EVERLAST DISHES

in Fiesta Shades (36 and 42 pieces)

For HOMES, INSTITUTIONS and HOTELS.

EVERLAST is made from one of the hardest and most heat-resistant synthetics known to man. It will do many things that earthenware dishes will not do.

Everlast's color and lustre remain for the lifetime of the tableware. It's tasteless, ordorless, will not soften on exposure to heat. Everlast has the ability to withstand hot water.

Furthermore, common solvents (alcohol, acetone, carbon tetrachloride) do not harm it.

Resistance to breakage is one of the greatest advantages offered by Everlast tableware. On this score alone, Everlast tableware saves many dollars.

Mrs. I. W. Jamieson, Local Representative

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Morin Heights

Miss Joyce Seale is spending a couple of weeks with Mr. and Mrs. Lyall Kilpatrick.

Messrs. W. R. and Graeme Bell were at their home here over the week-end.

The May meeting of the Guild of Trinity Church was held in the Red Cross room, with Mrs. Wm. Green as hostess.

Bereavements

The sympathy of the community goes to Mrs. Wm. Rowland, a former resident of this place now living in Montreal, whose father, Mr. Wm. Doré, passed away on April 28, at the age of 75.

Sympathy is also expressed to Mrs. John H. Davis and daughter Margaret, in the loss of a husband and father on May 5.

Grenville

Mr. and Mrs. Vernon Dawson and little daughter, of Ottawa, were visitors last week with the former's parents, Mr. and Mrs. Ray Dawson. Mr. Garth Dawson and Miss Evelyn Bowen, of Montreal, were week-end guests at the Dawson home.

Mr. and Mrs. John Owens and family motored to Frelighsburg and spent the week-end visiting with relatives.

Mr. Edward Brayden, of Montreal, was the week-end guest of Mr. and Mrs. Stanley Dewar.

Mrs. L. Bovinton visited for a few days in Hawkesbury before going on to spend some time with her son and daughter-in-law, Mr. and Mrs. M. Bovinton, in the Town of Mount Royal.

Mr. Russell Owens, Jr., of Vercheres, Que., spent the week-end with his parents, Mr. and Mrs. R. Owens.

Miss Beatrice Barron, Mr. Colin Barron, and Mr. Jimmy Timmins, of Montreal, were week-end visitors at Mr. and Mrs. Ed Barron's.

Mr. and Mrs. W. Morrow had their daughter, Dorothy, home for Mother's Day.

While recent fires have damaged or destroyed a number of old residences, considerable building activity is now in evidence around Grenville.

Mr. J. R. Monty, local bank manager, is having a fine bungalow built at Pte. au Chene.

Mr. and Mrs. Weymouth P. Gaudry, of Greenfield Park, paid a brief visit to the former's mother (now 84 years of age) on Saturday, for the occasion of Mother's Day.

Bell Falls

Master Billy Fox was the guest of Mr. and Mrs. Clarence McMahon.

The Misses Isabel and Edythe MacCallum, and Miss Lillian Evans, all of Gatineau Mills, were week-end guests of Mr. and Mrs. N. MacCallam.

Mrs. N. E. McCaig and Miss Mary Bennett spent the week-end with the latter's parents, Mr. and Mrs. C. Bennett.

Mr. and Mrs. B. McRae and family spent the week-end with Mr. and Mrs. J. Kennedy, Pine Hill.

Miss Helen Campbell, of Montreal, and Mrs. Ella Campbell, of Lachute, spent the week-end at their home here.

Mr. Leslie Kerr spent the week-end at his home.

Visitors at Mr. and Mrs. Thomas McNeil's last week-end were Miss Ruby McNeil, of Montreal, and Mr. and Mrs. George Paul, of Lachute.

Mrs. Albert Pierce, of Montreal, is spending a few days with her parents, Mr. and Mrs. Clayton Smith.

Church Notes

The Bell Falls Ladies' Aid met last week with Mr. Joseph Page as hostess; the afternoon was spent in quilting.

The regular morning service of Harrington United Church will be held at the usual hour, 11 o'clock.

A man pedalling a bicycle can develop only enough horsepower to light a 100-watt bulb.

Grenville North

Mr. Norman Dubé spent the week-end here with his family.

Week-end visitors at the home of Mr. and Mrs. B. McCart were—Misses Noreen and Bridget McCart, of Montreal, Miss Teresa McCart, of Hawkesbury, and Mr. and Mrs. Emmett Lowe and Stephen, of Lachute.

Miss Lilly Murray was the guest of Mrs. John Heatlie in Ogdensburg recently.

Sunday visitors at Mr. and Mrs. Walter Gauley's were — Mr. and Mrs. Lawson Taylor, the Misses Beatrice, Frances and Patricia Taylor, Mrs. Geo. Perks and Miss M. J. Beattie, all of St. Andrews East.

Master Richard Carriere, of Calumet, spent several days last week with his aunt and uncle, Mr. and Mrs. Robert McCart.

Mr. Geo. Nevers, of Montreal, spent a week-end here recently with relatives.

Mr. and Mrs. Robert McCart, accompanied by Mr. and Mrs. Fred Lobb of Hawkesbury, motored to Brockville recently.

Miss Hilda McCart spent the week-end in Lachute.

Mr. Edmond Nixon, of Kilmar, Mr. and Mrs. Guy Nixon and infant daughter, visited relatives in this locality on Sunday.

Harrington

Miss Lois Bennett spent Sunday at her home here.

Mr. and Mrs. Pendleberry, Mr. and Mrs. P. McCullough, of Montreal, spent Sunday with relatives here.

Mr. and Mrs. George Bennett motored to Montreal on Sunday to visit their granddaughter, who is a patient in the Royal Victoria Hospital.

Mr. and Mrs. R. Swail spent Tuesday in Montreal.

Fourteen from the Harrington Farm Forum attended the Farm Forum rally in Lachute on Monday night. Everyone reported an enjoyable evening.

Members of the Harrington Ladies' Aid met Tuesday at the home of Mrs. R. McCullough. The afternoon was spent in quilting.

Calumet

Mr. and Mrs. W. Fox returned home from Three Rivers, where they were visiting their daughter, Mrs. E. McRae and Mr. McRae.

Mr. and Mrs. S. Richardson, of Montreal, were week-end guests of Mr. and Mrs. E. Richardson.

Miss Aileen Fee, of Shawinigan Falls, spent the week-end with her sister, Mrs. C. G. Foreman and Mr. Foreman.

Mrs. L. Jorgensen, of Three Rivers, is spending a few weeks visiting Mr. and Mrs. R. C. Whinfield.

A number of people from here attended the badminton tournament held in Lachute on Sunday afternoon.

Mr. and Mrs. R. G. White and son Michael, and Mrs. T. G. Foreman, spent Sunday with Mr. and Mrs. H. White at "Whiteacres".

Mr. and Mrs. R. C. Whinfield and daughter, Rosemary, spent the week-end at their cottage on Lake MacLeod.

Mr. and Mrs. S. Harris and daughter Betty, of Brownsburg, were Sunday guests of Mr. and Mrs. R. MacIntyre.

Mr. and Mrs. C. Cooke and children, Valerie and Lorne, of Lowe, Que., were week-end guests of Mr. and Mrs. H. Trineer.

Miss Jessie Fox was a week-end visitor of Mr. and Mrs. J. Fox in Harrington.

Spring flowers were placed on the altar in Holy Trinity Church on Sunday morning in memory of the late Canon James and Mrs. Fee.

AWARD ANNOUNCED

Edmonton (CP)—Families judged as "Master Farm Families" in Alberta under the new provincial scheme will receive a cash award of $1,000 and a suitable trophy, Hon. David Ure, minister of agriculture, announced recently.

Brownsb'g Man Takes Bride in Toronto Church Ceremony

Mr. and Mrs. John Kettyle, of Brownsburg, were in Toronto last week-end attending the wedding of their son, Harold, who was married to Miss Miriam Snell of Toronto, in the High Park Baptist Church. The Rev. Harold Charlton, of Orangeville, Ont., former pastor at Brownsburg, officiated at the wedding.

Following the reception at the Sherbourne House Club, Mr. and Mrs. Harold Kettyle left by plane for Ottawa, and arrived in Brownsburg on Monday night to spend part of their honeymoon at home.

• • •

On Thursday night of last week Mr. Harold Kettyle received the degree of Licentiate in Theology at the graduation exercises of the Central Baptist Seminary held in Massey Hall, Toronto.

MODERN ROBIN HOOD

Trenton, Ont. — Ralph Loucks recently turned Robin Hood and shot a groundhog with a bow and arrow. It was reported he said it was in the interests of economy since no licence is required for a bow and arrow.

The British battleship, Royal Sovereign, known to many Canadian ex-servicemen, and on loan to Russia since 1944, has been returned and will be scrapped.

The famous British cruiser Ajax, that fought the German Graf Spee at the outbreak of the last war, will be scrapped.

If all the wooden match sticks used in a year were a quarter of an inch shorter it would save 380 carloads of wood.

"Sunnyacres Sketches"

Random Writings on the Rural Scene

By Margaret Cook

We come to Sunnyacres for week-ends just as soon as the uncertain mountain roads permit. This year it was early May. We suffer all the pangs of a long and hazardous journey during the two-hour trip from the city. Will the car negotiate that bad spot? Will the Brook have overflowed the bridge? Will someone have broken into the house and removed our most cherished possessions? Have the new little apple trees survived the winter? . . We round the big rock, we turn eyes left, and there waiting complacently on the earth sits the house. Betty shrieks with delight; Haile Selassie, our black Persian, twitches his nose and tail delicately. Where have I met that scent before?

That first trip, we are generally greeted by daffodils in full bloom. Sometimes the grape-hyacinths are out too. This year, the trailing arbutus was in bud. The currant bushes were delicately green, the polyanthus visible.

Inside, the mice have obviously had a field day. When we finally leave in November, they must raise paeans of joy to the mouse god. "Now the Cooks have gone, the house is ours. Come on, fellows, here's a nice new spread on the couch!" But we do not mind the little field mice being our tenants during the winter. They are much more appealing than the domestic type. Their ears are large and their eyes gentle. They are very unsophisticated. Several times, we have seen Haile and a field mouse regarding each other in wonderment. The mice here never see cats, our cat never sees mice — so they are intrigued, but hardly perturbed.

In May, the old farm really wakes to beauty. All around the house bloom golden-eyed narcissi. They lift white innocent faces to the thirsty sun, and at dusk they look like white butterflies. We have as many double ones as single, like little white roses they are. Once, made mad by their beauty and the pride of new ownership, I essayed to count the blooms. I got as far as 2,000 before I wearied. They grow in clumps here, there and everywhere about the yard, as if God had carelessly dropped bulbs from his celestial blue pocket. At the front of the house, all among the narcissi, grow the blue grape-hyacinths. Mixed with the orange and red polyanthus sunning themselves on a nearby bank, they make a handsome and lasting bouquet. The narcissi cut well, too, but have a distressing habit of oozing a sticky, milky substance from their stems, so that one feels that their life-blood is draining away.

Generally, the orchard bursts into bloom along with the narcissi. It lies before the house and consists of about a dozen old trees and six new ones we planted four years ago. The old trees are gnarled and straggly but every spring they clothe themselves in beauty. The hummingbirds passionately attack them. In the fall, too, they are beautiful with great red globes of fruit between the green leaves. They bear mostly sour apples fit only for cooking, but they keep us and our friends in applesauce and apple pies till mid-winter.

The birds, meanwhile, have arrived. In April the white-throated sparrow had come. As we dig in the garden, we hear its clear, plaintive notes. Flickers are about early. One has the annoying habit of banging vigorously on the flag-pole at daybreak.

Our greatest interest this year is a woodcock who twice a day solemnly inspects a patch of ground where we burned some rubbish. He stalks about, his ridiculous bill almost perpendicular to the ground. If we go out to watch him, he carefully turns his back and quietly and slowly fades into the grove.

A friend of ours tells us that he had the rare privilege of seeing a woodcock's nuptial flight. He and his family drove at dusk to a spot beside a back country road. Leaving the car beside the road they tramped inward over sodden fields to a clump of bushes, where one of them had previously found the nest. Vague chirpings and twitterings could be heard. After their

$240 MILLIONS INSURANCE

Property-owners and others in Canada paid over $240 millions in fire, automobile and casualty insurance premiums in 1948, states a special survey in The Financial Post. Fire insurance accounted for about 43% of the total, premiums exceeding $103 millions. Ratio of earned premiums was slightly lower, but the loss ratio in automobile insurance was higher.

CIGARETTES BRING FINE

Sherbrooke, Que. (CP) — For being in possession of about 500,000 United States smuggled cigarettes, Bruno Houle of Drummondville was fined $1,000 in criminal court here. Seizure of the cigarettes was reported to be the biggest in the history of the R.C.M.P.

Miss McHagenson, 5462 Park Ave., Apt. 30, Montreal.
Mrs. J. St. Maurice, Queen St., Rawdon, Que.

The British Postage Stamp

In the United Kingdom seven thousand million stamps are issued annually. Face values vary between a half-penny and one pound. Absolute uniformity of quality is the General Post Office's insurance against forgery, and the quality standard of this production job may be judged by the high rarity value given by philatelists to imperfect examples. A block of 4d. stamps, on which some were not perforated on three sides, was auctioned recently for £42. A strip of twelve sixpennies printed on double paper is offered currently for £500. Here stamps printed in continuous form for making rolls are being dried in an air-conditioned room.

WORLD OF TODAY JUST A MEMORY IN NAVAJO LAND

White Family Posted at Lonely Settlement Finds Frontier Life Still Exists

Teec Nos Pos, Ariz. (CP) — The United States still has its frontiers, the Weafer family has learned in 18 months at this isolated Navajo reservation outpost, without movies, ice cream or newspapers.

"All of the 20th century is a memory", says Mrs. Weafer in describing the family's life. "There is no smoke, no dirt, no noise, no traffic and no crime wave."

The six Weafers — Mr. and Mrs. Eugene Clyde Weafer and their four children : Clyde, six; Lynn, five; Sarah, three; and Trudy, two — no longer miss the bustle of their Dallas home. Even their battery radio is seldom turned on any more.

There are 25 white people — officials, traders, missionaries — in the tiny settlement. The Weafers found the Navajos a kindly, intelligent people, plagued by poverty and lack of schools.

Weafer is teaching oral English and modern hygiene to teen-age Indians before they go to graded schools. He also is doing research on the relation of the Navajo religion to psychotherapy.

"The most revolutionary book, next to the Bible, is the modern mail order catalogue", he says. "The Navajos, like many depressed peoples, are most impressed by material objects. They want to have things like white people have".

Trading Post A Centre

Economic life centres around the "bull pen", the horseshoe-shaped space enclosed by high counters at the trading post. Canned goods, notions, saddles, salt pork, lanterns and other general store goods are the principal stock in trade.

Fresh milk and green vegetables almost never show on the shelves. Fresh meat is seldom on sale. Prices are 50 to 100 per cent higher than "outside". It is 100 miles to the railroad : 200 miles to St. John's, the county seat.

The Navajos do their "banking" at the post. That is, they pawn their turquoise and silver jewelry for credit until lambing or wool-shearing time. Fine rugs woven on the looms of the patient Navajo women are on display.

"Our youngsters were a curiosity among the Navajo children", says Mrs. Weafer. "They peeked in the windows, then giggled and ran. The Navajo boys would run in a circle, then swoop in to pinch white skin, or pull lightly some blond hair. It was over a year before the children were accepted as just other children."

Comradeship got a start at the first Christmas. Navajo and white stood around the Christmas tree and sang their praise to the Christ Child. But, Mrs. Weafer says, "To the older Weafers there were thoughts of the thousands of Navajo children who died each year; and of the living stunted by inadequate diet".

The family goes to the Indian mission church. There are Indian ceremonies, where colored sand spills through copper fingers to make bright sand paintings. There are picnics out near the Carriso Mountains.

There is excitement, too, up here near the four corners where Arizona, New Mexico, Utah and Colorado meet. Sometimes a movie company comes out here on location, cashing in on the scenery of this northeast Arizona wilderness where cloud shadows race in eternal silence across the vast mesa country to the brooding red buttes.

For Uniform Building Codes

Initial steps leading towards the establishment of uniform building codes applicable to all Canadian municipalities were taken recently during a two-day meeting of Federal, Provincial and Municipal building authorities at the National Research Council, Ottawa.

More than 100 delegates, including representatives of 43 municipalities, participated in the discussions.

During the session a motion was passed calling for a meeting of provincial representatives and members of the Associate Committee on the National Building Code to discuss provincial regulations.

The Committee was also requested to prepare and publish three booklets on building regulations. First of these would be a simple handbook suitable for small municipalities, the second a volume applicable to medium-sized towns, and the third a full, comprehensive code. All three would be correlated in such a way that they could be adopted progressively by a growing municipality. In addition, the need for a code dealing particularly with residential construction was discussed.

R. F. Leggett, Director, Building Research Division of the National Research Council, which is responsible for co-ordinating work on the National Building Code, presided at the meeting.

Among the topics which highlighted the discussions were :

1. The difference in provincial enabling legislation.
2. The variety of provincial building regulations.
3. The need for legal terminology but, at the same time, simplified language.
4. The necessity for a building code for even the smallest municipalities.
5. The requirement for a bulletin or other means to distribute building code information.
6. The need for simple, straight-forward language and arrangements in building codes.
7. The problems of adoption and distribution which affect the preparation of the Code.
8. The need for architects and engineers to work with lawyers so that problems of legal terminology and technical correctness may be studied together.

It was decided that similar meetings should be held annually to facilitate the preparation of a building code acceptable to all municipalities.

Lachine Setting Fine Example

Citizens of Lachine . . re-elected Anatole Carignan as their mayor for the sixth time, giving him a comfortable majority. Anyone taking the popular Sunday afternoon drive around the rim of the Island of Montreal, and realizing that Mr. Carignan is the man responsible for the strikingly agreeable contrast made by the Lachine waterfront to the rest of that extensive shoreline, would readily understand the mayor's popularity with the voters.

Along every foot of Lachine's lakeshore and back up to the new highway are to be found manifestations of civic pride and orderliness. And this is despite the fact that Lachine is a city harboring a wide variety of industries, including some of the so-called heavy industries, which sometimes make for squalor. As a matter of fact these industries themselves, for the most part, have entered into the spirit of the thing and landscaped premises are the rule rather than the exception.

The beautification of Lachine dates back to the depression and the dole. Mr. Carignan, as mayor, did not believe it to be in the interests of the people that they merely sit back and take the dole. He thought it would be better if they worked for it. So he evolved the beautification plan and carried it out in spite of lifted eyebrows in some quarters. All this cost the City of Lachine $1,500,000. Quite a tidy sum, but payment of the dole alone would have cost $1,200,000, so for $300,000 representing cost of materials, Lachine has something which makes it distinctive, and a source of pride and inspiration to its citizens.

Mr. Carignan has spent practically his entire life to date in that section of the Island and has been in municipal politics almost continuously for the past 34 years. From 1915 he was a Ville Lasalle alderman. From 1921 to 1925 he was mayor of that municipality. In 1929 he was elected an alderman of Lachine, serving in that capacity until 1931. He was first elected as mayor of Lachine in 1933. He retired in 1939, to come back in 1944, since which year he has served continuously as chief magistrate.

Mayor Carignan's hobby is history, particularly the history of the locality in which his chief life interest lies. He has produced hundreds of pages of manuscript crammed with historical data, which some day will be an important contribution to Canadian historical literature.

The conversion of the old Le Moyne house into a museum is another Carignan project for which there are further important plans including a natural history section. This year, the construction of fish pools will provide an exhibit of native fish and promote the conservation thereof.

All in all, it is small wonder that Anatole Carignan was re-elected as mayor. Acting with him Lachine is providing examples which might well be applied elsewhere. — Montreal Gazette

Aluminum Rolling Stock for British Railway

Lightweight rolling stock, the first of its kind to be run in Great Britain, has been ordered from Canada by the London Transport Executive. The order is for 90 cars at a cost of approximately $5,000,000. This new technical departure in the manufacture of trains will result in expanded markets for aluminum and light-weight alloys.

Here is a new door to Progress

KEEPING up with the times is the responsibility of every Canadian business. The latest addition to our cotton mill unit at Magog, Quebec, is an indication of Dominion Textile's appreciation of this fact. Designed on the latest structural plans for such plants, the building is air-conditioned throughout, equipped with fluorescent lighting and the most modern cotton textile machinery. It combines healthful, pleasant working conditions for the employees with a production efficiency which means more and better cotton goods for Canadian consumers at the lowest possible prices.

DOMINION TEXTILE COMPANY LIMITED

Manufacturers of Textile Products

You Have Cooperated Well Quebec Employers —

And it looks now as if most of the undergraduates from Quebec universities needing summer employment will be able to find it by the end of the school year.

The situation with regard to permanent jobs for graduates is also promising.

However, MORE summer opportunities STILL are needed for undergraduates and permanent openings for graduates, especially for "Arts graduates" whose training has not fitted them for any particular industry, but who will react quickly to an employer's advantage after brief training on the job.

Through the "clearance system" of the National Employment Service, the Executive and Professional Liaison Officer at your local office can locate a graduate or undergraduate from almost any course you can name, either from within the province or neighbouring provinces.

The N.E.S. is a Community Service
Use Your Local Office

"Sunnyacres Sketches"

(Continued from page 5)

eyes became accustomed to the camouflage of rocks, the grey light and bushes, they could just discern the cock prancing about his mate seated on the nest. Suddenly it rushed out of the bush and sprang into the air. It went up to an incredible height, quite out of sight, but its movements could be followed by its song. It was a surprisingly clear, sweet and connected song it sang as it cruised about above its beloved. Without warning, the song stopped and the songster appeared nearing earth in a terrific nose-dive. Down, down, he plummeted, until our friends thought he would impale himself on his own bill, but he pulled up expertly, made a superb two-point landing and returned to his demure wife. Whereupon the audience crept away — to find their car resting serenely on the spongy earth, the wheels quite submerged!

Our days in the spring are filled with outdoor work. After a supper of beans baked all day in the big range oven, or of soup simmered on the back of the stove for hours, we group ourselves about the Aladdin lamp on the old oak table and catch up on our reading, writing or knitting. Some of our guests always play cribbage. We hear the frogs in the marshy bit below the orchard; we hear the Brook hurrying to the Lake, sometimes we hear Brownie the dog, a quarter of a mile away, but there is no door-bell, no telephone, not even a radio. Presently, someone suggests bed in a hopeful tone. With polite murmurs of, "No, you go first", and "Here is warm water" and "Take the flashlight", we all melt away gratefully to bed, where Betty has been for two hours or more. When I am finally stretched out in my old wooden bed, gazing up at the beams glowing dimly in the gloom, I say a little prayer of thanks for being allowed once more to fall asleep in the old house. The house seems to hover over me protectively. Here is sanctuary. Here is peace.

You see them everywhere!

2,446 Green trucks and cars bring more and better Telephone Service

IN THE PAST twelve months these familiar green trucks and cars have travelled over 20 million miles to help provide you with good telephone service and to help in the big expansion and improvement program which is making service better and more useful all the time.

Constantly improving service means that today, few things give you so much real value at such low cost as your telephone.

Like everything else, cars and trucks have gone up in price, 30% in three years! Yet, up to now, despite higher costs on all sides, there has been no increase in the basic telephone rates established 22 years ago.

To-day's expansion program is breaking all records, but there are still orders we haven't been able to fill. We will keep right on working and building to make your telephone service a bigger bargain than ever — to continue to provide more and better service at the lowest possible cost.

Mercury Trucks Pay Extra Profits

You'll find that Mercury Trucks do pay extra profits when you compare their low operating cost and long life. Long life and low upkeep . . . because of extra strength and ruggedness. Mercury V-type, 8-cylinder truck engines have reserve power for every need, plus economy of operation. The Mercury Truck cab provides "passenger car comfort" for the driver. Wherever you are when service is needed, it is available at lowest cost without delay.

Ask your Mercury Truck Dealer to show you how Mercury Trucks pay "extra profits."

PENTECOSTAL ASSEMBLIES OF CANADA

Mother - Daughter Banquet Concludes C.G.I.T. Activities

The mother-and-daughter banquet, closing the year's activities of the Canadian Girls in Training, was appropriately held on the week-end of Mother's Day. Around 65 members, leaders and guests were present at this function, in the United Church hall last Saturday evening. Spring flowers and the C.G.I.T. colors formed the decorative scheme. In the role of leaders were Mrs. Geo. Muir and Mrs. J. F. Gorman, while the guests included mothers of the girls, and other ladies who had assisted the group during the year. The mothers were each presented with a corsage.

Joyce Gordon, a senior member, was chairman of the event. Toasts were ably proposed by the girls — that in honor of "Mother" being sponsored by Mary Ruth MacKimmie, to which her mother, Mrs. Jas. MacKimmie, responded.

Pins for high attendance were presented by Miss Else Jacobsen to four girls of the group — Joyce Gordon, Coreen Cunningham, Jean Muir and Mary Ruth MacKimmie.

Miss Elsie Mason, of Montreal, was guest speaker, who dealt with the topic of "Popularity" in a manner enjoyed by all her listeners. . Community singing and "Taps" brought this pleasant evening to a close.

Boy Choristers Sing At Catholic Church

For the second year in succession, "Les Petits Chanteurs du Bon Dieu" boy choristers of the St. Jean Baptiste Academy, Montreal, were the guests of the "Comité des Loisirs" of Ste. Anastasie Roman Catholic Church, Lachute. The boys sang at the Mass during the morning service last Sunday, and gave a special concert for the youngsters in the afternoon, in the church hall.

The evening's performance was to have been held in Lachute Auditorium, but the building was booked for other purposes; and the concert was held accordingly in the hall of the parish church.

The program was a lengthy one with much variety of mood in the selections, which ranged from sacred to semi-humorous. The choir displayed an amazing response to the conductor, J.-M. Lamonde, C.S.V., and the entire program was rendered without musical accompaniment or spoken word.

ORGAN MEMORIAL

Hartney, Man. (CP) — An impressive service was held in the United Church recently when an electric organ was dedicated as a memorial to those who gave their lives in the Second World War. Rev. A. Friebert conducted the service.

LAKEFIELD SERVICES
Rev. C. W. P. Baugh, Rector
Shawbridge, 9 a.m.
Morin Heights, 11 a.m.
Mille Isles, 2.30 p.m.
Lakefield, 7 p.m.

B'burg Girl Is Bride In Church Ceremony

Muller - Pasco

In the United Church at Brownsburg on Saturday afternoon, May 7, at four o'clock, the marriage took place of Evelyn Elsie, only daughter of Mr. and Mrs. Thomas G. Pasco, of Brownsburg, to Mr. William John Muller, of St. Andrews East, Que.

Given in marriage by her father, the bride wore a gown of blush slipper satin made on simple lines, the low fullness extending into a short train. Her fingertip veil of tulle illusion was held in place by a braided coronet of the slipper satin, and she carried a cascade bouquet of pale pink roses.

Her only attendant, Miss Florence Fletcher of Ottawa, cousin of the bride, as maid of honor wore primrose yellow taffeta with picture hat to match, and carried a cascade bouquet of deep pink roses, daffodils and snapdragon.

Mr. Richard Thomson, of St. Andrews East, was best man and the ushers were Mr. C. C. Wylie, of Montreal, and Mr. C. Miller, of St. Andrews East.

Miss Eleanor Hanson played the organ and during the signing of the register Miss Maureen Cumbers sang "I'll Walk Beside You".

Decorations in the church were pink, white and mauve flowers and ferns.

The reception was held in the church hall, the tables being decorated with white tapers and pastel-shaded sweet peas.

For their wedding trip the happy couple left by motor to visit the United States, Niagara and Toronto. For travelling the bride wore an aqua wool suit with navy accessories. . .On their return Mr. and Mrs. Muller will reside in St. Andrews East.

Out-of-town guests at the wedding were from Montreal, Ottawa, Port Colborne and St. Andrews East.

Parishioners Hear Report On Synod Proceedings

(Our District Correspondent)

Calumet—Mr. Pratley, of Grenville, who was a delegate from this parish to the Synod meetings held recently in Montreal, gave an interesting address on Sunday morning in Holy Trinity Church (and also in St. Matthew's Church, Grenville). The object of this report was to present to the people of the parish a picture of what actually takes place at the Synod meetings. This was greatly enjoyed by all present and appreciation is extended to the rector, the Rev. A. E. Hawes, and to Mr. Pratley, for making this report possible.

Grenville School Activities

CONS. SCHOOL NEWS
By Martha Richardson

The dance held in the school on April 29, proved successful both from a social standpoint and a financial one. The money made at this function was placed in the fund for school-ground improvements. An improvement to receive first consideration will be the construction of playground equipment.

• • •

The "beanie" contest mentioned in the last school column, brought forth some very original, as well as quaint little pieces of headgear. Someone called them "creations"; that probably is the word to describe them. Winner among the girls was Glenna Kennedy, with Hazel Brazeau a close second. The boys' first prize was taken by Tommy Arthurs, with Milt Dumoulin second.

• • •

The teachers' "lounge" room is being redecorated. New curtains are being made, the furniture is being covered, and a general overhaul of the room is underway.

• • •

Several pupils of this school have been undergoing operations. Among the latest is Willis Younge, of Grade VIII. His friends join in wishing him a rapid recovery.

• • •

The pupils of Grade IX were very pleased to welcome Lona Meyer to their class. They all hope that she will like her stay with them. She previously attended school at Namur.

• • •

These are busy times at school now. All extra-curricular activities have been set aside in favor of concentration on school work. Most of the pupils feel that examinations are too close for comfort!

SOCIAL AND PERSONAL

Miss Dora Gunn, of Montreal, is spending a week at the home of her parents, Mr. and Mrs. George Gunn.

• • •

Mr. Joe McCluskey, of Ribstone, Alberta, and Mr. F. McRae, of Pointe aux Trembles, visited Mrs. D. McRae on Bethany Road last Thursday.

• • •

Mrs. C. Howard Bradford, of Montreal West, has been a guest at the home of Mr. and Mrs. Jack Gorman for a few days this week.

• • •

Mr. Allan Hay returned from the Royal Victoria Hospital last week, and is making steady progress to recovery.

• • •

Mr. and Mrs. Arnold Maxwell, with Mrs. H. G. Groundwater and Mr. Roland Maxwell, were in Montreal on Thursday evening attending the graduation exercises of the Royal Victoria Hospital, in which their daughter Miss Marion Maxwell received her diploma.

Mr. and Mrs. Maxwell were also in Montreal on Friday, at the nurses' residence of the R.V.H., where the graduate nurses entertained their parents at the tea hour.

Mr. Ernest Emmett, accompanied by his wife and young daughter, is absent on a three weeks' business trip to Prince Edward Island and the Maritime centres; the family are travelling by automobile.

• • •

Miss Margaret Graham, of Montreal, spent the week-end at her home in town.

• • •

Mr. and Mrs. Segar and family, Mr. and Mrs. O'Neil and Mrs. Adamson, all of Montreal, also Mr. and Mrs. Don McRae, of Lachute, visited Mrs. D. McRae, Bethany Road, on Mother's Day.

• • •

Mrs. Norman Holland, of Montreal, spent a few days here visiting her mother, Mrs. Jas. Carpenter.

• • •

The Rev. and Mrs. W. Gibson Brown, of Stouffville, Ont., and Mr. Owen Halstead, of Ringwood, Ont., are at present visiting with Mr. and Mrs. Stanley Goldsworthy. . . Mr. Brown and Mr. Halstead are planning to extend their visit to different parts of Nova Scotia.

• • •

Mr. and Mrs. Albert Noble and little son Ray, of Ottawa, spent the week-end with relatives in Lakefield and Mille Isles.

• • •

Mr. Peter Morrison, of Siscoe, Que., was the guest this week of Mr. and Mrs. Bob Hadley.

• • •

The Women's Mission Circle of Lachute Baptist Church are holding their May meeting this evening (Thursday) at the home of Mrs. Norman McRae. Mrs. W. H. Britton will be in the chair, and Mrs. Archie Murdoch will conduct a Bible Quiz on the word "Faith".

Mr. and Mrs. Stuart J. McFaul with their daughter, Mrs. J. M. Brown, are spending a week's vacation at Welland, Ont., visiting Mr. and Mrs. W. E. Honsberger.

• • •

Mr. and Mrs. G. Tucker, with Clifton and Norma, spent the week-end visiting Mrs. W. J. Rogers, Main Street. Mr. and Mrs. W. R. Fonger, of Calgary, have been here with Mrs. Rogers for the past several weeks.

• • •

Engagement

Mr. and Mrs. Royden Morrison, of Lachute, Que., announce the engagement of their daughter, Ruth Elizabeth, to Mr. George Macneill, son of the late Hon. L. M. Macneill and Mrs. Macneill, of Summerside, P. E. I. The marriage has been arranged to take place quietly in Montreal early in June.

• • •

Engagement Announced

Mr. and Mrs. John G. Fraser, of St. Andrews East, Que., announce the engagement of their daughter, Lillian Thirza, to Mr. James Leonard Maurice Burton, son of the late Mr. F. Burton and Mrs. Burton, of Greenfield Park, Que. The wedding will take place on Saturday afternoon, June 18, at four o'clock in Christ Church, St. Andrews East.

COMING EVENTS

Notices of Entertainment, Concerts or Meetings, etc., 10 cents per line each insertion. Minimum 50 cents. If billed 60 cents.

CUSTOMER'S CORNER

Thousands of women come to our stores every day to save money on their family food budgets.

But we are just as proud of the fine quality of our food as we are of our low prices. For price without quality means nothing. It is the combination of low prices and high quality that builds A & P's great values.

That is why we have been able for many years to give our customers this guarantee: "If for any reason anything you purchase is not satisfactory, return it and your money will be cheerfully refunded."

Your advice and suggestions can help us maintain our high quality standards. You will be doing us a favor if you will let us know should the quality of the food you buy at A & P ever fail to satisfy you.

And let us know, too, if you have any suggestions as to how we can make your A & P store a better place to shop.

Please write:

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Avoca

Mrs. Wm. H. Kelly, Kathleen and Carolyn, were at their cottage over the week-end.

The Misses Ethel and Evelyn Arthurs, of Ottawa, spent the week-end with their parents.

Guests of Mr. and Mrs. Wm. MacLeod during the week-end were Mrs. Arthur Ball and daughter Maureen, Mr. and Mrs. Dona Currie and two little sons Hugh and William, of Verdun, also Mr. Garnet MacLeod, of Montreal, who is visiting for a few days.

Mr. Elmer McCallum has been on the sick list for some time, and from medical advice received, has to remain on a rigid schedule.

We are sorry to report that Mrs. Jesse Crawford is a patient in a Hawkesbury hospital, and Miss Frances Provencal is under treatment in a city hospital. We wish them both a speedy recovery.

Guests at the home of Mr. and Mrs. Evan Bates were — Mr. and Mrs. Elden Bates and family, Mr. Evan Bates and Miss Flora MacLeod, of Montreal.

Mr. Tomachevsky, of Montreal, is spending a few days with his family.

Miss L. Harrison, R.N., of Lachute, visited in Avoca on Thursday last.

Mr. and Mrs. Douglas were on a visit to the latter's sister, Mrs. Clarke Wallace, at Renfrew last week.

Miss Lemieux, of L'Orignal, Ont., is spending a short holiday with her parents.

The sympathy of this community is extended to Mr. and Mrs. Jesse Crawford in the loss of their infant son.

The Rev. S. J. Pike conducted the service for Mother's Day in the United Church, which was well attended. The Sunday School is being organized for the summer months.

MOTHER'S DAY

Children pay scant attention to worths until they have been able to understand and appraise them. Thus it is not until we are older that we really appreciate all that a mother stands for.

—Huntingdon (Que.) Gleaner

Cushing

Mr. and Mrs. J. A. Innes and children, of Montreal, spent the week-end with Mr. and Mrs. J. Innes, Sr.

Miss Elsie M. Graham, of Verdun, was the week-end guest of her parents, Mr. and Mrs. Archie Graham.

Mr. and Mrs. Harlow Warwick and family, of Vide Sac, were Sunday guests of Mr. and Mrs. Roy Dobbie.

Mr. K. MacDonald, of "Green Acres", was in Ste. Agathe on Sunday. His aunt, Miss M. MacDonald, is visiting him for a short time.

Mrs. H. Stewart and Miss D. Barron, of Montreal, were guests of their mother, Mrs. E. Barron, for Mother's Day.

Mr. and Mrs. R. H. Dawe, of Montreal, were guests at the manse for the week-end.

Mrs. Jean Robson, of Montreal, was in residence at her Cushing home for the week-end.

Mr. and Mrs. Frank Pitt and family, of Montreal, occupied their new summer cottage for the week-end.

Mr. and Mrs. Gerald Cushing and little daughter, of Montreal, were at their mill-side cottage for the week-end and entertained Mrs. Cushing's parents, Mr. and Mrs. Coghill, of Montreal, on Saturday.

Mr. Bert Yeats, and a party of friends from Montreal, were at "Green Acre" on Saturday.

Mr. S. Longmore, of Dorval, and Mr. A. J. Nicholls, were at "Cedar Ridge" on Saturday.

Miss Tylee and Mr. Bay, of England, were guests of Miss H. Hoare and Mr. H. Godwin at "Glenelen" on Sunday.

St. Andrews East

Miss Beatrice Simpson, of Westmount, spent Sunday here.

Miss Linda Pascoe, of Westmount, was the week-end guest of her aunt, Mrs. G. A. Lilly. Mr. and Mrs. V. L. Lilly and little daughter, Alexis, of Como, visited their mother for the week-end. Mr. Alner Snowdon, of St. Laurent, was home for the week-end.

Sympathy is extended to Mrs. F. A. MacKay, of Ottawa, in the sudden passing of her husband.

Mrs. H. W. Hill, of Montreal, occupied her bungalow for the week-end.

Mrs. Ryan and Miss Janet Ryan occupied their cottage for the week-end.

Miss Marguerite Ladouceur, of Hotel Dieu Hospital, also Masters Gilles and André Ladouceur, of Ste. Thérèse College, were home for Mother's Day.

Mrs. Wm. MacMillan is suffering from dislocation of both ankles, sustained in a fall.

The orchestra of Lachute High School are repeating the concert (including two one-act plays, "Nobody Home" and "He Troupes to Conquer") which they gave recently in Lachute Auditorium. The entertainment will be presented in the town hall here on Wednesday evening, May 18, under sponsorship of the Women's Guild of the United Church.

Thumb prints in colorless ink, in support of the signature, are said to be proving a deterrent to dishonest cheque writers.

Rouge Valley

Mr. and Mrs. Archie Hewitt returned from Sarasota, Fla., last week and expect to spend the summer at their cottage here.

Messrs. Keith Staniforth and Chas. Downing have returned to their homes here after spending the past few months at St. Adrien, Que.

Mr. and Mrs. Alex MacTavish and Mr. Walter MacTavish, of Harrington, were Sunday guests of Mr. and Mrs. Chas. Downing.

Arundel

Miss Lucille Dever, of Montreal, was the week-end guest of Mr. and Mrs. Douglas Cooke.

Mr. and Mrs. H. Simons occupied their cottage over the week-end.

Dr. A. W. Hyndman, of Montreal, paid a short visit at the home of Mr. and Mrs. E. A. Bulley last week-end.

Mr. Leslie May, and Mr. and Mrs. J. Edward, were guests of Mrs. J. May over the week-end.

Mr. Stanley Cooke spent the week-end with his parents, Mr. and Mrs. Hugh Cooke.

Mrs. Young, accompanied by her guest Mrs. Primeau, and family, is occupying her cottage for a week.

Married at St. Jovite

The marriage of Mr. Harry Fordell took place Saturday, May 7, in the United Church at St. Jovite. A number of relatives from Arundel were guests at the wedding, among whom was Mrs. Leslie Cooke who presided at the organ. Congratulations of the residents of Arundel are tendered to the happy couple.

The work on the golf course is progressing favorably under the management of Mr. Douglas Cooke, who hopes to have the course in running order by the first of July.

Ladies' Union

The monthly meeting of the Ladies' Union of Arundel United Church was held at the manse on Thursday afternoon, May 5. The business meeting was presided over by the president, Mrs. J. Moncrieff. Routine business was dealt with, and the members spent the rest of the afternoon in quilting. Hostesses for the meeting were Mrs. J. Moncrieff and Mrs. Alfred Staniforth.

The British Brigade of Guards will return to colorful full dress this summer.

C-I-L PAINTS

if every man were his own bank...

SUPPOSE you had to cart cash around to pay your bills. Pretty risky business. Hard on shoe leather, too.

You don't do it that way, of course. Like everybody else with a bank account—there are seven million of them—you simply get out your pen, write cheques and leave all the bookkeeping to your bank. That's the modern way . . . easy, simple, safe.

Handling and recording your chequing transactions is an important job. Your bank must do it right—or a competing bank will. *You'll* see to that!

Suppose there were no competition . . . Could you expect the same efficiency, courtesy, eagerness to earn your goodwill?

SPONSORED BY YOUR BANK

YOU GET THE SAME distinctive blend whether you buy Maxwell House Coffee in the Super-Vacuum Tin (Drip and Regular Grind) *or* the Glassine-lined Bag (All Purpose Grind).

IF you have a problem in insurance, as to personal protection or investment — or coverage against loss or hazard — I will be glad to discuss your particular needs.

Home-Made Mixes

Speed is all-important in this age in which we live. In business, all details of time, energy and money are carefully checked. Time is just as important as money to the homemaker, particularly in the spring when there are so many extra jobs to be done around the house.

Mixes, all ready for biscuits or pastry, are real time-savers. The time and effort required to mix a quantity is little more than for a small amount. The mixes which contain everything but liquid may be kept for several weeks in the refrigerator or other cold place and the biscuits or pastry are made in a flash when needed.

Variations in biscuits are many and the mix may also be used for dumplings, topping for meat pies or fruit desserts. Some like their biscuits crusty all round, so place them well apart on the baking sheet. If high, fluffy biscuits are preferred they are placed close together in the pan.

The home economists of the Consumer Section say "you may save time and avoid re-rolling biscuits by cutting the rolled dough in triangles or diamonds, with a knife".

Here are recipes for quantity mixes for biscuits and pastry, with some ideas for variation.

Quantity Tea Biscuit Mix

8 Cups sifted all-purpose flour, 4 tablespoons baking powder, 1½ tablespoons salt, 1 cup shortening.

Sift dry ingredients together 3 times. Cut in shortening with a pastry blender or 2 knives until the mixture resembles fine bread crumbs. Store in a covered container in refrigerator or other cool place. When required use ⅔ cup of sweet milk for 2 cups of biscuit mix. Blend well. The dough should be soft but not sticky. Toss on a floured board and roll out to ½ inch thickness. Cut. Place on a baking sheet and bake in a very hot oven, 425°F., for 12-15 minutes. Yield: 10 to 12 medium sized biscuits.

Dumplings for Stews: Increase milk to ¾ cup. Drop by spoonfuls on top of boiling stew, remove some of the liquid if necessary so that the dumpling will rest on top of the meat and vegetables and not sink into the liquid. Cook closely covered and without removing the lid for 15 minutes.

Jam Jennies: Cut buiscuits ½ inch thick. Make a deep impression in the top of each and fill with 1 teaspoon jam. Bake in a hot oven, 400°F., for 12-15 minutes.

Cheese Pinwheels: Roll dough into a rectangle ⅛ inch thick. Sprinkle with grated cheese. Roll up like jelly roll cut into thick slices and bake, cut side down.

Maple or Fruit Dumpling Desserts: Pour 1 cup of maple syrup or juice from canned fruit into a square cake pan and bring to a boil. Prepare dough as in basic recipe. Place biscuits in the hot syrup and bake in a hot oven, 400°F., for 12 minutes.

Pastry Mix

10 Cups sifted pastry flour (or 9 cups sifted all-purpose flour), 4½ teaspoons salt, 3 cups lard or other shortening.

Sift flour and salt into a large bowl. Cut in shortening with a pastry blender or two knives until pieces are about the size of small peas. Store in a covered container in a cool place. This mix will make 5 double crust pies.

To Use Pastry Mix: 2 Cups of pastry mix, 4 tablespoons cold water. . . Measure pastry mix and make a well in the centre. Gradually add water, working it in by using a cutting knife. Lift dough onto a pastry board and roll out. This will make 1-nine inch, double crust pie.

Second W.I. Course in Leadership Training

Programs are out for the second annual short course in Leadership Training, sponsored by the Quebec Women's Institutes in co-operation with the staff of Macdonald College, which will be held at that place May 30 to June 3.

Accommodation is limited to 40, which will be divided among the counties on a proportionate basis and a full attendance is anticipated as entries are already coming in.

The whole course this year centres around the theme "Facts, Fingers and Fun", and qualified instructors have been procured to take charge of the various subjects to be studied. Films will also be used for information and entertainment.

The initial course, held last year, engendered much enthusiasm, and proved of real practical value to Institute work. The Q.W.I. executive is confident this year's schedule offers still further assistance for workers in that organization.

The women of Lebanon are noted for their progressiveness and beauty.

OBITUARY

Aged Resident Buried at Grenville Catholic Cemetery

The Late Mrs. John Bracelin

After an illness of about three weeks, Mrs. John Bracelin quietly and suddenly passed away on Sunday, May 1, at the home of her daughter, Mrs. Robert Ellis, at Harrington.

Born in Connaught Settlement on August 8, 1868, she was the former Lizzie McAndrew, daughter of the late Mr. and Mrs. Martin McAndrew.

Left to mourn her loss are her two daughters, Mrs. Robert Ellis (Annie), and Mrs. Jack McAndrew (Alice), both of Harrington, two brothers, George and Tim, and one sister, Mrs. Dominic McAndrew, all of South Porcupine, also eight grandchildren. She was predeceased by her husband in November, 1938.

The funeral service was held on Wednesday last, at the Harrington Roman Catholic Church, the Requiem Mass being sung by the Rev. Father Sabourin; interment was made at the Grenville Cemetery.

Pall-bearers were — Robert Ellis, Jack McAndrew, Martin, Willie and Stephen Burke, and Manley Osmun.

Those attending the funeral from a distance included her four nephews, Martin, Willie and Stephen Burke and Manley Osmun, with their wives; her niece, Mrs. John Connoly; and Miss Agnes Rogers, all of the Ottawa district.

To the sorrowing family the community extends its heartfelt sympathy.

Much Food Value In Liquid Portion Of Canned Foods

Housewives and cooks who discard the liquid part of their canned vegetables are committing a grave error, according to Miss Margaret E. Smith, Director of the Nutrition Division of the Health League of Canada.

"Liquid portions of canned vegetables generally contain approximately one-third of the water soluble vitamins such as vitamin C and vitamins B1 and B2" Miss Smith said. "Similarly, about one-third of the minerals are found in the liquid."

The Health League nutritionist explained that modern canning methods resulted in conservation of the extractable vitamins and minerals for the consumer's use. To avoid wastage of any part of this valuable content, Miss Smith suggested if the liquid in the can could not be served with the solid portion that it be used in soups and gravies.

"Whatever you do, don't discard that valuable liquid", Miss Smith said. "For instance, in the case of canned green beans, 36 per cent of the ascorbic acid is found in the liquid, 33 per cent of the riboflavin content. The liquid in canned asparagus contains 40 per cent of the ascorbic acid.

"Since ascorbic acid, or vitamin C, goes to make strong blood vessels, bones and teeth, we certainly don't want to knowingly discard any of it. Thiamine, or vitamin B1, is essential for metabolism of the protein and for liquid, 33 per cent of the thiamine, and 24 per cent of the riboflavin vitamin B2, has much to do with proper chemical changes of foods in body cells."

MOTHER SAYS :

When kids and house are shining clean,
And little cakes are on the shelves,
And she puts on her New-Look dress,
We spend the whole day by ourselves.

If kids and house aren't tidied up,
And she's not changed, she groans because
A half-a-dozen callers come,
And two of them are her in-laws.

Skinny men, women gain 5, 10, 15 lbs.
Get New Pep, Vim, Vigor

What a thrill Body Builds fill out; ugly hollows fill up; neck no longer scrawny; body loses half-starved, gaunt appearance; lack of pep, energy, nerves, make you appear careless of girls, women, men who never could gain before, are now proud of shapely, healthy-looking bodies. They thank the special vigor-building, body-building vitamin, Oritest. Fill scales, strengthen up, increase, men, women 5, 10, 15 lbs. Clear skin, purify blood, improve appetite and digestion so food gives you more strength and nourishment; put flesh on bare bones. Don't fear getting fat but stop when you've gained the 5, 10, 15 or 20 lbs. you need for normal weight. Guard health. Now you can control your own body. Try Ironized Oritest Tablets for new pep and added pounds, this very day. At all druggists.

Golfers Active; Unofficially Open Local Season

Many enthusiasts were in evidence last week-end at the local golf course, initiating the season without benefit of an official opening ceremony. Playing on the nine-hole course, the terrain was found in fair shape. It is expected the 18-hole course will be in operation by late June, depending on weather conditions.

At the clubhouse on Wednesday evening, May 25, the general meeting for all members will be held to elect officers and committees for 1949, and to discuss the season's arrangements. . Following this first organized gathering, the season will be heralded by a social function in the Opening Dance, Saturday, May 28, with Stan Wood's eight-piece orchestra. . . And on the following day the opening tournament for members will inaugurate the outdoor program. Dinner will be served following the play.

For the above tournament (2-ball mixed, 9 holes — draw), those wishing to take part should give their names to the match committee or to clubhouse officials not later than May 25.

Brownsburg Old-Timers Organizing Supper-Dance

Brownsburg — Veteran employees of 25 years' service in the Ammunition and Plastics divisions of C-I-L, and in Canadian Safety Fuse, are organizing a supper dance at Lachute Golf Club on June 30 next. This social affair, for members of the group (now numbering around 100) and their lady guests, was decided upon at a meeting held Monday evening. In addition to dance music by an orchestra, there will be other items of entertainment. Arrangements will be made for transportation of the members, from the Social Club at Brownsburg.

Take Technical Course In Warm Air Heating

Messrs. Geo. Paul and Geo. Graham, partners in the firm of Paul and Graham, recently took a study course in scientific warm-air heating. The instruction was given in Montreal and Ottawa by the Warm-Air Heating and Air Conditioning Association — recognizing the need of furnace-makers and installation men to know the scientific principles of air-replacement, current direction, and such scientific details. Examinations are required in this course and a certificate of membership in the Canadian chapter of the Association, is issued to those qualifying.

Messrs. Paul and Graham, in applying the principles they have learned, will give service affording their clients still greater satisfaction.

SCOUTS SENT TOYS TO FRENCH CHILDREN

Scouts and Guides of the West Vancouver area have received an acknowledgment from UNESCO in Paris of ten cases of toys which they collected and shipped during Scout-Guide Week. The toys were distributed by UNESCO to physically debilitated children in French nursery schools and to the children of Resistance members or deportees.

GARDENING 1949 STYLE

The quiet serenity of spring gardening — the gentle crushing sound of a spade being forced into yielding soil or the musical metallic sound of a team pulling a plough or harrows — is being shattered by the rude roar of the modern rotary tiller.

— Elmira (Ont.) Signet

Lachute Loses Baseball Opener to St. Jerome

CLUB WELL ORGANIZED FOR ACTIVE SEASON

Lachute Baseball Club, a participant in the "Laurentian Independent Amateur Baseball League", will feature in a schedule of home and outside games throughout this season.

Lachute is listed in the Northern Section of this 13-club organization; other teams in the section are — Ste. Therese, Ville Emard, Beauharnois, St. Jerome, Joliette and l'Epiphanie.

The locals played at St. Jerome last Sunday, losing this opening clash 2-4. A return engagement will be played here next Sunday afternoon, while Lachute also meets Ste. Therese the same day.

Officers of the local club are — Jos. Belanger, president; Louis J. Joly, vice-president; Jean-Louis Blais, secretary; Kenneth Dawson, treasurer.

Directors — (Mayor) Léopold Carrière, F. Seekins, J. Laforest, Robt. Marcil, R. Beaulne, Marc Carrière, A. Ouellette, L. Laurin and R. Poulin. . . Team manager is Léon Gibeault.

The line-up of the team is as follows:

Pitchers — Roland Gervais, Gerry Nucci, Paul Iannuzzi.

Catchers—Marcel Paré (coach), A. Trudel.

1B, Gaston Millette; 2B, L. Brasseur (captain); 3B, R. Tanguay; SS, J. Kosenko; LF, L. Chartrand; CF, J.-L. Millette; RF, G. Legault.

Subs — D. Montbourgette, R. Lacoste.

Mascot — Romeo Gagné.

Score-keeper — Yvon St. Denis.

Well organized in all details, the Lachute Baseball Club now solicits public interest and support. It is hoped to develop the home-town team, by practice and training, into something really worthwhile, and to give a creditable performance during the season.

It may be noted that, to accompany the players for games outside Lachute, arrangements may be made by contacting the treasurer or manager of the team.

LAKE DISTRICT WARS ON FOXES

Ennerdale, England (CP) — The fox-hunting season in the Lake District will run overtime this year in an effort to wipe out foxes which have been worrying lambs.

Several foxes have been caught by packs of hounds which the huntsmen follow on foot rather than horseback. In one such case a hound of the Blencathra pack overbalanced while leaping at a fox and fell 160 feet. She was not injured seriously.

Civic Pride Keynote of Clean-Up Crusade

Street Parade Gives Impetus to Campaign Under Chamber of Commerce Sponsorship

The Clean-Up, Paint-Up Campaign (May 16-28) received a rousing send-off Monday evening with a parade of decorated floats and automobiles through the town streets. Many business men and merchants co-operated with the Chamber of Commerce, sponsors of this campaign, in the opening demonstration.

The Clean-Up Queen (Miss Mary-Lou Hooper) with her retinue of a dozen-or-so youngsters, all decked with the attire and symbols of housecleaning, occupied a prominent place in the parade. Another spectacular float carried a model cottage complete with picket fence, and a tradesman active with a paint brush. (This structure, mounted on a Boyd's Express truck, was the handiwork of Alderman Stanley Holt — with material donated by Tower Construction Company). The Fire Brigade's truck, with a Clean-Up sign in English and French, effectively linked the theme of the campaign with fire prevention.

Boy Scouts and Girl Guides, with their junior members the Cubs and Brownies, carried mops, poles and other paraphernalia, while a martial note was contributed to the parade by two bands — the civic bandsmen and the High School instrumentalists.

Completing the representation of town activities were smaller trucks and deliveries entered by business establishments, all decorated with appropriate signs and placards. An unexpected exhibit was a big city garbage truck of the hopper-and-dump type (a "Sanivan" kindly loaned by the firm of Sicard Ltée for this occasion). . . The parade was led by Chief D. Villeneuve in the police car, and flanked by a number of local horsemen as outriders.

An unscheduled incident occurred during the parade, when fire broke out under the dashboard of Chief Villeneuve's car, in the lead of the procession on Grace Street. From the fire truck, a few yards behind, jumped Fireman Elden Bates with an extinguisher, and the trouble was remedied in short order, with only three minutes' delay in the proceedings.

* * *

Appreciation to Helpers

The Chamber of Commerce takes occasion to thank the following who co-operated for the success of this demonstration:

Police Chief D. Villeneuve; Fire Chief Geo. Y. Deacon; Lachute Nursery Reg.; Tower Construction Ltd.; Stanley Holt; Boyd's Express Ltd.; Sicard Ltée (Montreal); Lachute Lumber Co. (for Scouts' poles, etc.); Scouts, Cubs, Guides and Brownies; Soeurs Réligieuses de Ste. Croix (for crown and throne decorations on Queen's float); civic band and High School band; Jos. Cumbers (transporting Chamber of Commerce directors); Queen and attendants; and all who otherwise assisted.

Scout-Guide Rally Here on Saturday To Represent Two District Divisions

PUBLIC URGED TO ATTEND DEMONSTRATION AT EXHIB'N GROUNDS, AND ENCOURAGE MOVEMENT

On Saturday afternoon, May 21, some 500 boys and girls from the Laurentian District of the Boy Scouts Association and Two Mountains Division of the Girl Guides Association will take part in the first combined District Rally to be held here. These boys and girls are members of the Cubs, Scouts, Brownies and Guides from Lachute, Brownsburg, St. Eustache sur-le-Lac, Ste. Rose, Rosemere and Morin Heights.

The demonstration will be held in the ideal setting of Lachute Fair Grounds, and will start promptly at 2 o'clock with "Flag Break" and opening ceremonies. Mr. W. M. Cottingham, M.L.A. for Argenteuil County, has kindly consented to give the address of welcome, along with Mr. Léopold Carrière, Mayor of Lachute. Provincial as well as District leaders of the Scout and Guide movements will be in attendance, and the Lachute High School Band will play throughout the afternoon. Members of the Lachute Women's Institute will operate a refreshment booth, so that none need go hungry or thirsty.

During the afternoon there will be a display of games, dances and stunts by the Cubs and Brownies, followed by Camping and First Aid demonstrations by the Girl Guides and fire-lighting and egg-frying contests, and also a display of pyramid-building by the Boy Scouts.

Besides being a grand opportunity for the various units from all over the district to get together in friendly rivalry, it brings Scouting and Guiding before the public and shows what is being done for the welfare of our children. These organizations provide a wonderful outlet for the abundant energies of our children, while they are being taught the principles of citizenship and self-reliance.

No charge is being made for admission to this demonstration of Scout and Guide activities, and a cordial invitation is extended to all. A good program has been prepared for entertainment of the spectators, and adult attendance at this gathering will support their work and encourage them to do better.

'Overdues' Curtailed; Old Subscribers May Suffer Disappointment

Thirty-odd subscribers have been removed from The Watchman's mailing list this week. Some will be disappointed, for the reason they have forgotten our pay-in-advance ruling and neglected the two notices which have been sent since their subscription expired (in some cases four or six weeks have elapsed).

Old-time subscribers may criticize this procedure — but they protest in vain. It must be realized all newspaper business in the national field, and all advertising prestige, is based on paid circulation. In wartime The Watchman's output was controlled on this basis by government order, and it has since remained on this standing, in conformity with modern methods.

Despite the sentiment of old friendships, therefore, there can be no discrimination in the matter of subscriptions. Subscribers, incidentally, can save us trouble of removing and reinstating their names if they will remit promptly on receiving our notice of renewal.

Prime Minister Will Make Passing Visit In This Constituency

IN LACHUTE MAY 30

Montreal — Prime Minister St. Laurent will visit the constituency of Argenteuil - Two Mountains on the afternoon of May 30 prior to addressing a political rally at Hawkesbury the same evening.

It was announced at Liberal Party headquarters that the Prime Minister will pay stop-over visits to the electors of Ste. Rose, St. Eustache and finally Lachute before proceeding with his supporters to Hawkesbury.

Doing Something About the Weather

Far out in the stormy North Atlantic Ocean seamen (1) aboard the Canadian weather ship H.M.C.S. St. Stephen, prepare to release a radio-equipped balloon which will radio back reports on weather conditions in the upper atmosphere. The St. Stephen (2) is one of 13 weather ships, supplied by eight countries and financed by 10, which make up a network arranged by the International Civil Aviation Organization (ICAO), a specialized agency of the United Nations. The ICAO weather ships are on constant duty, ready to radio passing aircraft late weather information, and to participate in search and rescue operations. A specialist (3) maps weather data coming from a weather balloon and prepares it for broadcast to passing planes and shore-stations.

Halls Across the Country Echo to Speeches of Political Campaigners

A Flurry of Pre-Election Oratory

By GEORGE FORSTER

Ottawa, May 17 (CP) — A flurry of political activity burst across the Dominion last week. Ottawa, normally the centre of it all, missed most of it. The capital became — politically speaking — quiet as a grave.

Key points in the Dominion's political picture were hundreds of meeting halls, rinks, school rooms and auditoriums in towns and cities from Newfoundland to British Columbia. In them, political leaders waged their campaigns for the June 27 federal election.

Prime Minister Louis St. Laurent, George Drew, Progressive Conservative leader, and C.C.F. leader M. J. Coldwell campaigned through the Eastern provinces. Solon Low, leader of the Social Credit party, campaigned in Alberta.

Most of the federal cabinet fanned out over the Dominion, leaving four ministers within easy reach of Ottawa to carry on government business. Also on the hustings were members of Parliament, most of them seeking re-election. Some who had retired were out campaigning for their parties. Provincial leaders joined in.

There was plenty of political activity in Ottawa — but most of it was back-stage. Party headquarters worked frantically — lining up nominating conventions, checking local organizations, mapping out advertising and publicity campaigns. Some harassed party workers confessed to reporters they were days behind in their work.

Party Campaigns

Mr. St. Laurent hammered at one main theme during the first week of his campaign — national unity and a better understanding between the two biggest racial groups in the Dominion. He said, too, he had wanted a personal mandate from the people ever since he succeeded former Prime Minister Mackenzie King last fall. The big issue in the campaign, for him, was the Liberal record.

His campaign was confined to Nova Scotia, New Brunswick and Prince Edward Island. But it is expected that he'll visit Newfoundland later.

Mr. Drew said the choice in the federal election lies between "bureaucracy and democracy". He claimed there was little basic difference between the socialist policies of the C.C.F. and the Liberals whom he described as "socialists in low gear". His campaign, providing for more than 15 speeches in two weeks in the four Eastern provinces, took in Newfoundland.

Mr. Coldwell left for the Maritimes and Newfoundland last week-end. In radio speeches before leaving, he said the biggest danger to small business came from big business — not from the C.C.F. His party, he said, had no intention of nationalizing small businesses, but it did advocate public ownership of major industries such as basic steel, transport and meat-packing.

In the West, Mr. Low said Social Credit principles and fiscal policies would put adequate amounts of purchasing power in the hands of the people. These policies, he said, were the only alternatives to war and depression.

There's no Parliament in Canada now and most of the 20 cabinet ministers are out of the capital campaigning. But in their absence it takes only four ministers and the Governor General to run the country.

Elect Mayor and Three Councillors In Chatham Tw'p

From the river-front to Dalesville — from Ogdensburg to Lachute town limits — there was a keenly interested populace afoot last Monday for the civic elections in Chatham. There was no dearth of candidates for the mayoral seat and three council vacancies; nor was there lack of enthusiasm in any of the nine polls established throughout the township.

J. F. Whissell was elected mayor (451 votes), defeating W. H. Robert (365) and Noel Lemay (129).

The three councillors elected were Alvin Heatlie (321), Adolard Laurin (307) and Aurèle Pharand (293). . Defeated were Rolland Filion (277), Douglas G. Simon (273), Garfield Moncrieff (251), J. Alderic Tessier (223), Polydore Guay (212). Another nominee, Arthur Gravel, had withdrawn before the contest.

The financial affairs of the municipality, and representation of sectional areas—notably "Whissell-town" and the borderline settlement beyond Lachute Mills — appear to have been issues arousing such keen interest. According to the township secretary-treasurer, Albini Lamarche, there were 949 voters who cast their ballots, out of 1592 eligible; this represents one of the highest percentages of tax-payers in the past 10 or 15 years. Orderly behavior and a friendly spirit prevailed in all sections of the township.

* * *

Voting at Grece's Point

(Our District Correspondent)

Cushing West — Considerable interest — in fact, more than usual — was taken in the outcome of the municipal elections which were held on Monday. At the poll of this riverside community, W. H. Robert who ran for mayor, received 72 out of 91 ballots cast, while Guy Moncrieff, a candidate for the seat of councillor, received the unanimous vote of the poll — a result which speaks well for the popularity of these two citizens in their neighborhood environment.

Legionnaires Give Current Report on Building Project

In view of the public's interest and support, Lachute Legion Branch 70 gives an accounting to date on the progress and finances of its project for a Memorial Hall. Work on the structure, situated on Foundry Street east, now includes the footing, foundations, a full-size cellar and rough flooring complete. The laying of concrete block is about half completed, the roof tresses and roofing lumber, windows and door frames being set in place. . This progress to date may be regarded as highly satisfactory.

Regarding the financial arrangements behind this enterprise, the committee reports the value of the hall will be $20,000, whereas the estimated cash outlay will be $12,000, labor done by veterans and materials donated, representing the difference of $8,000.

Funds collected to date by public subscription, bingo, raffles, etc., amount to $5,900. Cash proceeds from the Lions Club car drawing and the Legion Peanut Day—both events taking place in the near future — are estimated at $6,100.

The cash outlay on labor and materials to date is $3,900; and the cash on hand, $2,000.

Viewing the need for increased resources, the public are urged to give full support to the Legion's Peanut Day (June 11), and to the Lions Club car drawing — both of which are counted upon for a major boost in the veterans' big effort.

CHURCHILL'S SILENCE

When Winston Churchill discusses the world outlook in a carefully prepared speech, something may be learnt from what he leaves unsaid. He is like a watchman on a high tower who will not fail to warn us of the enemy's approach. His silence is significant.

—Virden (Man.) Empire-Advance

85% of Quebec's Mineral Areas Still "Virgin Territory"

By WILLIAM STEWART

Quebec, May 17 (CP) — Information about the extent of Quebec's untapped natural resources was given in Quebec City last week to the annual meeting of the Engineering Institute of Canada, in session four days.

What it added up to is that Quebec has mineral and hydro-electric reserves that should meet its needs for years to come.

Bertrand Denis, chief of the Mineral Deposits Branch of the Quebec Mines Department, told the meeting's 800 delegates that 85 per cent of Quebec's most important geological region, the Laurentian Plateau, is still virgin territory as far as prospecting is concerned.

Denis said only the "southern fringe" of the plateau, whose total area is 500,000 square miles and which covers most of Quebec, has been explored for minerals.

"I know of no good reason why the unexplored part of the plateau should be less well-endowed than the rest", he said. "In my opinion only most unjustifiable pessimism could inspire doubt that it contains its share of major mineral deposits as yet undiscovered and undeveloped."

He said that the explored "southern fringe" last year contributed about half of Quebec's mineral output which was worth a total of $147,400,000.

A. B. Normandin, technical adviser to th Quebec Department of Hydraulic Resources, told the meeting that Quebec Province is using today only about one-third of its hydro-electric potential which he estimated at 18,000,000 horse-power.

Normandin said the capacity of existing hydro-electric plants in Quebec is 6,000,000 horse-power and plants under construction will give an additional 1,000,000 horse-power.

He said resources are well distributed through the province and in most cases power can be developed close to a centre that needs it.

* * *

Quebec Health Department announced that the province's death rate from tuberculosis was brought down last year to 57.7 per 100,000 people, from a rate of 65.8 the previous year.

The department said the reduced rate is evidence that the Quebec government's campaign against tuberculosis is showing results. The death rate two years ago was 72.2, and 15 years ago it was 118.

* * *

News came out of Laval University's Department of Physics that Larkin Kerwin, 24-year-old professor, has built and put into operation a "mass spectrometer" that represents a step forward in nuclear science.

Kerwin's apparatus is more powerful than existing spectrometers, which are used to weigh atoms, analyze elements and obtain isotopes.

Prov. Quebec Leads in Number of Drownings

Red Cross Issues Safety Pointers

Reminding the public that Quebec has the highest per capita drowning rate of any province in Canada, the Quebec Provincial Headquarters of the Canadian Red Cross greets the approach of the swimming season with an eight-point safety program.

Prepared by Don Rose and Lucien Pilon, provincial directors of the Swimming and Water Safety courses given by the Red Cross, the program is this:

1. Wait two hours after eating a regular meal before going swimming.
2. Stay out of the water if you are overheated.
3. Do not swim alone unless absolutely necessary.
4. Do not test your swimming ability by swimming far from shore, unless accompanied by a boat; swim along the shore line.
5. If you experience distress in the water do not struggle frantically, but use common sense, tread, float or swim on your back, while signalling for help.
6. Never jokingly call for help from the water.
7. When attempting to make a water rescue use a boat, a pole (reaching assist), a rope or a ring buoy. Remember, a swimming rescue is a last resort even for trained lifeguards.
8. Learn how to perform artificial respiration and practice it regularly.

POPULATION IMPORTANT

In Britain and Western Europe there are hundreds of thousands of the very best type anxious to come to Canada. By opening our doors we are helping them and we are helping ourselves. It was the mass immigration from Europe around the middle of last century that put the United States on the map.

— Chilliwack (B.C.) Progress

Council Measure, Lachute Has First One-Way Street

COUNCILLOR SEEKS TO AMEND "SHORTS" BY-LAW

An overflow of business from the regular monthly council session was transacted by the city fathers last Wednesday, at an adjourned meeting. Mayor Leopold Carrière presided, with all members of the council in attendance.

A decision was passed to designate Court Street a one-way thoroughfare, permitting traffic only from east to west. The motion for adoption of this measure was sponsored by Ald. Jos. Belanger, seconded by Ald. P. Chartrand.

It was resolved to invite tenders for the supplying of coal for the town buildings; and also to call for applications for the position of town officer (details, in each instance, being advertised in this issue of The Watchman).

Ald. W. Cousineau gave notice of motion that at the next regular meeting he would propose a by-law in amendment to the by-law on the town statutes regarding the "wearing of shorts" in public within the Town of Lachute.

Building permit was granted on behalf of Misses Alice, Beatrice and Laurette Charlebois for construction of a house on St. Jacques Street.

APRIL FIRES

Kenora, Ont. (CP) — During the recent dry spell, 30 small fires were reported in Kenora district by the department of lands and forests. An acreage of approximately 3,335 acres was burned over. The fires required 64 rangers and 138 extra fire fighters to extinguish them.

From now on fruit should be more plentiful on the market. Already we are being offered an assortment known as election plums.

— Summerside (P.E.I.) Journal

JAMBOREE CAMP CHIEF

Eli Boyaner, of Saint John, N.B., Provincial Commissioner for New Brunswick Boy Scouts, has been appointed Camp Chief for the First Canadian Boy Scout Jamboree, to be held near Ottawa next July 16 to 24, it is announced by Jackson Dodds, C.B.E., of Montreal, Dominion Commissioner of Canada's Boy Scouts.

HAPPY REUNION

Joe McCluskey (right), of Ribstone, Alberta, greets his invalid brother, Matthew McCluskey, formerly of Laurel, Que., after an absence of 21 years. Both are natives of Laurel, Joe having left some 40 years ago to settle in Alberta, while Matthew remained until illness forced his hospitalization a year ago. Joe McCluskey has journed from Alberta to visit his ailing brother as well as his many friends in Lost River, Laurel and Lachute. (Photo by G. Hodgson)

Entries for Lachute Fair Close Next Week, 27th

The secretary-manager of the Lachute Spring Fair, Mr. Alex Bothwell, draws attention of all prospective exhibitors to the closing date for entries, which is only a week hence, May 27.

Calumet Ranked Third In Badminton Play

A report of the Tiptop Trophy badminton games, in last week's Watchman, gave an erroneous standing among the district teams, placing Calumet last out of the five clubs, instead of third. The correct scores were — Lachute 38 games, Brownsburg 35, Calumet 14, Grenville 12, Kilmar 11.

In Calumet, where they take their badminton seriously, this error was doubtless considered a grave injustice; and while accepting full responsibility, the Editor also tenders his sincere apologies!

Montebello Boy Won Essay Contest

A young essay contest winner who had been sought for by officials of the Royal Empire Society, was finally located Tuesday in time to be notified of the society's annual Empire Day banquet at the Windsor Hotel on Thursday, to attend and to receive his prize.

The boy, 15-year-old Lawrence Allen Davis of Montebello, won this prize in the society's annual essay competition. He signed his name but forgot to enclose his address, and efforts to locate him in time for tonight's banquet had been fruitless.

Subject of Davis' essay was "Round the British Commonwealth by Air—An Imaginary Trip". Mrs. Vincent Massey, wife of Canada's former high commissioner to London, will present the prizes.

The first major application of atomic power to commerce likely will be in propelling ships.

Farm Forum Conference At Macdonald College

The National Farm Radio Forum, which last year won the Tory award for a distinguished contribution to adult education, will hold its 1949 conference at Macdonald College from May 26 to 28. Delegates from nine provinces will discuss the past season's activities and lay plans for the year ahead; and forums in Eastern Ontario and Quebec will send delegates to the open sessions on Saturday, May 28.

Dr. M. M. Coady, who was recently invited to confer with the U.S. State Department on President Truman's program for underdeveloped areas, will be the main speaker at the open session. Dr. Coady is director of Extension at St. Francis Xavier University, Antigonish, N.S., and has just been elected president of the Canadian Association for Adult Education. John Fisher, the C.B.C.'s wandering reporter, will speak at the Friday evening banquet.

The general arrangements for the conference have been made by Jos. Galway, national secretary of National Farm Radio Forum, while local arrangements are in the hands of Floyd F. Griesbach, Quebec Farm Forum Secretary, Macdonald College.

The man who rows the boat generally doesn't have time to rock it.

Gatineau LINES

Clean-Up Time is Here.
Clean Up! Paint Up!

Electricity on the Farm

The speed with which electric power lines are being pushed into new areas all over the country is well illustrated by figures just compiled dealing with the part of Gatineau Power in the electrification of rural areas. Equally interesting are the statistics showing the steady rise in the use of electricity by farmers once it is made available to them.

Taking the Gatineau figures, we find that in 1941 the company was operating 1,600 miles of lines serving farm areas. By 1945, the figure had risen to 1,700 — a modest increase at first glance, but quite impressive when we remember that the period covered was a war period when materials were extremely difficult to obtain. By 1948, the mileage was up to 2,150 — with a large part of the increase coming within the last year when we finally could get the materials we wanted.

Forgetting mere mileage for a moment, we find that Gatineau served 2,900 farm customers in 1941, 4,100 in 1945 and more than 5,800 in 1948.

The really interesting information, however, is contained in the figures showing the average amount of power used per farm. In 1941 the average farmer used 370 kilowatt hours of electricity per month. In 1945, he was using 482 kilowatt hours. In 1948 he was using 958 kilowatt hours — almost three times as much electricity *per farm* as in 1941.

The really sharp rise in the amount of power used provides the answer as to just how helpful electricity can be to the farmer. It explains why Gatineau Power is continuing to push new lines in rural areas throughout its territory this year. By doing that, Gatineau is bringing to more and more people in the province each year all the advantages of cheap, economical, time-saving and labor-saving electric power.

Did You Know ?

That the average new rural power line installed by Gatineau Power this year is costing about $2,500 per mile. Each mile of new rural line serves an average of 5 or 6 farm customers.

Gatineau Power Company

Farm Topics

Experts to Study British Farming

A group of Canadian technical agriculturists will assemble in Ottawa as a preliminary step in a tour of England, Scotland and Northern Ireland which will last from May 23 to July 10. The tour has been organized through the High Commissioner of the United Kingdom in Canada, who in 1948 extended an invitation to the Canadian Government for a party of seven to visit the British Isles during the summer of 1949 to study the agricultural policies and agricultural services there.

The delegates are drawn from different parts of Canada and are representative of the different phases of agriculture.

Dr. W. F. Darke, Assistant Agricultural Adviser of the Office of the High Commissioner for the United Kingdom, will travel with the party throughout the entire tour.

Range Shelters For Poultry

(Experimental Farms News)

Range shelters are regarded as necessary equipment by progressive poultrymen. They provide ideal roosting quarters for growing stock and for breeders which are being conditioned for the following breeding season. Fortunately, they provide shelter at low cost and they simplify the problem of caring for a large number of birds under conditions favorable for the development of a healthy flock.

Many different types of shelters are in use, but they should all be constructed in such a way that they can be easily moved to a new location when necessary. The larger shelters which are too heavy to move by hand should be fitted with runners to facilitate moving with horses or tractor, while the smaller shelters can be fitted with handles which will permit two men to carry them. Shelters may be moved a short distance frequently to avoid bare patches and accumulation of droppings around the shelters. This is a desirable practice and is often followed by users of the small shelters. The large shelters are often placed in the desired position in the spring and are left there all summer. They are moved a considerable distance to a new location the following spring.

It is customary to place a slatted floor or heavy fox wire under the roosts to prevents contact with the droppings in the shelter. The use of fox wire has the advantage of encouraging the birds to use the roosts because they dislike resting on wire. Roosting on the ridge of the roof can be discouraged by giving sufficient pitch to the roof and by building the roof of hard, smooth material such as hard pressed waterproof fibre board, painted. Birds which acquire good roosting habits give very little trouble in this respect when placed in the laying house.

Three common sizes of range shelters are 10 by 12, 9 by 10 and 6 x 8 feet, and they will accommodate approximately 200, 150 and 80 pullets respectively. The largest shelter should definitely be fitted with runners and it may be advisable to provide an entrance at each end. The intermediate size may be built of light material, and if the base is built as a separate section from the top, two men can carry the shelter a short distance. The smallest size has proved satisfactory at the Dominion Experimental Station, Fredericton, N.B., says Leonard Griesbach, Poultry Assistant, and it finds favor particularly with small and medium size flock owners. It is more easily moved than the larger shelters, and the chickens can be caught more readily, with the aid of a wire catcher, from the door. Moreover, chickens seem to prefer roosting in the smaller shelter, judging by observation of the Experimental Farm flock. Plans for this shelter are available from the nearest Dominion Experimental Station, or from the Information Service, Dominion Department of Agriculture, Ottawa.

Applications for Town Officer

APPLICATIONS are invited for the position of Town Officer of the Town of Lachute, to be considered on May 28, 1949. Lowest or any application not necessarily accepted. . . The following fundamental qualifications are essential; prospective applicants not possessing all of them are respectfully requested to refrain from applying. . .

The duties consist of being foreman of all municipal works and superintendent of all municipal properties and undertakings. . . Besides the usual qualification of fairly good education, knowledge of both languages, and natural aptitude to deal with the public, the following are demanded from applicants:

1. A very high sense of duty. Although working hours are scheduled, the Town Officer is not a time-clock employee and is subject to call 24 hours a day and 7 days a week.

2. Although not necessarily an engineer, the Town Officer shall possess natural aptitudes for construction works, and be mechanically inclined.

3 The Town Officer shall possess a natural gift to lead men (not the slave-driver type) in order to obtain efficiency in his work, and at all times retain the confidence of his men.

This position is of a permanent nature and entitles the holder to two weeks' holidays per year.

Applicants shall state yearly salary expected and all details concerning their qualifications.

GREATER ECONOMY . . . GREATER SAFETY

SUMS UP REASONS WHY

* 3 out of 5

SWITCHED TO

B.F.Goodrich

FROM SOME OTHER BRAND

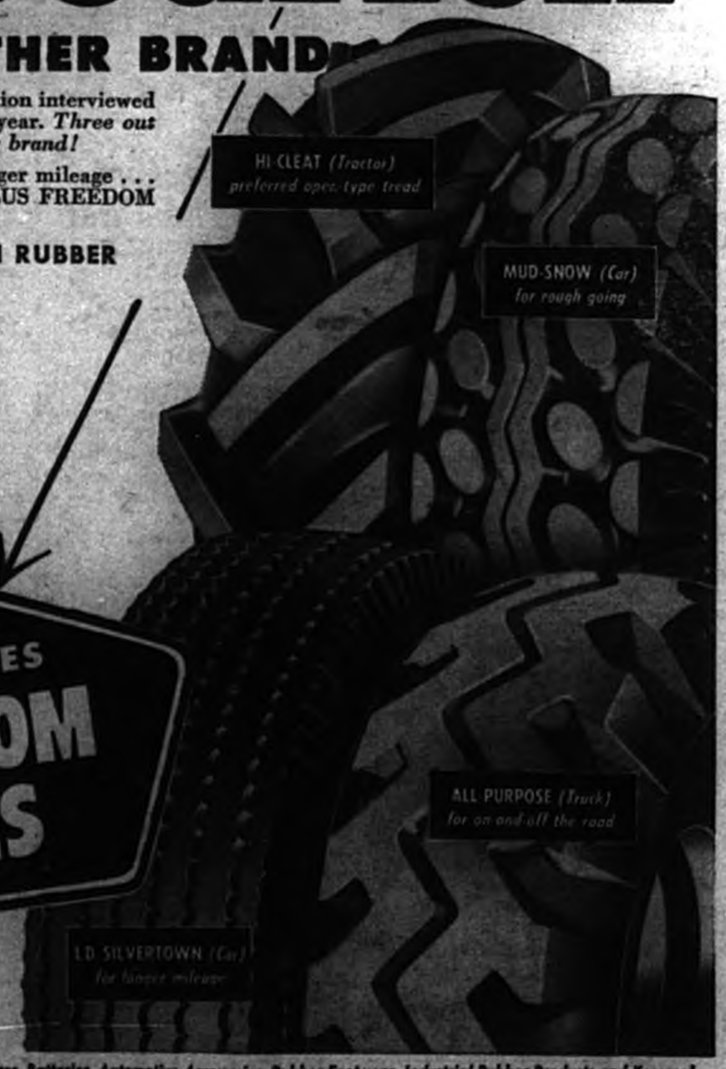

ALL ACROSS CANADA, an independent research organization interviewed motorists who bought B.F.Goodrich tires in the past year. *Three out of five had switched to B.F.Goodrich from some other brand!*

The reason? Only B.F.Goodrich can give you longer mileage . . . smoother riding . . . extra blowout protection . . . PLUS FREEDOM FROM PUNCTURES!

RESEARCH KEEPS B.F.GOODRICH FIRST IN RUBBER

B.F.Goodrich maintains a multi-million-dollar rubber research centre. Research produced the B.F.G. Seal-o-matic tube that seals punctures instantly . . . permanently . . . as you ride! Research developed the wear-resisting, cooler-running rubber compounds . . . the stronger cords . . . the improved body and tread design that make B.F.Goodrich Silvertown tires your best buy for safety and economy.

Enjoy all the money-saving, trouble-saving benefits of B.F.Goodrich research. Switch to B.F.Goodrich for a new kind of motoring pleasure. *See your B.F.Goodrich dealer today! (Consult the yellow pages of your phone book.)*

For a super-comfort ride, ask for new B.F.Goodrich Extra Cushion tires.

ONLY B.F.Goodrich GIVES FREEDOM FROM PUNCTURES

Manufacturers, Too, Choose B.F.GOODRICH

If your new car, truck or tractor is equipped with B.F.Goodrich tires, take advantage of your dealer's free tire inspection service. This will assure you of getting the long, trouble-free mileage built into all B.F.Goodrich tires. 9-10

Makers of Tires, Batteries, Automotive Accessories, Rubber Footwear, Industrial Rubber Products and Koroseal.

* SURVEY MADE OF MOTORISTS WHO BOUGHT B.F.GOODRICH TIRES IN THE PAST YEAR

FREEDOM FROM PUNCTURES—"As soon as I heard about Freedom From Punctures I went straight to the nearest B.F.Goodrich dealer's. It was something I'd wanted for years."—C. L. Kennedy, Winnipeg, Man.

EXTRA BLOWOUT PROTECTION—"I drive 1,000 miles a week over the rough back roads of Quebec. Since I switched to B.F.Goodrich I've enjoyed complete freedom from all tire troubles."—Jack E. Duvall, Ottawa, Ont.

LONGER MILEAGE—"I switched to B.F.Goodrich to get extra mileage and haven't been disappointed. After long, hard driving, mostly over bad roads, treads still look good for many more miles."—Don Sinclair, East Riverside, N.B.

SMOOTHER RIDING—"My car rides smoother on B.F.Goodrich tires. They absorb more road shock yet maintain correct air pressure and need very little attention."—R. Knox Ferguson, London, Ont.

DEPENDABLE PERFORMANCE—"Seal-o-matics bought in 1939 are still in dependable service in my B.F.Goodrich tires, giving me greater safety, greater real economy, plus freedom from punctures."—H. J. Godley, Courtenay, B.C.

If a new or used tractor would help you

we're interested

You already know that you can borrow money from this Bank under the terms of the Farm Improvement Loan Act, to buy new farm equipment, construct new buildings, buy new stock, or make any other worthwhile addition to your farm.

But did you know that this Bank can also make these loans to finance the purchase of used farm equipment, and to make repairs or alterations to existing farm buildings?

If you want to sell your old tractor to get a new one, and your buyer hasn't enough ready cash, ask him to discuss his problem with the Bank of Nova Scotia. Remember, if farm improvements will help to make your farm more profitable, we're interested.

THE BANK OF NOVA SCOTIA

W. M. Steeves, Manager, Lachute, Que.

"THE MASTER" SHALLOW WELL PRESSURE PUMP

It is estimated that the normal water requirements for the average farm is about 650 gals. per day. The Master Shallow Well Pressure Pumping System, with a capacity of 300 gals. per hour, can more than supply the normal requirements, leaving plenty of water available for emergency work.

The Master Shallow Well Pump has been more than ten years in its development, resulting in a compact, sturdy pump that requires the absolute minimum of servicing.

Available in several models to suit every purpose.

The Clean-Up Campaign

SO THIS is clean-up week! . . With patience and longing we awaited this occasion all through the snow-bound winter; but now, perhaps, some of us are slow to seize the opportunity, apathetic to the urge to set the scene for Summer and meet her steps half way. . . Happily, however, this indifference is rather the exception than the rule, for the spirit of Spring is all-absorbing and we see, on every hand, the efforts of man to vie with Nature in her cheery brightness at this season.

But it should be noted, there are more than the mere aesthetic considerations in this proprietary gesture. As our local householders and business-folks appraise the appearance of their surroundings, they should do so with the dissociation of a complete stranger — gauging the impression of a visitor inspecting the scene for the first time. For, in terms of publicity for one's community, that is the impression that counts. . . There are also the factors of hygiene, accident prevention and fire safety, all to be considered in the clean-up process. . . The richest reward, however, is that of personal satisfaction, and we hope — in the duration of the Clean-Up Campaign (this week and next) and the season that follows, our readers will reap this satisfaction to the full.

Clean-Up, Paint-Up, Plant-Up, Light-Up. . . Well trimmed and planted gardens; newly painted premises and outbuildings; and a scene of orderliness in all surroundings — that is what we confidently hope for as the result of this campaign.

Perennial Optimist

ALL GARDENERS are optimists. They have to be if they are to gamble on the hidden hazards of the eternal cycle of seedtime and harvest.

Long before the snow disappears, you can see your gardening optimist in action. He leafs through seed catalogues, draws plans and makes out orders for seeds and plants, blissfully confident that his backyard plot will hold all the wonderful rows of growing things he has conjured up in his imagination.

But somehow he always manages to find room by crowding rows closer than the directions recommend and by doubling up the fast-growing lettuce with the slow-maturing beets. Next year, he tells himself, he'll allow a little more room for those tomatoes and beans, too, athough for this season they will have to get along as best they can.

During the digging and planting, he takes a close look at the soil. The brown earth, mellowing under a warm sun, appears rich and fertile. The gardener, his thoughts fired by the prospects of the bountiful crops it will surely yield, forgets that by late August great stretches of his ground will undoubtedly parch and pack into rusty-colored concrete.

By early summer, when all plant life seems caught up in a vast growing surge, the optimism of the gardener is boundless. Go within hailing distance of his place and he'll drag you in to admire the strength and beauty of the harvest.

And by late summer, after drought and blight and insect plagues have done their worst, he takes stock of what has probably turned out to be only an ordinary yield. He will tell you that this vegetable or that one could have done better, given more favorable conditions.

But is he downhearted? Not he. He's still an optimist, for another year is coming. And then, mark you, his garden will be bigger and better than ever.

Interests Interwoven

UNLIKE Robinson Crusoe, who established a thriving little community by himself, most people today depend on the co-operation and the ability of others in order to get along. Life is easier that way, and far more enjoyable.

Although it may not be immediately apparent, this system of inter-dependence extends beyond personal relations; it applies to industries as well. A good example of this is seen in the primary textile industry. Depending on it directly for their well-being are 96,200 Canadian men and women, largest group employed in any manufacturing industry in the Dominion.

From the many textile mills across the country comes a supply of goods that have a gross value of $700,000,000. This money, eventually spent on Canadian goods and equipment, except for imported raw materials, forms a strong financial foundation for textiles' contribution to Canada's economic development.

This industry in turn depends on Canadians for its well-being. The market for textiles is the Dominion of Canada, so the industry looks to Canadians and their approval to maintain its position as a leading producer, employer, and contributor to this country's development.

Thus, using one vital industry as an example, it can bee seen that in Canada today, nobody is a 20th century Robinson Crusoe. All depend on co-operation with others.

Municipal Rights

GRANTED it is desirable that there be more uniformity and standardization of municipal services, especially those pertaining to fire and police protection. But, states The Financial Post, attaching a lot of strings on the transfer of public funds from provincial to municipal governments does not look like the proper approach and it is certain to weaken seriously the independence of the recipients. Moreover this assumption that all tax moneys collected by one government are the sole property of that government, certainly does not seem justified.

Take, for example, the enormous tax levies on gasoline. To the motorist the 10 cents or more tax he pays on every gallon of gasoline represents his contribution to the cost of maintaining our public roads. Some of these roads are built by the provincial authorities, some by the municipalities. The provincial government merely happens to be a collector for all the public bodies which provide the roads.

In this day and age there may be some doubt as to whether three levels of government are necessary for a country like Canada, but few people would start by liquidating the local administration. "Democracy", reported the Rowell-Sirois Commission, "begins with local government". It is at the local level that the taxpayer has the best opportunity for seeing exactly how his contribution is being spent.

If, however, more and more of the revenues these local governments must have is to be handed down from a senior authority, and with all sorts of strings attached, it is only a question of time until municipal governments will have little more authority than a rubber stamp.

WE BELIEVE that by emphasizing our day-to-day policy of fair dealing, instead of our Sunday-go-to-meeting suits and spats, we will offer a more attractive picture to the visitor, and that it is to the interest of everyone to see that visitors receive full value for their money in every phase of the tourist industry.

— The Pas (Man.) Northern Mail

"MY WEEK"

R. J. DEACHMAN

It was election day, June 23, 1896, the year Sir Wilfrid Laurier came to power. There was more excitement at that election than any other I have since witnessed; or perhaps I was then more easily impressed.

We were putting a stone foundation under the barn that summer, and one of the masons suggested that he would lay the corner stone, while my father would make a few remarks on the auspicious occasion. The men hollowed out a place in the wall and in it went the Toronto Globe, the Seaforth Expositor and the Gorrie Vidette. To this my father added a 25c. piece (a remarkably generous act for a Scot), but he thought that future generations, when the walls crumbled, might wish to see the type of money used in the age in which we lived.

In the fall of 1935, thirty-nine years later, I attended a fall fair in the Village of Borrie. An elderly man, walking slowly, came up and asked if I knew him. "Yes", I said, "your name is Dick Clegg, you built the stone wall under our barn in 1896". "Well", he said, "when your father turned his back that day I swiped that 25c. piece, and that night, in Gorrie, we bought 5 glasses of beer with it. We didn't like the result of the election, but the beer helped us to wash it down". Father would have loved that story, but he will never know what happened to his 'two bits'.

* * *

We get irritated now and then at the things the Russians do. We do not like their claims to the invention of all the great things of earth. Take it from them, they invented the plow, the flying machine, the electric light, the telphone, the telegraph, the binder, coca-cola, buttermilk, hamburgers and the cold war. Now, of course, the leaders of Russia know better. They are not trying to impress us with the idea that they were first in all these things. They were not. It is impossible that they could be. In the past, education, in Russia, was confined to the favored few. There wasn't a chance that they could lead in these things. Despotism, whether under a czar or a communist, crushes not only freedom of expression but freedom of thought. It leaves men not only hopeless but gullible.

But that same condition enables the Russian leaders of today to publish these stories in Russia and the Russian people will believe them. If they have any doubts, they had better keep their mouths shut. After all, they are babes in the world, naughty youngsters at that, but we must not let ourselves be annoyed at these childish things.

The inventions I have mentioned are of value only as they are used. It would be interesting to know how many telephones there are in Russia. The chances are that millions in Russia have never even used a telephone — perhaps never heard of one.

* * *

Here's an interesting one. In many British factories they have time off for tea in the afternoon. I do not know if the custom is general. Sometime ago I saw a chart of production and there was a half-hour in the afternoon in which the production was arrested while the workers took tea. It may be that they worked harder afterwards. The loss of time may have been made up — the tea may have been worth the price, but production in Britain is normally lower per unit of labor than in either Canada or the United States. It is not the machinery alone which accounts for the difference. Using exactly the same machines, production per man-hour was less in Great Britain than in the United States.

Proof of the Pudding

* * *

"Were the Russian experiment a great success, there would be no need for the 'iron curtain'."

— By Willford I. King

THE WEEKLIES SAY..

SUNDAY INNOVATION

The decision to hold ball games on Sundays in Rainy River will save plenty of shoe leather for citizens who usually spend the day ambling about for the want of something to do.

— Rainy River (Ont.) Record

ECONOMIC FORESIGHT

Only through the establishment of many small industries in a municipality can safe insurance be provided against the economic hardships of depression.

— Napanee (Ont.) Express

THERE TO HELP

The day when a policeman was a bogeyman to be feared by the small fry is passed. He can be a source of great assistance to young people long before they ever get into trouble.

— Elmwood (Man.) Herald

HARD ON SMALL CENTRES

Today, as never before, the smaller centres are being pushed back and out of the picture, in the mad scramble of the larger units of population to get a place in the sun. The cities, today, have highly organized publicity bodies whose duties consist of pushing the city and its advantages always up in front of the enquiring public.

— Deloraine (Man.) Times

D.P.'s Satisfied with Jobs In Canadian Mines

Displaced Persons have found working conditions in the mines of Northern Ontario and Quebec highly satisfactory and have proven themselves able and willing employees—states Hon. Humphrey Mitchell, Minister of labor.

Mr. Mitchell referred to a report of the general manager of a large Ontario gold mine which showed that 84 per cent of the 172 D.P.'s secured through the Canadian Metal Mining Association had completed their contract, and 92 per cent of all D.P.'s employed were still with the company. In addition, 53 D.P.'s who had completed their contract with timber companies, etc., had applied for and been given employment at this mine.

The manager said, "With very few exceptions, these man have demonstrated their appreciation of the opportunities afforded them in a free country. Their eagerness to invest their savings in Canada Savings Bonds was an example of their confidence in Canadian institutions and their intention to establish themselves as permanent citizens".

Better by far you should forget and smile,
Than that you should remember and be sad.

Her Majesty Observes . . .

HER MAJESTY Queen Mary Lou, sovereign of the Clean-Up Campaign, hath remarked in her regal procession Monday eve . . many lawns of velvet green . . many dwellings of bright hue — to the owners whereof she voices con-congratulation on their high example . . But ALAS, there met her view, other gardens of Lachute, ill-kept, and habitations of dingy prospect.

Her Majesty invokes the Civic Pride of this fair community, that all subjects and citizens may ply their zeal, their brooms, their paints and brushes, to the embellishement of their estates . . and to the joy of all comers in this domain.

—◆—

Published by the CLEAN-UP CAMPAIGN Committee of Lachute Chamber of Commerce.

Three gaily plumaged birds of an almost mythical species identified only by fossel bones found 100 years ago in New Zealand, have just been discovered alive there.

Birth, Marriages and Deaths

Births, Marriages, Deaths and In Memoriam, etc., 75c; 5c per type line extra for verses with In Memoriam (estimate 6 words per type line).
(Payable in Advance)

BIRTHS

BEECRAFT — Mr. and Mrs. H. Beecraft (née Dorothy Copeland) are happy to announce the birth of a son, Arthur Lloyd, at the Toronto General Hospital, Toronto, on May 8, 1949 (a brother for Caroline). Both well.

NOBLE — At the Providence Hospital, Lachute, on May 15, 1949, to Mr. and Mrs. Gerald Noble, a son, Robert Gerald (brother for Jimmie).

THORBURN — At the Providence Hospital, Lachute, on May 11, 1949, to Mr. and Mrs. Ross Thorburn (née Eunice Young), a son, Wayne Owen.

MARRIAGE

MacDOUGALL-MATTHEWS — At the Lachute United Church manse, by the Rev. W. B. Rosborough, on Saturday, May 7, Dorothy, daughter of the late John Matthews and Mrs. Matthews, to George A. MacDougall, son of the late Duncan MacDougall and Mrs. MacDougall.

ACKNOWLEDGMENT

STACEY — Mrs. Harry Turner wishes to thank all her neighbors and friends, for sympathy, kindness and flowers tendered during her recent bereavement in the death of her mother, the late Mrs. Walter E. Stacey.

IN MEMORIAM

KIRKPATRICK — In loving memory of our father, John Kirkpatrick, who passed away May 22, 1946. — Always remembered by Iona and Bob.

"They say time heals all sorrow,
And helps us to forget,
But how much we miss you yet".

TOOKE — In loving remembrance of my dear grandson, Sgt. John H. Tooke, of Montreal, who died in Germany May 10, 1945. — Inserted by his grandmother, Mrs. H. O'Brien.

"You went, it seems but yesterday,
And now by crosses row on row
You linger where the poppies grow,
Not dead, but just away."

Brownsburg

Miss Margaret McOuat is in Kinrkland Lake, Ont., visiting her niece and nephew, Mr. and Mrs. Wm. Trussler.

The Rev. J. G. Duncan has been in Hamilton, Ont., this week attending a conference for Baptist ministers at McMaster University. He was accompanied by Mrs. Waghorne, to visit relatives in Brantford.

Mrs. T. Dowling and her son, Master Eardley Dowling, of Longueuil, also Miss A. Smythe, were recent guests of Mr. and Mrs. C. E. Prosser and other relatives here.

The May meeting of the Women's Mission Circle of the Maple Avenue Baptist Church was held at the home of Mrs. C. E. Prosser; the topic, "Grande Ligne Mission Work", was given by Mrs. T. Morrow.

Mr. and Mrs. C. Fletcher and little daughter, of Montreal, were week-end guests of Mrs. Wm. Fletcher.

Mrs. G. Anderson was in Montreal on Sunday visiting her father, Mr. W. G. Heatlie of Lachute, who is a patient in the Royal Victoria Hospital.

Miss Clarice Mason, of Montreal, visited her parents, Mr. and Mrs. W. Mason, last week.

Mr. Norman Barrington, of Toronto, is visiting with the Rev. and Mrs. J. G. Duncan at the Baptist parsonage. He will be showing his beautiful Technicolor travel motion pictures on Monday evening in the Baptist Church. These pictures include scenes from Prince Edward Island in the Gulf of St. Lawrence to Catalina Island in the Pacific.

Harrington

Mr. and Mrs. A. Bothwell, of Lachute, visited relatives in Harrington on Thursday of last week.

Mrs. D. Millar, of St. Lambert, has been the guest of her sister, Mrs. J. Marshall.

Mrs. F. Trineer and daughter, Bonnie, spent last week-end with her parents, Mr. and Mrs. G. Bennett — then returning to Montreal, where Bonnie is taking treatments on her face, after her recent accident.

The Harrington ladies' group are spending Wednesday of this week at the home of Mrs. Geo. Poulter, Lake Papineau.

Mrs. J. Lewis, of Ottawa, is the guest of Mrs. J. McMahon.

Experimentally, worn out coal mines will be fired and the gas trapped for commercial uses.

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Morin Heights

Mrs. H. A. Paquette, of Montreal, spent the week-end with her sister, Mrs. J. E. Eeale and Mr. Seale.

Miss Doris Watson returned last Wednesday to Ste. Anne's Military Hospital after spending a week's vacation with her parents, Mr. and Mrs. Wm. Forsyth.

Mrs. Jack Deluce, of Chapleau, Ont., spent a few days here visiting friends and relatives.

Miss Beatrice Bethell and her sister, Mrs. John Watchorn, entertained on Friday night at a kitchen shower for Miss Bee Basler, whose wedding to Mr. Cameron Paquette has been arranged to take place early in June.

Mrs. W. J. Deacon, of Lachute, spent a week here with her sister-in-law, Mrs. J. H. Davis.

Mrs. J. MacKimmie and daughter, Bonnie, returned home Sunday last after spending three weeks with her parents, Mr. and Mrs. E. Boyd. Mr. MacKimmie was also here for the week-end.

Miss Bernice Lacken, of Sherbrooke, spent last week with her parents, Mr. and Mrs. Herb Lacken.

Mr. F. Muncey visited friends in Ottawa and Aylmer over the week-end.

Women's Auxiliary

The monthly meeting of the United Church W.A. was held Tuesday at Mrs. Wm. Nesbitt's, with Mrs. M. Dey as joint hostess. Mrs. Dey, the president, occupied the chair, and 19 members and guests attended.

Mr. and Mrs. J. D. Davis and son Baird, spent the week-end at their cottage — Mrs. Davis remaining here for the week.

Mr. and Mrs. Ralph Earle, Mr. and Mrs. Harold Millard, and their families, have given up their residences in Montreal this month and are making their permanent homes here. Friends welcome them to the community.

The Rev. and Mrs. C. R. Wood and son, David, returned home last Wednesday after spending two weeks' vacation in Toronto, Orillia and Ottawa.

Miss Shirley Cameron spent last week with her brother, Mr. Colin Cameron and Mrs. Cameron.

Mrs. R. Thompson, of Victoria, B.C., arrived last week for an extended visit with her sister, Mrs. J. H. Davis.

Youth Group Entertainment

On Wednesday evening the young adult group of the United Church showed moving pictures in the church hall. Mr. Wm. Forsyth gave the Drummond recitation, "De Stove-pipe Hole", and Miss Nita McConnell sang "Whispering Hope". The proceeds, approximately $40, are to go towards a new church organ.

W.I. Dance

The dance sponsored by the W.I. which was held at Rockcliff Inn on Saturday evening, netted $30 for school prizes. Door prizes were won by Huntley Seale and Bill Nesbitt.

Mr. and Mrs. D. Murray, of Montreal, were Sunday guests of Mr. and Mrs. Geo. Watchorn.

Mr. Ed Seale, of Knowlton, was the guest of Col. and Mrs. J. E. Seale this week.

Dr. and Mrs. J. Forsyth, of Atlantic City, and Dr. and Mrs. Melville and children, of Montreal, were Sunday guests of Mr. and Mrs. Wm. H. Watchorn.

Mrs. Gordon Hulley and daughter, Linda, spent a few days with her parents, Mr. and Mrs. E. Graves.

Misss Marjory and Phyllis Seale, and Mrs. Syd Jamieson, were at home with their parents, Mr. and Mrs. W. J. Seale, over the week-end.

Mr. and Mrs. Ed Robinson were week-end guests of Mr. and Mrs. Wesley Doherty.

Mrs. J. Ramsey is spending a few days visiting Mr. and Mrs. Lawson Kennedy.

Nearly a third of the seats in the Italian senate are for opponents of Fascism.

Calumet

Mr. Frank McGibbon, of Montreal, visited his parents, Mr. and Mrs. R. McGibbon, last week-end.

Mr. Woodrow Brigden, of Vankleek Hill, spent the week-end with his father, Mr. W. E. Brigden. Mr. Brigden is leaving shortly for Rouyn, where he will be manager of the Bank of Nova Scotia branch. Mrs. Brigden and children, who have been visiting Mrs. McMillan in Hull, will join her husband there. Their many friends and relatives in this vicinity wish them happiness in their new home.

Mr. and Mrs. R. D. Mott, of Montreal, are spending a few days at the home of Mr. and Mrs. G. B. Murphy.

Miss Evie Welden, of Lachute, was a guest of Mr. and Mrs. R. C. Whinfield at their cottage on Lake MacLeod.

Master Milton Dumoulin is at present in hospital in Hawkesbury, having undergone on operation for appendicitis. His school-friends hope that he will soon be well enough to resume his studies among them.

Mrs. E. Racine and Miss Mildred Brigden visited their aunt, Mrs. J. Jackson, in Hull last week.

Mr. and Mrs. Grant Robinson, of Montreal, and Mr. and Mrs. L. P. Robinson, spent the week-end at their respective cottages on Slavery Lake.

Mrs. Myre, of Hawkesbury, is at present companion to Mrs. F. Dakin, who has been convalescing at her home here. Mrs. Dakin's many friends are pleased to see her out and around the village again.

Pipers Munroe Wilson and Kenneth Ireland were week-end guests at the home of Mr. and Mrs. Thos. Farrara.

Note: Readers please send their social items through authorized correspondent for their district, instead of mailing to The Watchman Office.
—Ed.

Lakefield

Mr. and Mrs. Albert Yeudall, of Verdun, Que., spent the week-end as the guests of Mr. and Mrs. Robert Andrews.

Grenville

Mrs. W. W. Cooke, of Ottawa, is the guest of Mr. and Mrs. Russell Owens. Mrs. E. O. Bennett, of Ottawa, was a week-end guest. On Sunday Mr. and Mrs. Owens motored to Vercheres, being accompanied by Mrs. Cooke and Mrs. Bennett.

Mr. and Mrs. Leslie Chase, of Ottawa, were week-end guests of the latter's parents, Mr. and Mrs. Wm. Morrow; also Miss Eileen Morrow, of Montreal, visited her parents for the week-end.

Miss Edith Deeks and Mr. Edward Brayden, who have been visitors at Mr. and Mrs. Stanley Dewar's, returned to Montreal on Sunday evening.

Mrs. J. St. Louis, Mrs. H. Lalonde and daughter Lois, of Monklands, Ont., were recent guests of Mr. and Mrs. H. D. Hurley.

Miss Gertrude Moncrieff and Mrs. Stanley Dewar leave for the city on Thursday and will attend the 100th anniversary banquet of the Provincial Grand Orange Lodge of Quebec, to be held in Victoria Hall, Westmount, also the Grand Lodge session on Saturday.

Mrs. Winona Gaudry, of Ottawa, spent Sunday here.

Amateur Program

The "amateur night" which the Community Club had planned for May 6, was postponed to Friday, June 3. The program was cancelled because of the lack of lights due to the severe storm that evening. It is hoped that there will be a good turnout for June 3. Anyone wishing to take part is welcome to do so. Good prizes are being offered for both children and adults.

Burial of Former Resident

The funeral of the late Mrs. Ryan, the former Lizzie Byrnes of Grenville, took place on Monday morning at her late home in St. Jerome. The remains were then brought to Calumet cemetery, where a short service was held and she was laid to rest in the family plot. Sympathy is extended to her surviving relatives.

PLANNING CALLED FOR

It is easy to see that the town of Fort Frances no longer can continue its piecemeal expansion. In the olden days when Fort Frances was a small, compact area, its services were installed as the need arose. Today, with the annexation of McIrvine, Fort Frances has increased four-fold in area.

ISRAEL CARGO VESSEL

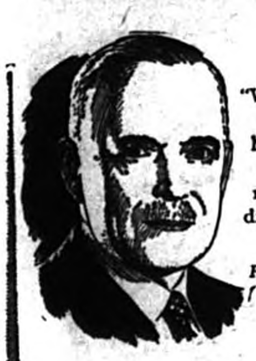

Vancouver (CP) —Israel is entering world trade. Docking here recently was the SS. Euryviades, a Liberty-type cargo vessel, chartered by the new Israel-American Line of Haifa.

BUILDING PERMITS UP

Regina (CP) — The city building inspector's office is doing a rush business in permits for house construction. On one day recently 13 house permits with total value of $107,500 were issued.

BANDSMEN WANTED

Regina (CP) — The Royal Canadian Mounted Police band from Ottawa, which thrilled prairie audiences last spring on its tour of western Canada, is looking for recruits in Regina and district.

"We Liberals have dedicated ourselves to maintaining a high level of employment and income, because that means a high and widely distributed standard of living for our people."

Prime Minister Louis St. Laurent

You share— every Canadian shares— in the greater

Opportunity Prosperity Security

brought about by constructive Liberal policies

Liberals mean what they say. Look over the record of the last five years — the most impressive period of prosperity and growth in our history. It shows that Liberal performance exceeds Liberal promises.

Under Liberal policies, Canadians can be confident that this forward march will continue — that Liberal promises will again be carried out.

More Jobs—More Income

More people are working than in any previous peacetime period — nearly a million more than in 1939. National income is *three times* as high as in 1939, is more widely distributed than ever before.

More Savings

People have nearly 2½ million *more* bank accounts than before the war. They have put aside more than 4 billion dollars in personal bank savings.

More Production and Trade

The products of our farms and forests, factories and mines and fisheries are worth twice as much as ten years ago. And Canada's exports are more than *four times* greater. Canada is the world's third largest trading nation.

More Family Allowances

The federal government has, since 1945, invested *one billion* dollars in Canada's children. Four million boys and girls in 1¼ million families are receiving a better start in life. Benefits are being extended this year.

More Old Age Pensions

Federal payments have been twice increased since 1945. The new pension basis is now increased to $40.00 a month, providing greater comfort and security for the aged and blind.

National Health

Health grants to provinces are helping to build a stronger nation. Many projects are already under way: nine province-wide health surveys; 13,000 additional hospital beds; training for health specialists; increased health services and research.

Aid to Home Builders

Close to 300,000 dwellings have been built since the war. More homes have been built in Canada, in proportion to population, than in any other country; and more were built last year than any time in our history.

And lowered taxes as well!

By careful administration the Liberal government has established these records and been able at the same time to cut the national debt by 1,625 million dollars.

And every budget since 1945 has announced lowered rates of taxation.

Protect your stake in OPPORTUNITY, PROSPERITY, SECURITY

VOTE LIBERAL!

INSERTED BY NATIONAL LIBERAL COMMITTEE

OBITUARY

Former Resident Here Dies in Vancouver, B.C.

Late Mrs. H. N. Cairns

Old friends and relatives here have learned of the recent death, in Vancouver, of Minnie E. Summerby, 69, widow of the late Herbert N. Cairns, who predeceased her about 18 years ago.

Educated at the old Lachute Academy, she taught school in these parts for a number of years prior to her marriage.

Surviving are one son, Harold, of Penticton, B.C.; one daughter, Mrs. Roy M. Lester, of Vancouver; one sister, Mrs. H. Walker, of Windsor; and one granddaughter. Her mother, Mrs. P. Campbell, died only two months ago at the ripe old age of 92.

Luminous Messages For Miners in Pits

London (CP) — A band of luminous letters may soon be carrying safety messages — and perhaps even news and sport results — to miners deep in the pits of Britain's coal mines.

First of the new machines will be installed shortly in a colliery in the Horden (County Durham) area. On its success will depend whether the idea is extended to other pits.

The machine transmits messages by means of a running strip of fluorescent-painted letters moving over an ultra-violet lamp.

A colliery equipment expert said the machine was being introduced as a safety measure to remind miners to empty their pockets, to keep clear of wire ropes and avoid other risks. But he saw no reason why, in time, race and other sport results could not be shown at various points below ground.

A Coal Board official said : "We will see how it works and whether it would be possible to use it for sporting results".

First school-boy : "What's the matter; you look disgusted?"

Second ditto : "Played hookey all day before I realized it was Saturday."

TRAPPED SUNBEAMS HEAT SOLAR HOUSE IN ZERO WEATHER

But Not Practicable North of Boston!

Dover, Mass. (CP)—A Hungarian scientist trapped sunbeams to heat her house this winter and kissed goodbye to furnace chores and high fuel bills.

Attractive blonde Dr. Maria Telkes found her "solar house" comfortable, even in zero weather. It cost about $20,000, including $3,000 for the solar heat unit.

Although the unusual, open winter was not a good test, Dr. Telkes thinks solar heating is ideal for southern New England. Dr. Telkes lives in the house weekends with relatives, Dr. and Mrs. Anthony Nementhy, who are full-time occupants.

The furnace-free home is a private project designed so that the average sunshine will equal average heat requirements in winter.

The heating unit is built into the roof. This is mostly glass over an 800-foot square black metal sheet. Glauber's salt, melted under the rooftop sunshine, sends warm air to "heat bins" through the five-room house. Each bin serves two rooms through registers or heat outlets.

Dr. Telkes, an associate researcher in metallurgy at Massachusetts Institute of Technology, estimated the solar heating would warm the house through 10 sunless days.

No Operating Cost

She said this section's longest sunless stretch in the last 18 years was six days.

She reported the only current problems in the "solar house" were drafts around doorsills and floors that dry slowly after mopping. On the other hand, the system costs almost nothing to operate, and it gives even heat with no "overheated" spots.

"But", she advised, "in and around Boston is about as far north as you can go to build a solar house."

M.I.T.'s solar energy conversion committee is experimenting along that line, too.

Their solar house is on Memorial Drive, Cambridge. They catch the sun's heat through many-paned sloping windows on the roof. And distribute the heat.

The sun-warmed water is pumped into a 1,200-gallon storage tank, then circulated to room-heating ceiling panels.

Engineers plan to keep the house at 68 degrees at all times. But they have supplementary electric heating units to help out in cold sunless weather. The house is insulated and has thick curtains on the double-paned windows.

Tech's solar house is only a few weeks old and the engineers said it was too soon to draw any conclusions on how it will work out.

Around the Country

J. Greenblat

At Ingersoll, Ont., Sam Gibson, retired after 60 years at the post office, sighs and says: "Now I'll be able to grow some roses". . Mrs. H. Switzer, of Granton, Ont., says she has a male robin who has been returning to her home every spring for 24 years. . At Langley Prairie, B.C., council deliberations disturbed by loud noise downstairs, found Constable Fred Miller and janitor H. Winchester accidentally locked in the cells, after trying to quell noise of four cell occupants. . At Bridgetown, N.S., Mary Bishop had been organist at United Church for 64 years, while across the street at Baptist Church, Julia Jackson, 14, is organist. . W. T. Biggs, at Moncton, N.B., baggage master of the C.N.R., handles 100,000 pieces of luggage a year he says, has never had a single piece go astray. . At Chilliwack, B.C., a night class of 24 teachers is held for the school district, learning visual education. . At Hampton, N.S., Mrs. Herbert Milbury has been 31 times in hospital in past 12 years with a knee injury. . Told by the Prairie Optimist, Gravelbourg, Sask.: "One out-of-town curler who took his curling seriously landed in hospital. In his rather pixilated state he was resting on a bed when a sister walked in. Thinking she would try to drive the fear of the Lord into him by asking him if he were not afraid to die, he said quickly, 'Don't ask me if I'm afraid to die, I'm dead already'."

in strictest *confidence...*

THAT'S THE WAY you want your money matters handled. That's the way your bank handles them.

When you deposit money, cash a cheque, make a money transfer, arrange a loan, you want it done speedily, efficiently . . . and above all, confidentially.

It is only natural that your bank should work that way for you, for privacy is traditional in Canadian banking. In any case, the competition of other banks assures it.

Canada's ten chartered banks — competitive, efficient, private — provide for millions of customers a service unexcelled in the world.

Clarke Broadcasts Selected for Book

"Neighborly News" Excerpts

Toronto, May (CP) — Selections from the "Neighborly News" broadcasts of Andy Clarke, veteran newspaperman who died last May, are to be published this fall by Ryerson Press. Up to his death, he turned out more than eight years of weekly cracker-barrel comments from Toronto.

Frank MacIntyre, editor of the Dundalk Herald, is one of the editors who will attack the mountain of foolscap-size sheets on which Andy's broadcasts were typed from his original longhand. The broadcasts were put on by CBC in co-operation with the Canadian Weekly Newspapers Association.

Boy Polio Victim Landscape Artist

Vancouver (CP) — Confined to a wheel chair for the last 11 years due to polio, 18-year-old Bill Robson is showing considerable promise as an artist.

A vivid imagination and a cheap box of oil paints have made him a world traveller although he is unable to go more than a few blocks from his home.

On large pieces of cardboard he paints rakish ships under full sail for the Orient's spice trade, or mountain scenes and rushing streams.

When not painting, Bill tours the neighborhood with his cocker spaniel pal, Patsy.

Some day when his family can acquire an automobile, he hopes to attend art school.

Nice Steady Work

Fantastic, almost incredible, is the story of two white-bearded octogenarians in Paris, France, who were caught just the other day after having been on a civil service payroll for 36 years without doing a tap of work for the money.

The mayor of Paris, a brother of the famous General de Gaulle, was carrying out a personal investigation in the huge city hall of the French capital when he came across a door marked "Bureau of Claim Payments for the Flood of 1910". He thought this would be a little cubby hole filled with old records which might at least provide space for a desk. He opened the door and blinked. Inside sat the two old gentlemen.

The two said all claims had been paid — the last in 1913. But no one had told them to stop work, so they had spent the last 36 years drawing their pay and "tidying up things" before making their final report to the city.

—Fort William Times-Journal

NEW ROLLING STOCK

New Glasgow, N.S. (CP) — Eastern Steel Car Company, a subsidiary of Dominion Steel and Coal Corporation, turned out almost 3,000 freight and gondola cars for the Canadian National Railways in 1948 at its big plant here.

Get set for carefree Summer driving!

see your Ford of Canada Dealer

Winter weary cars and trucks can take a costly beating when hot weather comes. Don't risk a big repair bill! It's still not too late to get this thorough Tune-Up that saves you time—saves you future trouble—*saves you money 4 ways.* So, drive in *now* at your Ford-Monarch Dealer's or Mercury-Lincoln-Meteor Dealer's and get set for happy miles all Summer long.

HERE'S THE TUNE-UP YOUR CAR NEEDS

- Complete, scientific engine tune-up.
- All wheels removed and brake linings inspected.
- Brake adjustment.
- Front wheel bearings cleaned and repacked.
- Oil filter cartridge replaced, if needed.
- Oil-bath air cleaner cleaned and refilled.
- Shock absorbers adjusted and fluid added, if needed.
- Cooling system drained—all connections tightened.
- Chassis lubricated completely.
- Engine, transmission and differential flushed and refilled with factory recommended summer lubricants.

BETTER SERVICE 4 WAYS

Expert Servicemen—trained in Ford of Canada Service Schools save you time and money because they know your car or truck best—do the job right.

Factory-Approved Equipment—is specially designed to give your car or truck more efficient service. It saves you dollars by assuring precision work, thoroughly checked.

Good Roads Convention for Lake Louise, Alberta

His Honor the Lieutenant-Governor of Alberta, Honorable George Campbell Bowen, is expected to officially open the convention of the Canadian Good Roads Association, to be held at Lake Louise, Alberta, on September 12, 13 and 14 next. The Honorable D. B. MacMillan, Minister of Public Works, Alberta, will welcome the delegates. At the annual dinner, Hon. E. C. Manning, Premier of Alberta, will be the guest of honor and speaker.

Every province in the Dominion, including Newfoundland, will be well represented by delegates. At least nine of the ten provinces will be officially represented by Ministers of Highways or Public Works and other top-level government delegates.

Top-ranking Canadian highway engineers and prominent road building authorities from the United States will be found on the program now in course of preparation. The subjects to be dealt with will cover not only construction and maintenance of summer and winter highways, but also such matters as soil compaction, dust-proofing, bridges, and aerial surveys for right-of-way locations.

Ample opportunity will be given for full discussion of all papers presented, and the Convention will provide a forum for the exchange of technical experience and knowledge on the many problems connected with road building which are common to all, with the opportunities for discussing specific problems with acknowledged experts in the engineering field.

Roads Minister Talbot of Quebec will be the general chairman of the Convention, with other provincial highway ministers giving addresses or presiding at the various sessions spread over three days.

New York City Adopts Smoke Control Bill

On February 1, the City Council of New York passed the Sharkey Bill for control of smoke and soot. Responsibility for smoke control, which is now divided among five agencies, will be centralized in a Bureau of Smoke Control which is assigned to the Department of Housing and Building.

The Sharkey Bill is a smoke control bill rather than a general air pollution bill. However, since smoke and allied nuisances covered in the bill comprise 90 per cent of all air pollution, the Sharkey Bill does amount to a significant advance, particularly because of its unification of control and responsibilities in one bureau.

The bill includes a declaration of policy in which injurious effects of atmospheric pollution by smoke, soot, fly ash and products of combustion are set forth and the right of the city to supervise combustion processes and emissions into the atmosphere is established. To implement this policy a smoke control board consisting of five members is established. Three of the members are to be appointed by the mayor and include a licensed professional engineer experienced in smoke control, a mechanical engineer who is also a professional engineer, and a stationary engineer. The other two members are the commissioner of housing and buildings and the commissioner of health who serve on an ex-officio basis.

Education

An educated man is one who has the mentality to think clearly; the will to work accurately; the culture to recognize and appreciate and apply the good and true and the beautiful wherever found; the democracy to maintain the common touch; the social conscience to relate himself helpfully to society at some point beyond vocation and its reward; and one who has come to see in the universe not a machine, but a purpose; and behind that purpose, God. — John W. Pontius

GOOD CITIZENSHIP
is a lot of little things

SPRING IS HERE . . . IT'S TIME TO SHINE

Spring is the best season to paint your house. The paint gets a chance to go deeper and dry normally without peeling because the sun is not too strong. There are fewer flies and specks of dirt to mar the effect. Remember—one house with a neat exterior decoration job inspires others. Soon the whole neighborhood has had its face lifted. That makes it a better place to live in. So paint your house, now. Any activity which has as its goal the building of civic pride is "Good Citizenship".

You can help this public service effort. Make a note of some of the little things which, in your opinion, contribute to Good Citizenship.

IF HE MISSES . . . You get the Bird!

If your children like to play . . . that's natural! But, if they are careless or mischievous and cause bodily injury or property damage, then chances are you'll be sued!

Damage suits for substantial amounts often arise out of a child's mischief. But there's one thing you can do besides taking away Johnny's slingshot—you can buy 3 years' freedom from that kind of worry by paying only $10 for one of the new $10,000 Comprehensive Personal Liability Policies which protects you and your whole family against damage suits arising out of home ownership or rental, sports or personal activities, and includes your liability as an employer if you have servants. That's not all! See us for details.

Boy Scouts The World Over

Five members of the globe-circling plane, Lady Luck II, are former Boy Scouts.

PLAN TRIP BY PLANE

The 14th Toronto (St. Olave's) Boy Scout Troop, plans to take 34 Scouts and four leaders by plane to visit Southaven Camp of the Boy Scouts of America in Buffalo, N.Y., for a visit from July 3 to 9.

ENGLISH BOBBIES JOIN OLD SCOUTS' GUILD

All London (England) policemen who were once Boy Scouts are being invited to join the Metropolitan Police Branch of the B.-P. Guild of Old Scouts. Policewomen, too, those who have been Lady Cubmasters, are eligible to join the branch which already has more than 60 members.

CHAIRMAN THANKS SCOUTS

Robert H. Saunders, Chairman of the Hydro Electric Power Commission of Ontario, has written expressing appreciation for the assistance of 13,462 Cubs and Scouts who served as Junior Power Wardens during the critical power shortages last Fall and Winter.

WOLF CUBS HONOR INDIAN CHIEF

Indian Chief J. Mathias of the Capilano Tribe, Capilano Reservation, North Vancouver, B.C., was recently invested as Honorary Cubmaster of the 3rd North Vancouver, Capilano Wolf Cub Pack. The Chief, who has two grandsons in the Pack, presented the group with a totem pole carved by himself.

EMERGENCY SERVICE FOR JAMBOREE

When 3,000 First Class Scouts meet at Connaught Camp, near Ottawa, next July 16-24 for the First Canadian Boy Scout Jamboree, the St. John Ambulance Association will provide 24-hour emergency service.

Ambulance Brigade members will staff a well-equipped hospital with doctors, nurses and ambulance service. Jamboree trains will be met by Ambulance Brigade members at Calgary, Moosejaw, Regina, Brandon, Winnipeg, Fort William and Sudbury. Divisional surgeons will be on call in case of need.

Watchman Want Ads bring results !

By WALLY IZSAK

Two minutes is just about all it should take. But in those two minutes on May 28 will be packed all the suspense, pageantry and thrill of Canada's great turf classic — The King's Plate.

The purse isn't much to speak about — only $10,000 added and 50 guineas donated by the King — in comparison to the Kentucky Derby with a gross of $100,000. Yet to Canadian horsemen it's the dream of a lifetime to have one of their nags romp across the finishing line first.

It's North America's oldest continuously-run race, having been an annual affair since 1860. That's 15 years more than the celebrated Kentucky Derby.

When the Dominion's top three-year-olds answer the bugle call this year for the nine-furlong sprint it will be the 90th running.

The event is packed with tradition. Most owners and jockey club members attend Toronto's Woodbine track in top hats and cutaways. The governor-general drives down the course in a landau flanked by outriders, and then presents the winning owner with the King's 50 guineas.

Prior to 1944 the race was limited to three-year-olds bred and owned in Ontario. These conditions were imposed when Queen Victoria donated the first 50 guineas to the owner of the 1860 winner.

The Ontario Jockey Club refused to ask the King to change the conditions despite the pleadings of horsemen from both the west and east. Finally in 1944 they did request the King to open the race to three-year-olds bred in Canada and owned by Canadians. The request was granted.

Months of Training

Those two minutes of that Saturday afternoon will climax months of care, fear, hope, patience and training. Race horses are strong and sleek, and many a spectator has been thrilled by their beauty and power as they pound down the stretch in perfect form.

But these thoroughbreds have many weaknesses and are liable to fall prey to many illnesses. That's why few go to the post on Plate day after so many have been nominated for the race.

To become a successful racing stable owner it takes money — lots of it. And it usually is a wealthy man who steps into the winner's enclosure after the race to accept the gold cup and 50 guineas.

A good foal costs thousands of dollars. Add feeding, stabling, veterinary fees, jockey fees, stable-hand fees, and the care and patience spent on the horse before it becomes three years old and it's easy to see why money is a big factor.

Last year was an exception, however, when Jim Fair, a farmer from Cainsville, Ont., owned the winner, Last Mark.

Favored to win this year's event is publisher George McCullagh's Speedy Irish, a 2-to-1 favorite. Then comes Bolaris, owned by Steve Kris of Kitchener, Ont., at 4-to-1 odds. Third is Gem Thief at 10-to-1 and owned by H. R. Bain of Toronto.

Vancouver Pioneer Still Active at 86

R. V. Winch Fathered Fish-Canning Industry on the West Coast

Vancouver (CP) — R. V. Winch, one of British Columbia's best known business men, in his 87th year has outlived his insurance policy and is in the best of health.

His colorful life story is directly tied up with the development of this province. The man who fathered the fish-canning industry on this coast and built the first steel office building in Vancouver, still has a clear eye, a ringing voice and walks with a firm gait.

He ran away from his native Cobourg, Ont., at 16, herded cattle across the prairies and worked on a railroad gang at Lake of the Woods.

Moving to B.C. he established the Canadian Pacific Canning Company in 1893, and two years later shipped the first train load of canned salmon ever to be sent from here. In Liverpool it sold for about $5 a case, a profit of one dollar each on 30,000 cases.

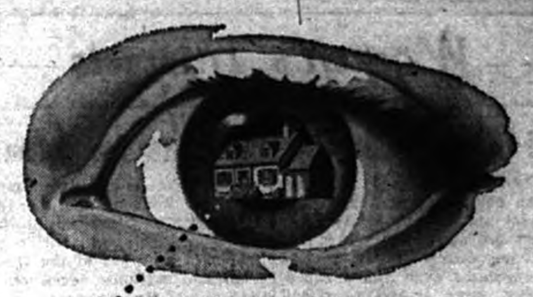

Later he built and operated seven canneries and one sawmill, valued at $1,600,000. He built the Winch Building in Vancouver at a cost of $700,000.

In one of his many business ventures, Mr. Winch said he put up a life insurance policy for collateral at a bank. He lost out on that deal and the bank still holds the policy. Under the terms of the deal they must keep paying premiums until he dies. The bank has already paid more than it will get out of the policy.

Although now retired, he keeps his eye on the fishing industry through Queen Charlotte Fisheries Limited, which he started in 1893.

MAKE-BELIEVE EXPERTS — Just before broadcast time these three bright-eyed youngsters are listening intently to what CBC producer Peter McDonald has to say about a script for the Vancouver children's drama series called Magic Adventures (Tuesdays at 5.30 p.m. on the CBC network). Don Gaylord (centre), aged 15, and Carolyn Lawrence, 11, play Ricky and Betsy, who guide young listeners on the program's make-believe adventures. They both study dramatics and appear in Vancouver stage productions. Bobby (left) aged 12, is an old hand in radio, too. All three have been heard in the CBC's Vancouver Theatre drama series.

look at your home through the eyes of a stranger

Could it do with a good coat of paint and a general 'fix up'? Strange how we are apt to notice signs of neglect in someone else's house and overlook the same things in our own. It's a costly tendency, too. For one bit of disrepair soon leads to another. Wood deteriorates when the paint wears off. A broken post undermines the whole fence.

It pays to make your repairs promptly.

That goes for indoor improvements, too. You save money, time and material, by attending to home repairs right away — before the damage gets worse. And every improvement adds to your comfort and to your pride in your home.

If you need more money than you have on hand to pay for the necessary repairs, see your B of M manager about a low-cost loan. Save by paying cash. And save yourself trouble by paying off all repair bills at once.

Why not make a list of the repairs your house needs *today?* Then discuss your improvement plans with your B of M manager . . . in confidence. You'll like his helpful attitude.

Skill With the Skillet

A hundred years ago, when the kitchen equipment was limited to a skillet and an iron or two, the homemaker managed to turn out appetizing meals. Today, with a well regulated oven and a saucepan for every special use, skill with the skillet is no longer considered the mark of a good cook.

There are some foods which taste better when they have been browned in fat in the frying pan or skillet. There are two points which must be considered when cooking in fat. The fat should never be heated to too high temperature, either before or after food is put into it, neither should it be so cool that it soaks into the food when it is added. These two practices, no doubt, have given rise to the idea that when food is cooked in fat it is more difficult to digest.

The home economists of the Consumer Section at Ottawa say that veal, being a lean meat is improved by browning in fat, then cooking slowly in moist heat, so a heavy skillet is a perfect utensil for the purpose.

The skillet, though not often used to make desserts, is fine for upside-down cakes and pancakes.

Veal Steak

1 lb. Veal steak cut in 6 pieces, 3 tablespoons flour, 1 teaspoon salt, dash of pepper, ½ teaspoon curry powder, 2 tablespoons fat, melted, 1½ cups water, 1 can vegetable soup.

Dredge meat with flour, to which the salt, pepper and curry powder have been added. Brown meat in hot fat. Add ½ cup water, cover and simmer for 15 minutes. Combine remaining cup of water with the vegetable soup and pour over meat. Cover and continue simmering, stirring occasionally, for 1 hour, or until meat is tender. Yield: six servings.

Upside-Down Skillet Cake

2 Tablespoons butter, ½ cup sugar, 2 cups rhubarb (cut in 1 inch pieces), ½ cup raisins.

Melt butter or margarine in a heavy skillet, add sugar and melt to golden color. Add rhubarb and raisins and cover with following topping: —

Topping. — 1½ cups sifted pastry flour or 1½ cups sifted all-purpose flour, ½ cup sugar, 3 teaspoons baking powder, ½ teaspoon salt, 1 egg, ½ cup milk, 3 tablespoons melted shortening.

Mix and sift flour, sugar, baking powder and salt. Beat egg, add milk and melted shortening. Stir into dry ingredients, mixing only enough to combine. Do not beat until smooth, pour over rhubarb in hot skillet. Cover closely and cook slowly on top of stove for 30 minutes. Turn out to serve. Yield: six servings.

After pouring batter on rhubarb the pan may be placed in a hot oven and bake at 400°F., for 25 minutes, if desired.

BEAUTY CONTEST

Portage La Prarie, Man. (CP) — In addition to a historical parade and sports events planned for the city's May 24 celebration, there will be a May Queen contest. Two top beauties will be given an all-expense trip to the Calgary Stampede.

Consumers' Association

In an effort to enlist the support of rural women, the Canadian Association of Consumers is offering membership in that organization to branches of the Quebec Women's Institutes taken out in the name of the secretary.

To date the response has been slow, as there is still much misunderstanding throughout the country as to the objectives of the C.A.C. A representative from the office of the Q.W.I. attended the annual meeting of the Quebec Division of the C.A.C. English speaking, held recently in Montreal, and plans were formulated to disseminate more information about its aims in an endeavour to show country women they have the same vital interest in the many consumer problems common to both the urban and rural housewife.

Mrs. Henry Vautelet, who was elected president at this meeting, stressed the fact that no housewife could hope to cope single-handed with the problems of distribution, inferior quality, higher cost of production, etc. All this will be a slow process, she warned, one that can only be created over a long period of time. At present there are only 500 members in the C.A.C. in this province, when a total of 6,000 is needed, and Mrs. Vautelet urged every member make it a personal project to enlist new ones and to disseminate information about the work.

HOME TRAINING GROUND

All good things begin at home. The way we live together in our families is preparation for the way we live together in the world outside. — Preston (Ont.) Times

MORE WATER IN TAP

Regina (CP) — A project which is expected to give Regina an additional 1,750,000 gallons of water daily is expected to be completed in July. The work includes laying of 18,000 feet of pipeline.

SUGGESTS TESTS BEFORE SELLING PETS TO PEOPLE

Winnipeg (CP) — The secretary-director of the Winnipeg Humane Society — Miss Sally Warnock — favors some sort of test for potential pet-owners before they be allowed to assume the responsibility of becoming the masters of animals.

(This was in keeping with the ideas of R. T. Paget, Labor member for Northampton, who went even further and told the British Commons the licensing of dogs was illogical. He claimed the owners should be licensed after passing the necessary tests.)

While not fussy over the idea of licensing owners, Miss Warnock is in favor of some sort of test for them.

"Before I ever find a dog a new home, I check up very carefully on the people who are getting it", she said. "I try to find out whether they want the dog because they and their children love animals or just because the Joneses next door have a dog."

Many people take home a dog with no idea of the responsibility it involves, Miss Warnock said. They don't know how to look after it when they get it home.

Duty to Pets

There would be fewer dogs killed and injured by trucks and cars if their owners had thought of their responsibilities towards the pets before taking them.

"Dog owners must treat their pets properly. They must know where they are and not allow them to roam the streets at large. They must also look after their health.

"Animals are responsive to kind treatment and pay big dividends in affection in this troubled age", said Miss Warnock philosophically, "My theme these days is friendship. Friendship toward both man and beast".

She had praise for those living in rural areas, where neighborly acts of kindness were more frequent than in the crowded cities.

* * *

The bill introduced in the British Commons is intended to prevent unnecessary suffering to animals in pet shops, to forbid casual sales of pets in streets, to empower local authorities to inspect pet shops and to ensure that animals are healthy when sold.

British Columbia Spends Millions On Rehabilitation

Vancouver, May (CP) — Growers in the Fraser Valley, where a year ago flood waters swept over thousands of acres of rich agricultural lands, now have entered a new economy phase.

It is planned to produce more revenue for the farmers and a greater supply of foodstuffs for Greater Vancouver, an important market for valley producers.

Flood-fouled lands have been cleaned in a gigantic rehabilitation program costing millions of dollars, and dressed with thousands of tons of lime and fertilizer.

Farmers, who before the 1948 disaster depended on a raspberry crop as their major revenue, now will have diversity, raising dairy cattle, hogs and chickens, and developing fruit orchards.

Conversion Program

The fruit conversion program covers approximately 2,450 acres which were under water a year ago. Of these 1,930 have been converted and 520 have been replanted.

Farmers who come under the conversion program now have 1,139 dairy cattle on the same land, 52,507 chickens, 261 hogs and 2,800 fruit trees. Many will grow acres of vegetables of a type mostly imported from the United States.

Berry crops, however, will not be neglected in the valley. Some 600 acres have been replanted with small fruits.

More than 1,000,000 plants were distributed in the valley, including strawberry plants, raspberries, black and red currants, gooseberries and black raspberries.

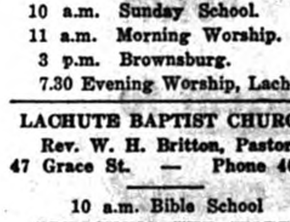

The hundreds of fields from Lulu Island to Chilliwack, 65 miles east of Vancouver, now are protected by a dike-chain, built under the federal and provincial governments' rehabilitation program.

DON'T PUBLICIZE CRIME

It is so much easier to become notorious than it is to achieve fame, that indolent young people who have not acquired satisfactory purposes in life resort to crime as a means of getting into the limelight. A complete lack of newspaper publicity might prove to be the best deterrent.

Pretty Wedding at St. Matthew's, Grenville

Dowler - Roy

The marriage of Audrey Mavis, daughter of Mr. and Mrs. Frank Roy, of Grenville, Que., to Mr. Geddes Dowler, son of Mrs. J. B. Dowler and the late Mr. Dowler, of Billings Bridge, Ont., took place at three o'clock Saturday afternoon, May 14, in St. Matthew's Anglican Church, Grenville.

Spring flowers were used to decorate the altar. The Rev. A. E. Hawes officiated; soft music was played throughout the ceremony by Mrs. Russell Owens, and Mr. Garth Dawson sang "Because" during the signing of the register.

The bride, given in marriage by her father, wore a gown of white satin with inserts of lace, made on Princess lines, buttoned down the back, with long sleeves falling to a point over the hands. Her three-quarter length veil of tulle illusion was held in place by a bandeau of orange blossoms. She carried a bouquet of American Beauty roses and calla lilies.

Miss Elva Roy, sister of the bride, acted as bridesmaid, wearing a floor-length gown of lilac taffeta on Princess lines, with cape sleeves. She wore a matching headdress and shoulder-length veil, and carried a bouquet of yellow tulips.

Mr. Dudley Dowler, brother of the groom, acted as best man, and the ushers were Mr. Norman Phillips and Mr. Eldon Dowler.

Mrs. Roy, mother of the bride, wore a street-length dress of black crepe romaine and wine accessories; her corsage was of American Beauty roses. Mrs. Dowler, mother of the groom, wore a street-length dress of black flowered crepe, with black accessories, and wore a corsage of pink tea roses.

A reception was held at the bride's home, the bride's table being centred with a three-tiered wedding cake.

Later Mr. and Mrs. Dowler left for Quebec City. The bride wore for travelling a grey gabardine suit with navy accessories, and a corsage of blue sweet peas. They will reside in Ottawa.

Out-of-town guests were — Mrs. J. B. Dowler, Mr. and Mrs. W. Armstrong, Mr. Thomas Mears, Miss Bernadette Belland, Miss Ann Ball, Mr. Balfour Dowler, Mr. Dudley Dowler, Mr. and Mrs. Lorne Mears, Miss Ruth McMullen, Mr. and Mrs. Z. Niblock, Miss Ruth Niblock, Mr. Keith Niblock, Mr. and Mrs. Bill Donaldson, Mr. Bolduc, Mr. and Mrs. Carter, Mr. and Mrs. Frank White, Mr. and Mrs. Eldon Dowler, Miss Elsie Hemphill, Miss M. Kertchen, all of Ottawa; Mr. and Mrs. C. E. Hews, Mrs. Ray Carson, Misses Vida and Irene Carson, of Thurso, Que.; Mr. and Mrs. N. Phillips and daughter Cheryl, of Pembroke, Ont.; Mr. and Mrs. M. Carson, of Fort William, Ont.; Mr. and Mrs. W. Roy, and Mrs. Roy Smith, of Ramsayville, Ont.; Miss Elva Roy, Miss Evelyn Bowen, Miss Aletha Bigelow and Mr. Garth Dawson, of Montreal.

DISTRICT NEWS

Cushing West

Mrs. C. A. Mattinson, who has spent the winter months in the city, was here over the week-end as a guest of Mr. and Mrs. Gordon Hampton at Grece's Point. She intends opening her residence here for the summer very shortly.

Mrs. Harbert, Sr., of Montreal, with her daughter Miss Eleanor Harbert, also several grandchildren including little Miss Mary Harbert, motored here and spent Sunday at the residence of Dr. Harbert.

Mrs. W. Usher spent the early part of the week in the city, attending the quarterly convention of Montreal District W.C.T.U.

Mr. and Mrs. Hugh Danford and little son, Hugh, were at their residence over the week-end.

Mr. Hubert Brookes, of Montreal, spent the week-end at his home here.

Mrs. E. J. Mahoney, of Ottawa, was a guest of her brother and sister, Mr. W. H. and Miss Tessie Robert, at Monalea, and also visited friends here the latter part of the week.

Watchman Want Ads bring results !

SOCIAL AND PERSONAL

Mrs. Franco Consiglio, of Montreal, spent a few days recently as the guest of Mr. and Mrs. Geo. McGibbon.

• • •

Miss Isabel Boyd, who has been latterly occupied in Montreal, spent a few days at her home here this week.

• • •

Mr. and Mrs. W. K. McArthur left Tuesday for St. Johnsbury, Vt., and Sherbrooke, Que., where Mr. McArthur, as Provincial Grand Representative, will attend Grand lodge sessions of the Oddfellows Order.

• • •

Mrs. F. Pring sailed recently for England to spend a visit among relatives.

• • •

Mr. and Mrs. James Adamson, of Montreal, called on Mrs. D. McRae, Bethany Road, last Sunday.

Miss Isabel Kearns, of Montreal, spent a day at Clear Lake, Dunany, visiting her sister, Mrs. J. Callanan.

• • •

Miss Yvonne Bédard returned home yesterday from Sackville, N.B., following the convocation Tuesday at Mount Alison University in which she received her B.Sc. degree. Miss Bédard was met in Montreal by her parents, Mr. and Mrs. Chas. Bédard.

• • •

Those attending the Grand Lodge of the Orange Order from Lachute and Brownsburg are — the Rev. G. T. Spriggs, Deputy Grand Chaplain, and Mr. Nelson Morrison, Deputy Grand Master, of Lachute; Mrs. G. Ball, L.O.B.A. Grand Mistress, and Mr. W. J. Cooper, Grand Auditor, L.O.L., of Brownsburg. The sessions are being held in Montreal.

Mr. Erskine Rodger left this afternoon for Toronto, to attend an executive meeting of the Canadian Ayrshire Association.

• • •

Mrs. T. D. Titman is spending two weeks among friends in Fredericton and McAdam, N.B.

• • •

Mr. E. Sherwood, who has spent some time here with his daughter, Mrs. E. G. Leggett, left from Quebec recently aboard the liner Samaria to return to his home in England.

• • •

Engagement Announced

Mr. and Mrs. O. K. Dorion, of Lachute, wish to announce the engagement of their daughter, Marjorie Ann, to Mr. John Curtis, son of Mr. and Mrs. J. Curtis, of Gray Ave., N.D.G. — the wedding to take place Saturday afternoon, June 11, at 3.30 o'clock in St. Simeon's Church, Lachute.

• • •

Miscellaneous Shower

Mrs. Elizabeth Gaston was hostess at the home of Mr. James E. Hammond, Centerville, on Friday, May 6, for a miscellaneous shower in honor of Miss Dorothy Matthews, whose marriage to Mr. George MacDougall, also of Centerville, took place on May 7.

COMING EVENTS

Notices of Entertainment, Concerts or Meetings, etc., 10 cents per line each insertion. Minimum 50 cents. If billed 60 cents.

SALE AND TEA

The Young Women's Auxiliary of Lachute United Church are holding an afternoon tea and sale of home-cooking and fancy work on Friday, May 20, from 3 to 6 p.m. Everyone welcome! -1c

SCOUT-GUIDE RALLY AT FAIR GROUNDS

You are cordially invited to attend the Scout, Cub, Guide and Brownie Rally to be held at the Exhibition Grounds on May 21, starting at 2 o'clock. A good program has been arranged for your entertainment. Troops and packs from Lachute, Brownsburg, St. Eustache, Rosemere, Ste. Rose and Morin Heights will participate. DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Cushing

Mrs. Roy Dobbie spent Thursday in Lachute.

Mr. J. C. Dougall, of Verdun, paid a short visit at the home of Mr. and Mrs. A. Graham on Wednesday.

Miss Elsie M. Graham, of Verdun and Cushing, was the week-end guest of her aunt, Mrs. A. J. Scott, of Bethany Street, Lachute. Mr. and Mrs. A. Graham, of Cushing, were Sunday guests of Mrs. Scott.

Mr. and Mrs. L. R. McGain, of Montreal, spent the week-end at their summer home here. Mr. and Mrs. H. Pitt and family were also at their cottage.

This community were pleased to have Mrs. W. Y. King at her home, "Ingleside", following her stay in Montreal. Her brother, Mr. Lemuel Cushing, and his two grandchildren Wendy and David Wright, of Montreal, were her guests on Saturday.

Mr. and Mrs. Lyle Kennedy, of Dalesville, were recent guests of Mr. and Mrs. L. D. Smith.

Dr. E. Gordon, a layman from Montreal, conducted the service in St. Mungo's Church on Sunday in the absence of the Rev. A. G. Moore, who is on a visit to his home in Newfoundland due to the illness of his mother. Mrs. Moore is meanwhile spending a few weeks with Mrs. R. Dawe in N.D.G., Montreal. Mr. A. A. Ariano, B.D., will conduct service in St. Mungo's and the charges of Calumet and Grenville on Sunday, May 22.

Mr. and Mrs. S. H. Beecher and daughter Marjorie, of Montreal, occupied "Lilac Lodge" over the week-end, having as their guests Mrs. L. J. Maw, Miss M. and Mr. R. Maw, also of Montreal.

The Misses M. and V. Bryerton, of Verdun, were guests of Mr. and Mrs. I. H. Fuller over the week-end.

Miss Marguerite Burney and Mr. Earl Angle, of Montreal, were Sunday guests of Miss H. Hoare and Mr. W. Godwin at "Glenelen".

Mr. and Mrs. Cecil Clark and children, of Mount Maple, were guests of Mr. and Mrs. W. H. Canning on Sunday.

Grenville North

Mrs. John Richardson, the Misses Martha and Ann Richardson and Mr. William Richardson, motored to Montreal on Saturday, visiting relatives.

Mr. Walter Murray is at present in Ottawa at the home of his niece, Mrs. John McDougall.

Mr. and Mrs. Bernard McCart and Mr. Hilary McCart motored to Calumet Island last week-end visiting at the home of Mr. and Mrs. Eric Cahall.

Recent visitors at Mr. and Mrs. Walter Gauley's were — Mrs. Wm. McCullough, Mrs. Lawrence Bates and children, Billy and Jean, of Toronto; Mr. and Mrs. Reg Bennett and children, Violet and Murray, of Calumet.

Mr. and Mrs. Ronald Dowd and son, of Kilmar, visited relatives here on Sunday.

Friends of Mr. Edmond Nixon are sorry to hear of his accident and hope for his speedy recovery.

Service usually held in Grenville Baptist Church at 3.15 p.m. will be held on May 22 at 2.30. This will be a united service, with a special speaker and special music. Residents are urged to attend and bring their friends, to meet the pastor, the Rev. Gordon Duncan.

Weir

Mr. and Mrs. R. G. Bowie returned home Friday after spending a week's vacation visiting Toronto, Niagara Falls, Niagara, N.Y., and Montreal.

Miss Diane Owen has returned home after spending some time with her grandparents, Mr. and Mrs. R. B. Owen, in Lachute.

Mrs. D. Dubeau, of Ottawa, also Mr. and Mrs. K. Bethune and little daughter Judy, of Montreal, were recent guests at the home of Mr. and Mrs. J. D. Williams.

Mr. and Mrs. Jack Fox, with their small son John, of Montreal, spent the week-end as guests of Mr. and Mrs. E. J. Craig.

Mr. and Mrs. H. Trineer, accompanied by their daughter Eileen, of Calumet, were Sunday guests at the home of Mr. and Mrs. Geo. Clifton.

Mrs. Jos. Gelinas, with her daughter Esther, of Montreal, spent a few days here recently with her mother, Mrs. Robt. Williams.

The Misses Mildred Cowan and Cathie Langston, of Montreal, visited with Mildred's grandparents, Mr. and Mrs. A. Larose, over the week-end.

Mrs. Roy Smith and her mother, Mrs. Chas. Mountain, are at present occupying their house here.

Mrs. W. H. Williams spent a few days in Montreal last week visiting her parents, Mr. and Mrs. Geo. Philips.

Please keep the date open for the lawn social to be held on the grounds of the Church of the Redeemer, Weir, on Saturday evening, July 16.

BRIGHT LIGHTS ORDERED

Preston, Ont. (CP) — Permanent floodlights to illuminate the Preston municipal building at night, have been ordered and will be installed prior to the Jubilee-Reunion in July.

TENDERS FOR COAL AND COKE

Federal Building—Province of Quebec

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Coal, Province of Quebec" will be received until 3 p.m. (E.D.S.T.), Wednesday, June 8, 1949, for the supply of coal and coke for the Dominion Buildings in the Province of Quebec, EXCEPT MONTREAL, P.Q.

Forms of tender with specifications and conditions attached can be obtained from the Chief Purchasing Agent, Department of Public Works, Ottawa; from Mr. Roland Simard, Supervising Architect, 150 St. Paul St. West, Montreal; and from Mr. J. A. Drolet, Architect, Public Works Department, Customs Building, Quebec, P.Q.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. Coal dealers' licence numbers must be given when tendering.

The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honorable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds, and a certified cheque, if required to make up an odd amount.

By order,

J. M. SOMERVILLE,
Secretary.

Department of Public Works,
Ottawa, May 18, 1949. M20-2c

Arundel

Mr. Curll Staniforth spent last week at the home of his parents, Mr. and Mrs. Percy Staniforth.

Miss Virginia Marshall, of Verdun, Que., spent the week-end at Mr. and Mrs. Percy Staniforth's.

Mr. and Mrs. Jerry Bennett have returned from Sudbury and will spend the summer in Arundel. Mr. Lorne Bennett, of Sudbury, accompanied them and is spending a short visit as the guest of Mr. and Mrs. S. Bennett.

Mr. Leslie May was the guest of his mother, Mrs. J. May, over the week-end.

Mr. and Mrs. E. A. Bulley returned from a trip to Toronto, where they attended the sixth annual convention of the Dental Laboratories Association of Ontario, as guests of the Association.

Women's Institute

The monthly meeting of the Women's Institute was held Wednesday evening, May 11, in the United Church hall.

As the meeting was under the leadership of the first and second vice-presidents, the chair was taken by the former, Mrs. Frank Davis, for the evening. After the business was concluded, a very enjoyable program was given consisting of a group of two songs by some of the girls of the Arundel Glee Club and an orchestra composed of members of the Women's Institute, using kitchen utensils as instruments. These were played in pantomime while the music was contributed by six members, on combs covered with tissue paper. The orchestra was under the baton of Mrs. E. A. Bulley, and the whole number caused much merriment.

As this was a form of open meeting for the ladies of the community, there was a large gathering. Mrs. Leslie Cooke was accompanist for the orchestra, while Mrs. Melvin Graham officiated for the Glee Club.

Two new members were welcomed into the branch.

(Mrs. E. A. Bulley, president of the W.I., accompanied by a delegation from here, will attend the annual meeting of the County Women's Institutes in Lachute on Saturday.)

SEEDTIME'S HARVEST

Stony Beach, Sask. (CP) — While seeding last year Dick Meleham lost his wallet containing $38. Seeding the same field this spring he unearthed the wallet intact and although the bills had suffered considerably he was able to redeem them.

Thanks to Electors of Chatham

The undersigned wishes to thank his supporters and helpers during the election campaign in Chatham Municipality last Monday.

(Signed)

— W. H. Robert

Remerciements aux Electeurs

Le soussigné désire remercier tous ceux qui l'ont aidé pendant l'élection civique dans la municipalité de Chatham, qui a eu lieu lundi passé.

Proper front wheel alignment is highly important!

You may be driving *side-ways* and never know it! A bad bump at the curb can sometimes throw your car's wheels out of line. Then you'd literally be *dragging* your tires side-ways over miles of highway.

Don't risk it. It's cheaper and safer to drive in now for our Precision Wheel-Alignment Service. We'll check your steering, inspect front-end alignment, balance front wheel assemblies and equalize your tire pressure.

Drive in today—our factory-trained mechanics know your car inside and out.

County Orange Meetings

The semi-annual meeting of the Argenteuil County Orange Association was held at Louisa by invitation of L.O.L. 717 on Saturday afternoon, May 14. County Master Bro. L. Tomalty presided. Only three officers were unable to attend the meeting.

The County Master reported on his visitation work and remarked on items for encouragement such as seven initiations and three reinstatements so far this year.

The County Secretary, Bro. C. Demerse, reported that all lodges in the jurisdiction had sent in annual returns, which had been forwarded to the R.W. Grand Secretary in Montreal. The proclamations of the M.W. Grand Lodge of B.A., to be held in Montreal on June 20, and of the R.W. Grand Lodge for Quebec to be held in the same city on May 19, were read and received.

The R.W. Deputy Grand Master, Bro. N. Morrison, gave an encouraging report regarding the proposed Provincial Protestant Orphanage. Over $10,000 has been contributed, and Argenteuil County has done very well in this respect.

Orangemen present expressed regret that The Sentinel had curtailed the number of issues a year.

After a supper generously provided by ladies of Louisa, the Royal Scarlet Chapter of the Argenteuil opened under the chairmanship of R.W. Rev. Bro. G. T. Spriggs; about 50 per cent of the officers were in their places. The next meeting will be at Grenville L.O.L. room on June 14 at 8 p.m.

WELL DRILLING

Will drill wells in any kind of rock, to any depth — a two-inch hole for $4.50 per foot.

Check Auto Lights

The Safety League of the Province of Quebec stresses the importance of checking automobile lights to assure that they are properly adjusted.

First, put the lights on, then stand at about 25 feet in front of your car. At that distance, the beam of well-adjusted headlights should be no higher than the waist. Blinding lights are not properly focused.

While checking on your headlights, do not forget the rear lights. Good lighting prevents accidents.

They say a reasonable amount o' fleas is good fer a dog — keeps him from broodin' over bein' a dog, mebbe. — Edward Noyes Westcott

DISTRICT NEWS

Avoca

Mrs. Wm. H. Kelly and family, of Aylmer, spent the week-end at their cottage.

Mr. and Mrs. Cecil McFaul visited friends in Avoca on Sunday last.

Mr. Eastman, of McMaster University, is student pastor for the Baptist churches of Avoca and Rivington for the summer months.

Miss Joyce Bates, of the hospital at Chateauguay, Que., visited her parents on Monday. Other guests were Miss F. MacLeod, of Montreal, and Mr. Evan Bates, Jr., of Labelle.

Mr. Edward Smith, of Labelle, spent Sunday with his parents.

Messrs. Irwin and Grant Arthurs, Cecil and Gordon Young, all left last Wednesday for Kamouraska, where they will work for the summer.

Miss Doris Farrara and a friend, of Ottawa, were guests of Mr. and Mrs. Percy Farrara on Sunday.

Mr. John MacLean, accompanied by his mother, visited in the Gatineau district on Sunday last.

Mrs. M. McTague, accompanied by her two daughters, Margaret (Mrs. Brannan) of Ottawa, and Gladys, of Beauharnois, visited the old homestead here over the week-end.

Mrs. Jos. J. Young is slowly convalescing after her illness, and Miss Frances Provencal has returned home after an operation for appendicitis.

Mrs. A. MacLean and Mrs. P. Farrara entertained the Ladies' Aid on Thursday afternoon last.

Master Everett Arthurs, who is attending school in Hawkesbury, visited his parents over the week-end.

Mrs. Harry Young returned home after spending a few days with her mother, Mrs. J. Young, who has been very ill.

Bell Falls

Mrs. J. John left Saturday to spend a lengthy visit with her sister, Mrs. J. Chalmers, at Smiths Falls, Ont.

Mrs. James Lewis is spending some time visiting with Mrs. J. McMahon.

Miss Helen Campbell spent the week-end at her home here.

Miss Margaret Campbell spent the week-end with friends in Brownsburg.

Mr. Thomas Bennett visited with his parents, Mr. and Mrs. C. Bennett, last week-end.

Church News

The regular morning service will be held in Harrington United Church at the usual hour, 11 o'clock next Sunday.

The Bell Falls Sunday School will meet at 2 p.m.

Mabel

Miss Shirley Heatlie, of McMaster University, Hamilton, Ont., spent last week with her parents, Mr. and Mrs. John Heatlie, before taking up duties at Ottawa for the summer months.

Mr. and Mrs. Donald McDonald and children, of Lachute, spent Sunday with Mr. and Mrs. John Black.

Master Scott Taylor, of Lachute, visited John Clark during the week-end.

Welcome Tendered To New Residents

Several people from here met with the residents of Staynerville on Saturday evening, May 7, at the home of Mr. and Mrs. George Tomalty, who have recently purchased the farm of the late D. A. MacKenzie. The premises are now occupied by Mr. and Mrs. Tomalty and son Jim, also Mr. and Mrs. Charles Tomalty and little daughter Heather. Mr. John Heatlie extended a welcome to the new residents on behalf of those present, and presented them with a gift of money.

THE BOYD — C-I-L TEAM IN OPERATION

Away goes another load of C-I-L products as a "local team makes good." You see ARCHIE GORDON, Boyd's Express driver and FRED BARKER, C-I-L (Plastics) shipper, are part of this local team. We caught Fred signing the shipping bill for Archie — but he insisted on proving that he could sign the bill and look at the camera at the same time. Good work Fred! And talking of good work, Archie tells us that for five years he has been carrying an average of five tons of materials in and out of the plant each day. A good proportion of the total 4,200 tons carried by Boyd's in a year. Yes, that's real co-operation between members of the community — in this case the Boyd C-I-L team. C-I-L products go to all parts of Canada — the Boyd C-I-L team starts them on their way. Teamwork in Lachute and Brownsburg has a direct bearing on local prosperity and on that of Canada as a whole.

ALONG THE FAIRWAYS

Lachute Golf Club
Special Commentary

As though the long, warm winter and the long, cold spring had never been — they are out along the fairways! All bodes well for a fine season in prospect. There was a liberal turnout of enthusiasts over the last week-end, with many a visitor from near and far, here to try out our course. Local shotmakers report mid-season form and scores that will look sharp if they hold over the longer course later on.

• • •

This must be slated as the year of the buggies — and we don't mean the winged variety that finds your eye just as you are lining up that putt. We refer to the species that travel jauntily on two wheels, one golfer-power, toting a bag of clubs, or clubs minus the bag, as you prefer.

• • •

We could remind members that we saw hardy hitters out on the course as early as March 15 this year, so just what date marked our unofficial opening may be the subject of some conjecture. All this notwithstanding, the season opens officially with the Opening Tournament on May 29 (the usual 2-ball mixed foursome event), and one and all are requested to turn in their names to the match committee or clubhouse officials not later than May 25. Tee-off time is two p.m.; the draw will be posted on the bulletin-board and in this paper the week of the tournament.

• • •

Opening Tournament is to be preceded by the Opening Dance, Saturday night, May 28, with Stan Wood's eight-piece orchestra providing the music. Proceeding still further backwards, we come to May 25 when the general meeting for election of officers and committees for 1949 will take place, in the evening at the clubhouse. All members are requested to attend.

• • •

So we come to the beginning of another season of golf at the Lachute Club. There is no reason to believe that it should be other than the biggest and best yet seen in these parts.

Listening-Post in Europe

Things have been humming at the CBC's offices in London ever since the CBC Overseas Unit was established in December, 1939, to cover the activities of Canadian troops in Britain. During and since the war the unit developed into a busy branch office of the CBC, providing Canadian radio with a listening post on Europe and much of the world. In this photograph, Andrew Cowan, the CBC's European representative, is seen with (left to right) secretaries Joan Kimber and Eleanor Swallow and program assistant Daphne Burrows. Frequently heard from, but not seen here, is Matthew Halton, the CBC's European correspondent.

Fans in Good Support at Baseball League Games

In the baseball fixture played at Ste. Therese at 1.30 on Sunday last, Lachute took an early lead of 3-2 in the first inning and held through until the fourth, when Ste. Therese scored two for the locals' one and evened the score at four-all. The Lachute score in this inning was made on a home-run by G. Millette.

Ste. Therese scored two home-runs and went ahead to take the lead 8-4, which they held until the seventh inning, termination of the game.

Ste. Therese appears to have a very strong team for batting purposes.

Runs were scored for Lachute by — G. Millette 2 (home-run), R. Tanguay and M. Paré.

A large number of local fans travelled by autobus, taxi and private car to see the local boys play in Ste. Therese.

St. Jerome Defeated Here

At 4.30 Sunday afternoon Lachute played here, against St. Jerome. G. Brasseur, the first batter for Lachute, hit a home-run on the St. Jerome pitcher's first hurl. Tanguay scored to put Lachute two-up on St. Jerome but the visitors took the lead 3-2 by the end of the third. . .

It was 6-4 for Lachute at the final inning. St. Jerome at this stage were desperate, and called up two pinch-hitters when they had two men on base and two men out. Gervais very cleverly evaded the first hitter by walking him to load the bases, and then forcing the next batter to hit into the infield and be pitched out at first — thus winning the game for Lachute.

Gervais was undoubtedly outstanding in this game.

COUNCIL GOES FROGGY

Moose Jaw, Sask. (CP) — Frog legs as an appetizing delicacy were approved unanimously by the city council recently. Bullfrogs clogging the city's water supply at Sandy Creek were caught, and their legs served with sweetbreads to council at supper at a local golf club.

Craigmyle, Alta. (CP) — A large annex to the Alberta Pool elevator here is being constructed. Capacity of the addition will be 45,000 bushels.

"SALADA" TEA & COFFEE

Outstanding Quality • Delicious Flavour

DP'S FREE NOW TO WORK ON OWN

Winnipeg (CP) — For the first time in their lives, 150 young women here now are ready — and free — to choose their careers or apply for work in any field they wish.

They are displaced persons who, at a Winnipeg ceremony were presented with good conduct certificates from the federal government.

The women—among the earliest arrivals from Europe after the Second World War—were required to remain for a year at the work allocated to them by the department of labor. They received certificates saying they had fulfilled their contracts and now were free to accept any employment.

Colorful Scenes at District Scout-Guide Meet

Boys and Girls from Two Divisions Give Demonstrations of Their Craft

Last Saturday was a high-spot in the lives of many district youngsters belonging to the Scout and Guide movement. The rally held at Lachute Fair Grounds was, for many of them travelling a considerable distance, an all-day outing and an extremely happy occasion. To the organizers, foremost among whom were District Commissioner Chas. L. Duncan and the committee of Laurentian District, with Arnold Waller, S.M., of Brownsburg (chairman) and Bert Giroux, A.S.M., of Lachute (secretary) — the outcome also proved highly gratifying.

Scouts and Cubs were here from St. Eustache-sur-le-Lac, Rosemere and Ste. Rose. Guides and Brownies also attended from St. Eustache-sur-le-Lac, Rosemere, Ste. Rose — besides the local companies, troops and packs from Brownsburg and Lachute, who played a comprehending role as hosts. Thus the assembly, together with their leaders, totalled an imposing number of around 500. The visiting groups came by train and chartered autobus. Leaving their homes early in the forenoon, many of them did not return home until late in the evening — making a long and strenuous day for many of somewhat tender years.

The groups arriving by train were met by the High School band, which accompanied them in parade to the Fair Grounds. During proceedings at the Fair Grounds the band, under the baton of Earl Morrison, also gave valuable and appreciated service.

Tents were set up by the various troops and companies, and the proceedings opened with flag-break at 2 p.m. before the grandstand; here a sizeable crowd of spectators had assembled to view the events and give the children encouragement. The Provincial Field Commissioner, F. C. Hicks, called upon Mr. W. M. Cottingham, M.L.A., and Mayor Leopold Carrière, to address the gathering. Both voiced a cordial welcome on behalf of this town and county; to the visitors they commended the attractions and resources of the countryside; and to the leaders in the Scouting and Guiding activities of this district, they voiced well-merited appreciation.

With the Provincial Field Commissioner on the platform were other Scout and Guide officials — including his successor, John MacGregor, the Two Mountains Division Commissioner of Girl Guides, Mrs. T. E. Pattison; Mrs. Wm. J. Hyde, Provincial Commissioner, Mrs. John Bishop, Montreal Division Commissioner, Miss T. McGillivray, Provincial Trainer, Mrs. C. R. Whitehead, Provincial Secretary, all officials of the Girl Guide movement; Laurentian District Commissioner of Boy Scouts, C. L. Duncan; members of the Laurentian District Council, and others prominent in district activities.

There were many interesting items on the program which was staged before the grandstand. The various groups and their leaders presented novel games, drills and demonstrations, giving a comprehensive idea of the training through which these boys and girls are developing Character. Competitions evidenced a friendly rivalry, and a zeal to excel in every venture, whether in athletics, handicraft or campcraft.

The badge parade was a highlight on the rally program — just as proficiency tests form an important part, and a stimulation to prowess, in the curriculum of Scouting and Guiding. The demonstration brought groups of boys and girls to the fore in tableaus each symbolizing a certain proficiency badge. This feature offered a wide scope for initiative, in which the youngsters and their leaders appeared to enter with enthusiasm; and the results were highly entertaining.

In the presentation of pennants, the groups were rewarded according to their merit in the day's competitions. The presentation of an award of wider importance, was notable in this phase of the proceedings, when Commissioner C. L. Duncan handed to the Brownsburg troop rifle team the Jeffrey Burland Shield, won in small-bore shooting competition open to all troops in the Province of Quebec. Jim Izzard, as captain of the team, accepted the handsome prize; other members of the winning group were Billie Cribb, Bernie Golphin, Joe Izzard, Bruce Mason and Ron Kennedy.

The shield, a beautiful example of the silversmith's art, is offered in competition to Scout teams in any district of Quebec Province for excellence in indoor marksmanship. For years it has been the prized possession of Montreal teams and last year was captured by the St. Cuthbert's Troop. This is the first time the trophy has been won by a team outside Montreal.

Ladies of Lachute Women's Institute opened the lunch room to supply refreshments during the day. Many private cars brought families from a distance, and the grounds presented a gala scene. The troops and spectators finally dispersed . . . and at Lachute station awaiting the eastbound train that night, were many still boisterous youngsters whose spirit was a marvel of youthful endurance.

A word of praise is due the local officials, Scout and Cub Masters, whose efforts were crowned by such success in this their first Rally.

Students Qualify for Degrees at McGill

Successful students from this district noted in the McGill University diploma list, include —

Miss Mildred Jessie Thompson, Lachute, qualifying for the degree of Bachelor of Science.

Miss Lorna Jean Macdonald, B.A., Lachute Mills, degree of Bachelor of Library Science.

Clifton Robt. Morrison, Dunany, degree of Bachelor of Science in Agriculture.

Sidelights at the Scout - Guide Rally

District Commissioner Chas. L. Duncan presents the Jeffrey Burland Shield to Brownsburg Scouts' small-bore rifle team. Left to right — Jim Izzard, Billy Cribb, Bernie Golphin, Joe Izzard, Bruce Mason and Ron Kennedy. Jim and Joe Izzard, twin brothers, both shot 100 score to help win this coveted trophy for the Brownsburg Troop.

Lachute Scout team in the Badge Parade — with accoutrements depicting the Farmer Proficiency Badge. The "animal" is an unco-operative cow which objected to being milked. Attendants represent farm-hands engaged in various chores.

Golf Club Appoints Playing Officers

A meeting of playing members of Lachute Golf Club was held at the clubhouse last evening, with the president, Gilbert E. Ayers, in the chair.

A new slate of Captains was named as follows:

Captain — Hugh Kerr.

Assistant Captains — Philippe Valois, Mozart Carrière, Jack Reade, Ian Gordon, René Coté, Jim Findlayson.

Publicity Committee — Ord Anderson (chairman), with Captains.

House Committee — duties to be taken over by the manager, Roger Gravel.

Pro and Caddie Committee — Jack Archer and assistant pro, Paul Osidak, with Captains.

Entertainment Committee — Bert Rigg (chairman), Ralph FitzGerald; with two ladies, to be appointed at next ladies' meeting.

Open Tournament — August 27-28, to be handled in a manner similar to last year. No "name" golfers have been selected as yet.

Former Townsman Dies in Montreal

The Late Albert F. Aitkin

Many former friends and acquaintances here regret the death of Albert F. Aitkin, who passed away at his home in Montreal last Monday, at the age of 56.

He came to Canada from Newcastle, and for more than 20 years served as master electrician at the J. C. Wilson paper mill in Lachute. He moved to Montreal a few years ago, and had latterly completed a new installation project at Kingsey Falls, Que. During his residence here Mr. Aitkin and his family were active members of the United Church and took part in social and community life.

He is survived by his wife, the former Margaret Cockburn, and two daughters, (Edna) Mrs. Fred Forton and (Margaret) Mrs. Clayton Riddell, also one grandson, Barrie, all of Montreal.

The funeral was held in Montreal this afternoon, Thursday, with interment at Montreal Memorial Park.

The sympathy of many friends is extended to the bereaved family.

Pupils Select Courses

British Headmaster Reports on Curricular Experiment

London (CP) — Every child has talent, says Headmaster Thomas Sevier of Dunraven secondary school, who three years ago started an experiment giving children a wide choice of lessons.

With the exception of English, arithmetic and physical training, which are compulsory, boys and girls take only those for which they have talent.

"Every child has talent of one kind or another", Sevier said, "and we develop those talents to the fullest possible extent, even if it means neglecting some subjects."

Results show that technical drawing is a favorite with boys, while most girls choose weaving. Science and music are firm favorites with both boys and girls. Children suggest subjects to be added to the curriculum. Recent choices were aeronautics, first-aid, astronomy and metal work.

Gun-Toting Youths Held by Police

Advised of the presence of two suspicious-looking youths in town Monday evening — one of whom had been seen transferring a revolver from one pocket to another — Police Chief D. Villeneuve searched in the vicinity indicated, and accosted the pair at the corner of Bethany and Foundry Streets. As he questioned the youths, an onlooker warned the officer that he had seen one of them discard a weapon under the police car. The police chief searched and retrieved a realistic-looking toy cap-gun. He then escorted the pair to headquarters, where a search of their persons produced a German automatic revolver, fully loaded, from the pocket of the other youth.

The pair were identified as Jack Wilson, 18, of Charlottetown, and René Piché, 17, of Montreal.

The case was turned over to Det. Philippe Therriault, and at provincial police headquarters in Montreal it was revealed the German revolver, a Ludger .25, had been stolen in the city. The youths both had past records in a reform school.

Taken to St. Jerome, the pair will appear before the District Magistrate on June 3 — Piché on a charge of vagrancy, and Wilson probably charged with illegal possession of a firearm.

Lachute Y.P.U. Presents Concert at St. Andrews

(Our District Correspondent)

St. Andrews East — On May 18 the people of St. Andrews were privileged to hear a splendid program presented in the Town Hall by the Y.P.U. of Lachute United Church.

The High School Orchestra, which opened the program, won a fine ovation from the audience. The pupils are to be congratulated on having an excellent conductor in Mr. Earl Morrison, a member of the school staff.

Two one-act plays, "He Troupes to Conquer" and "Nobody Home" dealt humorously with familar situations and received enthusiastic response from the audience.

A piano duet by Miss June MacArthur and Miss Jean Lavis, a clarinet solo by Van Pattee, and a vocal solo by Miss Elsie Dorion, were attractive items in the entertainment.

The choral numbers also were very greatly enjoyed, and rounded out a program that reflects much credit on the talented young people and their leaders.

Coroner Called in 3 Sudden Deaths

Three sudden deaths in this county were investigated by Coroner Dr. Jules Lafleur last Friday; the fatalities in all cases were due to natural causes.

Dr. Wm. H. Specht, of New York, a perennial visitor to Laurel (where he shares a camp with professional colleagues and with Mr. Jack Spotz of this community), died suddenly at the camp last Thursday night. He had made one of his seasonal visits to Laurel with his friends, and suffered a heart seizure. He was 64 years of age.

At noon on Friday, Abraham Massie, 68, of Chatboro, was suddenly stricken while seated at the meal table, and died within a short time.

On Friday last at Long Lake, near the settlement of Mille Isles, Mrs. Carolyn Benson, 69, died suddenly in the night; she had been in poor health for some time. A summer visitor to Long Lake for the past 18 years, Mrs. Benson, a resident of Notre Dame de Grace, was well known in the surroundings of her summer home.

Prime Minister To Pay Brief Visit Here Monday

The Rt. Hon. Louis St. Laurent, Prime Minister of Canada, while passing through this constituency next Monday to address a gathering in Hawkesbury, will stop off at Lachute in the late afternoon to meet and speak before the local electorate at the Auditorium.

Mr. St. Laurent heads westward to Ottawa in his speaking campaign, after accepting the Liberal nomination in Quebec East — a nomination held previously only by Sir Wilfrid Laurier and the Rt. Hon Ernest Lapointe.

In the course of his travel the Prime Minister will make scheduled stops on Monday at Ste. Rose (3.15 p.m.) and St. Eustache (3.45 p.m.). According to the arrangements, he will be greeted here at the Auditorium at 4.45 o'clock. The Hawkesbury rally is announced for 7 o'clock the same evening.

TWINS CELEBRATE

Yarmouth, N.S. (CP) — Harry and Will Kirk, one of the oldest sets of twins in Nova Scotia, have celebrated their 75th birthday. Both are married and retired last year after operating a grocery store for 44 years as partners.

No Changes in Arundel Council

(Our District Correspondent)

Arundel — Nominations for the Municipal Council were held here recently. As there were no new nominations, the Council as a whole were re-elected, with Dr. R. B. Henry resuming his office as mayor for the coming term.

Two Mountains P.C. Group Invites Héon as Candidate

LIBERALS MAKE CHOICE THIS AFTERNOON AT STE. SCHOLASTIQUE

The gesture of a Progressive-Conservative group in Two Mountains in inviting Georges H. Héon, K.C., M.P., to be standard-bearer for the party, would now appear to strike a unanimous note among P.C. followers in the newly amalgamated Argenteuil - Two Mountains constituency — for insofar as The Watchman is informed, there has been heard no dissenting voice in this county as regards Mr. Héon's candidature.

Party Conventions

Less certainty is reflected in the Liberal party's choice, which is open to wide speculation as this newspaper goes to press (— but which may be decided by the time it reaches the public). . Several names have received mention, both in this county and in Two Mountains.

The decision will be unofficial in either case until after the party conventions. **The Liberal convention is being held this afternoon (Thursday) at the municipal hall in Ste. Scholastique. The Progressive - Conservative convention is due to be held in Lachute next Thursday, June 2** (according to advice given to The Watchman).

* * *

Meeting at St. Eustache

Montreal —

Headed by Brig. Gen. Jean Paul Sauvé, Quebec Minister of Youth and Social Welfare, and by 10 out of 11 mayors of the district, Two Mountains electors offered the Progressive Conservative candidature to Georges H. Héon, K.C., M.P. for Argenteuil and chief organizer of the P.C. Party in Quebec, at a mass meeting.

Mr. Héon accepted to run in the Two Mountains constituency. A similar offer is to be made by P.C. supporters of the constituency of Argenteuil.

The motion for Mr. Héon's candidature in Two Mountains was adopted unanimously. Mr. Héon was absent but after being reached at his home in Lachute, he proceeded to the rally, where he expressed his gratitude to Mr. Sauvé and others present. He said he was sure that residents of his own riding would be happy to hear of the decision of the P.C.'s of Two Mountains, which has been added to the Argenteuil constituency for the June 27 general Federal elections.

Attacks Income Tax Methods

Discussing the present political setup, Mr. Héon referred to the income tax, which he said had remained in force too long.

He also criticized Liberal Government intervention in securing information on citizens' individual business and financial positions.

"The Government in prying into Canadians' private affairs has even held up the settlement of estates for one year", Mr. Héon said. "Checking and re-checking of bank accounts, personal business, has prevented orphans from collecting estates, money to which they were legally entitled. I know of such cases myself."

After having emphasized that he was in favor of "personal freedom instead of government regimentation as practised by the Liberal regime in recent years", Mr. Héon outlined his program, with particular reference to the farmers of his riding, and said he would support measures which would contribute to the development of agriculture.

In Australian soil conservation, the principle laid down is that no one wilfully, or through ignorance, shall be allowed to use land in such a way as to render it liable to erosion.

Women's Institute Convention Was 29th Annual Argenteuil Gathering

Year's Review Stresses Growing Prestige And Importance in Affairs of Community

Delegates from all ten branches attended the 29th annual convention of Argenteuil County Women's Institutes, which was held in St. Simeon's Church hall on Saturday, May 21. Mrs. Geo. Leggett, county president, presided at both the morning and afternoon sessions.

After the opening Ode and Mary Stewart Collect, the secretary read the minutes and correspondence. The treasurer's report showed a substantial balance on hand. Conveners' reports indicated that a great many worthwhile causes had been supported during the past year — among them being the Y.W.C.A. building campaign, the McGill Fund, Save the Children Fund, Personal Parcels Scheme, Canadian Youth Hostel Association, the soup fund for Lachute High School pupils, and the local Poppy Campaign.

During the discussion on Fair Work, Mrs. Fred Barker, convener, drew special attention to the rules governing the entry of exhibits, namely that any article entered must be made solely by the member entering it, that no article is to be entered a second time, and that the judge's decision is final.

In her presidential address, Mrs. Leggett thanked all members for their co-operation during the first year of her term of office and remarked on the friendliness she had encountered during her visits to the different branches in the county.

Mrs. Geo. McGibbon introduced Miss Joy Guild, W.I. secretary - demonstrator, of Macdonald College, who gave an interesting and lively account of the work done by the staff of the W.I. office at Macdonald.

Following is the slate of officers for 1949-50: Hon.-president, Mrs. N. E. Smillie, Brownsburg; president, Mrs. Geo. Leggett, Lachute; 1st vice-president, Mrs. C. Baugh, Lakefield; 2nd vice-president, Mrs. Gordon Cooke, Arundel; secretary, Mrs. Douglas Clarke, Brownsburg, R.R. 1; treasurer, Mrs. Jack Gorman, Lachute; auditor, Mrs. Ralph McOuat, Lachute.

Conveners are as follows: Agriculture, Mrs. Albert Ogilvie, Lachute, R.R. 1; Health and Welfare, Mrs. Wilbert Sherritt, Lakefield; Education, Mrs. H. Lacken, Morin Heights; National and Int'l Relations, Mrs. Geo. Connelly, Brownsburg; Home Economics, Mrs. Gordon Miller, Lachute, R.R. 3; Publicity Mrs. Albert Ward, Mille Isles; Fair Work, Mrs. Fred Barker, Brownsburg.

After the luncheon, which was held in the dining room of the High School, Mrs. Leggett gave a short outline of the objectives of the W.I. and introduced the guest speakers.

(Continued on page 2)

W. Inst. Meetings In Month of May

Thirty-three members of Brownsburg W.I. attended the May meeting, when Mr. Oliver, of the Central Experimental Farm, Ottawa, was guest speaker. Choosing as his topic "Perennial Flower Gardens", Mr. Oliver illustrated his talk with lantern slides to demonstrate the different varieties of perennials, the location to plant, and the type of soil needed. . . At the business meeting, a personal parcel was sent to England and a letter of thanks read from the recipient of a previous parcel. The following sums were voted — $10 to the Farm Forum for prizes for the School Fair; $5 to the Laurentian Council of Boy Scouts, $5 to the Brownsburg Girl Guides to help send a girl to camp. The W.I. is to buy a flag for the Brownsburg School. Seeds, bulbs and plants were auctioned and $5.10 raised for the funds.

Arundel branch had an attendance of 39 members at their meeting. Two food parcels were packed and sent overseas. Two new members joined the group.

Frontier had as their roll-call "A Bible verse mentioning a flower". The Rev. A. G. Moore, B.D., spoke on "Agriculture in Newfoundland". A "get well" card was sent to a sick member in hospital.

Jerusalem - Bethany members donated $5 to the Boy Scout movement. The roll-call was "What I should like to do to improve by home surroundings". An interesting and instructive paper was read by the convener of Agriculture, Mrs. McGeorge, on "The Perennial Border". The sum of $10 was realized from an auction sale of plants and bulbs at this meeting.

Lachute W.I. gave a magazine to a sick girl and sent another parcel overseas. Mrs. Geo. McGibbon gave an interesting talk on shoes and leather. She also showed a display of useful handicrafts. Several dinners have been catered for the Lions Club.

The roll-call at Lakefield was, "What's new in the news". A paper on "Canned Foods" was read by Mrs. Haddon McDonald. Mr. and Mrs. A. Bothwell were guests at this meeting. Mr. Bothwell gave an instructive talk on "The Highlights of Argenteuil County". Letters of appreciation were read from two members who had been sent fruit and chocolates.

At Mille Isles a letter of appreciation from the recipient of their personal parcels was read. The report of the County Board meeting was heard. The cooking and flower lists for the Fair were discussed. The sum of $5 was donated to the Boy Scout campaign. Members exchanged roots, plants and slips. The roll-call was "My favorite garden flower".

Members of Morin Heights branch made plans to send another personal parcel overseas. A report was heard from the sick committee. A dance was arranged to raise funds for the branch. Money was voted to purchase school prizes in June. Fair work was discussed and members exchanged seeds, slips and bulbs. The roll-call was "Name a vegetable with the initial of your name".

Pioneer branch heard a talk on planting small seeds and seedlings, by Mr. A. Ogilvie. The roll-call was "Name a flower beginning with your initial". Plans were made to piece a quilt. The sum of $5 was voted to the Boy Scout campaign.

Home Economics was the theme of the Upper Lachute and East End meeting. The convener, Mrs. Gavin Walker, introduced Mrs. Geo. McGibbon, who gave a talk on "A Better Understanding". Mrs. McGibbon also showed samples of handicraft from the Pearl Cotton Co. The sum of $10 was subscribed to the Boy Scout Fund, Laurentian District.

16th Edition of High School Annual

The Lachute High School graduation class of 1949 has just published the 16th edition of the "Annual", which is now on sale to the public. The booklet this year has been considerebly enlarged, due to the record number of students in the graduating class, also to the added features and extension of the literary section.

This publication performs an excellent piece of public relations work for the school, for it is a portrayal of the scholastic and extra-curricular activities of the pupils. Lachute High School has developed into an all-round cultural institution, with music, singing, art and a current event club added to the regular scholastic studies. The illustrations in the book convey a story of what the High School means to the community as a whole.

The French section of the year book has been extended in this edition, and articles from various schools under the Argenteuil-Two Mountains Central Board have added interest for readers outside Lachute.

The enlargement of the Annual means greater financial outlay for the students, for they have to pay the bill as well as do the work. Public support is therefore needed in this venture, and it is hoped that every family in Lachute and district will purchase a copy.

Incident at Restaurant In St. Andrews East

(By District Correspondent)

St. Andrews East — Two men presented themselves Sunday afternoon at a local restaurant operated by Gaston Charbonneau, ordered sandwiches and beverage and went away after refusing to pay. The proprietor immediately called the local constable, J. P. St. Denis, who arrived within a few minutes. After quite an exciting chase in a commandeered car he was successful in arresting one of the men, 19 years of age, a resident of Hawkesbury. This man was later released on $35 guarantee and ordered to appear before Justice of the Peace J. E. Dumais at Lachute on Monday, but failed to do so. His guarantee was appropriated.

Constable St. Denis, questioned on the incident, stated that he wishes to be a friend to everyone but that "trouble-makers will very definitely be dealt with".

Gatineau LINES

Amalgamation

From time to time in this column we have mentioned that Gatineau Power Company was formed some 23 years ago by the amalgamation of no less than 25 small, isolated electricity companies each serving a little area of what is now the territory served by Gatineau. It might be interesting to consider what that amalgamation of many little companies almost a quarter century ago has meant to the people who now are the customers of Gatineau Power.

Probably the first thing which springs to mind is the matter of rates. The rates of all the little companies long ago were all different, and all of them were at least twice as high as those now in effect. In some cases, the rates were as much as 10 times as high as they are now.

Another important factor is that of continuity of service. There once was a time when trouble of any kind in a single power plant meant a complete black-out of all the territory served by that power plant. As each company operated separately in its own area, there was little or no linking of transmission lines from one area to another.

Today a network of wires serves all the Gatineau area, and trouble of any kind in one plant does not mean a complete lack of electricity until the trouble is remedied. Now the plants of one area are ready at all times to take up the load from districts far removed in case of local troubles. Even the cut-offs resulting from wire breaks of one kind and another can be localized and shortened by the use of other circuits in the network. Power interruptions have been cut to a very small fraction of what they once were.

Probably the greatest advantage of all in this electrical world, however, comes from a factor which is almost entirely overlooked. It is the fact that each of the old companies operated at a different voltage and a different frequency so that there could be absolutely no inter-changing of equipment. A washing machine, a radio, a water heater, a motor, any of the electrical things we accept as commonplace today, built to operate in a certain locality at a certain voltage and frequency, would have been useless 10 miles away in territory served by another company operating on a different cycle and voltage.

Did You Know ?

Springtime is clean-up time. Clean Up! Paint Up!

Gatineau Power Company

29th Annual Conference Of County Women's Inst.

(Continued from page 1)

Mayor Léopold Carrière welcomed the convention to the town of Lachute and wished the Institute and the executive every success in the coming year. Mr. Cottingham, M.L.A. for Argenteuil, spoke briefly of the work the W.I. is doing in the community and hoped the convention would be a success. Dr. L. Turcotte, of the County Health Unit, told of the progress of the local anti-tuberculosis campaign and urged the W.I. to impress upon the community the idea of the need for yearly chest X-ray examination. Mr. Jas. McGibbon, chairman of the Lachute School Board, spoke of the proposed addition to the High School and hoped that the W.I. would be able to make use of the larger space and better facilities which would then be available. Mr. Alex Bothwell, county agronome, pointed out that although the W.I. was growing, there were still two districts in the county where branches could be formed, and suggested that some effort should be made toward this end. Mr. J. S. Giles, of The Lachute Watchman, recited a short poem, "It is the Human Touch that Counts". Also among the guests were two members of the Brownsburg Cercle des Fermières.

At the afternoon session, Brownsburg branch, under the chairmanship of Mrs. Smillie, took charge of the entertainment program. Mr. Norman Barrington, of Toronto, rendered two solos, "Danny Boy" and "Asleep in the Deep", with Mrs. J. G. Duncan at the organ. A playlet, "The Collect Speaks", was presented by three members. This explained the theme of the Mary Stewart Collect and its application to W.I. work and everyday living. Mr. Duncan addressed the assembly briefly and invited the ladies to hear Mr. Barrington again while he was in the community.

Mrs. Baugh then introduced the guest speaker, Mrs. G. D. Harvey, provincial treasurer, who brought greetings from the provincial president, Mrs. Thompson. She then touched on certain phases of W.I. work, reviewing some of the accomplishments in her department. During the past year members of the Q.W.I. have sent 1,062 personal parcels, valued at $7,500, overseas to 130 recipients. Members were reminded of the 1,000-word essay contest on "A Country Woman's Day", to be sent before September to Mrs. Taylor. The handicraft exhibit at the June Convention is to consist of articles made by members of the handicraft classes under the direction of Miss May Birch. Mrs. Harvey ended her address with an original poem, dedicated to Mrs. Leggett.

It was agreed by the meeting that the county scholarship for 1949-50 be awarded any student from the County of Argenteuil taking the highest percentage from Grade XI entering the teaching profession, regardless of what school they come from or what college they attend.

Suggestions for an expense account for promotion work were put before the meeting by Mrs. Smillie, chairman of this committee. In order to increase county funds, there will be another drawing on a pair of blankets at the Lachute Spring Fair.

Mrs. Baugh read the names of three deceased members, and the assembly stood in silent tribute to their memory.

Mrs. Leggett thanked all retiring officers for their efforts during the past year. She also suggested that a Drama League might be formed among the county Institutes.

Votes of thanks were given for the use of the church hall and the High School dining room, and also to the staff of Lachute Watchman for their work in publishing the publicity reports during the year.

100th Anniversary of Quebec Orange Ass'n Fittingly Celebrated Last Week in Montreal

PROPERTY FOR ORPHANAGE BEING PURCHASED AT ROSEMERE

The Provincial Grand Orange Lodge met in Montreal on May 19-21 under the chairmanship of R.W. Grand Master C. Bradley. There were many distinguished visitors present — among them the M.W. Gr. Master, Bro. H. Small, and M.W. Gr. Secretary, Bro. Loftus Reid.

The officers received new regalia, which added dignity to their official positions.

The Grand Master in his address expressed loyalty to His Majesty the King and rejoiced in his progress to recovery of health. Other matters touched on were — the inclusion of Newfoundland into Canada, and the continuance of Northern Ireland as part of the British Commonwealth.

This being the 100th anniversary of the founding of the Quebec Provincial Grand Orange Lodge, it was an occasion of satisfaction and pride that the Order was establishing an Orange and Protestant Home for needy children.

Strong protest was expressed against the proposal of the Dominion Government to send an Envoy to the Vatican.

The Grand Treasurer's report was received with satisfaction by all present, and he was congratulated on his excellent work.

The Grand Secretary, R.W. Bro. L. W. Janes, who has been in office for 15 years, gave a good report of the progress of the Order, and an increase in membership.

R.W. Bro. W. H. Brady, B.A., gave an illuminating review of the Orange Order in this province over the last 100 years. The picture was very encouraging. It is expected that this history will be published for use of the public.

As to the Orphanage, a property is being purchased at Rosemere and the appeal for funds is still progressing. The expected mortgage, maintainance and furnishings are problems to be faced by the Board, and they ask for the continued generous support of the public.

The election of officers resulted in the following appointments of Argenteuil members: Nelson Morrison re-elected Deputy Grand Master; L. Tomalty elected Grand Lecturer; W. J. Cooper re-elected Auditor; the Rev. G. T. Spriggs re-elected Deputy Grand Chaplain for Argenteuil, also elected Deputy Grand Chaplain for Quebec in the M.W. Grand Lodge of B.A.

During the sessions a service of thanksgiving and dedication was held at which the names of deceased members were read. The Grand Chaplain, R.W. Rev. Bro. R. S. Smith, preached an appropriate sermon on "Christian Affirmations".

On Friday evening a banquet was enjoyed by members of the L.O.L. and L.O.B.A. and friends. The chairman was R.W. Bro. W. H. Brady, B.A., the guest speaker being M.W. Bro. Loftus Reid, Grand Secretary of M.W. Grand Lodge of B.A. Many distinguished visitors were present, among whom were His Worship and Mrs. Cameron, of the City of Westmount, M.W. Hardy Small, Grand Master of B.A., and others.

Act Helps Against Spreading Weeds

In the Regulations under the Dominion Seed Act, dodder, field bindweed, hoary cress, leavy spurge and Russian knapweed are designated as Prohibited Noxious weeds.

Fortunately these weeds are not found in Canada except in very restricted areas, says Arthur Dumais, Associate Chief (Seeds), Plant Products Division, Dominion Department of Agriculture, Ottawa. They constitute such a menace to agriculture that every effort is made to prevent their distribution.

Penalties are provided under the Seeds Act for selling or advertising seed which contains these weed seeds. Any seed which is found to contain prohibited noxious weed seeds is subject to detention and to confiscation, with Ministerial approval, by an Inspector of the Plant Products Division. Any such seed reaching a Canadian Customs Port of Entry is ordered to be deported, or is destroyed.

Today we Live in a Greater Canada

New Names in the NORTH

MARATHON and Red Rock, Terrace and Heron Bay—new names in Ontario's bushland north of Lake Superior all tell the same story: New towns have arisen, old ones expanded. Only five years ago on the site of Marathon, for example, there was nothing but bush; today a new community beside a new pulp mill is contributing millions to Canada's export trade.

Burnt Creek and Knob Lake, Goodwood and Eclipse—new names in "New Quebec" tell of the development of one of the richest, purest deposits of iron ore the world has ever known.

Such spectacular advances in the north are matched by continuing industrial expansion in the older established communities. Throughout Canada today ever-widening avenues of opportunity await the enterprise of young Canadians.

"Canada is a land of opportunity... There is a field for almost anything one can think of, and anyone with a willingness for hard work has a good chance to achieve success", says Donald J. Smith, President of Hornet Industries Limited, Guelph, Ontario.

Hornet Industries Limited, which was founded in 1945, has in this short time achieved remarkable success in the manufacture of chain saws and combustion engines. More than half the production of the plant reaches markets outside Canada. From a staff of only a half dozen men in 1945, Hornet Industries Limited has expanded to three plants in Guelph, employing 296 workers.

One of a series promoted by Molson's to promote a fuller realization by Canadians of Canada's present greatness

"THE MASTER" SHALLOW WELL PRESSURE PUMP

It is estimated that the normal water requirements for the average farm is about 250 gals. per day. The "Master" Shallow Well Pressure Pumping System, with a capacity of 300 gals. per hour, can more than supply the normal requirements, leaving plenty of water available for emergency work.

The Master Shallow Well Pump has been more than ten years in its development, resulting in a compact, sturdy pump that requires the absolute minimum of servicing.

Available in several models to suit every purpose.

A Tribute!

EVERY SPRING presents a striking example of community spirit in this county, with the staging of the annual Lachute Spring Fair. We have commented often upon this highly creditable effort . . .

Last Saturday, however, the local Fair Grounds were the site of another such demonstration — of an entirely different order, however. Among the adult spectators at the District Scout - Guide Rally that day, there can be few who were not impressed by the noble spirit of men and women devoting themselves to the guidance of our youth along the road to citizenship. Let no one say their task is one of unadulterated joy, that their efforts meet no setback or discouragement; if such were the case, boys and girls would not run true to type — and youngsters in the Scout - Guide movement are essentially and typically boys and girls!

There is an obvious love of childhood in the impetus behind these leaders. But there is more — an altruism which begrudges no labor and devotion, that kiddies may grow up in the development of Character and Citizenship.

A speaker from the platform gave brief acknowledgment, last Saturday, to the efforts of our Scout and Guide leaders. But lest there be any doubt in their minds, The Watchman voices here the public's appreciation. To these fine men and women, in the highest terms we express the gratitude and admiration of their fellow citizens.

Parlor Magic

GRADUALLY, and at a leisurely pace, Canadians are beginning to prepare themselves for the age of television.

Not many of us have seen it in action yet, and we aren't all sure that we're in favor of it, but a steady trickle of newspaper and magazine articles keeps us conscious of the fact that television will soon be with us, and that it will probably be here to stay.

From what we hear of developments in the United States and elsewhere, the industry still has plenty of growing pains. Like the airplane, the horseless carriage, the talking picture and countless other benefits of modern civilization, it needs a lot of working over before an acceptable finished product can be produced at a price most people can afford.

Few of us were anxious to own the early gas buggies and planes, and most of us are equally uninterested in serving as full-time guinea pigs in front of viewing-screens until some of the more painful experiments have been surmounted.

According to the best reports, television now can turn out a good view of a prize fight or baseball game, can tickle the youngsters with puppet shows and give a good newsreel-type account of presidential inaugurations, United Nations meetings and similar history-making events. But its day-to-day output hasn't roused much enthusiasm.

Most of us would be glad to take in a few performances at the home of friends, but they don't carry enough selling power to make us want to install a set in our own living rooms.

People like ourselves are the despair of future-minded technicians who need our encouragement to put television across. We're stick-in-the-muds, they say, who can't see the wonderful things they are ready to give us if only we'll give them a little encouragement.

They're probably right. Ford, the Wright brothers and Marconi would have known just how they feel. They had to fight the same sort of public reaction to make their products succeed.

But that's the penalty they pay for being men of the future, living in the present. It probably won't be long before the future catches up with us, and we'll be properly grateful for their efforts.

In the meantime, they'll just have to go back to their laboratories and keep plugging. We're not quite ready for them yet.

Enjoy the Picnic

IT'S TIME for a reminder about poison ivy. Many a day's outing has been spoiled by coming in contact with this plant.

The best preventative measure is to learn to recognize poison ivy and not to picnic or sit near it. Although it generally grows as a trailing vine, or as a number of separate plants forming patches of varying thickness and size, it may climb a tree or telegraph pole for a considerable height.

Its leaves are arranged alternately on the woody stem with each leaf bearing three leaflets, which may vary in size, shape, color or outline, but will always be in threes. Clusters of greenish-yellow fruits about the size of peas develop on poison ivy in some locations and these fruits generally turn white. Poison ivy is the only common plant in Canada having trifoliate leaves and white fruit.

The rash which can prove so distressing to many people is caused by coming into contact with the non-volatile, sticky substance which is on the plant. This substance may remain active on gloves, tools, shoes and picnic baskets for months. Dogs, cats, or even smoke from burning ivy can transmit the substance.

Agricultural Education

THIS WEEK The Ottawa Farm Journal extends congratulations to the many young farm people now finishing their formal education at the various agricultural colleges and schools. . . . "We say 'formal' education", adds The Journal, "for in most cases the real process of education has just commenced for them; what they learned in school and college was simply a foundation, a background.

"There is an old-fashioned idea, still held by many, that too much education ruins a man or woman for real farm life, in fact for anything except a desk or white-collar job. That is already being disproved so often that it is hardly worthy of comment. Too many of our best farms, too many good herds and too much fine work for the benefit of farmers, is being done today by college and school trained agriculturists for that old idea to hold water."

"The More You Put In . . "

By M. V. Trayers

There was a slogan in use by barkers at fairs and carnivals, in the distant past (when I was attending such functions), which was used to attract customers to the table. It went something like this: "The fair old game of 'placing the buck'—the more you put down the more you take up". Of course the players were wont to paraphrase the rhyme to more correctly describe the result, with "The more you put down the less you take up".

I never thought of applying this doubtful maxim to the business of providing speckled trout, or indeed any fish, for the relaxation of our enthusiastic nimrods, until I received a neatly packaged bulletin of "Biological Notes" from the Quebec Fish and Game Department. Evidently the biologists found the paraphrase of the couplet more correct than the original, as they also found that the more you put down, the less you take up, within certain limitations.

Biology is the science of life — for that reason it is concerned with fish, but also it is the study of plant and animal organisms. No one ever believed that, in planting a given area of potatoes, let us say — that the more seed one planted in each hill, the more potatoes one dug out. Of course not; it would be foolish to expect that by crowding seed potatoes into the hills or rows, a bumper crop would overflow into the bags. Anyone expecting such a result should have his head examined. Yet that is the very thing our sportsmen have been doing with fish. How often have we heard some lake owner who had a private lake in the Laurentians say he had stocked his little pond with thousands upon thousands of young fish, and in the course of a little time he expected all he would have to do would be to drop a bait anywhere in the little lake and a big speckled trout would eagerly transport his cramped body to the angler's net. When this delightful result failed to materialize, the excuse which was offered was the pike or some other cannibalistic specimen had somehow gotten into the private lake and had speckled trout for dinner.

Now it has been discovered, or perhaps put beyond the realm of doubt, that fish are a crop just like potatoes. That like potatoes you can't sow fish just where you feel they would be most convenient. That like potatoes too, you must have water of certain fertility and certain suitable soil properties to suit the kind of fish you "sow". To continue the analogy a little further, certain species of "weed" fish grow faster than the more choice species, and like the weeds too, they choke the better species and retard their productivity.

Fish only live about five years, a pair of them produce about 4,000 eggs, so therefore it is more important to provide the correct conditions for life rather than an over-abundance of it. A body of water can only provide sustenance for a specified number anyway, so no matter how many one puts in, only a specified number can survive. . . When you plant fish, remember — potatoes.

Freedom of speech is a privilege we appreciate, but one wonders to what extent it should be permitted when its abuse attempts to tear down and destroy the very structure of our way of life.

— Elmwood (Man.) Herald

More than one municipality has had to reduce the amount it will spend on general local services in 1949 so that it can meet the greater bill for education without raising its tax rate.

THOMPSON — In loving memory of a dear mother, Mrs. Daniel Thompson, who passed away May 30, 1936. "Always in our thoughts". — The Family.

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Avoca

Mr. and Mrs. E. H. Swift, of Guelph, Ont., visited the latter's sister, Mrs. Karr, on Tuesday.

Mrs. MacPhee accompanied her daughter, Mrs. Wm. H. Kelly, to Aylmer on Sunday last.

Mrs. Neil McCallum, accompanied by her son, Dr. Lester McCallum, spent the week-end at their home here. Dr. McCallum has received his diploma in Internal Medicine from McGill University. His friends extend congratulations.

Mr. and Mrs. Allan MacPhee were guests of Miss Marian Slater at Lachute on May 24.

The Rev. S. J. Pike conducted service in the Church of St. Andrew last Sunday and the Rev. Harwood Jones conducted service at the home of Mrs. Karr.

Mr. and Mrs. Percy Farrara attended the funeral of the former's aunt in Calumet on Tuesday.

The sympathy of this community is extended to the brothers and sisters of the late Mrs. Robert Kelly.

OBITUARY

Friends and Neighbors Mourn Stalwart Resident Of Farm Community

The Late George Murdoch

After a brief illness, George D. Murdoch passed away Tuesday morning, at the age of 71 years, after having spent his entire lifetime in the home where he was born, at Mount Maple.

A son of the late Geo. Murdoch and his wife Betsy Marshall, his life had been devoted to farming, in which he took a keen interest till a few days prior to his death, when he was stricken with illness. A faithful member of the Dalesville Baptist Church for many years, he will be greatly missed in church life, in the farming community, and on the local school board, of which he was for many years a member. A kindly neighbor, a devoted husband and father, his loss will be keenly felt by all who knew him.

Married in 1906 to Catherine McKenzie, six children were born of their union — two having predeceased him, Nettie, at the age of five, and William, who was "killed in action" in 1943.

Those left to mourn his loss, besides his loving wife, are Florence (Mrs. T. McCullough), of Montreal; Clinton, at home; Margaret (Mrs. Geo. Hicks), of Dalesville; Catherine (Mrs. Alvin Connely), of Brownsburg. There remain also four sisters and two brothers — Jean (Mrs. J. Wood), of Franklin, Man.; Margaret (Mrs. D. McDougal), of Lachute; James and Archie, of Lachute, Amy (Mrs. V. Morrison), of Montreal; Edith (Mrs. W. G. Heatlie), of Lachute.

The funeral was held this afternoon, Thursday, at the Dalesville Baptist Church; service was conducted by the Rev. J. R. Armstrong, of Montreal, assisted by the Rev. W. H. Britton, of Lachute.

Pall-bearers, all nephews of the deceased, were Geo. McDougal, John McKenzie, Theodore and Stanley Murdoch, Douglas and Basil Clarke. Burial took place in the Dalesville Cemetery.

Cushing West

Mr. and Mrs. Franklyn Keatley, of Arnprior, with their little son and daughter, were visitors at the home of Mr. Keatley's mother, Mrs. W. Usher, on Sunday.

Mrs. Usher had also as guests over the week-end Mrs. Macrone and daughter, Miss Dorothy Macrone, of Montreal.

Miss Olive Hartley, and her aunt, Mrs. C. Armstrong, were here over the week-end.

Mr. Leslie Cooke, of Ottawa, was a guest on Sunday of Mr. and Mrs. Russell Owens.

Mr. Russell Owens, Jr., of Vercheres, Que., spent the week-end with his parents here.

Grenville Consolidated School News

By Martha Richardson

Sickness, in the form of Red Measles, is playing havoc with the school attendance; Monday found only 65 per cent attendance. The lower grades are especially hard hit. Mrs. Vanstone's classes are having an extended holiday, due to her classroom being closed.

* * *

Miss Ann Richardson, and Milton Dumoulin, recently underwent operations. It is hoped that they will make speedy progress towards recovery.

* * *

Extra-curricular activities have been shelved almost completely now in favor of the last concentrated effort before the finals. The final examinations commence June 16, and last more than a week. Some of the more industrious children will not have to write in June. They, of course, have not been told; they will receive the good news the day before the examinations begin.

* * *

The pupils and staff are grateful to Mrs. Buhl for her work and assistance in redecorating the teachers' room.

* * *

There is to be a dance in the school at an early date in June. This event, like the others sponsored by the pupils and staff, will be for the purpose of raising funds for playground equipment. The dance will be mentioned again in this column at a later date, and also advertised in this newspaper.

Harrington

Mrs. R. Swail spent part of last week visiting in Montreal.

Mr. Raymond Madden and the Misses Mabel and Eleanor Fox motored to Three Rivers recently to visit Mr. and Mrs. Ernest MacRae and Miss Susan Fox.

Guests at the home of Mr. and Mrs. George Bennett for the holiday week-end were — Mrs. F. Trineer and Bonnie, Miss M. Shaw, of Montreal, Mr. Burt MacGregor and son Charles, of Ottawa.

Miss Lois Bennett and a girl friend spent the holiday with Mr. and Mrs. H. Bennett.

The Missionary Society meeting is being held Wednesday of this week at the home of Mrs. C. Bennett.

Mrs. V. McVicar visited in Montreal last week.

Mr. and Mrs. Alvin Campbell have taken up residence in Lachute where they have purchased a farm. They will be missed in this community.

Calumet

Those attending the 100th anniversary session and banquet of the Provincial Grand Orange Lodge of Quebec, on Friday and Saturday last, were — Miss Dora Trineer, Misses Burald and Doria Dumoulin. The assembly was held in Victoria Hall, Westmount, and over 200 persons were present.

Sunday guests at the home of Mr. and Mrs. W. Fox were Mr. and Mrs. John Kennedy, Mrs. Charles Kennedy, Mr. Dave Kennedy, all of Brownsburg, and Mr. and Mrs. Gordon Kennedy, of Brockville, Ont.

Miss Elsie Graham, of Montreal, spent the week-end with Mr. and Mrs. G. B. Murphy.

Mr. and Mrs. P. Patterson and small son Bobby, of Harrisburg, Penn., visited Mr. and Mrs. H. Druce this week.

Mr. and Mrs. T. H. Foreman and little daughter, Diane, attended the Irving-Benoit wedding, which took place in St. Lambert on Saturday.

Miss Jessie Fox and Master Roy MacRae spent the week-end in Three Rivers, where they were the guests of Mr. and Mrs. Ernest MacRae.

Congratulations are extended to Mr. and Mrs. Gerald Young (the former Miss Marion MacLeod, of Kilmar), whose marriage took place recently.

Sunday guests at the home of Mr. and Mrs. H. Druce were Mr. and Mrs. J. Druce and Miss Pearl Williams, of Hawkesbury, Mr. and Mrs. Grant Robinson, of Montreal.

A number of ladies from here attended the W.A. tea held on Wednesday afternoon at the home of Mrs. J. Bennett in Grenville.

St. Andrews East

Mrs. Say, Mrs. Windsor and Mrs. MacCallum have returned from Montreal to spend the summer here.

Mrs. J. Macaskill, of Ramsayville, Ont., spent a few days with friends here.

Mrs. Wallace returned to Montreal Friday morning after spending two weeks at "Sunnybank".

Mr. Billy Calder spent the week-end at 16 Island Lake.

Mr. and Mrs. J. Muller have returned from their wedding trip and are occupying the house formerly owned by the late Rev. T. Ball.

Mrs. W. MacMillan returned Saturday from a stay in the Providence Hospital, Lachute, and is now the guest of Mrs. Jas. Burwash.

Mr. Keith Pitcairn was the guest of his mother for the holiday.

Our congratulations to Mr. Jack Jeffrey, whose marriage to Miss Elvira Joyce Roberts, of Sault Ste. Marie, takes place June 4 in Toronto.

Miss Elizabeth Wales, of Montreal, and Miss Evelyn Wales, R.N., of Verdun, spent the holiday as guests of the Misses Wales.

Mr. and Mrs. Ross Springer and children, of Montreal, were here to open their cottage on Sunday. They will return after school closes.

Although his is the only mechanical method, man has flown faster than the other known fliers — the ancient flying reptiles, birds, bats and insects.

Married at St. Andrews Presbyterian Church

Noble - O'Brien

The marriage of Welma Catherine, eldest daughter of Mr. and Mrs. Davis O'Brien, of Carillon, Que., to Mr. Melvin Thomas Noble, eldest son of Mr. and Mrs. Richard Noble, of Lachute, took place on Saturday, May 14, at 7 p.m. in St. Andrews East Presbyterian Church. The Rev. Dr. Wm. McMillan officiated.

Mr. Dismond Houghton played the wedding music while Mr. Ian Gilbert sang "Oh Perfect Love" during the signing of the register. The church was beautifully decorated with spring flowers.

The bride, given in marriage by her father, wore a gown of white satin with scalloped yoke and Peter Pan collar, fitted bodice and long sleeves ending in points. The full, flared skirt had accented fullness at the hips, her finger-tip lace-bordered veil was held in place with a beaded coronet, and she carried a cascade bouquet of red roses. Her only ornament was a three-strand necklet of pearls, the gift of the groom.

Miss Eileen O'Brien, the bride's sister, as maid of honor, wore a floor-length gown of sky blue taffeta, with a bouffant skirt, fitted bodice and bertha collar. She wore a shoulder-length veil and carried pink roses.

Mrs. O'Brien, mother of the bride, wore a street-length gown of willow grey jersey with navy blue accessories, and a corsage of red roses.

Mrs. Noble, mother of the groom, wore a street-length gown of robin's egg blue with black accessories, and a corsage of red roses.

The ushers were Messrs. Elmer Gauley, Cyril Ward and M. Bradshaw.

A reception followed the ceremony, at McArthur's Hall in Lachute. Mr. and Mrs. Noble then left on a short motor trip to Ottawa. The bride wore for travelling a grey gabardine suit with black accessories and a shoulder spray of pink roses. The happy couple are making their home in Lachute.

Plan to Train More Teachers

Britain Expects School Population to Increase by 1,000,000 by 1953

London (CP) — Plans are being made to train nearly 60,000 women teachers in Britain by the end of 1953.

A ministry of education spokesman said the object is to ensure enough teachers for the 1,000,000 extra children expected in British schools during the period and to reduce the size of classes. At present London schools are seriously overcrowded.

This year about 7,400 young women will be admitted to permanent training colleges — 1,200 more than last year.

Essex county, which employs about 7,000 full-time teachers and expects this number to reach 10,000, is to play a big part in training women.

A permanent training college now being started at Clacton, Essex, will accommodate between 180 and 200 teachers, and the ministry will, in due course, review their original intention of establishing a new training college in or near Colchester, Essex.

DO YOU KNOW about TRAVEL RATION REGULATIONS?

It saves time and trouble when you familiarize yourself with the regulations regarding travel to the United States before you set out on your trip. Here are the facts:

1. The allowance for pleasure travel during the current ration period of November 16th, 1948, to November 15th, 1949, is $150 U.S. per person ($100 in the case of children under 11 years old).
2. A Form H permit, obtainable at any bank, is required to take out of Canada amounts exceeding $10 U.S. or $25 U.S. and Canadian funds.
3. Special allowances are granted for strictly business travel where your application is certified by your employer.
4. Applications for larger amounts of U.S. funds for travel for health or educational purposes may be made on special forms obtainable at your bank.

Clean-Up Campaign, May 16-28

What Constitutes A Beautiful Community?

What is a beautiful community? The 1949 National Beautification Campaign slogan is "Beautify Canada by Beautifying Your Community", yet how many of us ever stop to consider just what the words "beautiful community" really signify?

Generally speaking, a community takes in a group of homes and the organizations and agencies required to serve the families living in those homes. Thus we have a school, a recreational centre, possibly a theatre, and a shopping centre. Under ideal circumstances, in a progressive, forward-looking municipality, such a community is planned to give the utmost pleasure and be of the maximum efficiency to the residents. Architecture may vary as to line and form, but there will be a conformity as to style. Houses are spaced to give plenty of freedom. Building lots are not of uniform size and shape, thus lending a variety which is pleasing to the eye and permitting of imaginative landscaping and the introduction of distinctive gardening features in individual dwellings. A planned community of this type, while it would seem to be an idealistic dream, is an actual fact. It is beginning to replace the short-term thinking of yester-year which produced the slums of today. It is a progressive step which cannot help but produce a beautiful community.

Still, it is not the good fortune of the majority to live in such communities, but with the "ideal" as a yardstick perhaps we can promote improvements in our own communities which will make them better, happier, more efficient places in which to live.

The heart of a community would seem to be the shopping centre. It is the responsibility of the local merchants to make it as pleasing a district as possible. New store fronts may be too costly to consider, but a little paint can do much to improve the outward appearance. Inwardly, a store can be as streamlined as tomorrow, as pleasing and convenient a place to shop as the proprietor desires. Careful attention to display materials, and avoidance of overcrowding on shelves and in showcases will do much to step up visual appeal and improve appearance. Lighting is an important feature of the modern store that should not be overlooked. And courtesy, which is one of the greatest attributes a merchant has at his command, costs nothing at all.

The streets in the shopping district should be kept neat and tidy, and if possible the merchants should attempt to develop a parking-lot system. Not only will this last help to keep the streets neater, but it will also encourage business.

And going down the streets to the homes in the community, we come to the householder. His responsibility to himself, his neighbors and the community, rests in improving the appearance of his home, his front and back garden, and his fences. No one else will do it for him—it is the individual effort towards the good of the community (multiplied many times) which brings results. The yearly Beautification Campaign can lend an impetus at this season of the year, but to keep a community in a good state of repair is a year 'round job, resting not on the shoulders of any one person, but on the collective shoulders of the group.

BUSY SPOT

Cranberry Portage, Man. (CP) — This town, looking forward excitedly to a tourist boom since the extension of No. 10 highway from The Pas, may also be the centre of a new mining boom. No fewer than five exploratory programs are under way on Lake Athapauskow, in this district.

LOCAL MECCA

Melita, Man. (CP) — Drilling started recently on the first of seven test wells in the Lyleton-Melita district as the big rig was spudded on the farm of Gordon White. Though road conditions to the site of the well are not good, plenty of local spectators are turning out.

TENDERS FOR COAL AND COKE
Federal Buildings--Prov. of Quebec

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Coal, Province of Quebec" will be received until 3 p.m. (E.D.S.T.), Wednesday, June 8, 1949, for the supply of coal and coke for the Dominion Buildings in the Province of Quebec, EXCEPT MONTREAL, P.Q.

Forms of tender with specifications and conditions attached can be obtained from the Chief Purchasing Agent, Department of Public Works, Ottawa; from Mr. Roland Simard, Supervising Architect, 150 St. Paul St. West, Montreal; and from Mr. J. A. Drolet, Architect, Public Works Department, Customs Building, Quebec, P.Q.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. Coal dealers' licence numbers must be given when tendering.

The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honorable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds, and a certified cheque, if required to make up an odd amount.

By order.

J. M. SOMERVILLE,
Secretary.

Department of Public Works,
Ottawa, May 18, 1949. M26-2c

INSPECT IT . . . DRIVE IT . . . YOU'LL AGREE . . .

THE NEW DODGE IS "THE FINEST IN 35 YEARS"

OVER the past 35 years Dodge owners have relied upon Dodge for outstanding style, performance and economy . . . with famous Dodge Dependability. This year the new Dodge has been engineered with a new, truly modern style and beauty *plus* design and mechanical improvements which make it the finest Dodge ever built.

Drive the new Dodge and you'll quickly appreciate the many improvements. There's more head, leg and elbow room . . . better visibility . . . greater comfort. The famous Dodge Floating Ride is quieter and more restful because of heavier insulation, softer rubber body mountings, improved springing, new "sea-leg" shock absorbers. The powerful L-Head engine features such "extra" economy items as an efficient oil filter, floating oil intake, full-pressure lubrication, four rings per piston, automatic choke, as standard equipment.

Inspect the new Dodge to-day at your Dodge-DeSoto dealer's. When you have driven it you will agree that it is "the finest in 35 years" . . . and you'll want to own one.

Performance—The powerful Dodge L-Head engine has fewer moving parts to wear—is easier to adjust and keep in adjustment. Its amazing smoothness originates with the unique 3-point Floating Power engine suspension.

Roomy Comfort—The famous Dodge Floating Ride is smoother than ever. New longer wheelbases further improve the Dodge "cradled - between - the - axles" ride—allow ample head and leg room front and rear.

Smooth Riding—New "sea-leg" shock absorbers, which reduce sideway, combine with softer rubber body mountings, improved springing and heavier insulation to provide a smooth, quiet ride.

DANGEROUS TURN-UP

Port Colborne, Ont. (CP) — Ten sticks of dynamite were unearthed during excavation for hospital foundations here. Thought to have been buried for many years, enough dynamite was in good condition to have caused an explosion which would have rocked the lake-front section of the town.

To Speed European Economic Recovery

This gleaming, electric powered train has been added to the war-damaged transportation system of the Netherlands as the result of a loan from the International Bank for Reconstruction and Development, a Specialized Agency of the United Nations. The Bank has been concentrating its loans on long-term projects, which will contribute to over-all economic development.

CHEERING 'EM ON

Sherridon, Man. (CP) — The citizens committee of the Boy Scouts of Sherridon is encouraging local Scouts to work hard to win first class badges. The committee hopes to send six Scouts to the first Dominion Boy Scout Jamboree in Ontario this summer.

Chinese Sisters Open Linen Shop

Realize Dream With Little Salon In Montreal's Exclusive District

Montreal (CP) —For three sisters who share the business, it's their life dream; for the happy shopper the store — called Mei Lan — is the ideal place to purchase hand-embroidered silk lingerie, linen goods by Chinese artisans and scores of other items from the Far East.

The sisters, Margaret, Dorothy and Laura, daughters of Mr. and Mrs. Gordon Yuen, run their little salon whose name is symbolic of plum blossoms, orchids and favorite flowers of China, in modern and oriental fashion.

It's a far cry from chemistry to her present venture, says Margaret who graduated in science at McGill University in 1944. But it's the realization of something the three of them had dreamed of for years.

She married and went to China with her husband. From there Margaret sent her sisters souvenirs. As their collection grew the idea of opening a salon was born. When Margaret and her husband were evacuated to Canada by Canadian Government in December, 1948, she found they had made great headway. Shortly afterwards they opened shop.

Situated in Montreal's exclusive shopping district, the shop has two seats covered in moss green and one in chartreuse offsetting a glass-enclosed aquarium with Chinese goldfish and pagodas.

Backing it is a camphor wood chest inlaid with soapstone. A real piece of art is a liquor cabinet, completely hand-carved with hidden compartments for glasses.

DRY, BUT NOT DRIEST

Regina (CP) — Even through a month spotted with hot weather, and frequent dust storms, Regina did not have the driest April on record. April 1949 was the seventh driest on record, when total rainfall was .19 inches. In April 1931 rainfall was .03 inches.

NEW POLICE RADIO

Guelph, Ont. (CP) — A new radio communication system for the local police department went into operation here recently. It substitutes for equipment that would have cost more to repair than to replace.

ENLARGE OFFICES

Victoria, B.C. (CP) — Tenders for a new $2,000,000 government building, across the street from the legislative buildings, will be called shortly, Works Minister E. C. Carson has announced.

PROVINCIAL RESEARCH

Halifax (CP) — Investigations in the fields of mining, seaweed, forestry, agriculture and fisheries are to be undertaken this summer by 40 young Nova Scotia scientists, working under the provincial Research Foundation. Specific projects include coal combustion studies and surveys of seaweed resources.

GLORIA SWANSON NOW GRANDMOTHER STILL GLAMOROUS

Has Own Television Show in New York; Is Slated for Early Film

By GENE HANDSAKER

Hollywood (AP) — Gloria Swanson is gonna hate me. I told her her age probably would go well down in the story. Now I find, through a little research, that she has just celebrated her 50th birthday.

That fact belongs right up here at the start because, despite it, the movies' first glamor queen is still pretty glamorous.

She's a grandmother, but as alert as Olga San Juan. Her legs — at least as much as I could take sedate journalistic note of as she curled up in an easy chair — are in a class with Grable's.

Nope, Grandma Gloria Swanson isn't on any shelf. She's back here from New York City, where she lives and has her own television show, to do a movie. "Sunset Boulevard" will be about an early day film siren (like Gloria herself) now living in seclusion (not like Gloria).

I wondered out loud, as we settled down over coffee in her hotel suite, how a woman at the half century mark retains a considerable hunk of glamor.

"I wonder whether you mean 'glamor' or 'youth'" Gloria wondered. "It's not being bored. There are so many things to do. Look at my nose — I've got a curiosity about everything."

The nose turns up, a little. The chin is firm. The eyes are blue, the teeth and smile beautiful. Her lips and nails are neatly reddened. Her bob is graying and wavy — the latest thing from paris.

Gloria's History

"I had so little education", Gloria said. Chicago-born, an army captain's daughter, she attended 16 grammar schools. She lived on army posts, including Key West, Fla., and San Juan, Puerto Rico. At eight she sang Sunday school solos in a mature soprano. Her ambition was to be an opera star.

She was 14 years old, and had had only a half year of high school, when she visited the old Essanay movie studio in Chicago with her aunt. "Oh, doesn't this look exciting!" she cried then. "I'd like to do it."

Gloria says now: "They just grabbed me." Stage actors scorned the infant movies, and flicker players were hard to find. At 16 she came to Hollywood.

But (disappointedly): "I never made an epic, a 'Gone With the Wind'. I made program pictures. I was acclaimed more as a personality than as an actress." She has a still burning ambition: "I want the satisfaction of doing a heck of a job as an actress."

The old-time pictures included "Zaza", "The Humming Bird", "Bluebeard's Eighth Wife", and a couple called "Don't Change Your Husband" and "Why Change Your Wife?"

Gloria has parted from five husbands. Will she marry again? She shrugged. "If I say 'no', it's bound to happen. I am definitely superstitious."

Her hobby is sculpturing — "I get a kick out of creating something".

A rabbit is scared for good reason; it is the most hunted animal on the continent.

Oil in the *driving gears*

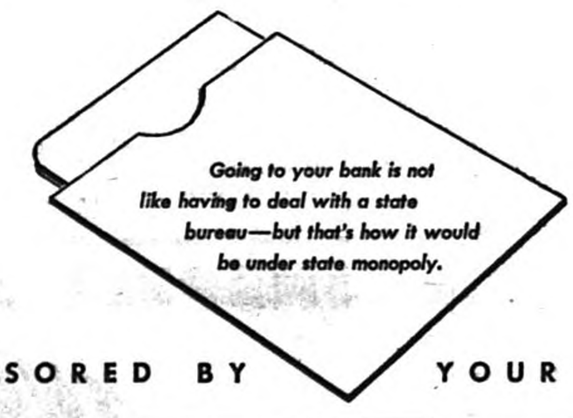

BANK CREDIT oils the driving gears of production, industry and commerce. It helps to produce the goods and provide the services and jobs which mark the Canadian way of life.

"Money in the bank" is the foundation of credit. You and some seven million other depositors have nearly *seven billion dollars* in the chartered banks.

To pay for work done, goods produced, bought and sold, Canadians issue — every month — upwards of six billion dollars in cheques.

Cashing these cheques, making loans, discounting notes — in many different ways your bank keeps money and credit moving through all the channels of trade and opportunity . . . like oil in the machinery.

This whole vast, private, *competitive, efficient* process is made possible by your "money in the bank" — and by the experience and skill and integrity of the men and women on Canadian bank staffs.

GOOD CITIZENSHIP
is a lot of little things

HEED THE SIGNS

Warning signs are put up for a purpose . . . to protect us from danger . . . to ward off damage . . . to save us from inconvenience. There are many sound reasons for such sentinels and we should never under-rate the importance of their messages. To disregard a printed caution is to invite at best trouble and at worst tragedy! Follow the signs for safety's sake and urge others to do so. It's a rule of "Good Citizenship"!

You can help this public service effort. Make a note of some of the little things which, in your opinion, contribute to Good Citizenship.

You are welcome at every service.
PENTECOSTAL ASSEMBLIES OF CANADA

New Electric Organ Dedicated at Arundel

(Our District Correspondent)

Arundel — On Sunday morning, May 22, Arundel United Church members witnessed the dedication of the new electric organ that has recently been installed. The organ was dedicated "To the Glory of God".

The first hymn was played on the old organ, then the dedication was conducted by the Rev. Mr. C. Cushing, of Montreal. — Mrs. Melvin Graham, organist, taking her place at the new organ for the first time. After the dedication was completed, the Gloria was sung. The routine service was then resumed, the anthem for the occasion being "God so loved the World" (Stainer). The visiting minister delivered the sermon, after which the sacrament of the Lord's Supper was observed.

The church was filled to capacity for the occasion, and it was felt that the new organ had filled a wish long entertained by the church members.

Missionary Conference in Lachute Baptist Church

Rev. Harold K. Germaine

The Rev. Harold K. Germaine, deputation secretary of the Sudan Interior Mission, which serves in French West Africa, Nigeria, Anglo Egyptian Sudan and Ethiopia, will conduct a six-day World Missions Conference in Lachute Baptist Church, beginning Saturday night, May 28, and continuing till Friday, June 3.

There will be an open session of the Bible School on Sunday morning, at 10 o'clock, when Mr. Germaine will give a special "flannelgraph" talk to the children. The sermon subject of the morning service will be "I'm Lost", and the evening subject, "Why I Am A Missionary".

Each week night colored films from Africa will be shown, the latest from the field — two films each night, on Monday, "Satanic Slaves" and "Bondage of Corruption"; Tuesday, "Broken Bodies" and "Leprosy"; Wednesday, "As Lambs to the Slaughter" and "That They May Know"; Thursday, "Islam Bows" and "Coptic Crosses"; Friday, "Liberty to Captives" and "With the Conquering Christ."

These films will be followed by a brief message by Mr. Germaine, who spent many years of missionary service in Africa. Miss Wright, a missionary candidate for Africa, will also be present and take part in these services. Many African curios will be on display.

Everyone is cordially invited to share in these services with a world missionary challenge. Week-night services will be held at 8 o'clock.

Snatched from the nursery, as it were, and dipped in the romantic tropical sea, pink shirts for men are being referred to as "coral".

Former Lachute Girl Married at Lachine

Ullathorne - MacVicar

The marriage of Frances Shirley, daughter of Mr. and Mrs. A. N. MacVicar, of Lachine, Que., (formerly of Lachute), to Mr. Ross Royston Ullathorne, son of Mr. and Mrs. F. H. Ullathorne, of St. Lamberts, Que., took place in St. Andrew's Presbyterian Church, Lachine, on Saturday, May 14. The Rev. R. T. Moores officiated and Miss Norma Donald played the organ. Pink and white snapdragons, sweet peas and gladioli composed the decorations.

Given in marriage by her father, the bride wore a blue crepe street-length dress with matching hat and gloves, and a corsage of pink roses and lily-of-the-valley.

Mrs. Arthur Kidney, of St. Johns, Que., sister of the bride, was matron of honor, gowned in grey blue crepe with navy accessories and wearing a corsage of Talisman roses.

Mr. Allan Percival, of St. Lamberts, acted as best man.

Following the ceremony a small reception was held at the bride's home, after which Mr. and Mrs. Ullathorne left for Gray Rocks Inn, St. Jovite, Que., the bride wearing a green gabardine suit, a white straw hat with green ribbon trimming, and brown accessories. They will reside in St. Lamberts, Que.

DISTRICT NEWS

Bell Falls

Mr. James Dorion, of Brownsburg, Miss Helen Campbell, of Montreal, and Miss Ella Campbell, of Lachute, were week-end guests of Mr. and Mrs. G. Campbell.

Miss Mary Bennett, of Macdonald College, spent the week-end at her home here.

Mr. W. Webb, of Montreal, spent the week-end at his cottage here.

Friends are glad to hear that Mr. Adam Page has returned home after his operation.

Mrs. Mary Betts, with her son Malcolm and daughter Lois, of Montreal, spent the week-end and holiday at their summer camp here.

Guests of Mr. and Mrs. Joseph Page during the week-end were Miss Marjorie Bell, of Montreal, Mr. and Mrs. Guy Nixon and daughter, of Grenville.

The Misses Isabel and Edythe MacCallum spent the week-end at their home here.

Miss Lillian Evans was the guest of Mr. and Mrs. N. MacCallum for the holiday.

Friends of Barrett Stewart are glad to know that he is recuperating from his illness.

Miss Ruby McNeil spent the week-end visiting with her parents, Mr. and Mrs. T. McNeil.

Mrs. B. McRae and children spent the week-end with Mr. and Mrs. J. Kennedy at Pine Hill.

Sympathy of this community is extended to Mr. and Mrs. Percy MacLean in the loss of their infant child.

Church Activities

The Bell Falls Sunday School held a social evening for the children and parents on Wednesday. Games were played and refreshment were served. This entertainment marks the close of the Sunday School for the summer months. The last session for the term will be held Sunday at 2 p.m.

This Friday evening in the Harrington United Church, the Baptist student pastor, Mr. N. Eastman, and the United student pastor, Mr. J. Shearman, will hold a meeting to organize a Young People's Society. All young people from 12 years up are invited to attend.

Service will be held in Harrington United Church at 11.30 Sunday morning. The Sunday School will hold its opening session for the summer at 10.45 a.m., and an invitation is extended to all children in the community to attend.

Miss Marie-Jeanne Dallaire returned Tuesday evening from the Hôtel Dieu, Montreal, where she has been under hospital treatment and observation.

• • •

Pre-Nuptial "Showers"

On Thursday evening of last week, Mrs. W. H. Britton held a miscellaneous bridal shower in in honor of Miss Muriel Boyd, who is to be married in June.

Miss Boyd, who was completely surprised by the event, received many lovely gifts; she thanked the group, expressing her sincere appreciation for their kindness. Refreshments were then served, bringing a happy evening to a close.

Miss Boyd was given another pleasant surprise on Tuesday evening of this week, at the regular meeting of the Baptist Junior Doreas Society, held at the home of Mrs. W. J. Morrison. On behalf of the Society, Miss Margaret Burke presented her with a beautiful table lamp. Miss Boyd expressed her grateful thanks. Refreshments were served later.

IF YOU LIKE TO KEEP TRACK OF WHAT YOU'RE SPENDING — A & P'S SYSTEM OF PRICE-MARKING WILL BE A GREAT HELP TO YOU. Do you add up your grocery bill as you fill your basket? Do you like to feel sure the check-out cashier is tabulating your purchase correctly? We think most of our customers do. That's why A & P employs the system whereby every can, jar and package in the Grocery Department, and every item and package in the Produce and Meat Departments paid for at the check stand, has the price marked on it. This also enables you to check your purchases against your cash register slip after you get home.

Freshness is an important factor in determining the value of the food you buy.
That is why A & P has an extensive freshness control program, calling for rapid turnover, proper refrigeration, and trained employees.
All these things are designed to insure your finding only fresh foods of top quality at your A & P . . . to insure your getting your money's worth.
If you should ever get any food in our stores that fails to live up to our exacting standards of freshness, we will consider it a favor if you will return it to the store for refund.
And we will appreciate any suggestions you may have as to how we can make your A & P store a better place to shop. Please write:

LURE OF SPRING

This is the kind of weather when working for a living should be made illegal. All the year round we muse that it seems a shame that man has to devote a very great part of a very short life just in order to survive.

— Ingersoll (Ont.) Tribune

ONE IDEA

The Dominion and provincial governments are at present considering revamping and bettering our education systems. Banning pulp magazines and crime comics, we feel, can do much to attain the goal these bodies have set — a better society.

— Altona (Man.) Echo

When You Convert to Oil Heating . . .

You don't buy simply an OILBURNER . . .
You buy a JOB . . an oilburner INSTALLED.

THE RESULTS obtainable depend entirely on the ability of your dealer to —

- Calculate your individual requirements.
- Install in manner most suitable to your individual equipment.
- Choose burner most suitable for new low-grade fuel oils.

For a free survey of your heating equipment, call your local dealer with an established reputation for installing and servicing — who gives each individual installation special, personal attention to insure you the most —

● AUTOMATIC ● SAFE ● CLEAN ● TROUBLE-FREE
heating equipment you can buy.

WE RECOMMEND ONLY THE BEST HIGH-PRESSURE, FULLY AUTOMATIC TYPES.

DISTRICT NEWS FROM OUR COUNTY CORRESPONDENTS

Cushing

Mrs. A. Wright and children, of Montreal, spent the week-end in Cushing.

Mr. and Mrs. M. Burton and son Scott, of Montreal, were guests of the Misses Cleland for the week-end.

Mr. and Mrs. George Drew, of Verdun, were guests for the week-end of Mrs. Drew's parents, Mr. and Mrs. W. Canning.

The Yeats brothers, with their wives and a party of friends from the city, occupied Miss Hoare's cottage for the week-end.

Mr. and Mrs. L. R. McGain and daughter, Mona, occupied their Cushing cottage; the Pitt family were also at their summer home.

Mrs. J. A. Bradley and son Ian, of Carillon, were guests at the Dobbie home on Sunday.

Mrs. L. D. Smith, who was an overnight guest at the home of her cousin Mrs. A. Starnes, entertained the W.A. of St. Mungo's Church on Friday.

Mrs. Middleton, of Montreal, spent the past week with Mrs. T. W. Weir.

Miss Doris Leroy, of Lachute, was entertained over the week-end by Mrs. H. V. Elliott.

The Misses Annie and Betty McDowell, and Mr. John McDowell, of Montreal, spent the week-end at "Gleniffer" Cottage.

Eighteen members of Frontier W.I. attended the annual county meeting held in the hall of St. Simeon's Church, Lachute, last Saturday.

Mr. and Mrs. C. Mannard, Mrs. W. Mannard, and Miss M. Mannard, of Ville Emard, Miss A. Tallent, of Verdun, also Mr. and Mrs. C. Miller and Master Kenneth, and Mrs. B. Dunmore, of Rosemere, were week-end guests of Mr. and Mrs. Coney at "Stonehaven"— Mrs. Dunmore remaining until Tuesday evening.

Mr. Roy Dobbie has spent this week in Montebello, in the employ of Cook-Leitch Construction Co.

Arundel

Dr. R. Ward and family, and Mr. and Mrs. J. Edward, were week-end guests of Mrs. J. May.

Miss Nora Smith, accompanied by Miss Grace McKinnon, of Montreal, spent the week-end with her parents, Mr. and Mrs. J. Smith. Mr. McKinnon, of Montreal, was also a guest.

Mrs. Edward Graham, accompanied by her young son Conrad, has left for a visit to her parents in New Richmond, Gaspé Co.

Miss Mary McArthur spent the week-end with her parents, Mr. and Mrs. S. McArthur.

Mr. and Mrs. Roy Cooke, accompanied by their daughter Mrs. Sevigny, spent the week-end at their cottage.

Commencing Sunday, June 5, Arundel United Church services will be held at 7.30 in the evening, instead of in the morning as heretofore.

On Friday evening, June 3, in Weir Hall, the Women's Auxiliary slides, entitled "One Family", will be shown.

The Rev. B. Cushing, of Montreal, was the week-end guest of Mr. and Mrs. Douglas Cooke. Miss Lucille Dever, of Montreal also spent the week-end as their guest.

The Women's Institute will hold their lawn social on the evening of Friday, July 15. A more detailed program will be announced at a later date.

Mr. Howard Cooke and family occupied their cottage at Barkmere over the week-end.

On Sunday, May 29, the service at the Arundel United Church will be taken by Mr. Keith Eddy, of Montreal.

The monthly meeting of Grace Church Women's Auxiliary was held Thursday, May 19 at the home of Mrs. Jas. Bates. The date was set for the annual lawn social, which will be held on Wednesday, July 6. Mrs. Guy Laughren was joint hostess for the afternoon.

Mr. and Mrs. H. Gelenais and family spent the week-end in their cottage at Barkmere.

Weir

Mr. and Mrs. Wm. Davidson, and daughter, Anne, of Montreal, visited friends here over the week-end.

Mr. and Mrs. Lionel Kerr, with their little daughter Sandra, also Mr. and Mrs. E. Booth, of Montreal, spent the week-end with their parents, Mr. and Mrs. Jas. Kerr.

Mrs. R. A. Craig was home from Montreal to spend the week-end with his family here.

Mrs. A. Flood, of Kilmar, accompanied by her son Roy Thompson, of Montreal, visited friends here last week.

Mr. and Mrs. J. D. Sobey, accompanied by Mr. and Mrs. W. H. Williams, motored to Montreal to spend Thursday of last week.

Mrs. E. Swail and her daughter, Miss Madeline Swail, of Arundel, spent Monday as guests of Mr. and Mrs. A. Larose.

Rouge Valley

Mr. and Mrs. Etienne Labelle and family recently visited Mr. and Mrs. Earl Wilson at Montebello.

Mrs. Wm. Staniforth, of Arundel, spent a few days recently visiting at the homes of her sons, Chas. and Roy Staniforth.

Mr. Jos. Ritchot and Mr. S. Godin, of Montreal, were week-end guests of Mr. and Mrs. Chas. Godin.

Mr. and Mrs. L. Gagné and family, of Cartierville, spent the week-end at their cottage here.

Mr. and Mrs. Albert Downing have returned to their home here after spending the winter in North Hatley.

Mr. John Downing, of Malartic, Que., spent the week-end at the home of his mother, Mrs. Thos. Downing.

PROVIDE MORE AND BETTER TELEPHONE SERVICE

TO-DAY, WE HAVE twice as many employees as five years ago because more people want more service than ever before. Eager, capable, courteous — our operators, installers, the girls in our business offices — all bring to their jobs the same friendly spirit that means better telephone service for you, makes it of greater *value* than most other things you buy.

In the past five years, our payroll has gone up from 20 million to over 50 million dollars. Yet, up to now, despite higher costs on all sides, there has been no increase in the basic telephone rates established 22 years ago.

To-day's expansion program is breaking all records, but there are still orders we haven't been able to fill. We will keep right on working and building to make your telephone service a bigger bargain than ever — to continue to provide more and better service at the lowest possible cost.

First Aid to Spring Suppers

"There is a tide in the affairs of men which, taken at the flood, leads on to fortune". Likewise, there are many, many opportunities in the affairs of homemakers which, if taken at the right moment, may lead to great appreciation by their families and also save pennies, if not fortunes.

The home economists of the Consumer Section say that now is one of those times. Canned peas are plentiful and low in price just at the time when they are most suitable to spring menus. Canned peas mix well with other foods to make the main part of many interesting suppers.

If peas or other canned vegetables are to be served hot, as a vegetable, the flavor will be improved if they are drained, the liquid boiled in an open saucepan until reduced to about half quantity, then the vegetables added and cooked just long enough to be well heated. The liquid contains some of the food value and should never be thrown away.

Change of flavor is obtained by cooking a little minced onion or celery in the liquid before adding peas. Some people feel that a little chopped mint is an improvement. Peas in cream sauce with a little chopped left over meat added, make a delicious supper dish.

Peas with Green Onions

1 20-oz. can of peas, 8 green onions, 2 slices bacon.

Drain peas. Cut onions in ½ inch pieces and add to liquid from peas. Cook uncovered, 10 minutes, add peas and reheat. Chop bacon, cook until crisp and add to peas just before serving. Yield: six servings.

Moulded Vegetable Salad

1 Package lemon jelly powder, 1¾ cups hot water, 2 tablespoons vinegar, ¼ teaspoon salt, dash of pepper, 1 cup shredded cabbage, ½ cup grated carrot, 1 tablespoon chopped, green onion, 1 cup drained, canned peas, 1 hard-cooked egg, sliced

Dissolve jelly powder in hot water, then add vinegar and seasonings. Stand in a cool place until partially set. Fold in vegetables. Arrange egg slices in bottom of oiled or moistened mould. Pour in jelly mixture. When set, turn out and serve on crisp lettuce. Yield: six servings.

Pea Scramble

6 Eggs, 6 tablespoons milk or liquid from peas, ½ teaspoon salt, ⅛ teaspoon pepper, ½ teaspoon celery salt, 2 tablespoons fat, 1 cup drained canned peas.

Beat eggs until very light, add milk or liquid from peas, salt, pepper and celery salt. Melt fat in top of double boiler, add eggs and peas and cook over boiling water, stirring constantly until eggs are coagulated. Serve on toast. Yield: six servings.

"DANCING on Clouds" will be your tune, if only you use Lloyd's Corn Salve soon. 50c at Harbour Pharmacy, Lachute Mills, and Pharmacie Brownsburg. -1cx

20th Annual Meeting Of L.O.B.A. Quebec Prov'l Grand Lodge

The 20th annual meeting of the L.O.B.A. Provincial Grand Lodge was held in Montreal on May 20-21. R.W. Sister Mabel Ball presided. Among those present was the M.W. Grand Mistress, Sister M. Scott, of the Grand Lodge of B.A., who gave an inspiring address on the work of the L.O.B.A. throughout the Dominion.

The Grand Mistress' address mentioned the nation's rejoicing in the birth of H.R.H. Prince Charles, and expressed loyalty to our beloved King. Reference was also made to the union of Newfoundland to the Dominion.

Reports were read and accepted which showed an increase of membership, and the financial position of the Grand Lodge in a satisfactory condition. The sum of $75 was donated to the Orange and Protestant Home.

Last year's officers were re-elected.

The members of the Grand Lodge of the L.O.B.A. joined with those of the Grand Orange Lodge in the religious service and banquet; they also visited the property about to be purchased as an orphanage.

The R.W. Grand Lodge of the L.O.B.A. sent a delegation to the R.W. Grand Orange Lodge for Quebec to convey their congratulations on the 100th anniversary of the Lodge.

"Does God make everything, Dad?"
"Yes, my boy."
"Elephants and tigers, and horses, Dad?"
"Yes, son."
"And ants, Dad?"
"Yes, everything."
"Fiddlin' job making ants, Dad."

"Whatcha doin' now Joe?"
"I'm psychiatrist in a pottery factory".
"What's that?"
"I examine the cracked-pots".

Skinny men, women gain 5, 10, 15 lbs.
Get New Pep, Vim, Vigor

What a thrill! Bony limbs fill out; ugly hollows all up; scrawny appearance; body loses half-starved, tired "pale-puss" look. Thousands of men, women, men, who never could gain before, are now proud of charming, healthy-looking bodies. They think the wonderful Vitamin-Mineral-Iron tonic, Ostrex. Tablets, stimulants, hypophosphites, iron, vitamin B1, calcium, enrich blood, improve appetite and digestion so food gives you more strength and nourishment you think an extra button. Don't fret getting fat. Stop when you've gained the A. M. 15 or 20 lbs. you need for normal weight. Costs little. New "get acquainted" size only 50c. Try Ostrex Tonic Tablets for new vigor and added pounds, plus very day. At all druggists.

Marriage Solemnized In Hampstead Church

Pugsley - Stewart

At a quiet ceremony last Thursday afternoon in St. Matthew's Anglican Church, Hampstead, the Rev. G. E. Trueman solemnized the marriage of Marion Henrietta, daughter of Mr. and Mrs. R. D. Stewart, of Brownsburg, Que., to Philip, son of Mr. and Mrs. P. G. Pugsley, of Notre Dame de Grace, Montreal.

Given in marriage by her brother-in-law, Mr. Russell B. Todd, the bride was attended by her sister, Mrs. Russell Todd, as matron of honor. Mr. P. G. Pugsley was best man.

For her wedding the bride wore a frock of Pavilion Rose crepe. The fitted bodice featured a high neckline and short sleeves, and the draped skirt was fashioned with a tack train. She wore a blue tulle picture hat with matching gloves and blue suede shoes. A single strand of pearls and a corsage of white carnations completed the ensemble.

Following the reception, held at the Mount Stephen Club, the couple left by plane for Colorado Springs, Los Angeles and Western Canada.

The bride is a graduate of the Homoeopathic Hospital, Montreal.

Mr. Pugsley is a chartered accountant, Assistant Professor of Commerce at McGill University, and president of the Junior Chamber of Commerce of Canada.

Mr. and Mrs. Pugsley will reside in Montreal.

Syria is the first Arab country to offer votes to women.

BETTER THAN AVERAGE . . . ALL ALONG THE LINE!

Yes, sir! DOROTHY PASSMORE has the best bowling average of any girl in C-I-L (Plastics and Ammunition)—219 to be exact. And she doesn't bowl at just an average recreation club. The C-I-L Recreation Club is way above average too. KENNY STEWART, who is director of the bowling committee, has plenty to do, apart from keeping Dorothy's score. He is one of a 13-strong board of directors, with the badminton court, bowling alleys, billiard and pool tables, the library and dances to look after, as well as outdoor activities. And that's quite a task as Kenny will tell you. But it's a worthwhile one for the club is run by C-I-L employees for C-I-L employees, their families and their friends. Yes, the Recreation Club plays a large part in the 'after work' life of Brownsburg—even to playing host for meetings of the Town Council, the Red Cross and other local organizations. C-I-L is justly proud of the men and women like Dorothy and Kenny who make it a success.

ALONG THE FAIRWAYS

Lachute Golf Club
Special Commentary

We come in off the fairways for a spell — since it behooves us to welcome some folks who have come to us through recent staff changes. Our new manager, Roger Gravel, needs no introduction. Roger's winning smile and swing, together with his hard work as captain, should assure us of a well managed club. W. G. "Tom" Lewis, greenkeeper, hails from the Toronto Islington Club and brings a wealth of experience to his new assignment here. Jack Archer's assistant this year will be Paul Osidak, last year with Jules Huot at Laval-sur-le-Lac. William Maloffy, one-time on the staff of Mount Royal Hotel, takes up his duties as chef, and Simonne Pagé is assistant cook and head waitress. Frank Rossiter, formerly of the Oxford Hotel, Montreal, will be behind the bar and will be assisted by Fernand Bissonette, who takes summer employment with us after a year at the U. of M. Réal "Lefty" Jarry, in the locker room, rounds out the staff.

* * *

From a note of welcome we pass to one of congratulation. Jack Archer came close to taking top honors in the Annual Pro and Directors' Tourney, held this year at Kanawaki (last Thursday, May 19). Diamond Gauthier toured the course in regulation figures to win, and our pro was second, one over, with a 73. Stan Horne and Bill Kerr were tied for third, with 74's.

* * *

Over Station CJAD (1005) on Friday evening Ron Mourier will mention Lachute Golf Club; members will hear something interesting in this broadcast.

* * *

Opening Dance and Tournament next Saturday and Sunday, in that order. As mentioned before, the draw for the Opening should be found elsewhere on these pages.

* * *

Clair Baker has the signal honor of being chosen to open the new dining room. He did it with a booming tee shot off No. 3. Rumor has it that Clair served up one smoking blue goose under glass — under a whole shower of it, in fact. "That's one shot I took panes with", says Clair.

* * *

Don't complain about rain. It is all we need now to round the new part of the course into shape. To help out precipitation, pipelines are being laid over the course. It shouldn't be too long now.

* * *

In the meantime activities are well under way on the front portion of the layout. Men's Ball Sweepstakes were played last Thursday evening with a fair-to-mediocre turnout. Ossie Carrière took low net with a 70, and Laurier Carrière had low gross with 86.

* * *

A word to the wise — replace those divots! The stroke you save may be your own.

MEASURE OF SERVICE

Death has taken David Dougans. . . His life was unexciting, unremarkable. But Davie Dougans was a good street-cleaner. . May he enjoy another world where men are not rated according to the kind of work they do but by the way they do their jobs.

— Kamloops (B.C.) Sentinel

Circus people are noted for their tolerance, and among them a man's belief is respected.

Lachute Beats L'Epiphanie In League Baseball

Sunday's baseball at the J. C. Wilson grounds was played in a light but steady rainfall. The visiting team, from l'Epiphanie, scored three runs in the first five innings of the game, while Lachute was held scoreless.

A series of singles in the early part of the sixth gave Lachute two points, and seemed to turn the tide. Gozenko broke the tension of the close race by batting a home-run with two men on bases to put Lachute ahead. The local boys had no trouble holding their lead, and lengthened it in the seventh by making four more runs to defeat the visitors 1½ - 3.

Lachute scorers were — Legault, Chartrand, Tanguay, J. L. Milette 2, Gozenko 2 (home-run), Brasseur, Trudel (home-run).

Baseball Tonight

A baseball game between Lachute and L'Heureux (Montreal) is being staged this evening (Thursday), commencing at 6 o'clock at the J. C. Wilson grounds.
